The mixture to become involved was to combine into one mass sources of Defamation and Slander consistency on sound-track of misinformation that has had a very bad outcome on my self in the public and in the Prison system. In the year of 2023 police prejudice has enforce personnel to become very discriminatory with Inmate/prison as they are violation of the Mental Health disability Act in place for the Americana with disorders. They are duplex their personal way on the Job and Double across Inmate/prisoners Privacy Right. And they will always find ways to cover up their in House abuse and libel's.

The Utah State Prison is a horrible place. It is a cement box where souls are snatched away and held hostage by the prison guards and other inmates. During the day, blind eyes watch over the cell blocks, often ignoring issues that should be addressed for selfish motives. Just as many underhanded actions and crimes take place in each facility as they do on the streets, regardless of the security level. Screams and pleas for help echo through the air, putting a smile on the face of the heartless and instant fear in the hearts of those who are deemed weaker flesh. They live daily with paranoid thoughts of being next on the list of doomed souls. Safety was always the concern in the penitentiary. 3.

in the penitentiary to their way that are very unconstitutional to all general right in the laws and with so many inmates/prisoners over the years mailing out letters after letters NOT making a stone in the Supreme Court or the United States.

The COUNT is so high of personal complaints come in to the system of accountable and answerable to the responsible of all those issues that the State had made the rules Book's of the law for all those Departments across the penitentiary.

The Correctional officers are coming just a crazy as the criminal they house with free will and free talk and free action in the end. 3.

REASONS FOR GRANTING THE PETITION

The petition should be granted because of the fundamental principle base on the foundation of the Civil Rights in general upon which something stands or is supported within the Supreme Court of the United States district. Because of the Responsibility that we the people have the obligation to answer for an act and to repair any injury caused by that act and the state of being answerable for an obligation as a promise to the law and contract by the Civil Rights district of the law. Personal treating or dealing with fact without distortion by personal feelings or prejudices by twist out of the true meaning of the law action with are Civil Rights.

The mental conflict is always to stir up the courage to take all manner to the Supreme Court and Court judges to overcome emotionally fade away that may take place within different channel of the laws. The autocratic rule and leadership of the performance is position at the front of the Supreme Court within a principal role by Schoolmasters. And the knowledge covering general truths or the operation of general laws especially as obtained and tested through legal Terms of the laws given by the Constitutional Statements, we the people demand performance of what is promised to the people who are so willing to take other people to courts and involving two or more individuals laws given to as by are Civil Rights and Human Rights in the USA. We can't make legal movement with out having the United States district of Supreme Judge's power the petition of USA government to grant the willhouse of all parties in the lawsuit of life change to come casually and unexpectedly to accept the risk of the Suit. The personal conduct of the Pardon legal punishment against release of forgiveness of their unethical ways that are making more terrible on the surface and in the fields of juvenile attitude in negative or positive state of mind of their mental position regard to a fact or statement made.

CONCLUSION of law

a CONCLUSION as to a legal issue, reached
by applying the rules of laws.

In a particular case, the facts were not
in question; but the defense COUNSEL
never called a witness who might have
been crucial to the United States
and this lawsuit's of my Civil Rights.

This should be granted because of
the fact of the case and the court
never pulling me in front of them to
here my personal plead and the witness
from the Utah Prison System.

* Chastity Quintana

CONCLUSION

The petition for a writ of certiorari should be granted.
