The Colo. CoA opinion is
unpublished.

Constitutional and Statutory Provisions Involved

1. First Amendment to the United States Constitution
2. Karr v Williams, 50 P.3d 910, 914-16 (Colo. 2002)
3. Johnson v Avery, 393 U.S. 483 (1969)

Statement of the Case

Within El Paso County 2019CV208
Cole v Clark, et als, I sued
to recover medical bills and other
damages from defendants that
were found guilty of criminal
assault and battery upon me.
As a poor person the court
refused to assist me in
servicing process upon defendants.
I paid a private party that
fooled me and the court by
not providing proper service
but purporting he did causing
great judicial waste.
The media had already been
blasting me and now the media
was blasting the Judge. The
claimed I refused to come to
court and dismissed stating
I was a vexatious litigant

I also sued the media in
Cole v KOAA in El Paso

County Colo. 2019 CV 150 were
in Colo. statutes or court rules
allow for easy pleading standards
for defamation. My last Amended
Complaint I felt was worth
but Judge Kane dismissed the
case and I feel that added
to his future ruling denoting
me as vexatious within
2020 CV 206. On appeal from
20CV206 in Colo Court of Appeals
2020 CA 1392 I was trying to
argue I never intended to come
across as vexatious. Now,
within El Paso County 2022 CV 286
you can see and feel the
Karr finding in action where
it is said I've provided
assistance to others so those
case should be dismissed. See
exhibit A. Further, when I
have tried to petition for
relief where the gov has
violated me, every case is
summarily denied and placed

into El Paso County 2022CV144
Cole v People. The State has
effectively completely precluded
me from any court access.
It's reach has went as far
to bubble over into my criminal
case 21M 8238 where if I
seek to waive my 6th
Amend right and self-
represent competency is
raised, then I'm never provided
a competency evaluation so
I can never be found competent
so it can be constantly
hung over my head in the
event I mention waiving
my 6th again. To further
the harm, even though I'm
never afforded a period
of actual evaluation the
court finds it tolls speedy
The effect of this is the
fact I've now been confined
for an alleged violation that
carries 30 days jail, for

over eight months. No motion
I file is heard even me stating
on the record the police report
claims I violated the law on
12-9-21 yet goes on to say
in the information I had until
12-9-21 to complete a task.

This all stems from a situation
I was forced to plea to
attempted sexual assault where
I provided my previous counsel
the text messages from the
alleged victim requesting me
to have carnal knowledge of
her an hour prior then someone
came into the room and seen
us and alerted her boyfriend,
The third boyfriend of hers to
catch us...

Now, trying to petition the
Court pro se, assisting another
prisoner, or moving the Court
to self represent in a
criminal matter, Im Silenced.

Reasons For Granting The Petition

It should not matter if its
one person or 10K, if a
just process is not afforded
for a person to petition
his government, a William
Wallace is sure to follow.

Further, an avenue for redress
should always avail itself
to assist in securing a humans
autonomy due that a government
will always in time seek to
encroach upon such to a
point an over-bearing entity
will determine ones destiny.

Conclusion

The petition for a Writ of
Certiorari should be granted

Respectfully Submitted,

Jackie-DeVere Allen Cole
