### Decision Below

The opinion of the United States Court of Appeals is reported as Non-Precedential.

### The Appellate Statement of Jurisdiction

On January 10, 2020, the United States Court of Appeals issued a decision denying my request for corrective action under the Whistleblower Protection Act. The Supreme Court of the United States has jurisdiction to review my case in accordance with 28 U.S.C 1361 which gives the Supreme Court the action to compel an officer of the United States to Perform his Duty.

### Constitutional Provisions

Article III, Section II, Clause 1 states that the Judicial power shall extend to all Cases, in Law and Equity arising under the Constitution. The Laws of the United States, and Treaties made, or which shall be made, under their Authority;-to all Cases affecting Ambassadors, other public ministers and Consuls;-to all cases of admiralty and maritime Jurisdiction; to Controversies to which the United States shall be a Party; to Controversies between two or more States; between a State and Citizens of another State, between citizens of different States,-between Citizens of the same state Claiming Lands under Grants of different States, and between a State, or the Citizen thereof, and foreign States Citizens or Subjects.

Section 3 of the 14<sup>th</sup> Amendment in the US Constitution states that No person shall be a Senator or Representative in Congress, or elector of President and Vice-President, or hold any office, civil or military, under the United States, or under any State, who, having previously taken an oath, as a member of Congress, or as an officer of the United States, or as a member of any State legislature, or as an executive or judicial officer of any State, to support the Constitution of the United States, shall have engaged in insurrection or rebellion against the same, or given aid or comfort to the enemies thereof.

### Exceptional Circumstances Warrant the Exercise of the Courts Discretionary Power

The exceptional circumstance that warrants the exercise of the Courts discretionary power is that I, Tonya Knowles, am a Monarch of the United States and the United Kingdom and I have not received my official title as “Queen” nor have I received Sovereign Immunity. As a matter of fact, On January 09, 2024: Solicitor General, Elizabeth B. Prelogar, provided the US Supreme Court with a waiver of rights in response to my court filing on Docket No. 23-6246 but the Bill of Rights of 1688 outlines the Rights, and Liberties of the Subject and Succession of the Crown.

Next, As a subordinate employee: Mr. Donald J. Trump became a threat to public health due to his response to COVID-19 and the related symptoms. According to the National Library of Medicine “once China informed the world of a disease outbreak on December 31, 2019, the Trump Administration’s response was marked by downplaying the threat, inaction or partial measures, confusion, and inaccurate public statements. As a result, opportunities to slow the spread by facilitating a vigorous public health response of containment and suppression based on testing, contact tracing, and isolation were missed following the confirmation of the first US case on January 21, 2020. After banning foreign nations from entering the US, if they had been in China in the prior 2 weeks, on January 31, an apparently overconfident Trump Administration was blindsided by the rapid community outbreak of COVID-19, necessitating a declaration of a national emergency on March 13, 2020. At that time, the federal government remained unable to help states carry out widespread testing—despite Trump’s false claims that anyone who wanted a test could get one—and had not addressed the expected massive shortfalls of personal protective equipment (PPE) and ventilators. By March 26, 2020, 22 states had issued shelter-in-place orders, and some 1 in 2 Americans were in lockdown. By March 30, 2020, the death toll had exceeded 3000 and by May 28, 2020, deaths passed the 100,000 mark. At the close of 2020, the US had surpassed 346,000 deaths from SARS-CoV-2 (AJMC,2021).” see The National Institute of Health, The Trump Administration, and the COVID-19 crisis (2021).

Furthermore, Mr. Donald J. Trump is attached to a 911 State of Emergency that is connected to Homeland Security, Border Protection and January 06<sup>th</sup> Insurrection. On Nov. 14, 2020: The US District Court held that Mr. Chad Wolf was not lawfully serving as acting Secretary. see United States District Court Eastern District of New York vs. Chad Wolf, 16-CV-4756. Then, on January 06, 2021, as Congress was meeting to certify the results of the 2020 Presidential election, a violent and heavily armed mob of Donald Trump supporters stormed the U.S. Capitol as rioters outnumbered Capitol Police officers, breaking windows, and vandalizing offices, many with disturbingly violent intentions toward members of Congress and Vice President Mike Pence for their refusal to succumb to Trump’s attempts to overturn the election in his favor. see American Oversight: The January 6 Attack on the U.S. Capitol (September 26, 2023). Please Note: The Government Accountability Office (GAO) has stated that federal agencies identified credible threats but did not fully process and share information prior to January 06, 2021, Insurrection. see Government Accountability Office-GAO-23-106625: Capitol Attack; Federal Agencies (February 28,2023). In addition, The Department of Homeland Security: Office of Inspector General issued a memorandum citing that Intelligence and Analysis identified threats prior to January 06, 2021, but did not issue any intelligence products before the U.S. Capital Breach. see DHS OIG: OIG-22-29-I&A Identified Threats prior to January 6, 2021 (March 04,2022).

The House Select Committee to Investigate January 06<sup>th</sup> Attack on the United States Capitol provided Introductory Material to the Final Report of the Select Committee and the Committee reached a series of Findings including the following (1) Beginning Election night and continuing to January 06<sup>th</sup> and thereafter Donald Trump purposely disseminated false allegations of Fraud related to the 2020 Presidential election in order to aid his effort to overturn the election and for purposes of soliciting contributions. These false claims provoked his supporters to violence on January 06<sup>th</sup> see PBS: Read Jan. 6 committee's summary of its final report (Jan 6, 2024). In addition, The Government Accountability Office noted what transpired on January 06 when more than 2,000 protestors entered the U.S. Capitol, disrupting the peaceful transfer of power and threatening the safety of the Vice President and Members of Congress. The attack resulted in assaults on at least 174 police officers, including 114 Capitol Police and 60 D.C. Metropolitan Police Department officers. These events led to at least seven deaths and caused about 2.7 billion in estimated cost. As of September 2022, more than 870 individuals have been arrested on charges including entering a restricted federal building, assaulting officers with a deadly weapon, and seditious conspiracy. see Government Accountability Office (GAO): GAO-23-106625, Capitol Attack. Next, The Department of Justice has noted the approximate loss suffered as a result of the siege at the Capitol on January 06, 2021, totaled 2,881,360.20 this amount reflects damage to the Capital building and certain cost borne by the U.S. Capitol Police. Based on public court documents more than 1,265 defendants have been arrested in nearly all 50 states and the District of Columbia. see The Department of Justice: Three Years since the January 06 attack on the Capital (January 5, 2024).

Christopher Wray, The Director of the Federal Bureau of Investigations provided a statement before the House Oversight and Reform Committee in Washington Dc and he noted that the violence and destruction of property at the U.S. Capitol building on January 6 showed a blatant and appalling disregard for our institutions of government and the orderly administration of the democratic process. According to Mr. Christopher Wray the FBI does not tolerate "violent extremists" who use the guise of the First Amendment-protected activity to engage in violent criminal activity. see FBI. Gov: Examining the January 6 Attack on the U.S. Capitol (June 15, 2021). The Joint Chiefs of Staff issued a memorandum citing that the violent riot in Washington D.C. on January 06, 2021, was a direct assault on U.S. Congress, the Capitol building, and our Constitutional process as they mourned the deaths of the capitol police and others connected to the events. see Joint Chiefs of Staff: message to the joint force (January 06, 2021).

Currently, Donald J. Trump is requesting Absolute Immunity as a Presidential Candidate regarding January 06<sup>th</sup> insurrection and has asked the US Supreme Court (1) whether the doctrine of absolute immunity include immunity from Criminal Prosecution for a Presidents officials acts, and (2) whether the Impeachment Judgement Clause and principles of double jeopardy "foreclose" the

criminal prosecution of a President who has been impeached and acquitted by the U.S. Senate for the same and or closely related conduct that underlies the criminal charges. see Pet for Cert, President Donald J. Trump v. United States of America, Docket No. 23-939 (February 11, 2024). Please Note: a Presidential Candidate is not provided with Executive Power when he electronically filed his resignation onto the national archives via Executive Order No. 13859: Maintaining American Leadership and Artificial Intelligence on February 11, 2019. see Federal Register: Maintaining American Leadership in Artificial Intelligence (2019). In addition, Foreclosure is a process that occurs when a homeowner does not make their monthly payments. In Donald Trump's case the United States is Immune from "Suit" against foreclosure and according to the 14<sup>th</sup> Amendment Section 3 Disqualifications No person shall hold any office, civil or military, under the United States, or under any State who previously took an oath, and engaged in an insurrection or rebellion.

June 28, 2023: Chief Justice Roberts noted that the Secretary for Department of Education can issue "Waivers and Modifications" regarding National Emergencies and War if a Student is in Default on a loan and essentially, they are in Debt. see Pet for Cert., Biden-President of the United States, Et Al. v. February 08, 2024: the US Supreme Court unambiguously waived Sovereign Immunity. see Pet for Cert, Docket No. 22-846, Department of Agriculture Rural Development Rural Housing Service, v. Reginald Kirtz (March 7, 2023). US Department of Education/United States of America. Docket No. 23-782 (November 04, 2023). Please Note: A waiver is a demonstration, usually in written form, of a party's intent to relinquish a legal right or Claim. The 14<sup>th</sup> Amendment Section 3 Disqualifications states that No person shall hold any office, civil or military, under the United States, or under any State who previously took an oath, and engaged in an insurrection or rebellion.

January 06, 2021: as Congress was meeting to certify the results of the 2020 Presidential election, a violent and heavily armed mob of Donald Trump supporters stormed the U.S. Capital and as rioters outnumbered Capital Police officers, they began breaking windows, and vandalizing offices, many

Please Note: The Government Accountability Office (GAO) has stated that federal agencies identified credible threats but did not fully process and share information prior to January 06, 2021, Insurrection. see Government Accountability Office-GAO-23-106625: Capitol Attack; Federal Agencies (February 28,2023). In Continuation, the Department of Homeland Security: Office of Inspector General issued a memorandum citing that Intelligence and Analysis identified threats prior to January 06, 2021, but did not issue any intelligence products before the U.S. Capital Breach. see DHS OIG: OIG-22-29-I&A Identified Threats prior to January 6, 2021 (March 04,2022).

These false claims provoked his supporters to violence on January 06<sup>th</sup> see PBS: Read Jan. 6 committee's summary of its final report (Jan 6, 2024).

In addition, The Government Accountability Office noted what transpired on January 06 when more than 2,000 protestors entered the U.S. Capitol, disrupting the peaceful transfer of power and threatening the safety of the Vice President and Members of Congress. The attack resulted in assaults on at least 174 police officers, including 114 Capitol Police and 60 D.C. Metropolitan Police Department officers. Christopher Wray, The Director of the Federal Bureau of Investigations provided a statement before the House Oversight and Reform Committee and Washington Dc and he noted that the violence and destruction of property at the U.S. Capitol building on January 6 showed a blatant and appalling disregard for our institutions of government and the orderly administration of the democratic process. Gov: Examining the January 6 Attack on the U.S. Capitol (June 15, 2021). The Joint Chiefs of Staff issued a memorandum citing that the violent riot in Washington D.C. on January 06, 2021, was a direct assault on U.S. Congress, the Capitol building, and our Constitutional process as they mourned the deaths of the capitol police and others connected to the events. see Joint Chiefs of Staff: message to the joint force (January 06, 2021).
