OFFICE OF THE CLERK
SUPREME COURT, U.S.

Petition For re hearing From the order to deny
Writ of Certiorari by the Supreme Court.

Petitioner, Michael Carter (Pro se) prays that an order be issued
allowing a re hearing From the opinion of the Supreme Court, rendered in
these proceedings on ~~11-6-2023~~. May 28, 2024

Concise Statement of the Case

The questioned presented affects every citizen of the United States. It affects the integrity of the court in a judicial proceeding. It also violates Constitutional ~~Law~~ ^{Law} which every man and woman has the right to in the United States. The court can not allow officials to make false statement in a proceeding. The 14th Amendment Section 1 clearly states that no person shall in any state be deprived of life, liberty, or property, without due process of law; nor deny to any person within its jurisdiction the equal protection of the law. The petitioner Probation Officer was asked "did you get a drug and alcohol evaluation for Mr. Carter?" The petitioner's Probation Officer said no. Right at that point she deprived the petitioner his due process of law. This act was intentional and it was not true. The ~~petitioner~~ ^{Petitioner} P.O. did in fact get him a drug and alcohol evaluation. This unconstitutional act created some serious collateral consequences. By misleading the judge the petitioner was stripped and deprived of the only help he ever had the chance to get. Petitioner raises a claim of intentional infliction of emotional distress against defendants for the false statement that intended to defame, slander and incriminate petitioner knowingly. This court liberally construes a pro se litigant's pleadings and hold them to a less stringent standard than formal pleadings drafted by lawyers. *Hall v. Bellmon* 935 F.2d 1106, 1110 (10th Cir 1991) See. *Haines v. Kerner*, 404 U.S. 519 520 92 S.Ct. 597 30 L.Ed. 2d 652 (1972).

§ 4902 Perjury Text (a) Offense defined: A person is guilty of perjury, a felony of the third degree, if in any official proceeding he makes a false statement under oath or equivalent affirmation, or swears or affirms the truth of a statement previously made, when the statement is material and he does not believe it to be true.

I'm pleading with the honorable Court to not dismiss this case, hold those who are responsible to a standard that's required by their job and the oath that they plead to uphold the law and the integrity of the Court's in its proceedings. Furthermore I truly believe that if this situation is not addressed it will happen again and again.
