James B. Jordan No. 23-7579

Petitioner

v.

Federal Bureau of Investigations

Respondent

Certification of Good Faith

The undersigned counsel hereby certifies, attest that:
a. He or she has attempted to alert Supreme Court
of the illegal (terrorism) harassment, assault,
vehicle vandalism, false arrest, improper photo
camera tickets in various states but now in
(terrorism continues) Maryland, Virginia, D.C.
He has repeated alerted and plead with Supreme
Courts, Appeal Courts, and Lower Courts (all federal)
that this illegal terrorism is taking place
currently and has been (various cities, states)
for many years. Petition legally, and morally
can not be neglected in the justice of law.

Date October 12, 2024

Certified To The Court By:

James B. Jordan, BSW, MSW

①

Supreme Court Justices what is Wrong?

How could Petitioners Writ be denied
for Terrorism? So what Supreme Court
receives overwhelming amounts of Petitions
to rule on! James Jordan, American
Citizen Petitioner is being illegally
Terrorized by FBI, Police, and various other
Law Enforcement Agencies throughout the
United States of America.

We have an Embassy for UAE in D.C.
but American Law Enforcement are
terrorizing (me) American Citizens
domestically. Whats wrong with America?

⑧

Supreme Court Rule 44. Rehearing
state. Any petition for rehearing of an
order denying a petition for a writ of
certiorari or extraordinary writ shall be
filed within 25 days, but its grounds
shall be limited to intervening circumstances
of a substantial or controlling effect or
to other substantial grounds not
previously presented.

OK! So Supreme Court has previous
filed Terrorism by FBI/Law Enforcement
to Petitioner.

③

Ongoing Terrorism, Harassment, Mass Pain,
Vehicle Vandalism on Petitioner.

For example, since Petitioner filed last
entry (certiorari) to Supreme Court
approximately a month ago Petitioner has
been assaulted by Law Enforcement,
Prince George County Police. Petitioner is
receiving Camera tickets every day in the
mail (being threaten to drop Supreme Court Case).

Petitioner has visited Hyattsville Court
(last 2 months) over 20 times for photo
Camera tickets (see attachments). On
June 25, 2024 Petitioner alerted Supreme

91

Count that Petitioner's vehicle was being
vandalized by FBI/Law Enforcement,
(cutting brakes June 2024, July 2024,
August 2024, September 2024) also Law
enforcement manipulating Petitioner's gas
pedal (causing pedal to floor when Petitioner
is using gas). Law Enforcement causing
Petitioner vehicle engine to shut off
while Petitioner is driving (continued
September 2024, October 2024). Plus
Law Enforcement manipulating gas gauge
so Petitioner doesn't know how much gas.
Petitioner last ran at engine stalled 3 days

⑤

On 100 East freeway. Petitioner has record
due to being a member of AAA (who
services Petitioner). OK Supreme Court
Petitioner vehicles are still being vandalized,
etc. terrorism. Petitioner was just pulled
over for no reason by Ann Arundel Police
(Court Date 11/19/2024 Annapolis Court).
BUT lets talk about mass pain physical
abuse. Petitioner is still disabled as a
result of being stabbed (manslaughter)
at work 5/18/2024. Petitioner is seeing
multiple Doctors to current date trying
to maintain stability physically and

⑥

mentally. But face, ear, neck is in pain.
petitioner has been homeless and destitute
since 5/18/2024. Petitioner is trying to
figure out a plan (shelter, safety, etc.).

NOW aside from all of the tickets, court
visits (forgot to mention Arlington, VA
and Alexandria, VA 10/3/2024 visit and
10/4/2024 visit regarding 3 Photo Camera
tickets that I'm fighting due to not being
liable, plus a photo camera ticket in D.C.

See attached photo tickets, court dates, etc.

James went to doctor approximately a
month ago various tests ran all negative.

⑦

Saw Neurologist, Primary Care Doctor,
Radiologist for scans, etc. All normal, no
health issues regarding brain, no diagnoses.
(Hearing test, sight, etc.)

So how can petitioner be hearing low
enforcement (high, low octave) by Artificial
Intelligence. How can FBI/Law Enforcement
be blacklisting, causing petitioner mass
pain where petitioner can barely lift up,
walk, etc. by law enforcement/FBI
using Active Denial System to Heat Blood
of petitioner. This artificial intelligence
causes mass pain. How can Terrorism

⑧

be denied by Supreme Court. I'm the
petitioner who is fighting for James life.

Petitioner came to DMV area for Justice.

Petitioner is not leaving until this
terrorism, artificial intelligence, illegal software

is removed from Petitioner. Petitioner

has listed various intervening circumstances

being all (tickets, assaults, stallings,

harassments, terrorism, etc.) events that

took place after Petitioner filed certiorari.

FBI / Law Enforcement all collaborate and

work together but FBI job is to

investigate law enforcement, and justice

9

system corruption. FBI/Law Enforcement
have been terrorizing Petitioner by
arresting, imprisoning, assaulting, robbing, etc.
in various states California, Arizona, etc.
Now FBI/Law Enforcement are still
terrorizing Petitioner by using Artificial
Intelligence (Cameras, Computers) to illegally
take pictures of Petitioner to attempt to
keep Petitioner from driving, jailed, etc.
Plus Law Enforcement are vandalizing
Petitioner's car, causing Petitioner to
be dangerously stalled out on freeway, etc.
Also, Petitioner keeps being pulled over and

(W)

harassed and terrorized by Police in Maryland, D.C., Virginia, etc. For example on August 28, 2004 Prince George Police pulled up on Petitioner while Petitioner was parked and gave Petitioner Six Citations 1 driving while talking on phone, and another for being double parked. Was Petitioner moving or parked? Can't park and drive at same time (see attachments).

FBI and Law Enforcement (Intelligence, Information Technology Units deal with computers) are aware of the Terrorism towards/on Petitioner because they are

(11)

are the ones in charge of the terrorism.

LRAD (sound wave system that can

produce high decibels to break up crowds

that can cause deafness to a person was

deem a violation of 4th Amendment by

Supreme Court but police, law still use it).

Heatwave to heat peoples blood causes

mass pain is used by Police and Sheriffs

in jails to break up fights, etc. So

whats happening to James B. Jordan?

Petitioner is going to be killed by

Law Enforcement terrorism. This

physical/mental pain has been ongoing

17

for years due to Judicial Neglect (Misconduct).

Law Enforcement has so many weapons of mass destruction and Petitioner is the one who is being destroyed.

This racism is illegal, law enforcement is supposed to serve, protect, investigate, and maintain safety. This terrorism is slavery. No privacy, no safety, no proper health. Petitioner is not bowing to Supreme Court, but instead expressing a legal mandate. Petitioner is an American citizen who must be protected. Citizens are paid for a death for in other countries.

(13)

James B. Jordan is the victim of a racist, unjust system as alot of blacks are in America. Being tortured and attempted to be lulled with Artificial Intelligence, Warfare, etc. Supreme Court needs to hire a made scientist and get this off! Rep Petitioner Judgement because there is no dispute at all.

Petitioner is not the first of electronic torture. Justices what would you do if FBI, Law, Government was torturing and terrorizing you (plus plainly ticketing, arresting, vehicle vandalizing, etc.)?
