QUESTION(S) PRESENTED

(1) Why was I beaten to death by Newark, New Jersey
with my hands cuffed behind my back for no apparent
reason while I was being taken to court to collect my money $13,00
as the President and CEO of Consultant Consortium Corporation
which I ~~own~~ solely own?

(2) Why was sucked very hard on my right eye 3 times by
the ambulance attendant while I was leather restrained
and cuffed with my hands behind my back? The ambulance
attendants stated that police who was on the passengers
seat told him to kill me.

(3) Why did Police cook/forged medical report and went
to Essex County Jail rather than the hospital?

(4) Why was I put in the isolation room in the Essex County
jail for 2 months before being transferred to regular
section?

(5) Why did the 3 police officers sued me and testified
that I fought and injured them while I was hand-
cuffed with my hands behind my back?

(6) Why did police officers bribe a lady (black) staff of
the Essex County jail who later bribed about 12 inmates
to kill me in jail? After the assault, I could smell
my liver meaning that they broke my ribs and my
ribs had penetrated my liver. As a physician and
surgeon, I fixed myself back by yanking my ribs back
to original position.

(7) Why was I denied medical attention after the police
assault and after their bribed inmate tried to kill me?

(8) Why did IRS office Michelle Johson fabricate that I was
collecting rent ie $16,000 plus that I did not pay tax on? Why
did the IRS make my live very misarable for almost 2 decad
after they ganged up with the California Franchise Tax Board,
Newark Police (even after I was exornorated by the Grand
Jury) and Others including the County of Los Angeles - my
employer?

(9) Why did the IRS and FTB garnish my cheques/checks for
over 2 decades even after they have made me jobless and
homeless?

(10) Why did they employed Others to be poisoning and beating
me half death from the 2005 to 2018 that I was on the
street unemployed and homeless?

(11) Why were my mails offset as always and my financial
instruments cashed/negotiated all along? I am by far the
Worlds wealthiest. Yet, I have nothing to show.

(12) Why was my case under Mediation/arbitration be dismissed
because I was homeless and unable to pay more than $6,000
cash eventhough I told the court that Pro Bono was alright
with me? And that the Essex County Federal Court was aware
that I was very sick and homeless with medical report sent to
the court. Yet, my case was dismissed. (13) Why was Judge Sharon Gleason
kept on my case by Alaska after I asked

CONSTITUTIONAL AND STATUTORY PROVISIONS INVOLVED

—Collection Actions under IRS sections 6320 or 6330 of the
Internal Revenue Code was violated by Michelle Johnson et al.
I was very sick and went to the Providence Hospital in
Anchorage, Alaska twice during the 30 days allowed
for Notice of Determination, as required by law. The IRS
had asked me to redo my 2017 tax despite the fact
that I was homeless and unemployed.

—The U.S. Tax Court has simplified procedure for an appeal
for a Collection action if the total unpaid tax, including
interest and penalties, for all periods doesn't exceed $50,000.
And on the other hand tax payers must go through ~~the~~ other
courts if over $50,000. The issuance of the Notice of Intent
of Levy was not proper and levy action proposed could not be
sustained for 2017. They audited me for at least the past
15 years that I did not work, very sick and homeless and
cooked some estimates ~~and~~ taxing me on those. IRS ganged
up with the California Tax Board and others on me and
were using estimates (Appendix D)

—IRS officials of concern worked with the Nigerian mafia and
others that were offsetting my mails over decades and cashing
out financial instruments which they are paying some taxes
on these steal for the IRS to keep the secret. TIGTA was
suppose to investigate employees misconduct that I reported.
Extorting money from taxpayers, soliciting bribes to reduce
or eliminate tax debts, stealing tax payments, abusing tax-
payer rights, accessing or disclosing information without proper
authorization and fraud or misconduct by contractors acting
on behalf of the IRS ~~as supposed~~ as seen in the case of
Michelle Johson et al are criminal and needed to be
investigated after I reported the first time.

—I have been almost killed several times within the past
2005 when I reported them the first time. They spoiled my
credit profile for at least 7 years and continued to do so. They
were ganishing any money coming to me despite the fact that
they have been offsetting my mails and cashing on my financial
instruments as always. My home have been burglarized and
financial instruments taken especially by Nigerians working
with corrupt IRS officials. Half of my property 18727 Maldan
Street, Northridge, CA 91324 was taken-openly notoriously (adverse
possession) and they were probably collecting rent on it. The
property was 10,000 sq ft and I am left with 5,300 sq ft or I am
killed if I make noise. LA County Assessor called Olson
partnered with Remax to have Remax/Olson and the fixed
files and backdated everything with some neighbor. Also, offering
a bribe to an IRS employee to reduce or eliminate a tax debt is
a crime.

—I requested that District Judge Sharon L. Gleason be removed
from my case but she continued and saw most of my case. She
was bais from start.

STATEMENT OF THE CASE

(1) That my 18727 Malden Street, Northridge, CA 91324 Property was
10,000 Sqft at the time that I purchased it. And that under
"adverse possession" that was open and notorious, Remax Real
Estate and Olson the LA County Assessor (Became Remax/Olson)
and split the property into 2 and left me with the main
building of 5,200± square feet and through the my maid
called Rosaline Chinagbo ~~Akano~~ aka Ohanu, I was
told to remain quiete or die after I complained that my
copy of the LA times to the property was taken from my
room. They had cohersed with neighbors to do that. So
I kept quiete and waited for the right time. That the
LA Times refused to sell me a copy of the page that
advertized the property when I was finally kicked
out of it after I removed members of my forced
household. (2) That Michelle Johnson, an IRS staff
audited my 2004 tax and penalized me heavily
for not reporting moneys that I was making on
rental properties. They had cooked my earnings and
penalized me on it. The fact is that I had no rental
properties and I never rented to anyone. (3) They followed
me anywhere I go and harming me with their
unions especially the police officers union. (4) I was going
to Canada to attend a Real Estate Convention when
I was made to declare my cash 4 times eventhough
I had documents to show that I was the President and
C of O of Consultant Consortium Corporation and on a
job related venture. They stopped my travel after they
had repartrated me from entering Canada for some other
reason outside the B of A bagged $20,000 that I was
carrying that is now $13,000 after I had spent some. That
Customs took the money and detained me to see the
Judge the next day. (5) On the way to see the Judge,
and under handcuffs with my hands behind my back
Newark Police 3 beat me to almost death for no reason
— Please see "Question(s) Presented #1-7. (6) I was making
direct deposit with my mortgage financer ABN AMRO. That
all cohersed to foreclose my home for less than 50%
of market value. (7) That the lawyer for the default company
the he owned ~~also~~ was owned most shares of Provalue
that bought the house. (8) That the house was foreclosed
for not paying tax on time when our contract does
not include tax nor tax collection. (9) That ABN AMRO
admitted "erroneous foreclosure" of my property. That
for no reason, the County of Los Angeles fired me from
work without openly denying me a promotion to Executive
officer. (10) That I was the topmost in the County of Los Angeles
and made "officer of the day" when needed to take charge
of the County. I trained myself and maximally educated
... topmost — An institution, several times a doctor ~~++++~~.

REASONS FOR GRANTING THE PETITION

(1) Certiorari should be granted for the interest of justice. (2) All administrative and judicial pathways have be fully exhausted. (3) That I am a citizen of the U.S. without civil rights nor the like. (4) That I am a nonhuman and that I have absolutely nothing to do with ~~[illegible]~~ those that created the World. (5) That I need full account of all my assets (6) That I be returned to my family that I have not seen nor heard from since 1960. (7) That District Judges are saying that there hands are thight for Defendants have immunity and they can not violate their civil rights. (8) That I requested for District Court Judge Sharon L. Gleason be removed from all my cases but instead, they had her ~~atte~~ Judge most of my cases. (9) That I sent out my application for an appeal way before 60 days and solid evidence was presented. (10) That my investments and inheritance were and still are being sold for very very little money ~~to~~ to Americans who are increasingly becoming billionaires. That criminal contracts are null and void at face value. (11) That I am ~~not tax~~ tax exempt (Royal and Unhuman). (12) That I am illegally humanized, injured, damaged and denatured since fall of 1961 when created began declaring independence which primary purpose was to return themselves because it was cheaper than using colonial masters. (13) That I was very sick due to the beatings that I had and homeless for over a decade. I was an object of caricature of defendants. (14) That this case was in mediation/arbitration and damages were seriously considered.

CONCLUSION

The petition for a writ of certiorari should be granted.

Respectfully submitted,

DR. FESTUS O. OHAN
