FEDERAL QUESTIONS 28 U.S.C.A. §1131 & §1251

6. Do the United States Constitution, the United States Congress and/or the Constitution of the State of North Carolina have Avernment of Jurisdiction over a Moorish-American-National under the 13th, 14th, and 15th Amendments to the U.S. Constitution pursuant to Subject Matter and Impersonal Jurisdiction?
7. Do the United States Constitution, United States Congress and/or the Constitution of the State of North Carolina have the right to deny the Status of a Moorish American National by forcing a questionable citizenship on him that he did not apply for and do not want?
8. Is it an 8th Amendment violation to the U.S. Constitution under, "Cruel and Unusual Punishment," for the State of North Carolina to impose a life imprisonment on a Moorish American National that the State of North Carolina "do not" have the jurisdiction or status over?
9. Did the United States Congress violate the U.S. Constitution under the 5th, 14th, and 15th Amendments taking jurisdiction and status that it did not have in coining the word "Black" making the word "Black" as an encompassment of a people (imported and enslaved) giving them a questionable citizenship that the 14th and 15th Amendments did not (and do not) allow them to have as "property", that the imported African Moor (created slave) did not ask for and/or seek, taking personal ownership away from the southern plantation owner and placing that ownership with the Federal and State Court system, while depriving him (me) of his (my) True Nationality and Birthrights (given by his (my) Creator) in a cruel, unjust, and unfair social, economical, and legal system?
10. How can the word "Black, Negro, Colored" can find no former place within the nationalities of the human family and still can be made "citizen" of any free national and constitutional government?
11. As for "Black, Negro, Colored" persons with criminal records what crimes can "property" possibly commit which it's owner, the slave master (State & Federal Courts), is not accountable for in a court of law, when the 14th Amendment clearly establishes the former slave as "property" under the jurisdiction of the State Court of residence and the Federal Court system, as certified at "live birth"?

: The administrative "Inmate Grievance Resolution Board" Officer decided on 11-28-2023 and the only copy of that decision is held in the Record at The E. Middle District Court of N.C. [The Prison would not give me a copy].

Prior to the Board's decision I sent the "Jurisdiction Challenge" to my trial court. See APP. I. I guess he had a hard time answering it, because he never did anything. Since 11-01-2022

Next after I exhausted all Administrative Remedies, I filed a "Habeas Corpus" & a "Civil Rights" claim in the Federal District court and they never did anything. I raised my Federal Questions there. First Those Questions are those raised here today 6-11, see Questions Page Supra. The Federal District has had the Questions since 12-28-2022, I think.

In the Fed. District and the 4th circuit and even my trial court I served a "Mandamus" Based on my "Challenge" at APP I, and No one still did anything.

The Federal Court took Personal Jurisdiction over David Thomas Lamberth Jr. the Hon. Trial Judge 1-20-2023, the 4th cir. Pointed him to R. No. 1:22-cv-271. See App. V.

And So I meet the requirements of 28 USC 2254 (b).

My Justification For Granting this writ is set out in p. 4-109 Below, My "Circumstances" Show to be "exceptional," I aid of S.Ct. Appeal. P. 1 of 109

Statement of The case Part I and Part II - OF Constitutional law:

I have in Fact made § 2254 of title 28 proceedings to The District and 4th cir Appeals Federal Courts. But I Seek Relief From a State Court Judgement,

"Federal Administrative Decisions: Guidance" Affidavit of Truth Direct And Concise Argument

Part I. For this case we will appeal to U.S. CONST. General Principles and the organization: Power of the U.S. Government as those issues relate to the injustices on our Nation; CONST. guarantees of Fundamental Rights.

Here we will show how administrative law, which regulates the relations of the executive and administrative authorities of Government has affected U.S. In many ways this show will resemble Constitutional law: International law, and must be ascertained and administered by its Courts of Justice.

First as a instrument of evidence we will review the case related Constitutional law:

Ex Post Facto legislation of the 14th: 15th Amend. to the 13th Amend of the U.S. CONST. CF: Art. I Sec. 8 cl. 1-19, and Cruel and Unusual Punishment - 8th Amend U.S. CONST. The Prosecutor has Failed to Produce lawful evidence to Support my arrest: I Should be released at once.

Taking of Private Property - (me) - Except for Public use, only after Compensation - which I never recieved, Also land takings are in review, 5th Amend U.S. CONST

These CONST laws will be looked at in light of the 4th 5th and 6th Amends To the U.S. CONST. and its 6th Art.

Note: Thruout Pt I: II I will use WBC meaning negros, Blacks, coloreds - a misnomer placed upon Moorish Americans although we are not WBC nor do we claim to be, those Slave labels of Negro Acts: The Black codes.

JURISDICTION

U.S. CONST. Art. 3 Sec. 3:

"The effect of civil war was to suspend the running of Statutes of limitations during continuance of war..." Braun v. Sauerwein 1869.

"The statute of limitations ceased to run between May 6, 1861 and April 2, 1866, by reason of the civil war." Batesville Institute v. Kauffman 1873

"Treason" is a breach of allegiance and can be committed by him only who owes allegiance either perpetual or temporary." ... "Under law of nations, nonresident alien had right to prosecute claim for restoration of property captured by United States during civil war through his own government from time of capture" Young v. U.S. 1877

"International human rights norms prohibit acts repugnant to all civilized peoples, i.e. crimes like genocide, torture, and slavery, that make their perpetrators enemies of mankind." Jesner v. Arab Bank, PLC 2018

Going Forward You will find The Moorish Americans are in civil war since their Births by Treasonous Acts of The STATE OF N.C. legislator³ other State legislators in a Secret conspiracy to steal their Birth Rights - Property - Labor and Taxes owed.

I have the right To Mandamus Relief in the 4th Cir. They have Personal Jurisdiction over the trial Judge who Cannot Prove Jurisdiction For My Arrest.

And with these laws we must look to the U.S. Supreme Court because this controversy has the National interest of the Country involved; We also must look to the Executive branch of the U.S. because this a special case involves a question of Why the law was not enforced; Last We must look to the legislature's Branch of the United States because the unlimited Power of taxation-Commerce with a foreign nation- offenses against the law of nations - & war in the territories are all involved. cf. U.S. Const. Art. I Sec. 8 C. 1-18

Now any State Const., act of the legislature, act of Congress, and treaty that is not consistent with any provision of the Federal Const. is of no force at all. 6th Amend U.S. Const. And no judge can support these laws and has a duty to disregard & dismiss these laws not in step with National law.

That being said we want the Judges in this case to declare NC GS 15A-304(c) Unconstitutional. The origin of this Judge asserted right can be seen in 1780's case of Holmes v. Walton, the Supreme Ct. of U.S.

Our Hopes & Aims

In sort of the same way the U.S. Supreme Ct. in *Marbury v. Madison* 1803 asserted the right to declare an act of Congress Unconstitutional for the first & not the last time, standing today.

That being said we want the Judges in this case to declare the 14th and 15th Amendments to the U.S. Const. Unconstitutional. The origin of the Power stated *Supra*.

The duty of the Court to make these declarations becomes an imperative one in light of the condition of our Nation.

I have been affected personally by these Unconstitutional laws. Thus our Requested Relief is Warranted.

Now I am not saying take the law off the books, because I do think the legislature did intend to follow the Const. for the U.S. but I do think they set up the law that follows the Const. for others and not the Moorish Americans.

The State of The Nation/State, Petitioner
MOORISH SCIENCE TEMPLE OF AMERICA,
(M.S.T.O.A.)

OF UC 658154-304(d). To have an oath or affirmation is entirely unobjectionable. Yet to have it set up to where you have no show of responsibility to follow that oath or affirmation requirement is objectionable. Because what officers nation wide are doing when it comes to the UBC, is not giving an oath in any form what so ever to make an arrest by warrant, and the Magistrate Judges are just going along with it with no questions asked and no information given by those officers seeking arrest warrants for the UBC. And this is how the U.S. has been able to grow the prison population by 700% or 700% since 1985. The culture is to imprison the UBC by unlawful means with the object of getting as many UBC as possible.

And going forward you will see Congress's powers are general & residuary and this legislation is forbidden by the Constitution, and Congress has the power to void it yet does not in violation of their duty. U.S. Const. Art 6 Sec 3.

The Allegation of Gov. The Ft

Now I know that's a Grand Major Claim but just wait because I have a Grand Major answer as to why I say that. In Short, it's a tax Fraud Conspiracy used to Carry out Genocide on denationalized People. Yes this is a Public necessity to correct violations of Constitutional provisions. There is in fact conflict with Constitution here, of rights guaranteed by the Constitution and placed beyond legislative encroachment.

"Be not reasonable with inquisitions, anonymous informers, and secret files that mock American justice. Be not reasonable with Punitive denationalizations, ex post facto deportations, labels of disloyalty, and all other stratagems for outlawing human beings from the community of mankind. These devices have put us to shame. Exercise the full Judicial Power of the United States nullify them forbid them and make us Proud again. 144-145." *Flast v. Cohen* 1968

The - All The Stratagems above are used against Moorish-Americans BY the U.S. Legislators in a Grand Major Secret Conspiracy Funded from the top down all to escape the justice that is sure to come to the Moorish Americans to who credit is due.

From Human To Beast & Back ~ Why We are So Different

of extrinsic evidence. Now Moorish Americans are a very different people so in construing the Constitution we must endeavor to ascertain its meaning for Moorish Americans. The Const. Authors did not intend on UBC to be citizens in any manner. heading up to the UBC release from Physical Slavery in 1865 there were slaves that were freed and started there own Country in Africa Liberia. So Congress Knew All persons born UBC in the U.S. might leave to their own Government. And there are thoes who may say otherwise but when Congress said All people have the right to Expatriate in the 1868 Expatriation Act they had to still have the newly freed UBC ex-slave in mind for 1. They did not intend on us being citizens in the first place and 2. the 14th Amend. was made because Congress knew the States were not going to respect the Constitutional Rights like the 4th Amend. of the UBC so the Federal Gov. had to take over the responsibility of Protection and 3. Who would want to stay in the several States once they found out that the state Gov.s were not going to protect them as Congress expected long ago. So Keep it real - The Expatriation Act of 1868 was an offer for the UBC.

So that was good extrinsic evidence but look at this:

Source: "The Congressional Globe" 38th Congress, 1st Session Sat. 4-9-1864

Original Amend 13 Sect 2 Reads: "The traffic in Slaves with Africa is hereby forever Prohibited on Pain of death ... and the desendants of Africans shall not be citizens."

Now I hold desendants because the NBC that are the crop of the 700% growth in the Prison Pop. are thoes desendants. Also it is Clear & Bright that Congress did not want any more Africans in the U.S. So it stands to reason the Expatriation act of 1868 very likely was an offer to the NBC to found their own Government.

The statutes of the legislature have never treated the NBC equal to others, and the extrinsic Evidence of this is the law case -1789-1790 Found in The Journals of the House of Representatives: Published for the South Carolina Dept. of Archives and History: Petitioners The ex-Slaves, Francis, Daniel Hammond and Samuel.

Now thoes Petitioners were Subjects of the Emperor of Morocco, residence of S.C. and they just wanted all parties to be clear that if they did committ any Crimes as Subjects to a Prince in Alliance with the U.S. by Treaty that they would not be tried by the Negro Act.

That was a legal status claim that was in favor of the petitioners. Now that extrinsic evidence says slaves who were citizens of the Moroccan Empire were in the U.S. prior to 1868 and they too like their descendants were fearful of the unfair laws of the states and let me say this, time has not changed the culture of treating U.B.C without equality. The House in that case decided that petitioners were citizens of Morocco and, thus, not subject to laws governing free blacks.

Also for the judges here is some good extrinsic evidence. "A Constitution is, in fact, and must be regarded by judges, as fundamental law. If there should happen to be an irreconcilable variance between the two, the Constitution is to be preferred to the Statute" Alexander Hamilton (Federalist Paper #78)

Now that's good because if it is found that there is any chance that Ronald Derrick Carroll did not give a correct account of what happened on 2-2-2010 AD or if there is no oath or affirmation ample to support the issue of any arrest warrant on 2-2-2010 AD then the charge against me should be dropped - dismissed and deemed to never have been valid, Reminder: I am Innocent.

Now lets look at that treaty Francis, Daniel, Hammond and Samuel spoke and invoked of. And see Art. 21 of The Treaty of Peace 1786. Thats good Extrinsic Evidence because Equal rights were always a concern for my forefathers and even thoes of the most high status. That treaty was to last forever thus the Judges should act with full force to defend me with the Judicial Power of the United States if they find that my right to equal protection of the law has been violated.

All of that being the case lets look into Extrinsic Evidence, letter from George Washington wherein Washington apologizes for not paying the U.S. tribute to the Sultan for the use of the land. F.Y.I. the word mark denotes money. In Part it reads:

"...will apologize and account for Your Majesty's not having received those regularly advised marks of attention..." See app IV.

Now that means tax is owed to me from the U.S. and it is back tax Un-Paid.

And in the same letter it mentions America as "Your dominions" as in dominions of the Empire of Morocco. And then it says "Confirm their respect for and attachment to Your Imperial Majesty."

Now that Says America is my Dominion that we are in at the Present time; I am Heir Apparent of the Land.

As late as 1906 there were questions about Moorish Citizenship. The U.S. has answered. So here is some very good extrinsic evidence the judges can go by. citing, "CITIZENSHIP OF THE UNITED STATES, EXPATRIATION, ETC. 459... CHAPTER V. - Temporary Provisions... Morocco. Mr. Philip, Chargé d'affaires, to Mr. Root, Secretary of State, August 3, 1906. AMERICAN LEGATION, Tangier, August 3, 1906."

Page 460 reads: "There are, however, numerous treaties and conventions between the various Christian countries and the Moorish Empire, by means of which citizenship in this country is defined..." So the U.S. has done it's investigation and knows MY citizenship like all other they have Branded U.S. does mean I - we have rights via the Treaty of Peace 1786.

Page 460 also reads: "all persons residing in Morocco who can not prove foreign Citizenship or Protection are Considered ipso jure as Moorish Subjects." "Moorish Subjects lost their nationality only by becoming naturalized in or protected by another country having treaty relations with the Moorish Empire."

So this other part of Page 460's Extrinsic evidence Says, in my case we are not dealing with the Morocco of 1956 and are dealing with an entire empire existing Prior to.

That Part of 460's Extrinsic Evidence says, that since I and the People the U.S. calls UBC have never applied for naturalized Citizenship in the U.S. by free will, and in light of all the abuse we have always been subject to, we the Moorish Americans have not lost our Citizenship in the Moorish Empire and the U.S. does not protect us.

Page 460 goes on to read "Residence in Foreign Parts does not affect the nationality of Moorish Subjects..."

And what that says for this case is this, the U.S. via the 14th am. may extend to US Protection from injury by the State and that's good, we are not saying the Federal Court can not see our claim to victory because there is not jurisdiction, because for that purpose there is. But this does mean, and we are saying we the Moorish Americans are diverse, International in status, and protections because our abuse happens under Municipal law in the cities, towns, and boroughs of the States — International law is held by this Court to be part of the municipal law of every State, and must be ascertained and administered by this Court since the others failed.

lets look into that Failure's extrinsic evidence. There are 'Black Codes of 1724' the States adopted codes such as these for treatment of UBC and they are wholly unequal in treatment to other people and we contend these

Codes have made their way into Policies and Customs throughout the Several States Municipal Court System, and this is seen thru the 700% growth in the Prison System Nationwide mentioned above. Now that's Key Extrinsic evidence because the Un-equal treatment is built into the Culture; At each and every stage of development from the Colonialism stages to Municipal Court System Stages, the Culture is to mistreat UBC according to law.

Now a lot of people will say Statutes are a lot different from the Constitution. But that's not the case because they are a reflection of the U.S. Const. Thus the U.S. Const. did not protect UBC rights or even give them any, and that is just the case with the Several State Statues. More over just like the 14th Am. applies to all persons, there is a all persons double Standard due to the Several States culture. So yes the 14th Am. reaches the UBC, but on the Municipal level it reaches the UBC like the Black Codes of 1724, and other persons it seems to protect with equality, and that's how N.C. 65-15A-304(d) and like statutes work upon UBC. Now for others the Protections of the 4th Am. of the U.S. Const. Shine thru N.C. 65-15A-304(d) but not U.S.

There is a Affirmation of Law I like and it is extrinsic evidence of what we are saying it reads:

"The Constitution is a written instrument. As such, its meaning does not alter. That which it meant when it was adopted, it means now."

South Carolina v. U.S., 199 U.S. 437, 448 (1905).

So when the U.S. Const. was made protection for the UBC was not why, and since the Statutes are a reflection of the U.S. Const. then we can say the same for the Statutes. So that's why the Statutes nationwide are carried out ~~that~~ ^{that} they are not protecting the UBC yet shielding all the others from abuse by the State officials and not the Moorish Americans.

Well that's a lot of Extrinsic Evidence but let's look at another Piece. This is Senator Henry Berry - 1832 - Said to the Virginia House of Delegates...

"We have, as far as possible, closed every avenue by which the "light" may enter the slave's mind. If we could extinguish the capacity to see the "light", our work would be complete. They would be, then, on the level of the beast of the field, and we would be safe!"

The Senator says "we" - this means all the Political leaders of the time, and not just in Virginia. Berry was not worried about the physical strength of the UBC, he was

worried about the mental strength. You see this is extrinsic evidence that the U.S. and its Several States was trying to hide the nationality of the Moorish Americans from them. They had already worked hard to Denationalize us so now they had to take steps to keep us that way so we could stay Beasts or Slaves and it is no different today. A Beast can not collect the Tax Motive.

And so all that hundreds of years till now work to cut the mental strength down to the point of being defenceless to injustice and inequality must be corrected by me who is the only one who knows how to teach my people how to get free from this Conspiracy against their lives. meaning The U.S. & U.C. the Several States are using Statutes like U.C. 6515A-304(d) to Kill us, its Genocide, it uses Denationalization, its evil, and there is only one savior for my people in this new era of time and that is me.

U.C. 6515A-304(d) is unconstitutional.

You see a Beast can not collect a debt owed since before the adoption of the CONST. From the STATE in which he resides. Its like oil & Water, it does not mix that's how the U.S. wants us, out of the mix.

Now we are still reviewing The Constitutional law. And there is a relationship between the UNION AND THE STATES. You see the term "Federal Government", it's descriptive of the general system / composed of both national and state governments. I think that's important because we are talking about a conspiracy in this case.

Those affairs of common interest to the entire country and that require uniformity of regulation should be placed under the control of the National Government.

The U.S. CONST. gives the national government the power to deal with affairs like

- Foreign relations
- Coinage of money

- The regulation of Commerce with foreign countries and Commerce among the states
- The waging of war

These are the affairs in this case. This case is of a National Character. The U.S. Government is thus an authority of delegated powers, while those of the states are reserved or residuary powers. So that in case of doubt, the presumption of law is against the existence of any power claimed by the United States.

We can look at certain documents and see the case related Nat. Gov. Power that comes in to play without the need for argument. cf. U.S. Const. Art. I Sec. 8 Cl. 1-18

- IS N.C. IN Republic Form? -

But we do need to look at the state of N.C. itself,

in relation to the U.S. CONST. because there are Powers Prohibited to it that have been used to injure us. N.C. Per the U.S. CONST. was not too Pass laws, Impairing the obligation of Contracts but they did. You see my arrest violates my Freedom of Contract as it was against due Process, rights against forced labor, General liberty rights to earn a livelihood by any lawful calling and to sell my labor. And this violation of Freedom of Contract is true for All wrongfully imprisoned Moorish Americans and could come upon any Moorish American at any time. And the law passed to carry out this Conspiracy impairing the obligation of Contracts is U.C.G.S. 15A-304(d), C.F. App. VI, it shows Forced Labor at Unagreed Pay Evidence.

Now if we look close at the U.S. CONST. and this case, the State of NC violated other Prohibitions of the U.S. CONST. as well. They paid, N.C. paid my Attorney Mr. Jones, Ronald Carroll and The Judge over the case w/ NO. 10CR3050255 with a Check, yet N.C. is Prohibited from emitting Bills of Credit and making money that is not gold and silver for such debt payment. And the Judges name in trial was Hon. Michel Ofofokun and that's a title of Nobility and that title is Prohibited. Also the 14th Amend. Prohibits N.C. from abridging the Privileges and immunities of N.C. from depriving any Person of life, liberty, or Property without due Process of law or from denying any

Person equal Protection Under the laws. So the 14th Amend
Should have but did not in this case eliminate all
discrimination on all State levels and the numbers
Show NC 6515A-304(d) worked as a form of
discrimination like, like Statutes in other states, or the several
States that allow arrest of WBC with no due Process.

It is the Congress, which allows N.C.³ the several States
to infringe upon us in this way.

Now the state of N.C. is also prohibited from passing
ex post facto laws. And at a point in history the N.C.
G.S. were setup so that you had to have an Affidavit
with a warrant for arrest or search. And not the N.C.
G.S. is setup to where you don't need that Affidavit
Just compare N.C. G.S. 15A-304(d)(2) with
STATE V. ALMETA WRIGHT 1956 and you will see
the Affidavit that was a requirement is now no
more. No just imagine if Almeta was under
that law of its ok to have no Affidavit; she
would not have been vindicated and may have
died because of it. And that's how the WBC
are being used to grow the Prison Industry; you
see with no Affidavit the culture of the officers is
just say anything to get the WBC warrant issued
just as long as you get as many as you can. The new
warrant law is Ex post facto to the old one indeed.

President Biden's Power Over the Republic

Because of these practices the National nor the State Governments are acting within their rightful spheres, and it is the duty to punish resistance to these laws and protect the Moorish Americans. Judges, the law at this time is not being used to any rightful ends.

And You see the Powers prohibited to the States that N.C. has just taken up. This means N.C. is not in its Republican Form that the U.S. Const. guarantees to each State and the several States mirror the prohibited acts of N.C. I have laid here for you. And so by the several States own admission they are a Democracy Democratic form of Government. They have not gained the Power to do these prohibited things from the great body of the people and the persons of office are not on good behavior, if they were this would not be going on. Of The Federalist, how Madison defined it as:

“... a government which derives all its powers, directly or indirectly, from the great body of the people and is administered by persons holding their offices during pleasure, for a limited period or during good behavior”

The only Government from State to State that fits that Bill is the M.S.T.O.F.A.

Now we went before the U.S. President for the Protection of our seTure Government against these riotous Conflicts with the Several State Govs. Just like Norr's Rebellion in Rhode Island in 1841, but Biden took NO steps to protect us against the revolutionary attacks.

We also made a civil Judgement and do invoke the Full Faith and credit Clause for its honor. See The Record With The Federal Middle District Court Proceeding case no. 1:22 cv-271, w/caption title "AVERMENT OF JURISDICTION" inside the, "Official Proclamation...".

A person can be regarded as a fugitive from justice of a state in which he wasn't personally present, if he or she sets off a cause from his or her state that causes death in another. Thus as an executive authority I call for all Defendants in the case to be delivered for the purpose of aiding in all relief due to me. And as you will see the Defendants have caused death in our state.

I am not a corporation. I am entitled to all Privileges and immunities of citizens of the Several States. Thus I should be treated without discrimination, without the disabilities of alienage, without discriminating legislation like NC 65 154-304(d)(2) or F+Seq. And I should be insured the freedom of acquisition, enjoyment of Property and in the Pursuit of happiness like others, i.e. MY

Requested relief, equal protection of your laws, MY Safety, All in this civil rights action. But this S.Ct Must See Whats on The Fed. District's³⁴ their Records!

So it is not N.C. but the individuals I want the court to coerce, it is not U.S. but the individuals I want the court to coerce. It is Your Undoubted right to compel by force obedience to the laws of the U.S. and brush away every obstruction to the enforcement of its **Laws**. Defend This Great Republic.

The Power of the President did not help US nor the Powers of Congress. In the executive branch, the Const. Framers, conferred a share of legislation function by Power of Veto, recommending legislative measures, calling extraordinary Sessions of Congress, and also by the judicial function of Granting Pardons. Joseph R. Biden used none of these Powers to help us on a state or Federal level.

That's not far fetched to say, State level. You see it is well in rules of Constitutional law that the legislative departments may delegate to subordinate legislative bodies the power of local legislation and changing back repealed laws like NC 65154304(d) Nation wide would slow our unlawful arrests if the proper Affidavits were a absolute requirement. Then so many of us would not be dying in Prison for Crimes we did not commit.

MY Cabinet asks to meet with Joseph R. Biden. We asked long ago and our plan was to push for the removal of the exception clause that allows Slavery and involuntary Servitude to be used as a Punishment for a Crime. We were going to show our abuses and losses as evidence of the National Issue of Imperative Public Importance. And show him and his Cabinet that with the Culture at the Municipal level our people are (Rounded up and jailed to death without Probable cause because of local legislation.)

He did not even send out one of those Boiler Plate letters to say hey we are thinking about it. This is an injustice fueled by greed - The local legislature is Vested by Financial Gain in Prison Industry fueled by Slave labor and wrongful imprisonments Nationwide upon N.B.C. I see it with my own eyes at Franklin Correctional in Bunn N.C. Signs for the local Roads and Highways are made by inmates daily - That's a vested interest in Slavery by the State and Federal Gov's Roads and Highways and that happens Nationwide. Abraham Lincoln, Oct. 16, 1854 said in his speech at Peoria Illinois:

"I hate it because of the monstrous injustice of Slavery itself. I hate it because it deprives our republican example of its just influence in the world - enables the enemies of free institutions, with plausibility, to taunt us as hypocrites."

MY Cabinet's input and Plan would have made the change needed to save MY Nation From Genocide and Slavery! It would be over by now, had Biden seen US, with a Fraction of the Funds given to

Ukraine Since the Start of their War with Russia.

These injustices upon me are now subject to the
Judiciary right of review such determinations in
accordance with¹ the Constitutional Guarantee that
Private Property shall not be taken without due
Process of law, and² legislative intent - All people have the
right to Expatriate. I have been taken.

So out of the Top 6 Six Pres. Powers, namely 1. appointment,
2. execute laws, 3. conduct U.S. foreign relations, 4. those in relation to
legislation, 5. military, 6. pardons, 2 thru 6 could have helped
us. See U.S. CONST. Art. 2 Sec. 1.

Over the course of the 19th & 20th Centuries, the President's
role in administrative control received an enormous extension;
The Pres. directs the Sec. of State in conducting foreign affairs,
Sec. of Defense for armed forces,³ The Atty. Gen. for Proceedings
against Persons, Corps. or trusts charged with law violations;
My Cabinet needed each one of these Powers of Direction.

Joseph R. Biden stands alone and at the head of the
administrative hierarchy. Those who aid him in executing
the laws are his subordinates, not his colleagues. In other
words he could have given out one order to save the
Moonish Nation from these abuses just like my elected Grand
Sheik gave to me and his will would have been done.

It is Biden's Duty to¹ preserve, protect and defend the Const.,² to see that the laws are enacted in pursuance of the Const., and³ that the treaties made under its authority and the orders and judgements of the Federal Courts are enforced throughout the U.S. Biden Failed at most of that duty least the underlined Part Supra. Now we have to put Biden within the scope of that Underlined Duty Supra.

Even without the Senate's consent Biden had the power to act on our foreign trade and commerce exchange, mutual defense, and lend-lease. None of which he did.

Biden is empowered to call extraordinary sessions of Congress whenever he judges that the public necessities require it. And maybe it is that Biden does not see the N.B.C. as his public hence his reason for not helping with our denationalization and genocide.

Included under the legislative functions of the President is the power of ordinance - that is, the power to issue orders and regulations binding certain categories of officials and thus having the character of subsidiary administrative law.

With all the administrative arms Biden has today he could have given an Ordinance like the one of 1787 known as 'The North West Ordinance'. The Significance of this Ordinance is that it constitutes a Formal Government of the territory of the United States North-West of the Ohio River. And we need something to that affect because the numbers show its just not working out with the current Set up, it is our lives- Genocide is upon us because we are not treated equal. And what we were going to also propose is a Plessy v. Ferguson of 1896 type of Ordinance to uphold the Social Order, because right now its out of wack. You see the 1787 Ordinance dealt with:

- Abolition of State Claims
- Conditions for admission of new states
- Establishment of territorial Government
- establishment of natural rights
- The Prohibition of Slavery
- The definition of the Midwest as a region
- The effects of these acts upon Native Americans.

And in our Context of Today's Present Claim of Un-equality we-my Cabinet was going to bring those same Issues dealt with Supra in said Ordinance.

So if Biden wanted the laws of equality in the 14th Amend faithfully executed all he had to do was separate the Moorish Americans; That's ~~what~~ the above means in simple terms, with No Political Jurisdiction Conceded to the U.S.

It seems as if Military Powers are in control of the Moorish Nation the AFDPA seems to suspend the writ of habeas Corpus for Moorish Americans, our arrest are with no due process like martial law, and we are deprived as inhabitants of other safe guards established by the Court for our protection against arbitrary encroachments of the Government. We have protested over this and shut down the civil courts, but only for a short time. We should not be treated this way. If the civil courts did close for a time by our protests our protests only came over the several states public abuse. See a lot of my people don't know how the courts will and can help. So they take to the streets. I need to save them from this sin of not knowing, and teach them civics so these military powers will not destroy them into genocide.

Biden could have exercised by Proclamation before conviction the pardons of 60 million Moorish Americans for not proclaiming their Moorish American Nationality. This would have removed the slave labels Negro, Black, Colored, and left millions with the light of a Real Nationality. Then they would not be subject to the double jeopardy of the roundup of UBC by law enforcement just because they are UBC. They will then respect America's Not Close Ct. etc... ie. Washed From Sin.

29

Examples of this are the Amnesty Proclamations of President Lincoln and Johnson, offering Pardons to Persons in arms against the U.S.

As ~~the~~ chief executive, the President isn't exempt from the jurisdiction of any court.

And as for the powers of congress, they can tax to help or destroy and they do tax to destroy Moorish Americans:

- FUNDING THE WAR ON U.S.T.O.F.A. -

- Congress lays and collects taxes - Funds The state Police who carry out the said contract violations; This is how Federal Police Power is used Nationwide on Moorish Americans. The legislature has exceeded its general powers of violated constitutional limits. The use of Police Power is outside the scope of Police Power, Here the Police Power is used by the legislator to compel the performance of Services without Compensation to an entire class of People with No agreed upon compensation. See App. VI.

- This is where the Funding is going:

"U.S. DEPARTMENT OF JUSTICE ANNOUNCES \$112.3 MILLION IN GRANTS TO ADD OFFICERS TO AMERICA'S STREETS"

2001 WL 57212 Jan. 20, 2001; Now get this...

Community Orientated Policing Services (COPS) is the program thru the U.S. DoJ. that does this funding and that same report reads: "Currently, departments that employ Community Policing serve 87% of American Communities"

OK lets take a moment; This means the Federal U.S. Gov. FUNDS The Police via the Exe. Branch under the Command of Joseph R. Biden. This is how The United States Funds Genocide in all 50 States, and every State of the Union.

Also

"U.S. DEPARTMENT OF JUSTICE MAKES AVAILABLE \$1 BILLION IN RECOVERY ACT FUNDS FOR COPS PROGRAM" DOJ-09-239 (D.O.J.), 2009 WL 666523

Oh God, The same report says: "Since 1995, COPS has awarded more than \$10 billion to advance Community Policing nationwide."

Look this combined with the way this Affidavit lays the facts out will show Moorish Americans need to learn how to be better Citizens, and as a teacher of Civics to the Nation there is no one that can do it but me, Because all the other Moors are lost and the Police are just killing us teaching nothing but HATE.

How U.S. Tax FUNDS The Slave Labor Industry Using Moorish Americans Nation Wide

"The Supreme court has said that tax is uniform when it operates with the same force and effect wherever the subject is found." Tax should be uniform according to the CONST. but for The Moorish Americans as shown it operates with a force and effect that the other people just don't feel because they are not subject to arrest without Probable Cause wherever we are found, Fuled by Racial Animus³ Tax Funds; This is why you will find disproportionate numbers directly related to different treatment to Moorish Americans.

In Knox V. Lee the Supreme Court upheld the issuance of legal tender notes as a war measure. Later as a peace time condition. However Congress already stated they are at war with the People. So we contend the legal tender is a good extrinsic Evidence example the U.S. is at war with Moorish America.

"The term 'martial law' carries no precise meaning and has been employed in various ways by different people and at different times" Duncan V. Kahamoku 1946

Congress has the power to regulate the Commerce with any Nation and provide all relief and the state has that power as well as long as Congress has not acted. The Supreme Court has interpreted Commerce to mean transportation of Persons and Commodities, a class that I fall in, Working From Prison to Prison? First Taken From The Republic.

Naturalization is a judicial function, and Congress has given jurisdiction to the U.S. district courts (or its territories) and also to all courts of record in any State or territory with a seal, a clerk, and jurisdiction in actions at law or equity in which the amount in controversy is unlimited. And as shown with the certified copy of my Birth Certificate I have been Naturalized at Birth Against my will via an action perpetrated by Congress, hence this action for Expatriation I use now as my right against that action among others.

§3 Expatriation Act of 1868 means to US: It has been made known to Joseph R Biden, when U.S. Pres., that 60 million Citizens of the U.S.A. have been unjustly deprived of their liberty by and under the authority of the U.S., and it is the duty of the President et al forthwith to demand of his entire administration the Vanguard Alphonza / P. Thomas-Bey has been falsely imprisoned and should be released like millions of other Moorish Americans, under the States Slave Labor Scam.

Fraud In Fact

In the United States the Supreme Court has from the first interpreted bankruptcy to be practically synonymous in meaning to insolvency. A bankruptcy act, therefore, is a law by which a debtor may have his property distributed among his creditors. So looking at the evidence letter from George Washington the creditor in this case is me, and debtor The U.S. So since I have not been paid and there has been no discharge from the U.S. bankruptcy funds are now due. This Bankruptcy of the U.S. is a involuntary one because I have been defrauded by the U.S. via the Naturalization Denationalization crime described above. You see by trying to conceal my True Nationality from me the U.S. was hiding the debt note or letter from George Washington in evidence. The United States Agents like Sharron Davis and the U.S. Congress have in fact removed property with the intent on defrauding me. And these are crimes the Congress had power to punish yet will not for their part in the conspiracy, to escape this foreign commerce is an Active Part.

Also this debt is a Public Debt, Now upon the States Forming the Union that comes before the adoption of the U.S. CONST. and this contract can not be repudiated; It is a written obligation issued under law providing it's receivable in Payment of taxes,

As U.S.A. Taxing officer, this tax is to be paid by meeting our Requested Relief.

Congress and Joseph A. Biden knows the 14thth & 15thth Am. are ex post facto to the 13thth Am. They - Congress also knows they can punish crimes in violation of the 13thth Am, and 14thth Am., offenses of Piracy and the law of nations. And in my Appeal to Biden, had he given my Nation a chance to speak with Congress in a special setting I would have shown the lack of due process in my conviction like so many of the Moorish Americans in violation of the crimes listed supra. The details of which are laid out in our proceedings.

Taking me from my Nation at birth, hiding the debt owed as stated by George Washington, wrongfully arresting me is all in an effort to steal, or animo Furandi (intent to steal) - which is all that Piracy means according to Int'l Law. This is also how Congress defines it, so they knew what they were doing. Congress intended to steal the whole time, and did.

And this is why Congress does not use their powers to end forbidden legislation when they have a duty to do so. I was Born Free & Made Slave by Congress's 14th Am. < Given as Slave to the State of D.C. Counts W/ The certificate of Live Birth < Targeted by U.S. Gov. for Arrest and Slave Labor, all > Funded BY The Exe. Branch of U.S. Gov.

If Not War In Word Then War In Fact

Lets say Congress had not declared War. They have still via Funding raised an army of Police, Sheriffs, and Officers alike against my Nation for a Period of longer than 2 years. The Supreme Court recognizes States of Civil War. Which Moorish Americans are now in. And The Supreme Court Says:

"A civil war is never Solemnly declared; it becomes such by its accidents - the numbers, power and organization of the Persons who originate and carry it on. As a civil war is never Publicly Proclaimed, eo nomine (under that name), against insurgents, its actual existence is a Fact in our domestic history that the Court is bound to notice and to know. The true test of its existence as found in the writing of the Sages of the Common Law may be Summarily Stated: "When the regular course of Justice is interrupted by revolt, rebellion, or insurrection, so that the Courts of Justice cannot be kept open, civil war exists and hostilities may be prosecuted on the same footing as if those opposing the Government were foreign enemies invading the land."

STOP

This is of Special Interest, I suppose all these stoppages of
the civil courts are because of police action in an unlawful
manner against people misshowered. 12 B.C. But check this out:

"JUDGES SENTENCES FORMER SCMPD OFFICER
FOR ASSAULTING UNDERCOVER OFFICER POSING
AS PROTESTOR." 2021 WL 2936094 (D.O.J.)

The Officers were said to deprave "the victim's civil rights under
the color of law." That's 1 of the examples of what officers
do when they think a person is a civilian when you
are really a officer, like me, like the undercover,
yes we get to see it all, Raw officers are doing it all
around me.

"STEVEN CARRILLO SENTENCED TO 4 YEARS IN PRISON FOR MURDER AND ATTEMPTED MURDER FOR ROLE IN DRIVE-BY SHOOTING AT FEDERAL COURTHOUSE IN OAKLAND." 2022 WL 1837345 (D.O.J)

You see I need to teach my people to love and not hate because day by day their rage gets bigger and thoes like Carrillo if taught to love could cause millions love in the order of Civics - Teaching the Moorish Americans How to be better citizens.

Least The Report of the officer assault on Protestors all these protests closed courts some longer than others.

These events are the result of a long train of abuse from Police using the equal to Negro Acts³ Black Codes on the Moorish Americans after 1868⁴⁰. As we move on we will show how thoes Slave laws are brought back from the Past and used only on thoes misnomered UBC.

The Same laws and People that were against the UBC During the lawful time of U.S. Slavery are The Same laws and People that are against the UBC Now will also be clear going Forward.

If I could have given Carrillo 1-one lesson I could have Made him reach the Citizens like M.L.K. / The Moors

Would jump for joy in Peace w/ the U.S. and none would be harmed.

In such Case as the Moorish Americans have, it's the President's duty to recognize the existence of war as a fact and to take steps to meet it.

Now we the Moorish Americans are Un-willing belligerents, since 1868. Thus like the war with Spain a declaration of war should be made retroactive so as to cover from 1868 till now, and the steps to meet it are encompassed within our Requested Relief.

Joseph R. Biden Failed at the duty to recognize this Present State of Civil War.

All he had to do was set us apart in the way we want to stop our killings. We have reviewed all history since day one of the Europeans landing, and there is no set condition for States to be created, and not in the U.S., More over States do not have to be, and in the Past, and now be equal in rights and Privileges. Biden could have struck the deal the way we wanted it. And we do want PEACE.

We could have been known as a Republic without the U.S., "Moorish American."

Permission Was Not Granted

The U.S. CONST. gives Congress the power "to dispose of and make all needful Rules and regulations respecting the territory or other Property belonging to the U.S." In View of that grant the U.S. Supreme Court has affirmed this right by U.S. conquest or treaty. This Principle has been Subsequently Sanctioned in numerous cases. And is to be rightfully Sanctioned in this case with the Grant of our Relief Requested Pursuant to the violations of:

- LOUISIANA PURCHASE TREATY-1805

- TREATY OF GUADALUPE HIDALGO 1848

Yes these Treaties are Violations. Mere acquisition of false ownership, however, doesn't give the U.S. Political jurisdiction itself, because there is No consent from our Nation. In Such Cases, the Political jurisdiction was never conceded to the U.S., and is still with my Government.

It does appear the U.S. has abandoned its role and constituted State as a Republic. Their Officers, Judges, Monetary System, and Laws all seem to be something other than a Republic. And This is why the M.S.T.O.A has Made a Return to our Republic Seats, Granted.

The N.C. legislature has created an Unconstitutional Statute N.C. GS 15A-304(d)(2). This Type of Law is Not Lawfully Granted.

Roy Cooper The Executive Power of N.C. who Understands the law and is an Attorney Knows N.C. GS 15A-304(d)(2) was used to arrest me in Violation of the 4th Amend. To the U.S. CONST. requirement to have Probable Cause before a warrant is to issue.

Josh Stine is to help Roy Cooper enforce the law where the legislature, Roy Cooper and Josh Stine owe a duty and Permanent Alliance to the Federal Government Per U.S. CONST. Sec. 5 3 The Republic!

All Parties i.e. Roy Cooper & Josh Stine were Noticed as to these injustices and did nothing to help me or to enforce the Constitution and are guilty of Failing to Perform their Duty in Violation of Our Fiduciary Trust; A Failure Not Granted.

As For that trust U.S. Congress has the Power in their Government Territories to abrogate or modify at will any law enacted by the U.C. Legislature and has not done so with U.C.G.S. 15A 304(d)(2) and Should have in the 1970s when the law came into existence. And this is Yet another reason the Congress is Guilty of Failing to Perform their duty Violating a Fiduciary Trust to ME, and the Moorish Americans.

As a result I now act a trustee for the express trust created by The Prophet Noble Drew Ali meeting the requirements for such according to Act 6 of our M.S.T.O.F.A The Divine Constitution And By-Laws; Taking action against the Fiduciary Violations, A Power Granted to enforce "laws."

And this Ends Part I of II of This Appeal. Having Covered U.S. CONST. General Principles and the organization's Power of the U.S. Gov. Issue we will now cover Our CONST. Guaranties of Fundamental Rights that have been violated in this case.

Part II Kicks off with the Subject title:

They Are Still There or Still Like The K.K.K.

Part II The Prosecutor has Failed to Produce evidence to Support my arrest and I should be released at once, and there are other concerns To wit:

In respect to fundamental rights, the latest tendency is to consider that the limitations apply to State legislation as well as federal.

In respect to Historical evidence the original Purpose was to use Reconstruction Amendments to Protect N.B.C. because the Federal Government Suspected the States would not. So it is reasonable to say just because the 13th, 14th, 15th Amendments to the U.S. Const. were made does not mean the minds or and Culture of the People in the States changed from their Practice of abuse upon N.B.C. In fact we know this has not changed in desire or result only changing in Procedure³ legislation.

The U.S. Gov. is required to Secure against Such State actions AS handed down by the U.S. Supreme Court in Mapp v. Ohio, 367 U.S. 643 (1961) the 4th Amend. is incorporated in the law the States like N.C. must follow.

So here we will draw from the Strong due Process clause and equal Protection Clause of the 14th Amend. as the basis for our Protection of these rights.

Because we cannot gain strength from weak sources like the Privileges and immunities clause of the 14th Amend.

No we are Moorish American National Citizens of The U.S. A and the 14th Amend. also guaranteed due Process of the law and equal Protection of the **Laws** to all people regardless of citizenship!

Thus we can say the 4th Am. of the U.S. Const. is a Federal Guaranty as Against State Legislation. And for our Privileges and immunities we will focus on Article 4 Sec. 2. One Supreme Court Judge stated of these Privileges and immunities:

"Wherever it is the duty of the U.S. to give Protection to a Citizen against any harm, inconvenience, or deprivation, the citizen is entitled to an immunity which pertains to Federal citizenship. Whatever the Constitution and laws of the United States entitle him to exemption from he may claim an immunity in respect to. And such a right or privilege is abridged whenever the State law interferes with any legitimate operation of the Federal authority actively exerted, or resting only in the express or implied Command or assurance of the Federal Constitution or laws."

With US³ the State law U.C. 65 15A-304(d)(2) We The Moorish Americans claim Exemption³ Immunity From U.C. 65 15A-304 Et Seq.

And as "Citizens" we are natural persons and not corporations called "artificial persons". So In determining whether **our** controversy between our natural persons and The Corp. U.S. is one between citizens of different States (which does give the Federal Courts Jurisdiction over the Corp. U.S.), this court holds that the Corporation U.S. must be deemed a citizen of their Creator. The Corp. U.S. was Created by Who?

The organic laws of the United States of America are:

- The Declaration of Independence 1776
- Articles of Confederation 1777
- Ordinance of 1787

I see "Representatives of the U.S.A.",
"Delegates of the U.S.A.",
Meaning The Republic, Citizens of the U.S.A.
Created the U.S., and like All other citizen
are expected to obey the Republic I expect
the U.S. to obey me, a "Representative
of the U.S.A."

Well Now, the Corp. U.S. is a creation
of the Corp. U.S.

The Chain of Command is Now Set and
Corp. U.S. and U.C. are now Ripe For Devolution.

From the first, it's been a theory of the American
System of government that expatriation is a natural right.
No law of Naturalization Applies to Moorish Americans.

Those who exercise the elective franchise, in a very
proper sense, act only in a representative capacity, for the
right to vote is only a Political Privilege.

When States like U.C. cease to have lawful governments,
and the United States becoming obligated to provide for the
establishment of duly authorized republican governments
for the States but does not meet that obligation, it
now becomes the duty of the People.

So the question is: Is the State government, under the
laws of which have been Selected or Chosen, republican
in form? NOT The STATE OF U.C.

It's the duty of the U.S. to protect each State against
invasion and domestic violence. This duty is a
Power untapped in the Face of Danger to
Moorish Americans. So a transfer of Power
must be made, thru the Court to My Republic
So We can help Our selves to Relief Requested.

The K. K. K. ish Band of Thieves Will Not Help.

If it appears that the regular Government has been overthrown, or that the State asking for relief against domestic violations doesn't have a republican form of government, then Provision must be made for the organization of a duly authorized Government within the State in accordance with such Form.

It now appears all of the several States war with Moorish American Citizens of the U.S.A. Under the Command of Honorable Joseph R. Biden and the Judges of the several States all carry the title of Nobility / Honorable at every level of their Judicial Process, and these titles of Nobility are against the Guarantee against a state's establishment of a republican form of government, that no State can grant any title of nobility.

Our Requested Relief is our application For Protection against these domestic Violations outlined.

I have the Right to Mandamus Relief in the 4th Cir. Ct., That Court has personal Jurisdiction over David Thomas Lamberth Jr., the trial Judge Who Cannot Prove Jurisdiction For My Arrest's Imprisonment; I Ought to be Released At once.

The Principle function of an organized Government is to Protect the People's civil rights.

Moorish Americans have not been able to have enjoyment of liberty. They live in Fear daily that Statutes like W.C.G.S. 15A-304 et seq will be used to Wrongfully imprison them, or worse, kill them.

It was at one time that to be valid Protection, to the officer or Person acting under it, a warrant must be issued by a Magistrate on the oath of an accuser, stating the name, time, place, and nature of the offense referred to with reasonable Certainty. And No one was required to furnish evidence against him-or-herself.

But with Today's Culture the evidence is first if You are W.C. that's reason for Probable Cause to make an arrest, and then little to nothing else is required.

The State of W.C. has impaired a contract and more than one. And it Seems the U.S. Congress allows it to do So.

With Personal Liberty it is implied that each person shall have as much individual freedom from restraint as is consistent with other members of Society. With Arrests Moorish Americans are not treated like all the other people and more pointed to the white people. Poor Tyre Nichols, he did not even make a traffic violation, the officers just pulled him over and killed him. Tyre was Moorish American. As stated by one text author:

"If each cannot have all the rights he might have as a solitary being, he must have all which are consistent with the existence of the highest practical rights of others. If there be conflict, it must be reconciled by such a compromise as will attain the best development, the highest happiness and well-being of the other; but each must so adjust itself to a social equilibrium, that the maximum elevation of each be avoided.

Thus where two conflicting interests are combined in a civil society, civil liberty will consist in the preservation of that equilibrium, where the social rights of each so modify those of the other as to preserve to each the greater amount of right and freedom consistent with their co-existence in social combination. In this there may be what appears

to be an abridgment of liberty; but it is the abridgment of the liberty of isolation. It is not an abridgment of Social or civil liberty, which is the highest liberty which either interest can enjoy consistently with their coherence in society."

Conflict exist The requested relief will bring that equilibrium. There has been as shown an interference with my personal liberty by the executive authorities of the U.S. and U.C. in acts violating my Civil Rights. When we remove the legal verbiage in Part I, simply put, The Exe. Powers let WC GS 154-304(1)(2) injure me, knowing it would. This Plan was made to affect The Moorish Americans.

Congress had power under the 13th Amend. to prohibit these incidents of slavery on Moorish Americans throughout the U.S. and to translate that power into civil right laws. Some may say they did that, but the numbers show it was not enough.

Of Due Process of Law, with Moorish Nationals the U.S. Supreme Court has stated:

"The 14th Amend to the Const. is not confined to the protection of citizens. It says: 'Nor shall any State deprive any person of life, liberty, or

Property without due process of law; nor deny to any person within its jurisdiction the equal protection of the laws.'

"These provisions are universal in their application, to all persons within the territorial jurisdiction, without regard to any differences of race, of color, or of nationality; and the equal protection of the laws is a pledge of the protection of equal laws. It is accordingly enacted by statute that 'all persons within the jurisdiction of the U. S. shall have the same right in every State and territory to make and enforce contracts, to sue, be parties, give evidence, and to the full and equal benefit of all laws and proceedings for the security of persons and property as is enjoyed by white citizens and shall be subject to like punishments, pains, penalties, taxes, licenses, and exactions of every kind, and to no other.' The questions have to consider and decide in these cases, therefore, are to be treated as involving the rights of every citizen of the U.S. equally with those of the stranger and aliens who now invade the jurisdiction of the court."

The Supreme Court of The United States Just Argued on behalf of The Moorish Americans. Moorish Americans in this case are not being treated equal to Whites - White Citizens. Not in Arrest, Not in trial, it

is the culture that allows this. It does not matter if a Jury Person or a officer is termed Black or White, it is the culture for them to treat thoes Seen as UBC as less than the White Citizens. So there was material error of law with issuing my arrest Warrant. So as for Questions of Law or Fact I was not on a equal footing to White Citizens. The same Stats. that Show injustice with officers of Law Show injustice in the minds of regular Citizens that would be on a jury, a Grand Jury, a trial Jury, THE JURY OF PUBLIC OPINION. We have seen the extrinsic evidence that Shows this image of the UBC is deeply rooted in the minds of an unstable Public. Now lets go back over the numbers per. The National Criminal Justice Commission; due to these abuses upon Moorish Americans a disproportionately 63% of Moorish Men between the ages of 18 and 36 were to be incarcerated by 2020 and has come to pass; UBC or Moorish Compose 20% of U.S. Travelers but from thoes are 80% Stopped by State Action Law Enforcements, and mandatory minimus disproportionately warehouse our Youths, and Death Penalties, including Federal Prisoners, are Constituted by 70% Staple of ex-slaves who total less than 15% of the General Population, and the Moorish net a 700% increase to U.S. Prison Industrial Plantations Since 1985 Congressional Sentencing Guidelines. 700%!!! And so

There was material error at my trials.

There is Error in the Culture; The Culture looks through eyes of error and the numbers show. This is how they do people like me. There is no way around it.

Even Political Privileges, though conferred only by law, become rights of the persons they're given to such persons like me or NBC can't lawfully be deprived of these rights and has the right of redress for infringement of them; NBC is 3/5th of a person still in counting votes I made prior to my unlawful imprisonment Also I had 2 - BLACK Jurors who were lawfully 3/5th a person; And those registered Black Voters and Juror People violated my right to have 12 Jurors Because I did not consent to having less than 12 Jurors, and we ask for redress of this infringement in our requested Relief.

- My Arrest was not lawful
- My Trial was not lawful
- My Imprisonment is not lawful

Contracts are impaired, cf: U.S. CONST. Art. I Sec.

9. cl 3 § 10.

OF MY Protection as the accused, where there is a deprivation of ¹life or ²liberty or the ³forfeiture of Property and like in this case all 3-three, is for Punishment for a crime; it must first appear that the act of Conduct being Punished is really a crime ³has actually been committed, and ³has been determined according to the recognized method.

On the record it is shown there is a Problem with the Second and third requirements listed above. For "has actually been committed" see my "MOTION TO DISMISS",

For and "has been determined according to the recognized method." See AVENUEMENT OF JURISDICTION AND FEDERAL-QUESTION JURISDICTION,

These 2 Documents create a basis of my claim but looking at my Applications under 28 U.S.C. § 1983 & 2254, thruout the Federal Courts you will see these basis claims built upon. But you must see Both the Fed. District & 4th Cir. Records.

To further define why the laws used against me are Ex Post Facto Laws I look to Mr. Justice Chase in Calder V. Bull, 3 U.S. 386, The Justice Says:

"I will state what laws I consider ex post facto laws, within the words and the intent of the Prohibitions.

- First: Every law that makes an action done before the passing of the law, and which was innocent when done, Criminal; and Punishes Such action.
- Second: Every law that aggravates a crime or makes it greater than it was, when committed.
- Third: Every law that changes the Punishment, and inflicts a greater Punishment than the law annexed to the crime; when committed
- Fourth: Every law that alters the legal rules of evidence, and receives less or different testimony than the law required at the time of the Commission of the offense, in order to convict the offender. All these and similar laws are manifestly unjust and oppressive. In my opinion, the true distinction is between ex post facto and retrospective laws."

We Agree

Retrospective Looking back into the past the documents of Record Are: The Negro Acts, Black Codes, The 14th Am. U.S. Const., Revised General Statutes, Certificates of Live Birth, Warrant for arrests, Social Security cards, Prison IDS, DPS Inmate Grievance Administrative Policy.

These Documents Place Slave law and treatment upon me and my Innocent Moorish-Americans Citizens of the U.S.A.

and the Extrinsic Evidence Shown here To-day and Also the data from the National Criminal Justice Commission it is clear to see That being turned into a NBC Slave in the U.S. at birth by the legislature Creates an unfair playing field in our justice system and Promotes: **Laws** That Makes,

- The innocent action of being Moorish American Criminal
- Being Moorish American an aggravating Factor in weighing any crime
- Sentences for life without Jurisdiction for Arrest
- A Persons Skin Color³, Sex apart of the General legal rules of evidence to decide Guilt
- The Norm to give No form of oath or Affirmation testimony to Prove or Show Probable Cause for Arrest
- The Norm to use the power of Suggestive Brainwashing to Create different testimony than the law required in order to convict

You see the 14th Am. of the U.S. Const. extended the Negro Acts and Black Codes into the North Carolina General Statutes that were used to convict me. And when Placed in the hands of persons mind who is Under the Culture described above these Statutes render Swift Unjustice without regard to due process.

These are Ex Post Facto Laws within the words and the intent of the U.S. Const. Prohibition. Cf. U.S. Const. Art. I Sec 9. cl 3 and 10.

And I am just 1 example of the 700% increase in the Prison Population Since 1985. Now I must enforce the laws in order to Save the Nation.

You see before the 14th Am. extended the Unlawful Black Codes and Negro Acts into the North Carolina General Statutes it was Unlawful to be a Slave, and now it's lawful to be a Slave and the Extrinsic Evidence Shows that Negro, Black and Colored Historically has been used to label Slaves; the Black Codes and Negro Acts apply to Slaves and I am labeled as the Property of the State Court of North Carolina as Black on my Certificate of Live Birth this old Slave label also extends from the Black Codes; Negro Acts to the 14th Am. to the U.C. G.S. then into my Warrant for Arrest to catch a Slave. The Slave Catchers are the Sheriffs who forced me into the Cage called the County Jail to be tried by a Jury Under these Unfair Conditions.

This is what Francis, Daniel, Hammond and Samuel feared, i.e. Being tried Under Negro Acts and laws that were un-just to Blacks. What they feared has happened to me. And this is how the the Court SYSTEM deals with the Moorish Americans, i.e. They just not Honor Your - our - my rights and treat us less than humans. Michel Brown was Shot to death for not walking on the Sidewalk; he was Moorish American - Police Slain.

The 14th³ 15th Amends to The U.S. CONST. are EX POST facto to the 13th Amend to The U.S. CONST. and the jury I was Convicted by was Chosen from Vicinage Sourced from Voter registration under the 14th³ more Pointed to the 15th Amend to The U.S. CONST. Thus ex post facto³ retrospective laws³ Persons were used in trial against ME, Persons From District of Columbia etc. My Prosecution was From D.C. All Persons Said, are in "zip codes."

And we know the legislature can repeal, abolish, and create what ever the what laws they want to create. But that does not mean that Change in Procedure is lawful when it dispenses with those Substantial Protections with which the existing law Surrounds ME.

Simply Put they took away my General Guaranties in due Process with the Stroke of a Pen like they did with All Moorish Americans. Sneaky³ Evil. They need to be Sanctioned.

In STATE V. ALMETA WHITE 1956 they had to have an Affidavit on oath or Affirmation for due Process to take its Course. The Procedure was Changed for ME.

I was Charged with an Infamous Crime, So the Grand Jury was not Constituted in accordance with Common Law...

When my case was brought before the Grand Jury some kind of information on oath or Affirmation in the form of an Affidavit, that should have been Filed before the Magistrate M^{rs} Brown when she issued my Warrant for arrest, should have been used for Preliminary Examination to determine whether I should have been bound to await the action of the Grand Jury. And that Affidavit should have come from an eyewitness of the Crime of the victim or someone who was an eyewitness on the victims behalf.

Yet none of this occurred. So in the Face of Constitutional guarantees it is essential to due process of law that the accusation be by indictment; yet there was no real accusation against me. I should have never had a case accusation Presented to a Grand Jury under these conditions; yet it happened and my case was placed in The General Court of Justice Superior Court Division - County of Alamance and The State of North Carolina was my accuser & Plaintiff.

My arrest was essential to the authority of the Court to proceed to trial, yet there was no jurisdiction for an arrest or trial. My Trial Court was also within a "Zip Code"

They who held Court against me in case no. 10.025050755 say the offence occurred in my home, I am a non-resident, non-domestic without the U.S. outside the "Zip Codes" just like the location they say is my home, and Crime Scene.

The Superior Court under the Hon. Judge with in The STATE OF NORTH CAROLINA had no Power to inflict Punishment in another State i.e. The one state I was in namely North Carolina State Republic, more pointed to Alamance County Republic. Moreover the Prosecution was from The STATE OF NORTH CAROLINA, More pointed to The County OF ALAMANCE.

State Courts are obligated like Federal Courts to respect the rights contained in the Sixth Amendment. And even more so in Criminal Prosecutions, yet they just do not for The Moorish Americans.

As for me, I was restrained by a non-witness by his Gangs threats on my mothers life. So in trial I had to listen to False accusations against me while not being able to give my testimony.

The Seizure of a person's Private books and papers to use as evidence against him isn't Substantially different from compelling a person to be a witness against himself. My Phone & Bank Records were used against me in trial, I was forced to sign a waiver to give these things to the Sheriff by the threat of a Gun Shot by the Sheriff.

All of my Issues under administrative laws are Subject to Final Review. The Executive Department is now improperly and unwarrantedly depriving me of my liberty in the attempted exercise of military Power³ Authority, that has also deprived me of - Vested rights -.

Where Vested rights are impaired retrospective laws are prohibited. My Civil rights via Constitutional limitations can't be taken by anyone. Nothing used against me was Passed in the Proper Promotion of Public Welfare. The operation of NC 65 154304(1)(2) and really all of NC 65 154304 and the General Statutes, Pull laws used against Slaves during the time of lawful Slavery from the Past into the future into interference with me From my Birth till Now. And I think it is all an attempt by the legislator to declare the lawful Contract - Letter from George Washington, unlawful. Yes the legislator is trying to impair the remedy that existed when the Contract was made. The remedy is by Court Process.

■ THIS REMEDY MIGHT REASONABLY BE CONSTRUED AS PART OF THE CONTRACT. ie The U.S. has given Consent to be Sued in Federal Court, And it is the State of N.C. Which owes this tax.

This is The end of our Statement of The Case From
Today's 12 in our Body Assembled.

Direct and Concise Argument:

The U.S. Court of Appeals has so far departed from
the accepted and usual course of judicial proceedings
and agreed such departure good for the Fed. District Ct.
in that neither Court recognized our Constitutional
Rights, our Civil Rights, or the urgency in this life or
death event happening for so many nationwide. Also
the Black Question raised then decided on via inaction
by the Federal Appeals Court should be settled by the S. Ct.
of the U.S. and that Question raised to the S. Ct today
then decided on by the Federal Appeals Court has been
decided on in a way that conflicts with cases:

Sec. 5(f). And All of These truths are detailed in my F. District cases in question. I invoke JURISDICTION under order 13491 Sec. 6 and 28 USC 1350. For these truths I state, per. USC 1350 I Exhausted Available remedies per. Sec. 2(b) of that USCA. My Cause of action is still arising within the limit of Sec. 2(c) of that USCA.
4. I have Suffered Torture because my Carroll's interviews were against Sec. 3.(b)(1) of that USCA. I am also Under Sec. 3-(b)(2)(c) threat. These claims are laid in cases with Nos 1:22-cv-271 and 23-cv-35 in the F. M. D. Ct. of E. C. 5. Also there you will find I was under Sec. 3(2)(D) threat over what the Alamance Co. Sheriffs said about not Protecting my Mom. And the 4th Cir. Ct. has Seen the Motion enclosed at App. Part, I herein!
7. Now Since I have been in D.P.S. imprisonment I have been Under "Forced labor" within the meaning of Alien Tort Statute 6. And Should I die under these Conditions Prior to my release I Confer Jurisdiction on The U.S. T. of A. to be awarded Triple the damages of thoes demanded by me Now due. See "Wrongful death", torts within Section. And the 4th Cir. Appeals Ct. has now failed within the meaning of 28 USC 1343(2). I am about to die! Conflicting 28 USC 2254!

As Alien to the U.S. and a Citizen of the U.S.A. I have been Subject to many Violations of the Law of Nations, and do invoke Protocols of The Treaty of Peace 1786 Art. 21. because I was not treated with the Equality that is now due or the Process that is now due to me. Thus that 1786 treaty has been broken in violation of CUSTOMARY INT. LAW binding upon Civilized nations To wit:

I was arrested without Supported Probable Cause; Targeted by a Plan to Carry out Genocide on my Nationality for Reason of MY Nationality and then I was Subject to the 7 Violations of Customary Int. Law outlined above; For More Details of that general outline, Review The Alamance County Superior Court - Fed. Middle District Ct. - and 4th Cir. Ct. of Appeals Records with Case numbers 10CRS050755, 1:22CV-271, 23CV-35, 23-1022 respectively, and You will see that defendants have in Fact Violated their Administrative orders handed down by their Commander-in-Chief of their military in this armed Conflict. They made me Go with them on no Provocation with a Gun; They - Ala. Co. Sheriffs - were going to Kill me then if I did not go to their Fort Funded by the Exe. Branch and U.S. DoJ.

And it was then after the Gas Forced affect I was interviewed and Arrested by Warrant & jailed.

The 4th. cir. Appeals Court is Failing to aid With-
in the meaning of 28 USC A § 1343 (2). Now Our Relief is
due.

I am in Danger. MY Life is at risk. I have been
injured Physically. There is a active force of
OFFicers of D.P.S. and inmates-system/State wide
that want to kill me. Very little is Protecting me, it
could Fail at any given time. MY Relief Needs to
Come Fast. What more can I Say.

Now I am in a case and they are coming to get
me. Help. The lower Federal Courts are in
Conflict with 28 USC § 2254, They have the
Supersedeas Bond, I know my Demands.

This is my State of Existence. IS why
important as to why they are doing this? If so
The District and 4th cir. Appeals Courts have
the Reports, medical Hospital records,
Affidavits etc... Just see the Record. The 4th cir.
Ct. of Appeals has Seen a True COPY of the
Motion at App. I herein.

CF. 8th Amend US const.

Divine and National Movement of North America OF

our flag of descent

Public Importance

US flag of Birth

I am the elected Public Official of 60 million Moorish Americans. This Claim is brought on behalf of thoes Moorish Americans. The Public out cry with the Unlawful arrest, beatings, killings and lynchings has grown to the point of Public out rage because of all the Cases Seen by the Public. Like the lynching beating and killing of Emmitt Till of Chicago; like the beating and arrest of Rodney King of LA; like the death of George Floyd of Minneapolis; like the Shooting of Breanna Taylor while Sleep; like the more recent Case in Tennessee where 5 officers Beat one of our children to death on camera while he asked, "what did I do?", like the arrest and torture of me. Our Moorish American Public Safety is at Such risk from these acts because the numbers are Showing that it is killing us with arrests and Police tactics to the point of Genocide where the People Subject to these abuses have done nothing to warrant Such treatment; Just look at the Data on Page 57 of Part on Const. Law Supra and You will See no other People are treated this way. We just want our Children, Mothers, and Fathers treated like all the other People in this Nation.

The Public interest is Big. It is to the point where The Moorish Americans Citizens of the U.S.A. are going out into the Streets protesting the injustices they see all around them Nation Wide. They have Painted Defund The Police on the Streets of every single one the several States in the United States and even not to far from the Supreme Court of the United States. With all the funds the Police have like the ones outlined for North Carolina on Page 102 of this document herein, the Police, Sheriffs, and even the military of the U.S. has become a Public nuisance to All Moorish Americans. In Every State we tried the protests; Singing. The Relief that we ask for here today is strictly for the Public Welfare of the Moorish Americans at large, because as the Chairman for the Moorish American Nation if I can not get out to the people to help and Succor the clear Public Unrest the United States will quell the Public's Unrest thru Violence like Terry Johnson did as Sheriff to the NAACP Peacefull Protesters in Alamance County North Carolina where that tactic of Terry Johnson has been Nation Wide inflicted upon Moorish Americans like when Donald Trump unleashed his Goons on the Moorish Americans just steps from the WhiteHouse while he took pictures holding up a Bible in front of a Church, and the Whole Nation Saw, everybody knows.

The Public interest is So Great Among the Moorish Americans because what's happening to them is Nation Wide in their homes and on the streets. Now the Supreme Court's intervention is so much needed because I have brought this case before every Tribunal in each State, County, city, town, in the city, State and Federal Courts all over the United States and even the international Tribunals like the International Court of Justice, and none of them have done anything to help The Moorish Americans, not even President Joseph R Biden, and Now as the only one who can help the Moorish Americans My death is Sure to Come if my Conditions do not change as outlined on Pages above on this Affidavit. The Death of The Moorish Americans if their State does not.

In Every State We tried letters to Every level of Administration. So I am calling on this Court to Support me in Saving the Moorish Americans From the Death that is Sure to come upon them All in just a Short time should I Not help them at this time, Now, in the Present when they need it the most. My People Cried De Fund? Biden Funded even Greater Tanks are in the Streets! Our Public Demands are that our People be treated like all the others and enforcement of our Relief

Requested here in to Save the lives of Citizens
of the U.S.A., The Moorish Americans are
the people misnomered Negro, Black, Colored
and the like etc... In Every State we tried Every
Court at every level in the world too.

Our treatment is Fuled by Racial Animus,
it is cruel and Arbitrary Also Arbitrary and
Capricious, All Nation Wide as the numbers
Shows

These are the Reasons why this issue is of
Such Great Public Importance to need a
Judicial Power Such as the Supreme Court,
at every level of Government and Society
and in the Public the hate for my People that
is killing them at a rapid-rapid rate is Public
Record. The Public is Unstable and only I can cure their
Minds and Bodies; Cant You See they have been **BROKEN!**

In the record you may find Proof Greater
in Federal District and 4th Cir. United
States cases with the numbers 1:22 cv-271,
23 cv-35, and 23-1022, If the Court
looks their that would be a Big Start to
meeting our Public Demands. And if the Court
can help us it will be just in time, Yes just in the
nick of time to Save millions from abuse that Kills.
The Courts, Letters, Protests, and Letters in excess and

Singing Songs all have not worked because we are Gunned down in our own Communities like Amad Aubry in the State of Georgia³ Nation wide.

Also in our mission to get help it first Appears MY Case manager helped. I was pointed to the courts. But I also wrote my Request to know the next Administrative Agency to apply to, on 12-28-2022 to:

- Josh Stine,
- Roy Cooper • Jennifer Walsh • Todd Ishee
- Kimberly Grande Head of the IGAB • Ina M. Hinton
- And The U.S. DOJ Civil Rights Div.; Letters From Ina M. Hinton are on the Record case No. 1:22-cv-271

And Not one of These people replied back; These are failures to take discrete agency action required to take; The duty to help me to the next Agency or point me there is a crystal Clear Duty owed to me, and a duty imposed, not performed that is Pure ministerial. See 5 U.S.C. A § 706 (1-2) A-F.

And now the 4th Cir. Appeals court has failed with in the meaning of 28 USC A § 1343(2), and 28 USC A § 2254

See a Guy like Steven Carrillo could have influenced Millions of U.S.C. to his failure in Consent like³ at the Courthouse, had he not been caught and it is bound to come unless MY Civics³ have lessons Come Quick. And No one listed on this Page IS HELPING; They Just want to FUND The Police.

~ Why this Writ Should issue

The State's Admin. Decision is A Big issue - They could have helped:

All Defendants have made Constitutional Violations knowingly in conspiracy as depicted in our § 1983 and § 2254 actions Even the United States § 2401(c)(2). Review the Record. I am Just 1 example of the 63% of MY Sex Arrested as NBC. The Fed. District Ct. was in Full Power to Grant Our Relief. So why didn't it? I hope record is on the way if not Present. The Ala. Cont... Memo. of Law and Issues: Pursuant To 81985, §1983 of 42 USC and 22543, 2401(b) of 28 USC
Issue 1. Dishonor: As to U.S. Constitution Art. IV Sec. 1) § 18 USC § 1501 et seq:

My established "Status and Jurisdiction" has not been honored along with my Nations Judgement against the "Act of State doctrine."

Issue 2. Dishonor: To me the "Holder in due course":

The "instrument," "Certificate of Live Birth" has "gone to Protest" in the Federal District Court "Action of Contract," (1:22-cv-277) Case No., with the other Contracts of Record, that are without my Consent, via The Confederacy.

Issue 3. Dishonor: To U.S. Naturalization its treaties, steps, annexation: Contracts of Record are "Disallowed", "Defeated", i.e. I plead the "Baby act" to all Fake Citizen Bond with The State of U.C. and the U.S.; The "LOUISIANA PURCHASE TREATY-1805" and The "TREATY OF GUADALUPE HIDALGO-1848" are invalid and

without the "Consent" of my "Forefathers" or me; The Great Lakes, Oceans, Seas, navigable Rivers also GUIPS of those Treaties belong to US Not the U.S.

Issue 4. Punishment of the "Co-owners" of the Black Slave: Moorish Staple: "Co-owners" United States, its Congress, its President, its State of U.C. and its Supreme Court are in conspiracy in the illegal establishment of laws under the 13th, 14th, and 15th Am. False Representation that Support NCGS § 34-24, the "Black Slave" Industry and all those "Persons" are Official oath Breakers Under the "Instrumentality rule" while the "Arrested", Prisoner-Black Slaves under racial Animus, a state of "Automatism" from Birth to the time of Arrest. Now Against 8th Am. U.S. Const.

Issue 5. Dishonor: To me From Legislative Created Court:

The Poor Judgement - The Decision on the Questions Posed to the Federal District Court is "Contrary to law" and "Contrary to evidence", Why?:

It is not hard to tell this case is Governed by the U.S. Constitution and Acts of Congress. Our injury is From NC law, the Fourteenth Amendment to the

U.S. Const. and many of its "Derivative" laws. Reparations are "Due". Pathless, Void, Affirmationless, Warrent-Void Indictment Sentence-denied due Process, Equal Protection of laws - Unknown cause and nature of accusations etc... See 4-6th Am. To U.S. Const. and 13th-14th Am. To U.S. Const. Cf: My Retained Rights in the Proclamation of Record with U.S. Const 9th-11th amendment.

Issue 6. Even I and I alone am worth the Relief Sought:

light of The Facts was the St. Admin. Decision a Good one?

In addition to the insult shown to my

losses and mental distress let it also be
known that in my trial my employee did
testify; I was presented as a "Finance" Officer
of "American General" a subsidiary of
The American International Group, and
had I not been arrested my worth would have
been liken unto:

executive of Calendly, or any one of the

And all other Elements of Damages Proof is already
expressed or shown as evidence. I follow Finance; read
Forbes and I was going to be one of those people but Pat
Stole that chance for me, For his Nation's Billions.

Issue 7. I need this court to Review and decide on all Questions I posed to the Federal District Court. Because they could not have used the proper application of law. These Questions are the ones Filed 4-4-2022 as "FEDERAL - QUESTIONS 28USCA §1331 & §1251"; The Questions that are also Filed with my 2023AD filing in that court as Federal Questions with my 28USCA §2254 Application and with my 42USCA §1983 or civil Rights Application. Also there is a Question I need this Court to Review in the Affidavit Filed 4-4-2022AD in District Federal case W/No. 1:22CV-271, and it is under the Section "STATEMENT OF FACTS" - The Big issue here is that question is a Constitutional Matter within the meaning 28USCA §1343(3) Proper Jurisdiction it is a Substantial sound and merited Question that must be reviewed along with the others. And that matter gets even bigger because many are in the Conspiracy in the meaning of 42USCA §1985(3) and the claim we have shows violations of the 28USCA §1343 et seq. So as a officer of The U.S.A. - Cef. Said Proclamation with its Sections "Our Authority" & "Proclaimed members..." (also 28USCA §1442) I bring the civil rights claim to the District ct. J.M.D. NC by Removal on behalf of Comillion Moorish Americans, their Property & Substantial Rights.

Issue 8. These Felony & misdemeanor offenses were committed in my Presences by All defendants breaching the Peace of my whole Society of Moorish Americans, their Property & their Substantial rights.

Issue 9. I told the F. District ct. I was innocent and that Only Ronald D. Carroll's untruthfull Story Supports the evidence used to convict me. So a full constitutional test Should have been done as to the reliability of Carroll and was not and Should be done by this court. (Final Issue): This is a Failure to take discrete agency action required to take, and this Failure applies to Issues 10-13. See 5USCA §706 (1-3) A-F.

"JULIA SHAW PSYCHOLOGIST University of Bedfordshire

"I remember there were two Police officers. Two. I'm sure of that..." In front of a camera, a woman recalls the crime she committed five years earlier - a crime that never actually took place. It only takes three conversations, each lasting 40 minutes, for psychologists Julia Shaw and Stephen Porter to manipulate the memories of 70% of the subjects in their experiment. When the participants are told the truth at the end, many of them are upset: "Some of the subjects want to argue with the psychologists, insisting that they distinctly recall the event," says Porter. "In ten cases, we broke off the experiment prematurely in order to prevent the participants from being traumatized." In particular, participants were reluctant to give up the "memories" of their own heroism, such as having beaten up a bully at school."

p. 23 "Human memory is highly susceptible to manipulation. In so many cases innocent people have ended up in prison because of false memories." STEPHEN PORTER-
FORENSIC PSYCHOLOGIST University of British Columbia.

So Carroll's results registered as some truth; falsehood and it was hard to get any pointed answers. With all of the above in mind to some extent detectives knew Carroll was a Sham, So did Pat Valdolski the District Atty.

There was no Conspiracy between me and Carroll to commit any crimes; I committed no crimes.

Had Detectives not used these tactics I would have won trial whether it was less than 12 Juniors or not, because no Conspiracy Story would have been implanted into Carroll's mind to tell on the Stand.

Note: In looking at N.C. Defendants their Duty is clear because they
We Permanent Allegiance Under N.C. CONST. sec 5³ have taken a oath of Office, Ex-carroll.
Issue 10. I told the F District Ct. that the Sheriff's and Carroll were in
conspiracy against me: So a full Constitutional test should have
been done as to if any suggestiveness or coercion was upon
Carroll by the Sheriff's in the making - epic making - epoch making
of his testimony. (Trial Issue). So you may as well say they just
used Negro Acts and Black Codes against me.

Issuall Carroll was not a witness to any murder: So a full
Constitutional test should have been done as to the reliability of
Carroll identifying me as a murderer. (Trial Issue)

Issue 12. When Morris was given a warrant for my arrest he
gave no information: The Judicial Official mis Brown used no
Probable Cause to support the issuance of my Warrant for arrest,
ie no oath in any form and thus there should have been no arrest
or trial, and the fairness of these proceedings are impaired
in their reputation to the Public. (Trial Issue) Brown? Morris had to
know that what they did was unlawful? All other defendants knew.

Issue 13. The Judicial Official mis Brown doctored and created
her own Probable Cause evidence: No one gave mis Brown any
info. when she made the arrest of me by Warrant where mis Brown
Created her own evidence prior to a application for my arrest
warrant from Public Sources ie. radio, media, Papers, etc.
and then affixed names to that info. as if the info was
brought to her. Note: I need to say early on, For ALL Issues? All defendants N.C. US,

They have a crystal ball³ non-discretionary duty to cause more Relief Requested per The U.S. Const. Art. VI cl. 1. ³FF: Const. Rights, Debts, Engagements, Treaties, Officers of any branch of State or Federal Gov.; All Officers or Public Trusts, ³ OATHS.

Issue 14. Carroll says he personally knows about a conspiracy to murder: ³FF: a36 media. No one backs his claim, and all evidence in support of his claims are trivial, And it is known Carroll made up his story: See issues 15 - 19.

(Note: When Reading the Next issues know Carroll was Cross-examined).

Issue 15. "The right of cross-examination is included in an accused's right to confront the witness against him; the right to confront and to cross examine witnesses is primarily a functional right that promotes reliability in criminal trials. This truth finding function of the Confrontation Clause is uniquely threatened when an accomplice's confession is sought to be introduced against a defendant without the benefit of cross-examination, since the accomplice may have a strong motivation to implicate the defendant and to exonerate himself. Thus, accomplices confessions that incriminate defendants are presumptively unreliable." ³Pr. 206 2063.

Lee V. Illinois 476 U.S. 530, 106 S. Ct. 2056, 90 L. Ed. 2d 514 (1986) - Now in my case I was not a accomplice to anything, but like in Lee I too had no right to confront Carroll due to intimidation, and Carroll exonerated himself ³; implicated me with a lie, with motive to falsify.

Issue 16. Carroll's motive to falsify: "Seidelson, Hearsay Exceptions and the Sixth Amendment, 40 Geo. Wash. L. Rev. 76, 91-92 (1971)

(All hearsay should be excluded except, perhaps, when prosecution shows absolute necessity, high degree of trustworthiness, and "total absence" of motive to falsify; The Supreme Court, 1967 Term, 82 Harv. L. Rev. 63, 237 (1968); Note, 31 Vand. L. Rev. 682, 694 (1978)."

Now as I said in the F. District Ct. - the Prosecution knew Carroll lied ³ had absolute necessity to use his lie as the sole person to tell it, the Prosecutor knew Carroll lied

From his first thru his last interview, Knew he had a motive to falsify and still used Carroll against me! This is not harmless error, because the Prosecutor watched Carroll form his story over months!

Issue 17: "A Codefendant's confession is not rendered reliable simply because some of the facts it contains 'interlock' with the facts of the defendant's statements. Pp. 2063-2066." *Lee v. Illinois*, *Supra*.
So yes Carroll knew of places I went, people I spent time, and things I did, and all of that had nothing to do with a murder conspiracy. The Prosecution never found credibility in Carroll's story, even on his last interview they knew he was a liar and put the known liar on the stand knowing of his intimidation!

Issue 18: "[T]he arrests statements of a Codefendant have traditionally been viewed with special suspicion. Due to his strong motivation to implicate the defendant and to exonerate himself, a co-defendant's statements about what the defendant said or did are less credible than ordinary hearsay evidence." *Lee v. Illinois*, *Supra*.
And so if one knows¹ that Carroll is still lying on the last interview, knows² of his strong motive to lie and knows³ of his intimidation against me; would one in the interest of Justice package up the 3 piece combo and in the interest of Justice serve it to a jury in the interest of Justice? The Prosecution in my case did it and not in the interest of Justice; so what did they do it for? Was it objectively unreasonable? It was Arbitrarily.
Answer: And a Big Big Issue:

Issue 19 MY Arrest BY All Officials least Server was because they HATE NBC :
CF: MY Signed "Law Enforcement Code of Ethics" and Official Proclamation...

So all You need to do is look at all the Parts of that said Proclamation, and thats the reason we the misnomered NBC are being treated like this; For example: All these abuses lead to the same thing like Your National Criminal Justice Commission Projected to disproportionately in carcerate 63% of Moorish Men between the ages of 18 and 36 by Year 2020 - This has come to Pass on me. And Your "catch and Release Systems" of Racial Profiling of U.S. Travelers compile 20% NBC but 80% of thoes Stopped by State Action Law Enforcement are NBC. Also mandatory minimums disproportionately warehouse our Moorish Youths; and Death Penalties, including Federal Prisoners, are constituted by 70% Staple of ex-slaves who total less than 15% of the General Population. And the intent of these targeted hits are to bring back Slavery that ended in 1865 to using the 14th Am of the U.S. Const. and its laws derived therefrom. The Moorish Net a 700% increase to U.S. Prison Industrial Plantations since 1985 Congressional Sentencing Guidelines. The Jews received 6.5 Billion Dollars in Reparations; The Japanese-Americans were reparated and the Survivors of 400+ Years of Slavery in America who are my Group of misnomered NBC; the later 240 Years of which were under the American Flag have not been given an apology a dollar nor gratitude. So I cry for my group and I am tired of it. It is not hard to tell I and my Nation Suffer arrests for reason of Race, color, National Origin even sex. And All of These are the abuses, mistreatments You were Warned of Joe Biden.

The defendant set up lower F. Ct. Administrative Madus Decand To ignore their Const. Duties, Pass on on MY Federal Questions or Acting Conflicting to The U.S. Supreme Court, and are Derelict of Duty; here is Why, How, Who, With Grounds, Support, Proof, in Issues 20-46, And So You See the numbers do not lie that these Prosecutors, Judicial Officials, Sheriffs, Police in General, Nation wide make these Plots like the one they made against me for no better reason then my race / color / sex and national origin. And they are trained to do it that way. I am not saying there is a required course called How to Frame UBC, I am saying that when you take a people fresh from being slave owning families and then tell them the ex-slaves and their offsprings are now equal to them they will subvert the requirement of an oath or Affirmation and Affidavit so they can form lies to inflict their hate on UBC, because the defendants et al want Slaves, wanted Slaves, and never stopped wanting Slaves since slavery was made an institution lawfully here in the United States. The training for this treatment on UBC is passed on from Parents to white child who becomes a officer of some type at the county, city, State level and then when they have passed to them a Custom or Policy like UC 65 154-304(d) Nation wide, they just go to telling lies to trap as many UBC as possible. You see for them 2 is better than 1 that is the officers who plotted against me could not just take Carroll because by the date 2-3-2000 they had 2 UBC right out in front of them so they hammered and forged a lie with the help of Carroll to take 2 UBC over the 1 UBC I offered, because they could not see them selfs catching a whole Gang or Protecting my UBC mother. That's how they saw it; It was a numbers Game for them, not a Quest of Justice. With 2 vs. 1 they could grow their industry Bigger and Faster, it is ALL OBJECTIVELY UNREASONABLE.

Next Issues 20-25 are failures to take discrete agency action required to take in Agencies: N.C., Ala. Ct. Superior, DPS Officers, 5 USC § 706 (1-2) 1-F:

Issue 20. The North Carolina State Prosecutor has failed or refused to Prove jurisdiction over the Person on and for the record, being an oath or affirmation Signed by, or on behalf of, the Victim to Support Probable Cause for a Warrant to issue:

So my arrest was done Unlawfully, and thoes defendants who made my arrest possible can not Cure their lack of Probable Cause with anything coming out of Carroll's Mouth. And thoes defendants knew my arrest was Unlawful when they made it, and thats why they worked to Put Strength into Carroll's lies; They hoped this would not come back to bite them. That warrant without Probable Cause broke State law - Statute law - State constitutional law - Federal law - Federal Statute law - and Federal Constitutional law; it was not lawful anyway You look at it and thoes defendants knew their words actions and deeds were Unlawful. And the Superior Ct. has gone way overboard with MY 1. Conviction 2. inaction to my Motion To Dismiss in violation of clearly established Federal law because the U.S. Supreme Ct. Says there is no discretion to ignore a lack of Jurisdiction, and that fact goes for all persons noticed with my Motion to Dismiss and D.P.S.. And with that lack I Should have never Seen a Jury Verdict or the verdict would be Not Guilty.

Issue 21. The State Q. J. Ct. I G & B adjudication or non adjudication was Unreasonable in light of MY Big Claim: Unreasonable Under AFDPA: AFDPA applicable Conditions are Satisfied! Look at the facts Given to the D.P.S. Admin. Grievance Staff? You will See there was an Unreasonable determination of the facts in light of the evidence I Presented in that Proceeding. All

Relief we ask for is within the scope of the defendants duty? encompasses all committed within the scope of their duty. All defendants lower Ct.s as shown are guilty of dereliction of duty due to non performance. D.P.S. officials like the Warden Jennifer Walsh had the entire notion to dismiss even prior to my Grievance so even she knew the Grievance Decision was against the Supreme Court's Precedents that existed before my trial, likewise the Superior Court Div. knew the same about the existence of Precedent before all State Court decisions related to me.

Issue 22. The last adjudication on the merits of my claim was 11-28-2022 and that is where we must focus on a habeas Review and focus on the fact D.P.S. said the matter was beyond their control because that assessment was wrong because based on my merits alone they should have sent me on up and investigated etc. Then released me to some degree.

Issue 23. The Grievance officer would have been better off if he just made a (discretionary denial of Step 1 or 2 or Both), But he stepped up and on behalf of "D.P.S." and said it was beyond their control, and that's an adjudication of the underlying claim's merits and imports the expression of opinion upon my merits of my case by the whole D.P.S. and the TGRB. i.e. that Grievance officer in effect said "I AM THE BOARD AND WE WILL NOT HELP!"

And that is contrary to or unreasonably applies the Supreme Court's Preexisting and clearly established rules because he the Grievance officer exercised Jurisdiction, reached the merits, ignored the lack of Jurisdiction, did not send me up for consideration or decision. You see I could have gone to the next appeal-Step 2 if the officer gave me a chance, but with that chance not available he used his judgement, discretion, and his decision w/s. saying, "Denied with an appeal Option Step 2"

The Administrative Regulation Executive Order 13107, our 1786 Treaty of 4th and 6th Am: D.H.R. impose a duty upon students to correct these acts made within the scope of their duty; they have failed to accomplish their assigned tasks in a timely manner:
Issue 24. Judges and lawyers often sit on I.G.R.B.S

So they have the knowledge to conduct a broad range of investigation. MY "C" compliance with Prison Grievance Procedures PLRA was on point because I gave all the facts needed to resolve my problem and the lack of subject matter jurisdiction claim that I raised in The General Court of Justice Superior Court Division was not- was never decided. So the Screening officer was wrong. Moore v Bennette, 517 F.3d 717 (2-28-2008) States:

"To be entitled to bring suit in Federal Court, a Prisoner must have utilized all available remedies in accordance with the applicable procedural rules, so the Prison officials have been given an opportunity to address the claims administratively; having done that, a Prisoner has exhausted his available remedies, even if Prison employees do not respond."

And so I declare I complied. I could have been sent all the way back to The General Court of Justice for an answer to my lawful challenge to the Superior Court by the I.G.R.B. and then released upon the findings.

And looking at who sits on that Board, that's not far fetched. Now I have to go around my elbow just to get to my thumb, Filing a Habeas, Finding the Application, Copies, Filing Mandamus Applications, Mail mail, Mail etc...

To compel The Trial Judge, the very same Judge The I.G.R.B. could have sent me to, to work it out, with the stroke of a few OAC Penned Forms. OAC is the office of Administrative Courts. I still need Help! Per. 28 USC § 1915C) of 1:22 cv-271.

Pointing to the notice motion to dismiss filed with the Ala. Superior Ct., of the duties to perform my release, the U.S. and A.C. residents have constructive knowledge of their duties, that is a mutual understanding among them supporting a-my-our Conspiracy claim. Also, any administrative agency empowered to investigate complaints

and allegations of wrongdoings must have broad discretion if it is to function at all. G.S. § 74-375 et seq. So based on that alone when a agency like the T.G.R.B. chooses to not accept a claim such as mine and they make that decision based on a Policy that calls for a decision when a decision was never made, now looks like bias because although Policy was used as a reason for the decision, that decision does not comply with Policy. So why was it made? Because it was not that the State Court made a decision on the motion to Dismiss.

The decision therefore was based on the only other factors that can be seen in evidence to wit: MY Color • MY Sex • MY Race • MY National Origin; FACT: The

T.G.R.B. Working with the other Parties Noticed in my Motion to dismiss could have granted All Relief we ask for NOW, that is **NOW UNLAWFULLY WITHHELD** cf. 5 USC § 706(a)(2)(A).

And that is why I could not go forward. It was not because of a state Court decision because a decision had not been made. So the Screening officer used the broad discretion granted thru U.S. G.S. § 74-375 et seq. to direct that same racial animus at me and my Group and further implicates D.P.S. in the Failure to act when they had a duty to do so. See 28 USC § 1343(3), 42 USC § 1983 and 1985(3). These failings are for no good reason, and they happen Nation Wide with ABC and due process at every level of the St. & Fed. Judicial System in Judge's decisions. Thus we the Moonish Americans look to our leaders to make Fair and impartial decisions the U.S. Fed. Cts. Should enforce.

residents et al enforced NO right Noticed nor told me where I could get relief after MY Grievance as was their Duty. This is proof of conspiracy against my - our rights. Law enforcement Officials are duty-bound to uphold the CONST. & Protect All Citizens.

Issue 5 You see the Grievance Officer can use O.P.S. Admin. Remedy Procedure 10306(b)(4) but that is for what has been decided by the State Court and in the General Court of Justice Superior Court Division the lack of Jurisdiction was never considered or decided when I challenged that court. So since the court never decided the field was now seen to that Officer's Decision and if he did not then Jennifer Walsh did because she had all the knowledge of MY Substantial Rights:

1. MY Grievance;

2. my motion to Dismiss, items 1-2 could have lead to a mount of Substantial evidence rule Support for Walsh et al, To wit:

3. of Both items 1 & 2 above Per Admin. Remedy Procedure 10310(a)(7), But the sub issue here is Mis Walsh nor anyone came at me and said that my Grievance should be "accepted" so "rewrite it". I never recieved an acceptance in order to rewrite a grievance. What they wanted me to do was take out all the lack of Jurisdiction STUFF - I mean the case mgr. called me, sat me down and said take out 1. lack of subject matter jurisdiction². Wrongful Imprisoned³ Unconstitutional, and⁴ false arrest; And that left me with nothing to say accept I am innocent, and all that was set up by Thas. M. Hinton who wrote me and conspired with my Case Mgr. to get me in his office so I would in affect drop my claim by MY own words. So per Policy the Head Jennifer Walsh who had All the knowledge to know the State Court did not make a decision then made her own decision an Echoed "it is beyond my control / O.P.S. control. Rejected matter go to Walsh who decided not to help MY issue was not beyond their control.

Looking at the "...Warning..." and "...Plea..." issued Publicly early 1900s reprinted in our "Official Proclamation" The U.S. Failed to Protect The Moorish Americans from abuse, Cruelty, maltreatment that has come upon me by Arrest, this is dereliction of duty To wit:

Issue 26. Mis Brown The Judicial official was not neutral and detached because she too held the same racial animus as moriss and others before the date of my arrest. Brown was never going to be on my side no matter what. and as a result:

Issue 27. There was reckless disregard for the truth when moriss asked for a warrant for my arrest by simply presenting me and giving no as in Zero info. to mis Brown and hiding the truth he knew of.

Issue 28. Mis Brown wholly abandoned her judicial role by then issuing my arrest warrant without any info. given by moriss and acting as a rubber stamp to moriss's presentation of me.

Issue 29. Mis Brown did her own investigating from public media sources before anyone brought her any info. and prepared all her info. for moriss without input from any source outside of said media.

Issue 30. Mis Brown and moriss knew the warrant was invalid, unlawful, and that in making my arrest that they engaged in misconduct, the facts in support of these issues and even issues 26-30 can be found in my 42 USC § 1983 and 28 USC § 2254 Applications to the F. District Ct. So there was no Probable Cause for my arrest and all evidence in support of Carroll's claim is trivial. And all this unlawful misconduct was acceptable in the defendants' eyes because of their hateful racial animus motive to capture N.B.C. Mis Brown demonstrated a blatant indifference to the law such that a knowledgeable observer was bound to find disrepute, disgrace, and discredit in her conduct. She did it to me because she thought I was not knowledgeable because of my Race and color etc. Arbitrarily depriving me of Property & Substantial Rights. cf. Arrest Warrant.

Via Bidens dereliction of duty Mexican Americans are in danger of being captured, tortured, held hostage for ransom or killed, like all least killed from me. Biden continues to demonstrate his dereliction endangering our citizens & the security of the U.S.A. eg: Issue 31. I invited Alamance Co. Sheriffs to my Mom's house and when I told them I did not want to get in their car I was forced in. I was under the threat of being shot and was directed into a pat down, pocket search and into a car with that threat, then given a Miranda warning after being asked what I did on the night of the crime, depriving me of a substantial right.

Issue 32. The Sheriffs that forced me into their car heard of my fear and the threat on my mother's life and told me they were not going to help me or my mom and that was echoed by Head Sheriff Terry Johnson, and all that info. was related to Morris prior to him applying for my arrest warrant. So the Sheriff setal knew that if I implicated Carroll and his Gang in interview at Gram Station my mom was dead because they were not going to help "niggers" according to Chief Sheriff Johnson arbitrarily.

Issue 33. [I did not bring this up directly with the District Ct., but it does go to the fact that Carroll had motive to lie] (The Sheriffs told Carroll I had told them that Carroll committed the crimes, then Carroll proceeded to make up his conspiracy story months in making.) The Court can see that brought out in my trial in Carroll's cross examination. And when they made that reference to Carroll they made it seem like I on the record eg. camera, Affidavit etc... put it all on Carroll; Yet that was a lie told to Carroll to get him to lie. Sheriffs told Carroll that because they wanted Carroll to think up some lies to bolster their arrest of me, and had Sheriffs not told/directed Carroll to me Carroll would have never said anything about me, testified against me and I would have been found Not Guilty in trial.

The U.S. their State Counties etc. have a thorough duty to protect the ~~Morish~~ Americans from these abuses, mistreatments, and cruelties not only in the U.S. Courts, but also the UDH, these duties are relatively straight forward duties failed at. And well I don't think that is a fatal error or omission; It does go

with and support what I have been saying the whole time.

You see the Sheriff and Prosecutor were on a mission to create a Show of Probable Cause where it did not exist and their effort to create that Probable Cause came after my arrest.

And had the Sheriffs not posed me as a threat to Carroll, then Carroll may have told the truth pointed out his gang members and their locations for them to be caught. So no harm would come to anyone. Then I would have

been let out of jail with the charges dropped and Carroll would have took the same deal to testify accept on different people. You see Carroll did not ID me in the 911 Phone Call and he gave no ID. Also my ID from Carroll only came thru the threat that was not real.

When Carroll called 911 he was not even talking about me. You SEE what they did to ME: (the 911 call is in trial transcript):

"Trial Court's reliance upon a co defendant's confession as substantive evidence against defendant violated her rights under the confrontation clause; co defendant's confession, which was given only after he was told that defendant had already implicated him, was presumptively unreliable and there did not exist sufficient indicia of reliability, flowing from either the circumstances surrounding the confession or the 'interlocking' character of the confessions, to overcome the presumption against admission of such un-cross-examined evidence." Lee, Illinois supra. And That is like what they did to me. Accept Carroll was cross-examined. So the question here is what happened on cross-examination?

The U.S. liable via Biden's dereliction of duty leaving millions of Moorish Americans subject to abuse, arbitrary laws and systems created by taxpayers using Military, Sheriff's Office equipment endangering the lives of the Moorish American people and security of the U.S.A. for example:

Carroll gave many interlocking happenings and pointed to me as a killer and I was not at liberty to say otherwise due to his and his gang's intimidation. Now as different as my case and Lee's case is, they are the same in that, my trial court relied on Carroll's testimony and that's like Carroll's confession, and that confession was only made after Sheriff's pointed Carroll in my direction by telling him I implicated him. Carroll is Presumptively Unreliable and no sufficient indicia of reliability flowed from the circumstances Carroll forged. And this is why my trial stopped; the jury was called out when Cindy Felts mentioned the lie detector test; You see she made it seem as if Carroll told truth. [I know this is an issue the court does not deal with but just follow me for a moment so I can show you what's going on, Again I am not challenging the mentioning of the lie detector test] OK when Felts did the mention of the test Mr. Jones objected the jury left and Jones argued with the Judge to cross examine Cindy Felts about the results of the test Carroll failed. The test showed Carroll as Untruthful. The Company Agent that gave the test knew it was not 100% truth but could not make out why. And Felts couldn't either because she was not in collusion with the men who took me from my mom's house, the man who got my arrest warrant or the men who interviewed me. Felts had a task away from the others; Her task was Carroll. So when they tested Carroll on: were you the killer? - Were you present? - Carroll's answers were No, and when tested on: were you part of a conspiracy to murder? was Thomas in a conspiracy to murder? was Thomas the killer? Carroll's answers were Yes. But none of his results were positive for the whole truth because I never committed any crime or

was in a conspiracy. So they found truth and falsehood
Strangely mixed and Felts had no idea why but Mr. Jones did,
and that's why I bring this up to show you the reaction of
Mr. Jones who knew just like I did of Carroll's lies that
no witness supported and where some even rebutted. You see
Carroll's results were not positive for truth because when asked about
me being a killer Carroll was really talking of someone else but at
the same time when asked about him/Carroll being a killer, he
could answer no kind of truthfully. But truth can not be
kind of. So I do not challenge the testimony at trial
but to bring this next issue, On Finance:

Issue 34. Carroll's lie detector test: Knowing Carroll was
untruthful even until the last interview Pat Valdaski
still used Carroll on the stand to tell truth. And Carroll did
know about a conspiracy, but it was a conspiracy to rob
me and murder was a result. You think looking at
all the indicators of Carroll's lies a prosecutor would backup
and try something else. But Valdaski was in too deep with
the Carroll lie. I was arrested in a FLASH. A deal for testimony was
made with Carroll in a FLASH where the D.A. even paid
Carroll money (\$) rent for let. in a FLASH, and a case was
built around a lie in a FLASH and the lie detector test came
last and way too late to re-nig on the FLASH deals.
Carroll lied lied lied because he was paid paid paid afraid to go back to
jail, threatened by MY UN-SPOKEN words, knew I was already arrested,
and knew I was not going to say a thing. Carroll had the most motive
to lie out of any codependent case I have ever read! U.S. ³ Mr. Finance.

That Financing is connected to a breach of Duty¹ Supervise by Biden,
on down to men ~~X~~ Garland, Roycooper, Josh S w Terry Johnson,
Pat Baldski; to Jennifer Walsh and is clear to see that it is clearly
because of their desire to inflict Racial Animus. FWOED.

Issue 35. Although D.P.S. made a decision as to my limit on the
Administrative Process It did not decide Jurisdiction as
they should have. The Superior Court Div. did not decide
jurisdiction. It does not look like the Federal District Ct.
who had jurisdiction to decide, decided Jurisdiction So
I now bring the Jurisdiction Challenge to this
Court Just like I brought it to the other Courts,
Board etc... Review my motion to DISMISS,
give it a proper answer or Compell the correct
answer from the Courts Board etc... I moved the
4th Cir Ct. to cause the case w/ No. CR5050755
to be dismissed for lack of Subject matter Jurisdiction,
and Grant All other Relief listed here in in the Relief Sought Section, App(V.)

Issue 36. The entire Administrative United States has gone

This is evidence of failing to protect equal rights where there is a duty
to do so by the U.S. Administration Noticed. See Affidavit filed 4-4-2022 in
case with the number 1:22 CV-271 titled AVERMENT OF JURISDICTION
AND FEDERAL QUESTIONS JURISDICTION for a outline of the rights
that have gone Un-protected, arbitrarily to take our Property³ Substantial Rights.

Issue 37. The lower F. District Ct. is a territorial Court and 28 USC

Issue 38. Other rights asserted and recognized by the Supreme Court:

Rhode Island V. Massachusetts (1838) -

(This case Facts appear in quotations w/o Brackets)

1. "When objection to the jurisdiction goes to the power of the court over the parties or the subject matter, the defendant need not give the plaintiff a better writ or bill." ie. "not now to DISMISS" case loc. cit. 55; Thomas D. Schroder knows better
2. "The Supreme Court must surcease its action whenever a want or excess of power is apparent irrespective of whether objection is made by a party." ie. "Without Power to issue an "In Peronam Judgment" over us.

Biden Did not Help us to be - ("heard") in the I.C.J., U.S. Supreme Ct., Congress, or any Tribunal in The U.S.A. Like he Should have, Now We Have No where in the Whole World to Go But Here. Please HELP US We are living To die by Arbitrary Laws! This

WAR IS FUNDED and FINANCED STATE TO STATE in the Billions Against OUR Citizens of the U.S.A. Made Possible by Supervisors Stuffed. Ignoring Obligations incumbent upon them.

6. "The power of the Supreme Court in a case of original equity jurisdiction to examine the evidence and thereby ascertain a fact cannot depend on the effects however important their consequences." We are Arbitrarily Deprived of Property and Substantial Rights.

7. "A State cannot have any territorial rights beyond its own territorial boundary." i.e. corp. U.S. is in D.C. 10 mile radius only, I am a non-domestic, non-resident/outside the U.S.A. ~~U.S.A.~~

8. "The determination of a boundary between States is made in the same manner as determination of a boundary between separate tracts of land." I am Parcel as a member of the M.S.T. of A, Moorish American Citizen of the U.S.A.

9. "The decree in a boundary dispute between States would extend to everything in manner or way necessary to final establishment of the boundary." See action civil case No. 1:22-cv-271, 23CV-35, 23-1022, All their documents in M.D.F.C. 4th Cir. E. App. Ct.

10. "The jurisdiction of a State is coextensive with its territory." And David Thomas Lambert Jr. has usurped MN Judicial Power in MN territory.

11. "Title, jurisdiction and sovereignty are inseparable incidents and remain so till the State makes some cession." Our State makes None! Tax to the Empire is due cf: APP. V and Relief Section.

12. "A cession of territory is essentially a cession of jurisdiction." We claim The Continental American Territories

13. "When a territory is acquired by treaty, cession or even conquest, the rights of the inhabitants to property are respected." eg.

And so these recognized Rights by the Supreme Court of The
United States Combined with the Facts raised, Issues raised,
and claims raised in the Federal District court, the Sub
Silent inaction expressed in Issues 35-37 herein supra,
and all other issues listed make my next issue sound to wit:

Issue 38. The State of North Carolina has no Jurisdiction

⁴ over the Person of Alphonza Leonard Phillip Thomas-Bey,
Also Subject Matter Jurisdiction sits on these 4-four Supports
listed here in Issue 39, and if any one of these Supports
is lacking Subject matter jurisdiction is lost, and that
is the case in the case before this court. 'We have
proclaimed Parcel the Continental American Territories',
and as a member of M.S.T.O.F.A I am part and Parcel
of the whole. Also, although I invoke Art. 21 of the TREATY
OF PEACE, it is not abandonment of my claims or of not
committing crimes, it is for my mission to seek equal
Justice for my self when we look at my 4th Am.
U.S. Const. claim, because as a Moor I too should
be given equal Justice like the whites. And since the 4th

Issue 40. Our Exhausted Administrative Remedy with the Presidential electors Appointed C.E.O. & Successor of George Washington:

John J. Joyce V. United States of America (1973)

"No action lies against the United States unless authorized by Congress, and though the Federal Tort Claims Act provides broadly that the district court shall have exclusive jurisdiction of civil actions on claims against the United States for money damages, a clear showing of relinquishment of sovereign immunity in the particular case is required to give jurisdiction for tort actions."

CF: The Notice Sent to Joseph R. Biden in App. A of case w/ no 1:22-cv-271 with The Expatriation Act of 1868 - This Act is Authorization From Congress for this FTCA Part of Our Greater Suite. In reality that Act was an effort to cover up a substantial error contained in the 13th Am. of The U.S. Const. because Congress had no international authority to place upon the Moorish Americans and their ancestors Territorial Jurisdiction by force (not Political/Social) without their consent of mutuality. The fact was Congress knew they had no such jurisdiction so that Act was an offer for Moorish Americans to free themselves thru legal means such as the ones in this case, lawful ordained and established, to re-claim Our Property. Biden did Nothing to Free The Moorish Americans; Here and now we are "authorized" to free ourselves. We have everything it takes to save a Nation, inhabitants of N. America before the time of the First European Settlers. Our Admin. Remedy was, is and always will be with the U.S., C.E.O.

Issue 4/1 OF The Reasons Why Mandamus WAS Needed 1. Genocide.

2. On the record it shows: "Property can not be arrested and Compelled to appear in court" 3. "The exhuming of a Moorish American National (or Nation) is in dire Violation of the U.S. - Constitution's Article I Section 9 (Clause 3) and 10 which is "Ex Post Facto" and the Courts that enforce these laws are "Criminally liable"; 4. According to Federal Rule Title 18 Section 241-242 No one has the right, (especially under Judges, and Courts, etc.) "To Denationalize, deprive any rights, Privileges or immunities by reason of color or race." 5. "Courts enforcing mere Statutes (Statute S?) do not act judicially but, merely ministerially thus having no judicial immunity. And, unlike Courts of Law, do not obtain jurisdiction by Service of Process nor even arrest and Compelled appearance." 6. "The Federal Court has the unquestionable authority to entertain Suits to redress a person deprived, under color of State laws, of Constitutional rights." 7. "Under the U.S. Supreme Court Ruling Hagan v. Lavine, Jurisdiction Cannot be Sustained by a lower Court, or entertain and decide any claim of Conflict between federal and State laws." 8. "Being 'Black' is not a District or Superior Court issue." 9. "Once the jurisdiction of a court is challenged, it, The Court, must investigate the authenticity of the Status in question before it can proceed." 10. The Court "In Personam jurisdiction," then must prove it has the Power over the Personage of the Petitioner (not "quasi in rem" Power over Property). 11. Any Court, which lacks Personal jurisdiction, is also a court without power to issue an "in Personam judgement"; 12. I HAVE FOR THE LEGAL RECORD CHALLENGED; David

Thomas Hamberth Case No. 23-1022 (This Court Should Cor his clear abuse of discretion, abdication of Judicial Function? Usurpation of Judicial Power) Also,

13. "THE GENERAL COURT OF JUSTICE SUPERIOR COURT STUTIS TOW" See App. I, The 4th Cir. conflicts 28 USC § 2254 w/ their Inaction
14. "The entire North Carolina Court system"
15. "I have also Proved "State Courts of North Carolina nor the Subordinate Federal Courts under the United States Supreme Court has legal Status or Jurisdiction over" me as mentioned on the Record, and Proved the Supreme Court of "the United States; being in want of Said Jurisdiction" is "without Power to issue an "In Personam Judgement,"
16. All these Averments of Jurisdiction are on the record in court certified - Public Record certified - and Sent For Record, You can find these Averment Citations above within the documents titled "MOTION TO DISMISS", "AVERMENT OF JURISDICTION AND FEDERAL QUESTION JURISDICTION...", "OFFICIAL PROCLAMATION OF REAL MOORISH AMERICAN NATIONALITY...", and Letter to "Joe Biden".
17. Moreover those Documents of Record and the Proceedings Show the Judicial Bias I face, The racial animus I face, The need For Mandamus I Faced. The I.G.R.B. will not help, all parties noticed with the "motion to Dismiss" and "OFFICIAL Proclamation" will not help, The U.S. District Below the 4th Cir. Ct. / This Ct. will be Bias as they are a part of the conspiracy. So in light of The Facts the 4th Cir. does have the "Unquestionable authority" to help US - me and the Moorish Americans I represent. This is why U.S. SCt Relief Should go forward. Q: Where else can we get Relief? Ans: Nowhere.

Biden's Exe. Atty's have sent Billions to Capture Moorish Americans: cf 7th 18 WL 2263749 (D.o.J), 2020 WL-2850931 (D.o.J), D.o.J 224 (D.o.J), 2003 WL 24135972 (D.o.J), 8 WL 3791743 (D.o.J), 2017 WL-8232542 (D.o.J), 2017 WL 3791743 (D.o.J), 2020 WL 342971 (D.o.J), 2021 WL 5847528 (D.o.J), 2003 WL 24228137 (D.o.J), 2019 WL 5678473 (D.o.J); Sheriff Johnson's Racial Animus on US and Arrests is Public cf. 20. Even look at our Averment of Jurisdiction Pointed to the U.C.

O.A.H. There is no Non-Judicial nor Judicial Remedy left in the U.C. Courts for me & my Moorish Americans and our 'Act of State' Relief We Demand. 21. Now lets take a

look back at issue 19, P. 10 Above. These are the implicit Bias affects on our Group just for our Race, color, Sex, and national origin; This is why with US U.C. 6S-154-304 (d) and the 4th Am.

to the U.S. Const. are ignored these Plain to See requirements that are even more Plain to See with officers of the law and Judicial Officials amount to 5th Am. **DOUBLE JEOPARDY**

Upon me and my Group We need Protection equal to the Whites on this double Jeopardy issue that is against the 5th Am to the U.S. Const. and All States courts and the U.S. 4th Cir.

Show to inflict these Pains of double Jeopardy upon us in this case and thoes Judges Should be recused in the matter. This leaves the U.S. Supreme Ct. to help us, now Carry out our demands.

22. Implicit biases U.S. Judiciary wide affect Judge DECISION MAKING! We do not need thoes decisions, we have made our own with in our "Sovereignty"; Now Please Respect it.

23. The anti-bias rule has been broken and that is not hard to see with our arrests and Court proceedings in General State and U.S. wide.

24. And as outlined in these cited Proceedings the State's Federal Judges Biases are based in Personal & extrajudicial reasons and biases are raised to a level of Actual Bias, & Implied bias. So we have Conducted our National Bias hearing and have found the State and Federal Judiciary Bias here in U.C. and the U.S. So for our due process to be respected then our Relief demand Should be respected. 24-in Assembly.

And look at the State, the State of Existance of "Moorish hordes in America", and You will see that No one has helped us with any remedy and our only adequate remedy at this point we have been driven to is Honor of our Judgement /

Our demands contained herein, as we are "transitive for full Reparations" Now.

So Since The U.S. Supreme Court has the power to "act as the tribunal Substituted by the Constitution in Place of that which existed at the time of its adoption, on the Same Controversies and to like effect" and the power of

Art. III Sec 2 of The U.S. CONST. is conferred on the U.S.

Supreme Ct. for Appeals, then I empower You to Step into Your Your 3 Judge role / 3 "Ministers Plenipotentiary" Role like

Your forefathers did with our forefathers. Reflect on Benjamin

Franklin, John Adams, Thomas Jefferson and Your role is

their role "In the name of Almighty God, trusting in God it

(our Treaty) will remain Permanent" to resolve the issues Set out

herein. Also if any Judge find them selfs under anyone of the

Conditions Set forth in 28 U.S.C.A. § 455 for disqualification

in our Cases then they should disqualify them selfs only to

remain active in the cases to carry out our demanded Relief.

Can You see reasonable basis for questioning Your impartiality, is

the Question for all Judges that may Decied on our Cases? !!!?

Even After I informed the U.S. Defendants of the ~~severe~~ mistreatment, cruelty to the ~~honor~~ish Americans that is not permitted by law w/ my arrest's motion to dismiss and our denationalization in Biden's letter. They w.c. 345 Defendants Failed to take any steps to cure my arrest or our Genocide? Issue 43. The Trial Court has failed to meet the B7G requirement set forth by the United States Supreme Court to dismiss the case w/cas. 16CRS050755 when it finds that it lacks Jurisdiction and it is significantly impairing my liberty. The District Court had original Jurisdiction over my mandamus action where The U.S. Department of Justice Civil Rights Division Special Litigation Section was served when I made my Jurisdiction challenge to the General Court of Justice. They were [served] or made parties to my Mandamus action in the E. District Court. And so Under 28 USC § 1361 The U.S. DoJ had a Duty to enforce my Relief. At the very least the U.S. DoJ should have been able to tell my Release was a Duty owed that they should have done. And so this Court is now conferred Jurisdiction to do the same because the U.S. DoJ has a PUBLIC DUTY TO ACT. Section 1361, together with 28 U.S.C. § 1391(c), was enacted as the Mandamus and Venue Act of 1962 to confer Jurisdiction and Venue to enter fair mandamus actions against Government officials responsible for federal administrative action in locations OTHER than Washington, D.C. So this right is clear and indisputable because all officials have taken a oath of office, or live by a code of ethics and all officials named in cases w/cas. 1:22-cv-271 and 23-cv-35 know to strictly follow the Constitution for the U.S., that's ministerial, PLAINLY DEFINED AND PEREMPTORY.

The illustrative ~~case~~ contains several ways in which Biden is derelict in his duties to uphold the ~~Constitution~~. He knew that damage upon our Nation was present and sure to get greater in his job as Commander and Chief of The Military. And so a duty imposed has not been performed on 2 Fronts where there was a crystal clear duty to act. 1-Front and under extraordinary circumstances where there are no other means by which relief can be granted that is adequate and we are the Moorish Americans that have risen from the dust as that "especial Nation" mentioned in the above said Proclamation so our entitlements to such mandamus relief is clear and indisputable upon these proofs. The 4th Am. requirements outlined by US Show the Duty Sought to be exercised by Mandamus is positive command and so plainly prescribed as to be free from doubt, that the General Ct. of Justice Superior Court Division has no Subject-matter Jurisdiction.

Also: Like wise 2nd Front

The Prohibition against Ex Post Facto law³ Slavery outlined by US Show the Duty Sought to be exercised by Joseph Biden on Mandamus is Positive Command and so plainly Prescribed as to be free from doubt that ~~The Moorish~~ Nation Should be Free³ Due full reparative Relief Requested. What we ask of is REQUIRED in order to Save an entire Nation of People From destruction. So we have not tried to influence discretion so the defendants take the laws out of Context. We are not asking them to reinvent the wheel. We just want Duty owed to us to be performed for us like the defendants et al do for the Group-Nation of White People the Jews etc... Can we have Equality Also? And Also For example of the duty imposed not being performed look into this next issue of Ours... But First Not Remedying Issues 1-43 is why the Fed. District-

Transactions were clear usurpation of Power? - Gross abuse of discretion, they ignored the CONST., Due Autonomy, Genocide, All Jurisdiction issues.

Issue 44, Outside of MY claim of innocent there is a purely Ministerial Duty owed to me. There is no alternative legally adequate remedy available. I have Faced Serious 4th Am. violations of Concern where the District Court M.D.N.C. has committed, Clear error of Law, and a Nation is at risk of destruction with No formal mechanism to avoid us - a Nation being wiped off the Face of the Earth thru abnormal due-Process. Where we the 1million of Ali Law Firm must pool our money too do the Duty that Joseph Biden owes to us To wit:

- "Said help in being heard" - "remove the Negro Tumor" -
- "Financially" - "civilly" - "Parcel" - "Politically" -
- "Moonish American University Center" - These are the assignments that were to the Corp. U.S. Administration that were not done; So now we the 1million must take the funds from award of our Suits before the U.S. Fed. Ct.s. and do what Biden Failed at. Because the defence of teaching our People their Civic Duty to enforce the constitution is the only way we will survive Extinction. Action must be taken now before 100% of our Men are locked away for lack of due process and the knowledge of which only I can teach them. With No men our women? Children will become Extinct in a few short Years! The lack of help from Biden shows the Moonish Americans are in a clear STATE OF WAR with the UNITED STATES. And more pointed to those 4th Am. claims: Rol Cooper N.C. Gov., Josh Stone N.C. AG., Merrick Garland U.S. AG., the IIRB, The Superior Ct. of Ala. Co., Jennifer Walsh warden, Commissioner? Director of Ala. D.A.C. D.P.S., and The M.D. Fed. Ct., All owe me a Duty to Enforce Sec 5 of the N.C. CONST. Upon them Selves non-discretionarily and

The dereliction of duty detailed thru out are serious enough to merit our Relief. Genocide is in FACT Financed BY the U.S. TO N.C. et al. to kill me et al. Evidence establishes factual validity of the derelictions charged, to correct the Administrative failings of the Administrative Remedy Process that did not Remedy my injury. This duty is purely ministerial, also All avenues are EXHAUSTED. The Clear non-discretionary duty owed by these officials comes with NO Authority on their part to determine whether to Perform the duty. All they need to do is administer and Give us our Relief; Arbitrarily taken Property. And so in Summary as to this issue:

The officials mentioned above must comply with the Constitution Requirements laid out in FULL DETAIL in the above mentioned documents: "MOTION TO DISMISS",

"AVERMENT OF JURISDICTION AND FEDERAL QUESTIONS JURISDICTIONS", Letter to "Dear Mr.," "President" Biden, Inmate Grievance that Produced a response from the "Screening Officers" 11-28-2023,

"Official Proclamation of Real Moorish American Nationality", The Applications & Demands made therein "FILED" in The U.S. District Court M.D. N.C. converted to The Application & Demands made in this Mandamus Application to the 4th Circuit of Appeals, within the Administrative meaning of 28 USC A § 1361 and § 1391 (c). You see we the Moorish Americans Just will not be free like the U.S. Congress wanted us to be free when they thought of and Acted upon the Expatriation Act of 1868 until this Law Suite Prevails in our Favor for all the various reasons we point you too. So yes we accept the offer of The Expatriation Act of 1868 to Govern From North America where we Governed Prior to our Physical Enslavement, Prior to Settlement of Any Europeans, Today's Whites.
