#### QUESTIONS PRESENTED FOR JUDICIAL REVIEW

*United States District Court- The department of Motor Vehicles states that it is protected by the 11<sup>th</sup> Amendment calling the "Judicial Power"*

1. The Breath Interlock gives civil servants of the (DMV) Department of motor vehicles, power to decide a "right or wrong" . They are an administrative agency for the administration. How is the Department of Motor Vehicles protected by the 11<sup>th</sup> Amendment? <sup>5</sup>
2. Is it okay for The Department of Motor Vehicles to change / alter an American Citizens identity using one form of identifier being the birth certificate. The Department of Motor Vehicles changed my name and told me about kids dying while changing it, HIPAA Birth Certificate and identification. <sup>5</sup>

*One Lot Emerald Cut Stones v. United States*, 409 U.S. 232 (1972), the Supreme Court held, "Congress may impose both a criminal and a civil sanction in respect to the same act or omission, for the Double Jeopardy Clause prohibits merely punishing twice, or attempting a second time to punish criminally, for the same offense."

*William Marbury vs. Madison*, 5 U.S. 2 Volume 1; February Term 1803 (1 Cranch) 137, 174, 176 All laws which are repugnant to the Constitution are null and void. The general **misconception** is that any statue passed by legislators bearing the appearance of Law constitutes the Law of the land. The U.S. The Constitution is the Supreme law.

*William Marbury v. James Madison, Secretary of State of the United States* 5 U.S. 137, 1 Cranch 137;2 L Ed 60; 1803 U.S. see e.g. Lexis 352 U.S. Supreme Court case that established the principle of judicial review in the United States, meaning that American courts have the power to strike down laws and statutes that they find to violate the Constitution of the United States.

— *Marbury*, 5 U.S. at 177.<sup>[38]</sup>

Marshall reasoned that the Constitution places limits on the American government's powers, and those limits would be meaningless unless they were subject to judicial review and enforcement.<sup>[34][37]</sup> He reasoned that the Constitution's provisions limiting Congress's power — such as the **export tax clause** or the prohibitions on **bills of attainder** and **ex post facto** laws

*Randall v. Brigham*, 74 U.S. 523, 537 (1869). Judicial immunity "is a general principle of the highest importance to the proper administration of justice . . . . Liability . . . would destroy that independence without which no judiciary can be either respectable or useful. . . . Nor can this exemption of the judges from civil liability be affected by the motives with which their judicial acts are performed." *Bradley v. Fisher*, 80 U.S. 335, 347 (1872). 

*Califano v. Goldfarb*, 430 U.S. 199 (1977), or dissenting to one as a justice, as she did in *Ledbetter v. Goodyear Tire & Rubber Co.*, 550 U.S. 618 (2007), her response to inequality represented her consistent calling to ameliorate injustice.

## STATEMENT OF THE CASE

In re; and in so far may it be considered

The Letters from the Court

(i) (ii) (iii)

I Reina Tea Wood-Jimenez is on entitled petition of writ certiorari, in the United States Supreme Court, in US 42 1983 Exhaustion of all administrative and State Remedies all of a part of the autonomous administrative state. When it comes to exhausting all administrative remedies and law being satisfied to the fullest extent of the law 49 C.F.R. § 1115.6 exhaustion of all administrative remedies in code of federal regulations and seeking judicial review under the general requirement of the petition prepared in the Federal Rule of civil procedure, 5.2 and of Criminal Procedure 49.1 governs when an extraordinary writ is sought in a criminal case (b) Service of All Papers Required prepared in all respects as required by Rule 33 and Rule 34 of this court, Supreme Court Of The United States, Rules *adopted April 18, 2019 effective July 1, 2019*, on petition for writ certiorari seeking a writ authorized by 28 U.S.C. § 1651(a), with document preparation meeting the rules of this court and given to me the petitioner the **provisions** set forth in The Guide for prospective indigent petitioners for writ of certiorari. I, **hereby** present the petition required by seeking a writ authorized by the Guide for prospective indigent petitioners for writ of certiorari , 28 U.S.C. § 1651(a) and in compliance with rule 34(f) Counsel of Record. This case has been reviewed by the highest court at which a decision could be had 28 U.S.C. 1254 and 1257. The doctrine of exhaustion of administrative and State remedies says that a person challenging an agency decision must first pursue the agency's available remedies before seeking judicial review; this was created by courts in order to promote an efficient justice system and autonomous administrative state. In addition this case underwent review in lower state court and appellate court and consists in Part III Jurisdiction of Writ of Certiorari, considerations governing review on certiorari in reading and pertaining to this case explicitly, Rule 10(c) because a State court or a United State court has decided an important question of federal law that has not been reviewed, but should be, settled by this court, or has decided an important federal question in a way that conflicts with relevant decisions of this court, Article III.

In accordance to the submission of the joint appendix in the the proceeding as required by **RULE 29**

The Counsel of record in the writ has been identified with notation directly thereunder identifying the attorney as Counsel of record the attorney is not a member of the bar of this court but is in compliance with Rule 9.1 acting on one's own attorney under any applicable federal statute and whose name appears on the cover of every document(s) filed as in the appendix and in support of the petition provided therein.

To the Record, the courts established a timely filing e.g. time schedule under 42 U.S. 1983 exhaustion of all administrative and state remedies time schedule in respects was set forth by the District Court of Nevada and in the United States Circuit Court for the ninth circuit. By 28 U.S. Code § 2101. Supreme Court; Time for appeal or certiorari; docketing stay, for any decision under section 1253

of this title. in so far be considered as timely time in addition to completion of process of service in support of the petition and in the matter of process of service 28 U.S.C. § 1746, notice of appeal was completed, process of service to establish timely e.g. Appendix E, and with the entitlement notated in as soon as possible e.g. p.g. (i)

In judicial discretion this case is presented, is of issues of importance and has many compelling reasons. I am asking this court to review a decision of a state agency and in state court which is pursuant to criminal sanctions currently being enforced by a state agency. The State Agency Enforces and issues accusations of requirement of the breath interlock and prohibited privileges of entitlements of driving privileges e.g. question of the petition p.g. # 4 question to the petition §1. The Breath Interlock gives civil servants of the (DMV) Department of motor vehicles, power to decide a "right or wrong". They are an administrative agency for the administration. The director of the DMV is appointed by the Governor who is the legislative branch. This makes the DMV out of jurisdiction of law which has control over citizens with the exhaustion of all administrative remedies the state did not have an answer to, in my case. How is the Department of Motor Vehicles protected by the 11<sup>th</sup> Amendment?

The United States Constitution  
Article III

Randall v. Brigham, 74 U.S. 523, 537 (1869). Judicial immunity "*is a general principle of the highest importance to the PROPER administration of justice . . . . Liability . . . would destroy that independence without which no judiciary can be either respectable or useful. . . . Nor can this exemption of the judges from civil liability be affected by the motives with which their judicial acts are performed.*" People v. William Freeman (1847) 28 U.S. Code § 1746, Pub. L. 94-550, § 1(a), Oct. 18, 1976, 90 Stat. 2534, *Wherever, under any law of the United States or under any rule, regulation, order, or requirement made pursuant to law, any matter is required or permitted to be supported, evidenced, established, or proved by the sworn declaration, verification, certificate, statement, oath, or affidavit, in writing of the person making the same.*

Provided by me the petitioner and in all the documents and in the matter of the entire record and placing those on record. I solemnly swear to tell the TRUTH in a court place setting, such matter may, with like force and effect, be supported, evidenced, established, or proved by the unsworn declaration, certifica

the, verification, or statement, in writing of such person which is subscribed by him, as TRUE under penalty of perjury, and dated, in substantially the following form.

In the legal system to establish truth one must be held to the regard of a certification or unsworn declaration when addressing the court in the matter of law reading to establish, the Department of Motor Vehicles is outside of jurisdiction of law and can not be held by the same rules. In the matter of the breath interlock device being regulated and now enforced in the Department of motor Vehicles

You will read a case that has a new judgment in the filings made in the highest court of state in which a decision could be had, United States Court of Appeals for the ninth Circuit. filing of both the state court and traffic court, that brought new Judgment , in the United States District Court District of Nevada. e.g. Appendix C and the Henderson Municipal Court Appendix B all are filed as a complaint after exhausting all administrative and state remedies in order to seek an answer of accusation of a Requirement of Breath Interlock from the Department of Motor Vehicles. see also the Department of motor vehicles hearings office designated Appendix B and attached is a new charge from the same department's accusation now of entering new judgment and piling of sanctions. All of which is and can be argued *Sorrells v. United States*, 287 U.S. 435 (1932).

United States District Court District of Nevada 2:18-CV-02344-APG-CWH was filed as a Judicial Complaint; the complaint was set forth on a normal litigation track, and without the provisions of proper with opening brief to case number 2:18-CV-02344-APG-DJA this case was decided with new judgment and without an answer to the original complaint instead the court dismissed claiming the agency has the 11th Amendment Judicial immunity. Then denied discretionary review of the high court at which a decision could be had. Service was made upon the service list of the parties involved upon opening review in the United States Court of Appeals for the 9th Circuit, in asking the Appeals Court to review the case was given an order stating the court lacks jurisdiction denying a timely filed petition for rehearing or review. The Opening brief statement to the appeals court by the appellant Reina Tea Wood-Jimenez's opening brief statement clearly states, on a petition of writ certiorari to the Supreme court of the United States serviced with a certificate of service.

The new Judgment entered by state court in the highest form to a decision which could have had reading, Henderson Municipal Court e,g, Appendix B with new judgment this court entered reviewed only by the department of motor vehicles submittal of their internal administrative evidence the conviction led to entrapment of new sanctions without a court order or evidence provided by the department and or proper guidance of the judicial process *Sorrells v. United States*, (287 U.S. 584, 53 S.Ct. 19, 77 L.Ed. 511).287 U.S. 435, 53 S. Ct. 210, 77 L. Ed. 413 (1932). Process of service was completed to the traffic court of Henderson municipal regarding the open review in higher court in the United States Court of Appeals for the Ninth Circuit,in asking the court to allow Supremacy clause regarding the same matter, driver license and the accusation

of the administrative agency's decision to cancel license without discretion of the court and the agency's desire to enforce a breath interlock without a court order or discretion of the courts you will read in the matter of Henderson Municipal no evidence of the court only internal code and Department document e.g. Appendix B.

The accusation of criminal sanctions of a state agency, The Department of Motor Vehicles is presented in the complaint in United States District Court, District of Nevada. The original complaint is case number 2:18-CV-02344-APJ-CWH and in Appendix C and in the court heavy burden is drawn from a State trial court and the states criminal sanctions which laws are being enforced by the Department of Motor Vehicles.. The Supreme Court held, "Congress may impose both a criminal and a civil sanction in respect to the same act or omission, for the **Double Jeopardy Clause** prohibits merely punishing twice, or attempting a second time to punish criminally, for the same offense." The Fifth Amendment to the U.S. The Constitution guarantees that an individual cannot be compelled by the government to provide incriminating information about herself.

**in ex post facto and in review to or compel a court to provide additional orders to satisfy the agency with their enforcing request interim to receive a driver's license. The heavy burden of orders and supply of proof is only the heavy burden of the court; currently this is not the case.**

when discussing the accusation of an administrative agency and between courts involving criminal sanctions .In The Second Judicial District Court of the State of Nevada and in for the County of Washoe. In the criminal sanction a violation of NRS 484c110 it is then further ordered that if pursuant to NRS 484c .040 and NRS 484c460 and as a condition or reinstatement of her driving privilege, for a period of no less the 12 months nor more then thirty-six 36 months a device set forth in 484c.450, and NRS 484c460 of which review is sought of state trial courts JUDGMENT in the verdict because the Department of Motor vehicle said they will not issue my privilege until a court orders a device e.g. Appendix A Department of motor vehicles hearings department.

The state trial court case to be reviewed is case number CR 11-1191 e.g. Appendix A. this is a state trial court that has been played to the fullest extent of the law. e.g. administrative remedies in constitutional statutory provisions packet in support, Civil Right Restoration granted upon the completion of sentence in 2013.

*The Revised Statute in the state and SB bills create sanctions and the provisions of driving under the influence of alcohol, Nevada. When it comes to completing the requirements. It is expressed as being clear on one side but not the other side. Creating the difference between court and state agency. This Side, that side.*

When it comes to the Department of Motor Vehicles and State courts they have no common ground when it comes to the regulation of the Breath Interlock Device also known as the Ignition Interlock Device or expressed in administrative code the IIO code as stated on Driver license record e.g administrative remedies and the driver license print out e.g. Section Constitutional statutory provisions involved, administrative remedies In *Ledbetter v. Goodyear Tire & Rubber Co.* 550 U.S. 618 (2007), her response to inequality represented her consistent calling to ameliorate injustice. With the racial disparities sounding the regulation of the breath interlock device and the injustice created between court and state ameliorate injustice is correct. The words that surround the Breath Interlock Device like revocation and specific periods which all seem to be an example of time are cited in the initial proceedings of state trial court laying out the provisions involved in cited Nevada revised Statute / NRS. although with accusations of the breath interlock device coming from the agency Department of Motor Vehicles, creates a civil hunt to self incriminate evidence back and forth between court and state agency. The civil hunt is to search to fill the request for an order from the state agency requiring the breath interlock and to bring an ORDER to the department of motor vehicles if I wanted my drivers license and when I asked for my name they said figure it out e.g. Constitutional Statutory provisions involved exhaustion of all administrative remedies packet appended. With the constant denial from the department that illegally canceled my driving privileges without a court's discretion and altered my last name using one form of identifier to enforce a Real ID. All provisions set forth by the United States constitutional statutory provisions were exhausted without an answer to resolve the matter administratively. What can I do to work and finish college was canceled along with my driving privilege and my last name. Soon my credit score dropped from 700 to 423 within 3 months e.g. constitutional statutory provisions packet in support of the petition appended. *Brown v. Board of Education of Topeka*, 347 U.S. 483 (1954),<sup>[1]</sup> was a landmark decision of the U.S. Supreme Court in which the Court ruled that U.S. state laws establishing racial segregation in public schools are unconstitutional, even if the segregated schools are otherwise equal in quality. Title VII prohibits employment discrimination based on race, color, religion, sex and national origin. The Civil Rights Act of 1991 (Pub. L. ... Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, this Act may be cited as the "Civil Rights Act of 1964". The National Voter Registration Act of 1993, "Motor Voter," requires states to allow on-the-spot voter registration for people interacting with certain state government agencies. The voter motor places the Department into an electoral college of information alongside the enforcing and has full control over a certain demographic of people in sanctions.

Decided in 1803, *Marbury* remains the single most important decision in American constitutional law Marbury\_v.\_Madison 2019§\_2.2.1,\_p.\_39-1 Section 13 of the Judiciary Act of 1789 is unconstitutional to the extent it purports to enlarge the original jurisdiction of the Supreme Court beyond that permitted by

the Constitution. and it is the role of the judiciary to interpret what the Constitution permits CHIEF JUSTICE JOHN MARSHALL in the 11th amendment judicial power you must be bound by the same rules. Question 1 of the petition, why is the department of motor vehicles protected by the 11th amendment, anything bound by the should be subject for review. *Califano v. Goldfarb*, 430 U.S. 199 (1977), was a decision by the United States Supreme Court,<sup>11</sup> which held that the different treatment of men and women mandated by 42 U.S.C. § 402(f)(1)(D)<sup>21</sup> constituted invidious discrimination against female wage earners by affording them less protection for their surviving spouses than is provided to male employees, and therefore violated the Due Process Clause of the Fifth Amendment to the United States Constitution. Without discretionary review of any accusation holding criminal sanctions the discrimination of different treatment is the difference of livelihood when it comes to public health and welfare at the department of motor vehicles Inspector General Act in seeking verification of any identification and the laws that protect from fraud Q2 of the petition 2. Is it okay for The Department of Motor Vehicles to change / alter an American Citizens identity using one form of identifier being the birth certificate. The Department of Motor Vehicles changed my name and told me about kids dying while changing it, HIPAA Birth Certificate and identification. 6
