Motion to direct the clerk to file the petition out of time received on 08/23/2022

Greetings! I the petitioner Amos Labranche have been suffering for over four years without any healthcare coverage after a work accident and employer claims benefits has failed while I the injurer ordered to pay the insurance attorney's court costs. I'm in need for emergency relief action. I would like to submit a motion to direct the clerk to file a petition of writ of certiorari out of time which was received by the Supreme Court Clerk on August 23rd 2022 and will be resubmitted to be filed. This motion is brought forth from the jurisdictional statement stricken decision issued from January 11, 2022 denied extension of time by the Florida Supreme court in direct conflict from the Florida statutes bar time limitation. A due consideration by the DCA was issued a mandate for further proceedings by two Chiefs Judges unfortunately the extension of time was denied

Please be advised this petition contained the constitutional and statutory provisions and a lawful federal code that will allow a justice judge to take corrective measure to resolve a conflict of interests in representation at any stage and which is possible on this case. The petition has also a great national importance to be review in a matter of healthcare laws.

The application motion for extension of time was 1st received on 04.13.2022 and was argued on the January 11, 2022 date for clarification under the term "motion" of an order in a previous date which was interpreted the same as extension of time filed in a motion. Furthermore I believe the Supreme Court of the United States has the jurisdiction to to set apart and separate the extension of time and the term "motion" that it was filed under. More details are available for clarification on the appendix of the petition.

Thanks to the Honorable Justice Judge to consider the importance of this petition.
