## STATEMENT OF THE CASE

---

Petitioner seeks to have a 7-count criminal indictment, that was filed against her by AUSA Douglas F. McMeyer, in the Central District of Illinois United States District Court, Peoria Division, DISMISSED. The charges against the Petitioner are ludicrous and blatantly false. The Petitioner is a RAPE VICTIM/SURVIVOR whose rights are being violated. She is being deprived of appropriate medical care, being deprived of her privacy, liberty, autonomy, due process of law, subjected to the concealment of material facts, that amounts to an obstruction of justice on the part of the United States. The actions taken by the Carswell staff have been violent, outrageous, incomprehensible, and malicious. They (FMC Carswell,) are abusing people sent here from all over the United States. Their "process," for determining a persons competency is wholly illegal, being too broad, invasive, obnoxious, and shocking to ones conscious. It is appalling to find that DOJ is doing this to people, and violating their rights to Justice and due process of law. The Petitioner was falsely arrested on January 20, 2022 and has been in custody since that time, and found "incompetent," by the lower court, on a preponderance of a Dr. Dixons forensic report that has no credibility and insults the Petitioner. The Petitioner is, in FACT and Law, Competent.

The Petitioners constitutional rights have been violated, as well as numerous Title 18 criminal statues that the Justice Department should have used to prosecute the people that sexually assaulted the Petitioner for the last 23 years of her life. My whole life has been destroyed and shattered by the horrible, reprehensible, criminal actions of John Ashcroft, William Barr, Mike Evans, Sid Cline, Stan Harris, Robert Mueller and every other person who got involved in raping me, including Judge McDade and Judge Mihm. My life is completely destroyed by Judge Mihm issuing a Summary Judgement, in Feiste v. Mitsubishi case no. 00-0057, while the Bloomington IL police department was raping me, against me in my pro se' lawsuit Feiste v. Mitsubishi, and then chasing me down to Florida and gang-banging me with John Freese and the other individuals that got involved in this nightmare.

Inmate Work Assignment: Feiste v. the U.S.

REASONS FOR GRANTING THE PETITION:

The reasons for Granting the Petition is because the Petitioner is falsely accused, her Permanent Disability was caused, in fact, by the United States Justice Department being involved in a conspiracy to Sexual Assault the Petitioner. Petitioner has had to go through the Trauma of not only being raped repeatedly by vile, disgusting individuals, then having to go through the additional trauma of multiple Rape Kits, a lack of appropriate prosecutorial action toward the perpetrators that have been involved in Sexually Assaulting the Petitioner, for the last 23 years, since sometime after May 27, 2000 - the day the Petitioner went to the Bloomington, IL police department to talk to Pete Avery. Another frightening worry that never ceases is fear of exposure to dangerous diseases of the perpetrators. The Justice Department is obstructing justice and causing brain damage and additional injuries and torture with their ludicrous action, and false statements in Court. I want to press criminal charges against Douglas F. McMeyer and get a restraining order against him for harassing me, and sending me to Carswell under false pretenses. He lied to Magistrate Judge Hawley the day I was arraigned. He stated in Court that I was Delusional. That was a blatant lie. First of all, he is not a doctor, so he is not qualified to say somebody is delusional. He is a menace to Society and a liability to the Justice Department. This place (FMC Carswell,) is a NIGHTMARE and I need a mandate from the United States Supreme Court to set me free, and enter a Permanent Injunction against the Justice Department to STOP them from further falsifying my Medical Records, and records that go to Medicare - trying to say I am delusional, and trying to cover up the FACT that they raped me. They are causing rage, and Judge McDade raped me and then called me a "whore." I went to the McLean County, IL Law and Justice Center to tell Judge Costigan what McDade did, and then I got falsely arrested. They are just Obstructing Justice and if the Central District of Illinois Prosecutors would NOT have allowed me to get raped, and tortured, and human trafficked in my own Houses in Illinois, and Senators Duckworth & Durbin were in on it, I would NOT have had to call Senator Roy Blunt in Saint Louis, Missouri. Judge McDade is a disgusting, vile, sorry excuse for a Human Being, and the last Federal Judge in this Country who should have presided over the Governments case - E.E.O.C. v. Mitsubishi. I want the Supreme Court to retain jurisdiction over this matter, to prevent any further criminal conduct on the part of all these bad actors. Jessica Douglas is the worst court - appointed counsel I have ever contended with, and has been terminated since

April 12, 2023, and Judge Shadid is not even acknowledging my Notice to the Court. Jessica Douglas has done an enormous amount of irreparable damage, and now I have to file a multi-million dollar lawsuit against the Witness she hired out of Chicago - Michael Brynes. She did the Petitioner a grave disservice by getting him involved in this train wreck careening off the train tracks. By reading the report he prepared, a competent person can clearly discern that he needs to be prosecuted too, for obstructing justice and perjury. The Petitioner is a single, never married, celibate woman who has a right to be safe in her own home, from assaults and stalking by predators.

### CONCLUSION

The petition for a writ of certiorari should be granted.

Respectfully submitted,

Darlene Feist
