PETITION FOR REHEARING

Very Unfortunately, on February 21, 2023, the most Honorable and respectable Supreme Court of the United States DENIED this case's Petition For Writ of Certiorari, filed by the Pro Se Petitioner, Ashley Y. (Yoo Hyang) Kim. Therefore, the Pro Se Petitioner, Ashley Y. (Yoo Hyang) Kim, respectfully, moves this most Honorable and respectable Supreme Court of the United States to Grant this Petition for Rehearing and for your reconsideration, with deep prayers, from the bottom of my tearful heart...

Moreover, ever since getting all of sudden fired for things that I didn't say or do on April 11, 2017, nothing has been working out, especially when applying for all sorts of programs, this is when I, as the Pro Se Petitioner, Ashley Y. (Yoo Hyang) Kim, realizes more that I sincerely pray that those who had fired me, at the Brookline High School and all other associated Respondent(s) would not continuously say bad things about me and constantly block my remaining, very pitiful times, as I am not their #1 enemy...

1

REASONS FOR GRANTING THE PETITION

As always, I, as this not welcomed Pro Se Petitioner, Ashley Y. (Yoo Hyang) Kim, I am truly and deeply apologize to interrupt your most Honorable and respectable Supreme Court of the United States, with this petition For Rehearing, especially during these continuous Coronaviruses and other medical symptoms coming up--- in your most hectic times...

I am keep mentioning with very low-confidence, that I am not wanted figure with being old, and being that Asian person, that the World looks down on, as--- you as the Honorable readers know, that I was fired all of sudden from the Brookline High School, on Thursday, April 6, 2017, based on a Japanese I class, Teacher Rachael E105, from 12:45 PM to 1:45 PM, session my...

On my Petition For WRIT OF CERTIORARI, to the most Honorable and respectable Supreme Court of the United States, I, as the Pro Se petitioner, requested the followings:

2

1. I, as the Pro Se Petitioner, Ashley Y. (Yoo Hyang) Kim, was very much hoping that your most Honorable and respectable Supreme Court of the United States would request respondent(s) to provide and display, how I have conducted, their one session, Japanese I class from 12:45pm to 1:45pm, on their surveillance video captions... and pinpoint to those comments that they have mentioned it on my firing letter, to see how I have misconducted that session... matches up to those points, that they have falsely written... as they didn't show me any proofs... to back up their claims of why they've firing me... (Surveillance video on April 6, 2017)

2. All along, the respondent(s) says, when I say, I was wrongfully fired all of sudden, without any warnings and handbooks with regulations... They realize that my case write ups display some sort of discriminations, based on race, ethnic origin, gender, old age, and being financially inferior, however, because I did not take this matter to M.C.A.D. - Massachusetts Commission Against Discrimination, within the time, therefore, they agree to dismiss this case.

But, that's when M.C.A.D. says, although my time to file my claims with them had expired, but the good thing is that... Now, my claims and my legal write ups and requests are in the hands of the Court, therefore, I very much request that the Supreme Court of the United States

to change my previous ruling orders from those lower courts and re-do these Court ruling orders by being on my side.

3. Moreover, all along, I, as the Pro Se Petitioner, Ashley Y. (Yoo Hyang) Kim, have been requesting compensation for my lost pay, as I have been all of sudden fired for incorrect and for inaccurate reasons, at least... since, the day I was all of sudden fired on Thursday, April 6, 2017.

However, of those 3 things I have requested on my Petition for Writ of Certiorari this past November 28, 2022, was Denied... and that is why, I as the Pro Se Petitioner, Ashley Y. (Yoo Hyang) Kim, is submitting this Petition for Rehearing, for your Honorable and respectable Supreme Court of the United States to re-consider and really... once again hear why I am requesting for your thoughtfulness, in your very busy timing... with deep prayers of mine...

4

On March 21, 2023, I, the Pro Se Petitioner, Ashley Y. (Yoo Hyang) Kim, was informed by the most genuine and the greatest, Supreme Court of the United States - OFFICE of the Clerk to submit a "corrected form..." As I am revising this Petition of Rehearing, it reminded of time when working at right below floor of then UCLA Chancellor Albert Carnesate's office, which was really that heart organ location of UCLA... and that was also the time, I, the Pro Se Petitioner, Ashley Y. (Yoo Hyang) Kim, made a little contribution of \$200.00 to that Hurricane Katrina Red Cross Organization on late August 2005. Then while I was at the front window, assisting both undergraduate and graduate students, a very sorrowful African-American lady came by with about several different wet and dried up, wrinkled certificates... and without any words as her eyes were teary... it was as if she was showing her very painful emotions that she had lost everything with the Hurricane Katrina and was to show that the only things she had left were these dried, wrinkled up, certificates, and that she deserves to live, even when surroundings of where she lives would prevent and block all from her... But what else was I able to do, other than grab some foods from my backpack and our UCLA registrar's office refrigerator... and now, as I am ready to re-submit this Petition of Rehearing, I feel like I am just like that African-American lady, asking for your

most genuine and the greatest Supreme Court of the United States, to re-consider my rulings and be on the Pro Se Petitioner, Ashley Y. (Yoo Hyang) Kim's favorable side by request that surveillance video of how the I've misconducted the Japanese I class, from 12:45pm to 1:45pm session only on Thursday, April 6, 2017...

Previously, other Judges and Courts had "rules in favor of Media in MSD surveillance Tape Release," "Judge orders release of Surveillance Video in Oxford High School Schoolings..."

Therefore, the Pro Se Petitioner, Ashley Y. (Yoo Hyang) Kim, sincerely, begs with my two hands in this deep praying motions that your most genuine and the greatest Supreme Court of the United States would rule in favor and request that surveillance video, of how I, as the Pro Se petitioner, Ashley Y. (Yoo Hyang) Kim, had conducted that Japanese I class, from 12:45pm to 1:45pm session only on Thursday, April 6, 2017, as according to then human resources director, Elaine M. O'Sullivan, I was all of sudden fired, based on how I have misconducted this session, only...

Moreover, back in February 22, 2023, when a Florida teen started to "brutally attack," his Assistant Teacher, what he did ... every action was captured on their Matanzas High School. Also, those urgent, very long surveillance uralde school incident captions

were captured for more than one hour or more... Therefore, I, the Pro Se Petitioner, firmly believe that Surveillance video tape of how I have conducted on April 6, 2017 is there with all respondents).

If I, as Pro Se Petitioner, Ashley Y. (Yoo Hyang) Kim knew about what this very long time African-American U.S.P.S. staff said, then I would have never entered any Courts...

I, as the Pro Se Petitioner, Ashley Y. (Yoo Hyang) Kim, is cursed in every way as my other previous case NO: 21-515, was denied from the Supreme Court of the United States... and for a very long time, I honestly didn't know why until this African-American U.S.P.S. Staff said to me, "You know Ashley, the Courts are not for you and I, but for whites... It's for them, not us..." If I knew this, then, I would have never brought any matters to all Courts, but nobody lets me know what Courts are all about. Like being a Substitute Teacher at Brookline Public School, since the beginning to end... No employment handbook was given and I never had a supervisor to discuss any problems... and as Substitute Teachers are not part of any unions, nobody informed me that this was called At-Will position.

Then it was through this case and my other denied case NO: 21-515, I came to realize that I am really alone in the

World as being a poor unwanted Asian, especially Courts... However, unlike other below Court decisions, I very much sincerely see through this very old, pathetic ugly Asian being, and at least let the Pro Se Petitioner, Ashley Y. (Yoo Hyang) Kim to obtain that lost wages over the year, when being all of sudden fired... because according to respondent(s) they would provide lost wages, and all others, only when the Honorable and respectable Court(s) would say to do it...

WHY presented UCLA Academic Transcript on Appendix A1, that belongs to the Pro Se Petitioner, Ashley Y. (Yoo Hyang) Kim?

When my other case, ND-21-515, was denied at the Middlesex Superior Court, back in January 2019, when the Honorable Judge, Christopher Barry-Smith, who is known to be from Arlington, MA... was never on my side but then respondent(s) side, all the way... That's when this African-American female U.S.P.S. staff explained, "Even if the Honorable Judge, let say, it's partially Russian or Eastern European, it doesn't matter Ashley, it's all about people taking the side of those that look very similar to them..." I didn't know.

Back in the year 2018 and 2019, it was right before Nursing home Coronavirus and Veterans Nursing home Coronavirus scandals, a very wise black lady who was in early 50's, and all of

these Seniors, who happens to be Italian backgrounds... as they've promised me that they would live beyond 130 years but even though they could have lived longer but once they were getting medical treatments, while us praying for their fast recovery... But their later news, about them, haunted us so much...

However, although, these were all mentioned on my other Court Case, but the Assistant Clerk, Arthur DeGuglielmo, who really was on behalf of Judges, looked away and prevented, I, Ashley Y. (Yoo Hyang) Kim, to further with reconsideration, as he said, for reconsideration ruling, I needed to get O.K. permission from my then respondent(s), when they didn't care! To make my case worse, then Assistant, Arthur DeGuglielmo, misplaced / concealed my 100+ comment cards about me, from those entire Target store customers, which was already included as my exhibit, for the lower courts, for this case as well... Although, the Bible says, "Don't let your left hand know what your right hand is doing, when helping/volunteering for those that in needs," well, over the years, I've saved these elderly Italian, when their own highly achieved adult kids, were out of state, busy working, without knowing how their elderly parents were doing... And when things didn't work out, I've got into tears for many years, and even now, so how can the Assistant Clerk, Arthur DeGuglielmo,

be that way...? But more importantly, then I was not able to submit my latest University Transcript.

As your very Honorable and respectable readers will see it on my APPENDIX A1, it really was a Puerto Rican Professor, Cesar Ayala, who told our class, our Academic Transcripts are important when showing to those Courts, in order to show, who you are... Even though my major was not in psychology department, but our UCLA, basically was this Psychology School, even when you don't study it. Meaning, if you look and smile as you listen to Dr. Cesar Ayala, then he becomes very cold and won't make any eye contacts... Similarly, all Professors and staffs at UCLA, anything you say or do, even for minor issue... they refer to it as this some psychological issues. For instance, our UCLA Sociology Chair, David Lopez says he hates shaking hands and touching strangers hands and even towards his Honor students, for his office hours, he asks them leave their backpacks, outside of his office being nervous...

Coming from that type of style, as a substitute teacher at Brooklyn Public Schools, these locations made me into some major begger... Not only I have been told numerous times at Runkle School and Brooklyn schools to obtain their classroom keys from their male Janitors, whose never around... but when I do see those male Janitors, instead of presenting these classroom keys, they first want to shake my hands

and chat, when I am late and not prepared to class, as waiting for our class keys. On Appendix B2 and Appendix D4, I was asked to maintain entire UCLA Sociology Keys from my Professor, Warren D. Tentlooten and later on asked to obtain meeting room keys from our then UCLA Chancellor, Albert Carnesale's secretary... Our then UCLA Chancellor Albert Carnesale was that Harvard Kennedy School's Dean for many years and served as the president of the Harvard University, when then Harvard University's President, Neil Rudenstien was hospitalized...

I am mentioning this because... getting that 3.82 G.P.A. from U.C.L.A. is impossible for someone like me, because as you can see... there are tons of discriminatory Academic gradings... in very intense and extremely cold UCLA environment... but my professors weren't fools either... They really saw me trying my hardest as I may not be their best student... or in their eyes, they predicted, that I would end up getting stuck, not able to get any far, because I'm not wealthy Asian... But at Brookline Public Schools, I too, put in beyond 360% to complete my tasks, and there were school secretaries and students whom were 4th graders, 7th graders, & high school student, stating, "why I am so proper?"

In 1990's, while me working as a manager, located in Beverly Hills, CA, where, most of customers were celebrities, I've hired and gave opportunities to Black, Latinos, Caucasian, and more. Later on, back in Fall of 2001, when my Hispanic co-workers both male + female got fired, it was I,

who have volunteered and even went beyond extra steps to get them other secure jobs. When looking at my Entire Resume on Appendix D4, there, your most Honorable and respectable readers will see that I've spent a lot of time volunteering for Latino Youth Centers and their tutoring communities, but this never met then Human Resources Director, Elaine M. O'Sullivan just fires me, along with the Brookline High School Principal, Anthony Meyer and the Brookline High School's World Languages Coordinator, Agnes Alberola, as they all had plans to fire me with made up causes and not definite reasons... These actions are Asian Discrimination, and Anti poor Asian emotions against, the Pro se Petitioner, Ashley Y. (Yoo Hyang) Kim.

I mean, when first meeting the Brookline High School Principal, Anthony Meyer during my Cafeteria duties, collecting trash cans, unlike then Runkle School Principal Jim Stoddard, Priscoll School's then Vice Principal, David Youkilis, or even then Baker School's Principal, Mary Brown... the Brookline High School, Principal, Anthony Meyer, had some unpleasant worried look on his face, when saying Hello to him... He was presenting his truthful signal... "I really don't like that substitute Ashley... what am I going to do...?" and as he was looking down, walking away, however, I've never thought that he would create negative scenarios to not just fire me but destroy my old and very unaccomplished life and my elderly family's life as they ended up getting that life and death Cancer... My life is over, as being ugly & poor Asian I ask myself, why all happened & is there God?

There really is a different way to get rid of somebody, instead of the way I was all of sudden fired after covering 13 different classes. Then Human Resource's Director, Elaine M. O'Sullivan said, she'll let me know why 8 different Brookline Public School's Assignment weren't showing up for me to sign up... but she never informed me - The only School Assignments there were showing up was Priscoll School, Runkle School, and Brookline High School Assignments... I wanted to go to Priscoll School, ever since November 2016, especially, when the main secretary, Kim Longmore had welcomed me, saying that she couldn't wait to see me again, because I've covered her classes very well but --- right after that, some mysterious vehicle hit Kim Longmore, and ran away... I couldn't go back to cover Priscoll classes. I did come back to drop off my get well card to Kim Longmore, she was barely able to sit, on her way to another surgery, because she couldn't sit still. On my Writ of Certiorari's Appendix B, I talk about what happened to Brookline Public Library's, Paula Sharaga, who is my very favorite and a very compassionate Librarian... But I, as the Petitioner, Ashley Y. (Yoo Hyang) Kim, became very fearful and nervous, what if there were those at Brookline Public School and the town of Brookline, that would find variety ways to get rid of certain employees?

Ever since this case started, back in 2018, as it's stated on my Writ of Certiorari's Appendix B, and on this Appendix FG, the respondent(s) created and made life threatening incidents occur, every time, these court writings are due, why? when they get paid, because of me...

On July 2018, the Middlesex Superior Court in Woburn Erred by not allowing the Pro Se Petitioner, Ashley Y. (Yoo Hyang) Kim to submit 198 pages of that Personal Written Journal I never informed about e-filing them--- This already screwed up everything about my case. However, please see my Journals, submitted to the U.S. District Court on 9-14-2019, on Journal exhibits, and I discuss about because I am weak Asian, I felt as when going to several Brookline Public Schools, being in empty class, without any students coming as scheduled, but some staff coming in from other unknown doors, made me very worried. Please see, Appendix E5 and Appendix C3. I did speak to a Deputy Superintendent, Dr. Nicole Gittens, but

CONCLUSION

A Deputy Superintendent, Dr. Nicole Gittens said nothing can be done and since nobody took care of my matter, everyone said, Court is the only solution.

The petition for rehearing should be granted.

Respectfully submitted,

Ashley Y. Kim
