HUGUES-DENVER AKASSY,

Petitioner,

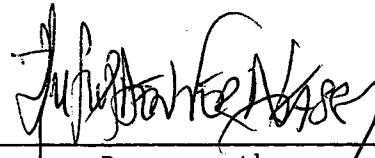

v.

MICHEAL KIRKPATRICK,

Respondent.

I, Hugues-Denver Akassy, the Petitioner in this action, state the following to be true under penalties of perjury. As required by Supreme Court Rule 33.1(h), I certify that the petition for a writ of certiorari contains 37 pages of Statement of Facts, unable to count the numbers of words because as a pro se indigent prisoner I can only use the typewriter. The 5 previous pages added to the 37 pages make the total pages to 42 page, and I apologize to the Court for any inconvenience. Words, excluding the parts of the petition that are exempted by Supreme Court Rule 33.1 (d).
