CONSTITUTIONAL and STATUTORY INVOLVED
CONTINUOUS PAGE B

On April 28, 2022 The United STATES DISTRICT COURT for the Eastern District of CALIFORNIA Judge filed Findings and recommendations (ECF no. 5) THAT STATED for the plaintiff to explain how the defendant's MARK ZUCKERBERG AND FACEBOOK were acting on part of the Government within 14 DAYS. I The plaintiff explained to the lower courts THAT MARK ZUCKERBERG AND FACEBOOK are agents of the CIA's "FACEBOOK" Surveillance information program violated my Plaintiff's Five freedoms protected by the First Amendment. That Congress shall make no law respecting an establishment of religion, OR prohibiting its free exercise; IT protects freedom of speech, the press, Assembly, and the right to petition the Government for a redress of grievances.

The defendant's MARK ZUCKERBERG AND FACEBOOK, AGENTS for The United STATES of America government "FACEBOOK" CIA Surveillance Information program who

who dare to voice a dissenting opinion in the public sphere that conflicts with the government narrative.

The topics subjected to censorship included information-sharing about the pandemic, vaccine injury updates and posts about election integrity and security that the government would prefer Americans do not hear about.

The agencies named by the lawsuit who engaged in this covert but far reaching censorship include the White House, HHS, DHS, CIA, CDC and NIAID. Also identified as defendants are the Census Bureau, the FDA, the FBI, the State Department, the Treasury Department and the U.S. Election Assistance Commission.

The NCLA joined the lawsuit after a federal judge in the western district of Louisiana granted expedited discovery in the case. Federal agencies were then subpoenaed with request for "all communications with any social media platform relating to content modulation and/or misinformation from January 1, 2020, to the present."

Similar subpoenas were issued by the

plaintiff's to social media. The Topics covered under the subpoenas included all correspondence related to the pandemic and specifically, the Great Barrington Declaration. This was an open letter published in October 2020 by renowned physicians who recommended "focused protection" of the elderly and those at high risk, as opposed to the total, across-the-Board lockdowns being mandated by the government.

The Great Barrington letter challenged lockdowns as futile, dangerous and harmful for young people who are at very low risk of infection. It also explained the importance of natural immunity from Covid infection as a robust form of protection equal to vaccination.

"Current lockdown policies are producing devastating effects on short and long term public health," the open letter said. "The results (to name a few) included worsening cardiovascular disease outcomes, fewer cancer screenings and deteriorating mental health - leading to greater excess mortality in years

to come, with the working class and younger members of society carrying the harvest burden.

"Keeping students out of school is a grave injustice," it added.

The Declaration also predicted, that "Keeping these measures in place until a vaccine is available will cause irreparable damage, with the underprivileged disproportionately harmed."

"These internationally renowned experts had crucial insights to share on the flawed reasoning and science underlying lockdowns, mask and vaccine mandates," NCLA attorneys Jenn Younes said in a statement. "The government's sweeping campaign to suppress their perspectives, and the views of others like them, represent the most abrogation of the First Amendment in modern times and concluded that MARK ZUCKERBERG and Facebook, the defendants "acted as a united states government entity who acted under the color of state law, violating federal constitutional or statutory rights." Devereaux v. ABBEY, 263 F.3C 1070, 1074.

The defendant's MARK ZUCKERBERG and Facebook action AS agents for The U.S. government had an obligation to respect The Plaintiff's Donnell Bledsoe 1ST Amendment Rights protected by the United States Constitution. Instead The defendant's wsted erased between 2,500 - 5,000 Posts of Bible scriptures, religious post, pictures, UFO/STARSHIP VIDEO'S AND MUSIC VIDEO'S. The actions by the defendant's MARK ZUCKERBERG, FACEBOOK AND THEIR SECRET relationship with The "FACEBOOK CIA SURVEILLANCE Information program" HAS STOP the plaintiff production for a Twelve Year documentary. The defendants action deterred and chilled my (Plaintiff's) political speech and expression and such deterrence WAS a substantial and motivating factor in the defendant's MARK ZUCKERBERG AND FACEBOOK TIES WITH THE U.S. GOVERNMENT "FACEBOOK CIA SURVEILLANCE information program

THE UNITED STATES COURT OF APPEALS FOR THE NINTH CIRCUIT REJECTS APPEAL

The ninth circuit of Appeals denied The Appellant's motion to proceed in Form Pauperis (Docket entry no 3) on September 21, 2022 only to delay the plaintiff claim for relief in this matter.

III. STANDARD OF REVIEW

The supreme court has outlined four factors to consider in issuing a STAY pending Appeal:

- (1) Whether the applicant has made a strong showing of likelihood of success on the merits;
- 2) whether the applicant will be irreparably injured absent stay;
- (3) whether issuance of the stay will substantially injure the other interested parties; and
- (4) where the public interest lies.

NKEN V. Holder, Supra, 556 U.S. at 434.

"The first two factors ... are the most critical." The ninth circuit employs a "sliding scales" approach to these factors, so that a

16

Stronger showing of one element may offset a weaker showing of another. *Leiva-Perez v. Holder*, 640 F.3d 962, 964-66 (9th Cir. 2011). This strong factual record is necessary for a review and the Plaintiff Donnell Bledsoe request for an injunction prohibiting the Defendant's Mark Zuckerberg and Facebook (Facebook C.I.A. Information Program) from deleting anything else that the Plaintiff Donnell Bledsoe may post or have posted protected under plaintiff's 1st Amendment rights under 42 U.S.C. 1983 *Devereaux v. Abbey*, 263, F.3d 1070, 1074

BASIS FOR THE INJUNCTION JUSTIFIES STAY

The plaintiff request an injunction based on legal theories never heard before like the Federal Government sending airplanes over plaintiff's house hacking data from plaintiff's I-phone (I-cloud). If you check Stockton, California's Metropolitan Airport

Flying route the court will find that Army 747 cargo planes have flown over (directly over) the plaintiff's house over 12 times in the months August 2022 through September 30, 2022. Hacking data from plaintiff's I-phone (I cloud). As seen as plaintiff got on his computer he found out that this was a pattern by the U.S. government. The plaintiff also witnesses U.S. Coast Guard planes flying over plaintiff's house more than 10 times between August 2022 through September 30, 2022. Hacking data from plaintiff's I-phone (I-cloud). Once again plaintiff notices a pattern of information getting deleted off his private Facebook page every time these U.S. military planes flew over the plaintiff's house. Navy planes have flown over plaintiff's house as well as two F-15's. Just check with Stockton, California's Airport (airspace) routine record. Also ABC News

REASONS FOR GRANTING THE PETITION

For the reasons listed, the Plaintiff Donnell Bledsoe request a STAY Pending Appeal. Due to the impending deadlines in the order, the Plaintiff urges an immediate Administration STAY pending the courts resolution of this request.

This APPEAL raises Important Legal
Issues Warranting A STAY

A STAY is appropriate where, as here,
The case involves "serious legal questions."
"FTC v. Qualcomm Inc.", 935 F3d 752,
755 (9th Cir. 2019) (per curiam). The order
implicates a serious legal issue - nothing less
than the proper role of the United States
Supreme Court in litigation.

CONCLUSION

The petition for a writ of certiorari should be granted.

Respectfully submitted,

Donnell Black
