## STATEMENT OF THE CASE

Hello. My case is about Fraud & Forgery stemming from a medical malpractice case. I've been going thru mail fraud/mail tampering for the last month & a half. The USPS Postal Expectation services has been notified because of this. It's too the point my case was thrown out because the court denied my reply even though I showed proof of mail thru my tracking. USPS did an investigation & provided me with a name "evelyn turcott", but, the court still denied? I think it's because I'm representing myself & I'm convinced that the opposing party? Which is a big firm have a strong hand on destroying my case. Back to the Fraud & Forgery? A doctor used my father's health insurance policy as primary doctor to get illegally get paid, signing my father's death certificate claiming 12 years prostate cancer? When prostate exams dating 12 years prior read negative! & when I brung this to his attention? He then signed a contract my father wasn't his patient! When infant after going over my father 's medical records? His name doesn't even exits! All of this is in black & white. I now have an ongoing FBI investigation in process..I need representation asap! Also, the opposing Attorney produced a death threat thru email with my name forged? When I asked him numerous times since you made an false discovery? Subpoena the phone records? & that he did not do!

## REASONS FOR GRANTING THE PETITION

Hello, me & father civil rights were violated because were "Black & Legal". My journey started January 30, 2021, the date of my father's death, that's when I got a better understanding of Oprah Winfrey's series "Color & Care". My father's so-called doctor signed his death certificate claiming "12 years prostate cancer"? When I got my father's medical records & went over it very carefully, I found from the date January 30, 2021, to 12 years prior? My Father's prostate biopsy was negative! I then reached out to the doctor & told him of my findings, & he blatantly told me his attorney would get in touch with me. His attorney then sent me a contract with the doctor's signature stating "that my father wasn't the doctor's patient" but, my father's health insurance policy names him primary doctor! I've now been thru circuit court where the doctor's attorney claimed I didn't converse with him during litigation & my case was thrown out despite me showing our conversation thru emails & even reporting this to his Bar association. Appeal was filed; but, due to mail tampering/mail fraud? The tracking showed it was delivered, but, I was told it wasn't received? I had usps investigate this, also informed the FBI, they also are investigating the doctor, interviewing other patients I informed & included being witness 1st hand with his negligence! Usps told me the culprits name who was picking up the mail, but, when I informed the court clerk? She denied knowing who the person was, also she denied with no comment when I included them in the email? They threw my case out & I pleaded file play to a Ms. Theresa Kidd who was the administrator who thru my case, even after looking all of my paperwork. I contacted & informed Ms. Salinas of the Justice Department! I then filed my case thru Oregon Supreme Court, but, my case was thrown out claiming court fees, & not appealing Appellate Court decision, but, if you check Oregon Judicial case search my court fees were taken care, & I can't be denied waiver because I'm disabled! Why they say denial because of not pleading appeal with Appellate? When I conversed with Ms. Theresa Kidd, with no feedback & the FBI has that on record so, all paperwork & sufficient witnesses are in place. Oregon plainly has racial issues it stays on the news! Black, White, Yellow, or Green? I'm not prejudice! I have rights! & this paper-trail of deceit is immoral! A disease, & I'm hoping for assistance to get Justice on my side! Please. Get in touch,

**CONCLUSION**
