RE: Judicial Misconduct Complaint for the USDC District of Columbia et al
Demand for Criminal and Ethical Investigation For Victims Janice Wolk Grenadier & the January 6 Defendants / Victims

Dear Gentleman,

I have attached a Judicial Complaint and am filing it with both courts as it is a massive "HATE" Crime / Political "HATE" Cover-up that the appearance is this is a pattern and practice of "Civil Rights" violations for myself and the January 6 Defendants / Victims of the court

That you can't turn on the TV and not see what is happening to Trump. This is a bit different, but, the collusion, the conspiracy, and the complicit behavior of Judges and Lawyers is no different.

The United States of America used to be the Gold Stand for Justice, today it is an enterprise of friendships, "Ole Boy Network" personal, and financial gain of lawyers and judges ignoring the Constitutional, Civil Rights of American Citizens.

The Judiciary is self-policing so should be held to a standard above the norm. The Crucial Role of Courts in Investigating Misconduct Complaints Against Judges is imperative. The American People can not turn on the TV without seeing obvious lawfare against the citizens.

Judges are entrusted with the solemn duty of upholding justice, interpreting laws, and safeguarding the rights of individuals within a society. Their role is pivotal in ensuring the rule of law and maintaining the integrity of the legal system. However, when allegations of misconduct or ethical violations are raised against a judge, it becomes imperative for the courts to take a proactive stance in investigating and addressing such allegations. The responsibility of the courts in thoroughly investigating misconduct

complaints against judges cannot be overstated, as it is essential for upholding public trust in the judiciary and preserving the impartiality of the legal system.

Ensuring Accountability and Transparency is the primary reasons why courts should take the lead in investigating complaints against judges to ensure accountability and transparency in the judiciary. Judges wield significant power and influence in deciding the fates of individuals, **making it crucial for any potential abuses of power or misconduct to be thoroughly examined**. By holding judges accountable for their actions and decisions, the courts can demonstrate to the public that no one is above the law, not even those entrusted with upholding it.

Safeguarding Judicial Independence is essential to investigate complaints against judges. Courts must hold judges accountable for their actions and ensure that their decisions are not influenced by external pressures. Upholding judicial independence is crucial for maintaining the impartiality and integrity of the legal system, and the courts must navigate this challenge with care and diligence, but, while ensuring Justice for the American citizens.

Preserving Public Trust and Public confidence in the judiciary is vital for the functioning of a democratic society. When allegations of misconduct against judges go unaddressed or are not thoroughly investigated, it can erode public trust in the legal system and undermine the legitimacy of court decisions. By taking misconduct complaints seriously and conducting impartial investigations, the courts can demonstrate their commitment to upholding ethical standards and maintaining public confidence in the judiciary.

Preventing Future Misconduct by Investigating complaints against judges is not only about addressing past incidents of misconduct but also about **preventing future wrongdoing**. By thoroughly examining allegations of misconduct and imposing appropriate disciplinary measures, **the courts can send a strong message that unethical behavior will not be tolerated within the judicial system**. This proactive approach can serve as a deterrent against future misconduct and uphold the integrity of the judiciary. At this moment Judges and lawyers appear to believe they are above the law and the enterprise will protect them instead of holding them accountable.

The responsibility of the courts to investigate misconduct complaints against judges plays a crucial role in upholding the principles of accountability, transparency, and judicial independence. By conducting thorough and impartial investigations, the courts can safeguard the integrity of the legal system, preserve public trust in the judiciary, and demonstrate a commitment to upholding ethical standards. Upholding the rule of law and ensuring the accountability of judges are essential for maintaining a fair and just society, and the courts must fulfill their duty in investigating misconduct complaints with diligence and integrity.

For these reasons I ask both courts to work together to investigate the Judges and refer any lawyers to the appropriate authorities for not following the rules of the court, the Professional Code of Ethics, and the Judicial Canons, the United States Constitution.

The American People pay for a service they are not getting.

Please do not hesitate to contact me with any questions.

Respectfully,

Judge Posner Highlighted The Pro Se Litigant Crisis -- The End Of His Project Underscores It

The fact that an entity dedicated to assisting pro se litigants couldn't succeed is not necessarily a failure as much as a sign of the problem.

By JOE PATRICE

on September 10, 2019 at 1:46 PM

Judge Richard Posner (screenshot via Big Think / YouTube)

When Judge Richard Posner left the Seventh Circuit he managed to get in a few shots on the way out the door about the shabby way the judiciary treats pro se litigants. Make no mistake, Judge Posner recognized the presence of vexatious cranks among the pro se ranks, but he spoke out against a

legal system that's managed to make access to legal counsel less and less affordable while simultaneously mounting more and more road blocks in front of people who just want a lifeline from the court system.

To help bridge the gap, Judge Posner set up the Posner Center For Justice for Pro Se's to offer counseling for pro se litigants to give them at least a decent chance in court. The effort highlighted the access to justice crisis in this country in a way that only a football coach clerking for a local court while struggling to beat Army might challenge. Sadly, the Posner Center is no more, and in its demise is another opportunity to recognize the magnitude of the problem.

In some ways, it's not that Judge Posner wants to support pro se litigation as much as he understands the Scylla and Charybdis of the legal market. With the cost of lawyers skyrocketing, the most vulnerable litigants have little alternative but to represent themselves. When the system is pre-disposed to trample on pro se litigants, that leaves a growing swath of people unable to access meaningful justice. And that growing swath has expanded beyond “people” to include small businesses as well, entities that simply can't afford the outlay to pursue claims.

That's why it's a natural fit for Judge Posner to join the ranks of litigation finance. Legalist, a finance firm founded by a pair of Harvard dropouts that uses data and machine learning to identify matters to invest in.

"The principal motive for my retirement was the failure of the court to treat litigants without financial resources fairly," said Judge Posner. "Litigation finance patches an important hole for businesses with valid claims who lack the funds to hire an attorney."

Specifically, Judge Posner will be helping Legalist in its outreach efforts to help bring litigation funding to a wider audience. Litigation finance is still relatively new to the American legal landscape and many still aren't sure what to make of it. That's where having an ambassador for the endeavor could come in handy.

"Since his retirement from the bench, Judge Posner has dedicated himself whole-heartedly to promoting access to justice in the court system," said Legalist Chief Executive Officer, Eva Shang. "Litigation finance is an important tool that allows small businesses to retain quality legal counsel and secure the outcome they deserve."

And while businesses may not be the proverbial widows and orphans we think of when we think of "access to justice," they are, taken literally, folks who have trouble accessing the justice system.

This is such a natural fit for an icon of law and economics that it's shocking we didn't think of it before. The system is stacked to disincentivize claims that — if we've got our laws right — should promote a more efficient market. If litigation finance can unrig that problem then that's generally in society's best interest.

Good luck to Judge Posner in his new endeavor!

Court says former judge Posner should face some claims in wage case

**Posner might lose bid to dismiss breach of contract and unjust enrichment counts
Former director of Posner Center is suing ex-judge for \$170,000 in unpaid wages**

June 22 - Former U.S. Circuit Judge Richard Posner should have to face some claims in a lawsuit filed by an Indiana man who says he is owed \$170,000 for working at a short-lived center for self-represented litigants founded by the prominent jurist, a magistrate judge said.

U.S. Magistrate Judge Joshua Kolar of the U.S. District Court of Northern Indiana said in a [written recommendation](#), [opens new tab](#)

filed on Wednesday that Brian Vukadinovich's fraud claim against Posner should be dismissed, because it echoes another count in the lawsuit. However, Kolar recommended that Posner's [bids to dismiss](#) claims of breach of contract and unjust enrichment should be denied.

Kolar's recommendation is not binding, and the parties have two weeks to file objections to his report. A U.S. district judge will issue the final ruling on the motion to dismiss.

Vukadinovich said in an email that while he is "happy" that two of his claims were recommended to be upheld, he will object to the recommendation that the fraud claim be dismissed.

Posner's attorneys did not immediately return a request for comment.

Vukadinovich in a May 2022 [lawsuit](#) said Posner agreed in 2018 to pay him \$120,000 annually for serving as the co-executive director of the Posner Center of Justice for Pro Se's, as well as personal work directly for the retired judge, yet ultimately failed to pay him \$170,000.

Vukadinovich is a former high school shop teacher who has said he got to know the judge by successfully representing himself in a lawsuit against his employer for firing him and winning a \$204,000 verdict.

Posner's lawyers had argued that Vukadinovich waited too long to sue.

Those attorneys previously said the judge has a confirmed Alzheimer's diagnosis and had no legal capacity to enter an agreement to pay Vukadinovich.

But Kolar said that it is unclear exactly when Indiana's two-year statute of limitations expires in the case, and suggested that more information may have to be disclosed about the circumstances of Vukadinovich's hiring and his failure to be paid before a court can decide whether the claims are barred.

Posner, appointed to the Chicago-based 7th U.S. Circuit Court of Appeals by former Republican President Ronald Reagan in 1981, was one of the country's most prominent judges when he abruptly announced his retirement from the bench in September 2017 at age 78. He founded the center in mid-2018.

The case is Vukadinovich v. Posner, U.S. District Court for the Northern District of Indiana, No. 2:22-cv-00118.

RE: Case No. 1:15-mc-01540-UNA

Dear Chief Judge Roberts:

This letter is to inform you of an abominable injustice that is going on under your supervision done with knowledgeable and criminal intent by this Court. I came to this court in the District of Columbia for help as it is the Court of Civil Rights "Hate" crimes. That since 2007 I have been persecuted in the Circuit Court of Virginia by several Circuit Court Judges and this court. My opponent is Divorce Lawyer Ilona Ely Freedman Grenadier Heckman widow to the late Judge Albert Grenadier and his 1st cousin Jerry Hackman founder of KellerHeckman an International Law Firm. Both very powerful men in the Judiciary, Government and with Elected Officials who could just by there name call in favors and a decision in the courts to favor her. I am well aware of this due to being the x-wife of David Grenadier and have seen first hand at several parties, lunches, ex parte communications between Judges and lawyers / lay people of power sway a Judge on how he or she would rule in the case. I have first hand seen Bribery through gifts, meals, payments towards portraits et al exchange hands or read about them in the news paper. I was illegally jailed and tortured in the City of Alexandria by Judge James Clark for two reasons 1. To prevent e-mails between myself and Mark Warner's office being exposed and effecting his re-election to the Senate. 2. In the hopes they could mentally torture me into committing Suicide and silencing me for good as to COVER UP the criminal acts and actions of the Judiciary, the Government and the Elected Officials along with the Criminal acts of Divorce Lawyer Ilona.

I have come to your courthouse and filed the following Cases where you can see the injustice and the knowledgeable intend of your Judges to deny Due Process to Poor People ProSe Litigants:

1:15 – mc- 01540 UNA This is the Case I am reaching out to you over. This case has been inappropriately handled by this Courthouse – If not properly reopened the Judge who jailed me will use his power to make me homeless. That in Virginia I can not get a fair trial and the appearance is your court house has the same prejudice.

1:14- cv – 01463 – UNA This case was dismissed but, reading the Complaint you will see the issues in this court house

1:14- -cv- 00162 –UNA This case is about the hate that Lawyer Ilona has for me and Catholics I came to this court and was turned away because of discrimination of Religion, Social Hierarchy et al

you know what **YOU DIDN'T HELP JEWS YOU ARE THE KIND THAT WOULD TURN THEM IN** BECAUSE ONE PERSON DID SOMETHING TO YOU THAT WAS JEWISH. YOU MADE YOUR BED AND YOU LIED IN IT. THIS FAMILY REJECTED YOU FOR NOT BEING JEWISH. YOU STUPID GOY. **YOU WERE REJECTED**... GET THAT INTO YOUR THICK SKULL. NOW YOU ARE MAKING UP STORIES AND SPREADING LIES! **BLAMING ALL JEWS LIKE HITLER FOR NOT LIVING ON EASY STREET**. WELL GET OFF YOUR ASS. GOOD YOU LOST ALL YOUR MONEY MAKES YOU HUMBLE. AND GOOD YOU GOT A WHIPPING FROM A JEWISH LAWYER WHO WAS SMARTER THEN YOURS. GOOD FOR HER, I WOULD HIRE HER IN A HEART BEAT. **SHE WENT AFTER A JEW HATING NAZI** AND SHE WON. AND I HOPE **SHE GAVE HER GRANDSON A GOOD TALKING TO** FOR MARRYING A GOY IN THE FIRST PLACE AND HE SHOULD HAVE KEPT HIS ZIPPER UP AND NOT HAVE HAD SEX WITH A MENTALLY SICK PIECE OF CRAP LIKE YOU. **YOU ARE THE NAZI WORSE A MUSLIN LOVING NAZI!** YOU HATE YOURSELF THAT IS WHY YOU HATE JEWS. YOU ARE BLOCKED! -

My files in this case were tampered with by the Judges. I was denied all by rights under the law to protect one of your own and the Judges who have acted to Cover up the Criminal acts of Divorce Lawyer Ilona Grenadier Heckman.

1:13 – cv – 01152 UNA – This case was pushed to the Virginia Courts and the Defendants did not respond to the Complaint given over 2 extra weeks and e-mails stating they were going to – I finally filed for a Default Motion – The Default was put against me. I can not get a fair trial in Virginia – You can review the corruption on this case under Case No. 1:14 – cv – 827 LMB/TCB

What all these cases have in common in your court house no Judge was ever assigned – No Judge allowed me an open court room hearing – all orders, all tampering with my files by the Judges was done from Chambers with the hopes they could torture me enough to go away silently and allow the injustice. I am not going away – just the opposite. .

The law and our United States Constitution is very clear of the rights of American Citizens and the rights to a fair hearing in an open court room with a Judge that has Jurisdiction and is not Bias, not ruling by Retribution, Retaliation, For Favoritism, Cronyism or personal gain.

I would like to give you the opportunity to right the wrongs of the practice and pattern of abuse in your Court House that has gone unchecked by all appearances for several years, and which will continue to happen if not stopped immediately. The Judge's who have schemed, have shown a pattern and practice with knowledgeable intent to prevent Due Process under color of law for favor or personal financial gain, as well as members or family members of the Judiciary, the Government and Elected Officials, also for personal financial gain. . There is little or no oversight for this pattern and practice, which is a violation of the Rules of the Supreme Court of the United States Constitution and laid out clearly in the Bill of Rights:

The Bill of Rights (Amendments 1-10)

Amendment 1 Freedom of Religion, Speech, and the Press

Amendment 2 The Right to Bear Arms

Amendment 3 The Housing of Soldiers

Amendment 4 Protection from Unreasonable Searches and Seizures

Amendment 5 Protection of Rights to Life, Liberty, and Property

Amendment 6 Rights of Accused Persons in Criminal Cases

Amendment 7 Rights in Civil Cases

Amendment 8 Excessive Bail, Fines, and Punishments Forbidden

Amendment 9 Other Rights Kept by the People

Amendment 10 Undelegated Powers Kept by the States and the People

That all of my rights have been striped of me to allow the Criminal activity in a massive Cover up of Divorce Lawyer Ilona Ely Freedman Grenadier Heckman which started in or around November of 1983 in the forgery of a Trust Agreement of the Sonia Grenadier Trust that she would go on to steal from till April of 2014 with the sale of the Property known as Bristow Rd. That she would start her lies and manipulation of me in February of 1986 and start stealing from me through David Grenadier in December of 1986.

The outline and the back up documents are in the Complaint Case No. Case No. 1:15-mc-01540-UNA

I have attached to this letter an Article that I put together that gives an outline of what is happening in Virginia and the Old Boys Network.

I have now asked this court to vacate and re-open the case due to the appearance of the scheme in this court to further deny me Due Process for favor to a Lawyer who is acting and has acted criminally. That under the Judicial Canons by the appearance of any impropriety any judge shall recuse himself. The scheme and orders show a Bias, Retaliation, Retribution, Favoritism, Cronyism for personal or friends, and employees' personal financial gain with the intent of harming a citizen for which he took an Oath of office to protect.

Further the Criminal acts of *Judicial Misconduct, Criminal Misconduct, OBSTRUCTION OF JUSTICE, Discriminación, Social, Economic, Hierarchy, Gang Type Behavior as described in the laws of Rico and Racketeering, Attempt to harm me to prevent Due Process, Tampering with Evidence, Mail Fraud, Violating the Law and the Rules of the Supreme courts, Violation of the Judicial Cannons, Obstruction of Justice, Fraud on the Court, TREASON, Title 18 U.S. Code 241 & 242; Title 42 U.S. Code 1981 & 1983 ex parte communication, and other laws.*

The Basic Liberty of Due Process has been violated. The basic liberty that our Flag stands for and here is where the standard of Liberty is set for the rest of the World. It is under the Oath that each Judge has taken that this heavy burden lies on your shoulders to protect the Rights of each and every American Citizen. That the Appearance of Justice is just as important as Justice itself.

That Judges are and should be held to a High Ethical Standard. That most importantly the system is set up that it is a self reporting system or those others in the system when they see another Judge or Lawyer committing an act or actions in violation of their Oath of Office, Fraud on the court, Honest Service Fraud 18 U.S.C. § 1346 or any other action in conflict with the law that they must report it to the correct authorities or they themselves can be held liable for the criminal acts or actions.

That further Plaintiffs actions as Lawyers be reported to the appropriate officials and be investigated along with the above Judges by a Special Grand Jury.

I come to you as Chief Judge to ask your help and to give me the relief of the immediately have a Judge with Jurisdiction that can rule fairly assigned to my case. I am not Judge shopping, as stated in the beginning I have been at the dinner table and watched the criminal behavior of Judge's and know that anyone that Ilona has practiced before or is friend / or wishes to cover up the injustices will do so: If this does not happen I will

consider you to be a party to the scheme and supporting the Criminal acts of the court house you oversee as being the Chief Judge.

That Justice Douglas wrote: In 1967, Supreme Court Justice William O. Douglas posed the following inquiry: *“... What about the judge who conspires with local law enforcement officers to ‘railroad’ a dissenter? What about the judge who knowingly turns a trial into a ‘kangaroo’ court? Or one who knowingly flouts the Constitution in order to obtain a conviction? ... ”* [Pierson v. Ray, 386 U.S. 547, 566-67 (1967)]. Those very issues raised by Justice Douglas over 40 years ago are now surfacing by way of this lawsuit, exposing the two original Plaintiffs and other's such actors while serving as an example to others who might be intentionally abusing the protected rights of self-represented litigants.

Warmly,

Janice Wolk Grenadier

Federal Judges Caught Fixing Cases and a Path of Corruption to SCOTUS

Author : admin

Date : May 23, 2017

YOU WILL NOT BELIEVE HOW FAR THIS GOES...We are all familiar with the shameful Pennsylvania state court scandals- but the Federal Courts have managed to stay under the radar. Seven state judges "retired" or "stepped-down", Porngate, Kids for Cash - the Pennsylvania Courts are a national disgrace. I have met hundreds that have had their assets stolen, so these animals can buy million dollar beach homes. Well here is a reality check on the federal jurisdiction as well. It is even worse than the state courts. Of course these people come out of the state government so they are no different, but the federal courts are supposed to be the remedy for state court corruption. Sorry folks.. it does not exist. Your cases are not being seen by who you are told are reviewing them.

Have you ever wondered how these people got appointed? Why back in the day, they paid a senator of course- and those that are accused of fixing cases were all put on the bench by the same Senator – Arlen Specter. Yes – he is dead now, but his legacy of corruption lives on. This is the reason why there needs to be term limits for every legislative office – both in state and federal government. This man nominated a dozen judges because he was in office for over 30 years. He was able to be in office so long because he had a lot of money, some of which came from people he appointed to the bench. As a result these people were all associated before they even got into the courts, so there are conflicts of interest between every jurisdiction.

But the plot gets even thicker. Federal District Court Judge Paul Diamond, was Senator Specter's campaign Treasurer and close friend for decades.. That is of course how Diamond went from being an assistant DA to a Federal judge. So all these judges, most of whom got bumped up to the Appellate Court, have Paul Diamond to thank for their jobs. Do you think you will win on an appeal against him unless he it is lucrative for the lawyers? No one that comes into court representing themselves ever gets due process in Pennsylvania.

Where Petrese Tucker comes in is they made her President Judge. Cases are supposed to be randomly signed but they are not. Tucker makes sure specific cases go to Diamond or one of his other appointees like Sanchez, for immediate dismissal of all pro se cases. There does not appear to be any civil rights cases that have been granted a jury trial for a self-represented litigant, who would not be sharing the proceeds with a law firm- that in turn donates to the political machine. They go straight for dismissal and no chance of winning on appeal. And that is the type of data being hidden from the public.

While you are supposed to be getting a full "en banc" panel of about a dozen judges. Did any of the real judges get to see it or did one of Diamond's fiends just sign off on it? You have no way of

knowing because they never let you into court and deny any requests for all the signatures.

Same thing happens with the supposed disciplinary council of a dozen judges. It's all a really bad sham. All fake - and they run their own "disciplinary" council as well, which was Chaired by former Chief Justice Theodore McKee. However, McKee "stepped-down" early after someone sent a complaint to Chief Justice of SCOTUS that McKee was not presenting disciplinary complaints to the full council.

And it gets even THICKER. Third Circuit Judge Anthony Sirica is the Chairman of the Judicial Disciplinary Committee of the Judicial Conference of the U.S. Supreme Court in Washington DC. And wait..there is more! Samuel Alito- yes the SCOTUS Judge - is Sirica's bosom buddy. Scirica spoke at his nomination for SCOTUS. So anyone from Pennsylvania that tries to get heard before the Supreme Court, has to go through Alito. Hmmmm...how is that working out for all you civil rights activists having their homes and money stolen by the county courts?

Oh.. and we have Congressman Tom Marino- the former Assistant U.S. Attorney that had to resign because convicted billionaire mobster Louis Denaples accidentally used him as a reference for a casino license. Marino then went to work for Denaples for \$250,000 year- after which he was able to run for Congress.. well that Tom is on the Judiciary Committee of the U.S. House of Representatives. Are you following this so far?

Now lets tie it all up with Federal Judge D. Mike Fisher, who is the former Attorney General of Pennsylvania - he had tens of thousands in campaign contributions from Louis DeNaples. It is rather odd that Fisher was the Attorney General while the majority of the Sandusky Penn State Scandal was happening, but yet there has been no blame on Fisher for the lack of prosecution, when he is really the one responsible. He was also at the helm when District Attorney Ray Gricar disappeared, never to be found again, just as he was about to revive the Penn State investigation. Maybe there was a little favor done there for Paterno? It appears Fisher's consolation prize after losing against Fast Eddy Rendell in a 2002 run for Governor, was the appointment to the bench. During Fisher's nomination there was concern that a jury trial verdict in a law suit against him, was suddenly overturn when he got appointed to the Appellate Court.

This is all very convenient for generating political funding.. anytime they need money they just use some of the case law they wrote themselves, to get million dollar verdicts for their friendly lawfirms, who then contribute it to whatever party they are told to charletons in black robes. This why Congressman Brendan Boyle is refusing to do a congressional inquiry, which is the only way to stop this shit. A path of organized crime from Harrisburg straight to SCOTUS. Democracy is completely dead. No hearings. No civil jury trials. But what do you expect from the state that is trying to rob poor old Bill Cosby before he dies?

This is just a few fun facts for now. Stay tuned for more bean spilling....

Judges lose immunity when they rule because the person in front of them does not think or have the religion or political beliefs they do.

The judges have discretion, but that discretion ends when they rule with bias, for personal political, religious, friendship and or financial gain.

In the federal system, judges are also lawyers, so they have to respect the judicial canons, where there are only FIVE "5" of them, their Oath of Office, the Professional Code of Ethics, and different Rules and Laws

Canon 1: A judge shall uphold the integrity and independence of the judiciary.

An independent and honorable judiciary is indispensable to justice in our society. A judge should maintain and enforce high standards of conduct and should personally observe those standards, so that the integrity and independence of the judiciary may be preserved. The provisions of this Code should be construed and applied to further that objective.

Judges are the guardians of justice, entrusted with upholding the rule of law and maintaining the integrity and independence of the judiciary. It is imperative that they act with impartiality, dignity, and respect for the legal system they serve. However, when a judge violates the ethical

standards and principles that govern their profession, it not only undermines public confidence in the judiciary but also jeopardizes the very foundation of our legal system.

Canon 2: A judge shall **avoid impropriety and the appearance of impropriety** in all of the judge's activities.

In any society governed by the rule of law, the role of a judge is of paramount importance in ensuring justice and fairness. Judges are entrusted with the responsibility of upholding the law, interpreting it impartially, and delivering unbiased decisions. To maintain public trust and confidence in the judiciary, judges must adhere to the highest standards of ethical conduct and avoid any actions that may compromise the integrity of the legal system. When a judge violates the principles of impropriety, serious consequences should ensue in order to preserve the integrity of the judiciary and to uphold the rule of law.

Impropriety refers to any improper behavior, action, or appearance that may compromise the impartiality, integrity, or independence of a judge. This could range from accepting bribes or gifts in exchange for favorable rulings, engaging in inappropriate relationships with litigants or attorneys, exhibiting bias or prejudice in the courtroom, or making decisions based on personal interests rather than the law. When a judge crosses the line of impropriety, it not only undermines the credibility of the judiciary but also erodes public trust in the legal system.

One of the cornerstones of the judiciary is the principle of judicial independence, which ensures that judges are free from external influences and can make decisions based solely on the law and the facts presented before them. Any form of impropriety threatens this independence and calls into question the legitimacy of judicial decisions. Judges must not only avoid actual impropriety but should also be mindful of the appearance of impropriety, as public perception plays a crucial role in upholding the judiciary's credibility.

When a judge is found to have violated impropriety, it is essential that appropriate consequences are imposed to maintain the integrity of the legal system. Depending on the severity of the misconduct, consequences may include reprimand, suspension, removal from office, or even criminal charges. Imposing sanctions on judges who engage in impropriety sends a strong message that such behavior will not be tolerated and reaffirms the judiciary's commitment to upholding ethical standards.

Canon 3: A judge shall perform the duties of judicial office **impartially and diligently**.

As a judge, the responsibility to uphold the principles of fairness, impartiality, and diligence is paramount in maintaining the integrity and credibility of the judicial system. Canon 3 of the Code of Judicial Conduct specifically outlines the duty of a judge to perform their responsibilities with fairness, impartiality, and diligence. When a judge

violates these principles, it undermines the trust and confidence that society places in the judiciary.

Judges are entrusted with the important task of interpreting and applying the law to ensure justice is served. Fairness requires that a judge approaches each case with an open mind, without bias or prejudice towards any party. Impartiality entails making decisions based solely on the facts and the law, without being swayed by personal beliefs or outside influences. Diligence requires judges to handle cases promptly and efficiently, giving each case the attention and consideration it deserves.

When a judge fails to adhere to the principles outlined in Canon 3, it can have serious consequences for the administration of justice. Not only does it erode public confidence in the judiciary, but it can also result in unjust outcomes for the parties involved in a case. A judge who violates these principles undermines the very foundation of our legal system and compromises the integrity of the judiciary.

In order to uphold the standards set forth in Canon 3, it is crucial that judges who violate these principles be held accountable for their actions. There should be a robust system of judicial oversight in place to ensure that judges are following the rules and ethical standards expected of them. Disciplinary action, ranging from reprimands to removal from the bench, should be taken in cases where a judge is found to have violated Canon 3.

Moreover, judges who demonstrate a pattern of misconduct or repeatedly violate the principles of fairness, impartiality, and diligence should be subject to more severe consequences.

The integrity of the judicial system depends on judges upholding the principles of fairness, impartiality, and diligence outlined in Canon 3. When a judge fails to meet these standards, it is essential that appropriate measures are taken to address the misconduct and maintain public trust in the judiciary. Vigilance in enforcing ethical standards ensures that judges remain accountable and continue to fulfill their duty to serve justice fairly and impartially.

Canon 4: A judge shall so conduct the **judge's extrajudicial activities** as to minimize the risk of conflict with judicial obligations.

Judges are held to a high standard of ethical conduct to maintain the public's confidence in the fairness and impartiality of the legal system. The provision of Canon 4 allows judges to engage in certain extrajudicial activities that are compatible with their judicial responsibilities. These activities should not cast doubt on the judge's ability to administer justice fairly and independently. Violations of Canon 4 could range from

participating in activities that create conflicts of interest, showing bias or favoritism, or engaging in behavior that undermines the public's perception of judicial integrity.

When a judge violates Canon 4, it not only tarnishes the reputation of the judiciary but also erodes public trust in the legal system. Therefore, it is crucial that proper consequences are put in place to address such misconduct. One option could be to initiate an investigation by a judicial conduct board to evaluate the severity of the violation and determine the appropriate course of action. Depending on the nature and extent of the violation, consequences could range from disciplinary action, such as a reprimand or suspension, to removal from the bench.

Ensuring accountability for judges who violate ethical standards is essential to uphold the integrity of the judiciary and maintain public confidence in the legal system. By holding judges accountable for their actions, it sends a clear message that ethical misconduct will not be tolerated and reinforces the principle that everyone, including those in positions of authority, is subject to the rule of law. Upholding the standards set forth in Canon 4 is crucial to preserving the impartiality and integrity of the judiciary, and it is incumbent upon society to demand accountability for those who fail to meet these standards.

Judges who violate Canon 4 and engage in activities that compromise their impartiality and integrity must face consequences to uphold the rule of law and maintain public trust in the judicial system. Accountability mechanisms, such as disciplinary actions and removal from the bench, serve as a deterrent and reinforce the importance of ethical conduct among judges. By enforcing consequences for ethical violations, society can ensure that the judiciary remains a pillar of justice and upholds the principles of fairness and impartiality for all.

Canon 5: A judge or judicial candidate shall refrain from inappropriate **political activity**.

In the legal system, judges play a crucial role in upholding justice and maintaining impartiality in their rulings. One fundamental principle that guides the behavior of judges is Canon 5, which states that a judge should refrain from engaging in political activity. This provision is essential to ensure that judges remain independent, unbiased, and free from external influences that may compromise their judicial decision-making.

When a judge violates Canon 5 by participating in political activities, the repercussions can be severe and far-reaching. The integrity of the judiciary is put at risk, as the public may perceive the judge as being swayed by political ideologies rather than applying the law impartially. This erodes trust in the judicial system and undermines the principles of justice and fairness.

In determining the consequences for a judge who violates Canon 5, several factors must be considered. Firstly, the severity of the violation and the extent of the judge's involvement in political activities should be taken into account. If the judge's actions demonstrate a clear disregard for the ethical standards expected of judicial officers, then more serious consequences may be warranted.

One possible course of action could be disciplinary measures such as censure or suspension from the bench. These sanctions send a strong message that the judiciary takes ethical violations seriously and is committed to upholding the integrity of the judicial system. In cases of repeated or egregious violations, removal from office may be necessary to preserve the credibility and impartiality of the judiciary.

It is also essential to consider the impact of a judge's actions on the parties involved in the cases before them. A judge who engages in political activity risks creating a perception of bias that may harm the litigants' confidence in the fairness of the legal process. As such, measures should be taken to address any potential harm caused by the judge's misconduct, such as granting new trials or reconsideration of affected cases.

In conclusion, the violation of Canon 5 by a judge is a serious breach of judicial ethics that undermines the integrity of the legal system. Consequences for such misconduct should be commensurate with the severity of the violation and aimed at upholding the principles of judicial independence, impartiality, and fairness. By holding judges accountable for their actions and enforcing ethical standards rigorously, we can maintain trust in the judiciary and ensure the continued delivery of justice for all.

This Complaint is filed with the knowledge of the willful intent of the Judges of the United States District Court of the District of Columbia. Judges Collusion¹ / Conspiracy² that the following Judges' acts and actions were willful with knowledgeable intent with complicity³ to rule with a Bias towards those that think differently and or do not have the same religion and or political views.

Complaints can be filed by any person who has knowledge of Judicial Misconduct. This complaint is so important because it shows the pattern and practice of what these Judges have been doing for over a decade now.

It is essential that the disciplinary process is conducted with utmost integrity and adherence to due process to uphold the accountability of Judges for their actions. Transparency in the disciplinary process is

¹ secret or illegal cooperation or conspiracy, especially in order to cheat or deceive others:

² a secret plan by a group to do something unlawful or harmful:

³ the state of being involved with others in an illegal activity or wrongdoing:

crucial to ensure public confidence in the judiciary and demonstrate that no one, not even a judge, is above the law.

The consequences of fraud on the court can be severe.

Courts should take allegations of fraud very seriously because it goes against the fundamental principles of honesty and fairness upon which the legal system is based.

If a party is found to have committed fraud on the court, the consequences can include sanctions imposed by the court, such as fines or dismissal of the case, as well as potential criminal charges for perjury or contempt of court.

Furthermore, fraud on the court can result in serious damage to the reputation of the offending party and their legal representatives. It can also lead to civil liability, as the party committing fraud may be required to pay damages to the other party as a form of compensation for the harm caused.

Fraud on the court is a serious offense that undermines the very foundations of the legal system. It is essential for all parties involved in legal proceedings to act with honesty and integrity to ensure that justice is served. The consequences of fraud on the court can be significant, both in terms of legal penalties and damage to reputations. It is crucial for individuals to understand the serious nature of this offense and to refrain from engaging in any conduct that could be construed as fraud on the court.

THE OATH OF OFFICE OF EACH JUDGE

The appearance is there are issues with the Oath of Office taken by the majority of the Judges. It shows that the Judges and the Courts believe they are above the law.

28 U.S. Code § 453 - Oaths of justices and judges

Each justice or judge of the United States shall take the following oath or affirmation before performing the duties of his office: "I, _____, do solemnly swear (or affirm) that I will administer justice without respect to persons, and do equal right to the poor and to the rich, and that I will faithfully and impartially discharge and perform all the duties incumbent upon me as _____ under the Constitution and laws of the United States. So help me God."

The oath of office taken by a judge holds immense significance in upholding the integrity and impartiality of the judicial system. When a judge solemnly swears to uphold the law and administer justice without bias or influence, they are committing to uphold the fundamental principles of justice and ensure the fair and equitable treatment of all individuals who come before them.

The key aspects of the oath of office:

1. is the commitment to uphold the Constitution and laws of the land. By taking this oath, a judge pledges to interpret and apply the law in a manner that is faithful to the principles enshrined in the Constitution

violates these principles, it undermines the trust and confidence that society places in the judiciary.

Judges are entrusted with the important task of interpreting and applying the law to ensure justice is served. Fairness requires that a judge approaches each case with an open mind, without bias or prejudice towards any party. Impartiality entails making decisions based solely on the facts and the law, without being swayed by personal beliefs or outside influences. Diligence requires judges to handle cases promptly and efficiently, giving each case the attention and consideration it deserves.

When a judge fails to adhere to the principles outlined in Canon 3, it can have serious consequences for the administration of justice. Not only does it erode public confidence in the judiciary, but it can also result in unjust outcomes for the parties involved in a case. A judge who violates these principles undermines the very foundation of our legal system and compromises the integrity of the judiciary.

In order to uphold the standards set forth in Canon 3, it is crucial that judges who violate these principles be held accountable for their actions. There should be a robust system of judicial oversight in place to ensure that judges are following the rules and ethical standards expected of them. Disciplinary action, ranging from reprimands to removal from the bench, should be taken in cases where a judge is found to have violated Canon 3.

Moreover, judges who demonstrate a pattern of misconduct or repeatedly violate the principles of fairness, impartiality, and diligence should be subject to more severe consequences.

The integrity of the judicial system depends on judges upholding the principles of fairness, impartiality, and diligence outlined in Canon 3. When a judge fails to meet these standards, it is essential that appropriate measures are taken to address the misconduct and maintain public trust in the judiciary. Vigilance in enforcing ethical standards ensures that judges remain accountable and continue to fulfill their duty to serve justice fairly and impartially.

Canon 4: A judge shall so conduct the **judge's extrajudicial activities** as to minimize the risk of conflict with judicial obligations.

Judges are held to a high standard of ethical conduct to maintain the public's confidence in the fairness and impartiality of the legal system. The provision of Canon 4 allows judges to engage in certain extrajudicial activities that are compatible with their judicial responsibilities. These activities should not cast doubt on the judge's ability to administer justice fairly and independently. Violations of Canon 4 could range from

and legal statutes. This duty ensures that the rights and liberties of individuals are protected and that justice is dispensed in a consistent and principled manner.

2. the oath of office requires a judge to act with impartiality and independence. Judges must set aside personal biases and prejudices, and make decisions based solely on the facts of the case and the applicable law. This commitment to impartiality is crucial in ensuring that justice is blind and that all individuals are treated equally before the law.
3. the oath of office underscores the importance of upholding the integrity and credibility of the judiciary. By swearing to administer justice honestly and ethically, a judge demonstrates their commitment to maintaining the public's trust in the judicial system. This trust is essential for a functioning democracy, as it ensures that the judiciary is seen as a fair and impartial arbiter of disputes.

The oath of office taken by a judge is a solemn pledge to uphold the principles of justice, fairness, and the rule of law. By adhering to this oath, judges play a critical role in safeguarding the rights and liberties of individuals, maintaining the integrity of the judiciary, and upholding the foundations of a just and democratic society.

PRO SE LITIGANTS

Federal courts have long recognized that the pleadings of a pro se litigant must be construed liberally and held "to less stringent standards than formal pleadings drafted by lawyers. "Erickson, 551 U.S. at 94 (citation omitted) If the denial of the court is due to omission or a technical mistake, the clerk by LCvR 5.4 (g) is required to request the party re-file.

The standard for a "right of access to the courts" claim, whether treated under the First Amendment as part of the right "to petition the government for a redress of grievances" or as a procedural due process claim, should require that the plaintiff allege and prove that the state's judicial process does not provide fair procedures to remedy the wrong alleged. Proof of the lack of adequate state remedies is required by Hudson v. Palmer, 468 U.S. 517, 104 S.Ct. 3194, 82 L.Ed.2d 393 (1984), and Vicory v. Walton, 721 F.2d 1062 (6th Cir.1983), in procedural due process cases and should be required in judicial access cases.

Every person who, under color of any statute...subjects, or causes to be subjected, any citizen of the United States...to the deprivation of any rights, privileges, or immunities secured by the Constitution and laws, shall be liable to the party injured in an action of law, suit in equity, or other proper proceeding for redress

Holloway, 510 U.S. 510, 514, 114 S.Ct. 1019, 127 L.Ed.2d 344 (1994) (quoting Harlow, 457 U.S. at 806, 102 S.Ct. 2727)

42 U.S. Code § 1981 - Equal rights under the law

(a) STATEMENT OF EQUAL RIGHTS All persons within the jurisdiction of the United States shall have the same right in every State and Territory to make and enforce contracts, to sue, be parties, give evidence, and to the full and equal benefit of all laws and proceedings for the security of persons and property as is enjoyed by white citizens, and shall be subject to like punishment, pains, penalties, taxes, licenses, and exactions of every kind, and to no other.

For the purposes of this section, any Act of Congress applicable exclusively to the District of Columbia shall be considered to be a statute of the District of Columbia.

False Narrative of Litigants:

Judges are creating a "false narrative" of litigants, it is chilling and troubling. Upholding justice and ensuring a fair legal process is paramount, and as such, it is essential to approach the situation with care and prudence.

All cases complained about show evidence of a “**False Narrative**” created by the Judges, Lawyers and or FBI and DOJ and then empowered by the Judges

WHAT WE SHOULD BE ABLE TO EXPECT OUT OF OUR JUDGES

Chief Justice John Roberts of the Supreme Court of the United States of America stated:

'My job is to call balls and strikes and not to pitch or bat' Judges and justices are servants of the law, not the other way around. Judges are like umpires. Umpires don't make the rules; they apply them. The role of an umpire and a judge is critical. They make sure everybody plays by the rules. But it is a limited role. Nobody ever went to a ball game to see the umpire. Judges have to have the humility to recognize that they operate within a system of precedent, shaped by other judges equally striving to live up to the judicial oath. And judges have to have the modesty to be open in the decisional process to the considered views of their colleagues on the bench.

Further 9/14/2017 An Exit Interview With Judge Richard Posner of the Seventh Circuit,

Judicial Provocateur - The New York Times

<https://www.nytimes.com/2017/09/11/us/politics/judge-richard-posner-retirement.html> https: POLITICS An Exit Interview With Richard Posner, Judicial Provocateur - Sidebar By ADAM LIPTAK SEPT. 11, 2017 States:

The immediate reason for his retirement was less abstract, he said. He had become concerned with the plight of litigants who represented themselves in civil cases, often filing handwritten appeals. Their grievances were real, he said, but the legal system was treating them impatiently, dismissing their cases over technical matters. “These were almost always people of poor education and often of quite low level of intelligence,” he said. “I gradually began to realize that this wasn’t right, what we were doing.”

In the Seventh Circuit, Judge Posner said, staff lawyers rather than judges assessed appeals from such litigants, and the court generally rubber-stamped the lawyers’ recommendations. Judge Posner offered to help. “I wanted to review all the staff attorney memos before they went to the panel of judges,” he said. “I’d sit down with the staff attorney, go over his memo. I’d make whatever editorial suggestions — or editorial commands — that I thought necessary. It would be good education for staff attorneys, and it would be very good” for the litigants without lawyers. “I had the approval of the director of the staff attorney program,” Judge Posner said, “but the judges, my colleagues, all 11 of them, turned it down and refused to give me any significant role. I was very frustrated by that.”

Judge Posner further stated about those who need help and or pro se:

“The basic thing is that most judges regard these people (pro se) as kind of trash not worth the time of a federal judge”

**THE JUDICIARY POLICING ITSELF and
THE IMPORTANCE OF THE RESPONSIBILITY OF THIS COURT TO THIS COMPLAINT**

The principle of the separation of powers is foundational to the proper functioning of a democratic society. Within this framework, the judiciary serves as a crucial pillar, ensuring that justice is upheld and the rule of law prevails. To maintain their independence and integrity, judges and the judicial system often enact mechanisms for self-policing. This essay will explore the concept of the judiciary or judges policing themselves, its significance, and the implications it holds for a fair and unbiased legal system.

The Foundation of Judicial Independence comes from the core principle underlying a self-policing judiciary is that judges must be independent in their decision-making, free from external pressures or interference. This independence is essential to preserve impartiality and prevent the abuse of power. Judges must function as impartial arbiters, interpreting and applying the law objectively. Any influence, whether political, societal, or personal, compromises this independence.

Self-Governance, Discipline and Self-policing mechanisms within the judiciary involve establishing systems to review and discipline judges when necessary. These mechanisms are designed to address issues such as misconduct, breaches of ethics, and violations of the established standards of judicial behavior. In many jurisdictions, specialized committees or bodies are established to investigate complaints against judges, ensuring they are held accountable for their actions.

With these internal mechanisms, **judges are entrusted with the responsibility of upholding the integrity of the judiciary**. They are expected to self-regulate, adhering to rigorous ethical standards to prevent and root out any rogue behavior within their ranks. Consequently, the public can have confidence that judges are accountable to high standards of performance and conduct themselves with integrity.

Transparency and Public Trust in the self-policing of the judiciary is an issue and is supposed to enhance the transparency and public trust in the legal system. Contrary to popular belief, judges are not immune to criticism or scrutiny. Self-policing mechanisms encourage transparency, ensuring judicial decisions align with legal principles and public expectations.

When complaints are filed against judges, and disciplinary actions should be taken and disclosed, it would demonstrate that the judiciary is actively engaged in self-correction, fostering trust in the fairness and impartiality of the system.

Due Process, Fairness and Self-policing within the judiciary would ensure that judges are subject to fair and impartial processes when accused of misconduct. These processes often involve:

1. giving judges the opportunity to present their arguments,
2. be heard before independent committees or panels, and
3. have their cases decided upon based on established guidelines or precedents.

The emphasis on due process underscores the fundamental principle that even judges are accountable and subject to the law. **But, where is the Due Process of the Complainant and Victims?**

The concept of the judiciary policing themselves is in question by the American People. The People see a mafia-style enterprise when they turn on the news. It is prayed that this complaint can change that and we will see integrity, and independence in the legal system. If Judges want to continue to be self-policing, judges can effectively address these issues of misconduct, unethical behavior, and violations as established in this complaint.

The proper investigation can reinforce public confidence in the judiciary but also would promote transparency, accountability, due process, and fairness.

The appearance of Justice is Just as Important as Justice itself

The acts and actions by the Judges are with knowledgeable intent and are malicious, violent, oppressive, fraudulent, wanton, or grossly reckless intentions.

Therefore it is demanded that a Criminal Investigation as well as an Ethical investigation of the Court and Judges.

I declare under penalty of perjury that the statements made in this complaint are true and correct to the best of my knowledge.

I reserve the right to add additional information and it is understood that you can not change the outcome of the case - But, that does not change the crimes and your responsibility to investigate and to hold accountable the Judges et al.

COMES NOW CERTIFIED ADA ADVOCATE files this EMERGENCY Writ of Mandamus Prohibition to the Supreme Court of the United States of America for the above case in the USDC of the District of Columbia.

The above case is being overseen by Judge Dabney L. Friedrich.

The importance of this Writ of Mandamus and Prohibition is to ensure that the Respondents / Defendant Kenneth Joseph Owen Thomas is given a Fair Trial on charges he has pleaded innocent to and when he would not take a plea deal - the charges were enlarged.

That this case is being heard in the USDC OF THE DISTRICT OF COLUMBIA is even more important as the history of this court is to protect the Civil and Constitutional rights of ALL Americans throughout the 50 states.

The United States, District Court of the District of Columbia holds a crucial role in the fight for civil rights in the United States of America. As a civil rights court, it is dedicated to ensuring that the rights of all individuals are upheld and protected, particularly those who have been historically marginalized and oppressed.

Through its jurisdiction over cases involving discrimination, affirmative action, voting rights, and other civil rights issues, the United States, District Court of the District of Columbia stands as a vital institution in the protection of civil liberties. The court has a significant impact on policy decisions that directly affect the lives of millions of Americans, particularly those who have been historically disenfranchised.

One of the most important ways in which this court has contributed to the fight for civil rights is through its role in enforcing desegregation policies in public schools. Following the landmark Brown v. Board of Education Supreme Court decision in 1954, which declared segregation in public schools to be unconstitutional, the United States, District Court of the District of Columbia has played a vital role in ensuring that those policies are properly implemented and enforced.

EXHIBIT

2-1

In addition to its role in enforcing desegregation policies, the United States, District Court of the District of Columbia also has jurisdiction over cases involving voting rights and fair housing. These issues are particularly sensitive given the history of racial discrimination that has plagued the United States for centuries. Through its decisions in these cases, the court has helped to ensure that all Americans are able to exercise their fundamental rights to vote and to live in safe and equitable housing.

Finally, the United States, District Court of the District of Columbia plays an important role in the ongoing struggle for affirmative action and equal employment opportunities. While progress has been made in recent decades to reduce discrimination in the workplace, there is still much work to be done, particularly in industries that have historically excluded individuals from minority groups. Through its decisions in these cases, the court helps to shape policy decisions that promote equal opportunity and encourage diversity in the workplace.

The United States, District Court of the District of Columbia is a crucial institution for protecting and promoting civil rights in the United States of America. Through its jurisdiction over crucial areas including voting rights, fair housing, affirmative action, and desegregation in public schools, the court plays a vital role in the fight for equality and justice. It serves as a reminder that civil rights must always be protected and that the fight for equality is ongoing and never-ending.

ISSUES AND ARGUMENT

That the following issues seem to be an ongoing complaint of many of the Defendants for January 6, it is important for the SCOTUS to review these in this case and others to ensure justice is applied with no Bias from the Judges.

The ADA Advocate asks this court to ensure justice by demanding:

1. That the Defendant be given the right to use all parts of the United States Constitution in his defense as needed

Defendants in criminal cases have a wide range of rights that they may use as a defense, one of the most powerful of which is the United States Constitution. The Constitution is the supreme law of the land and is the cornerstone of the American legal system. It offers a wealth of protections for defendants that can be used to defend against criminal charges. In this essay, we will explore some of the key constitutional rights that defendants can use as a defense in a criminal case.

The Fourth Amendment of the Constitution protects individuals against unreasonable searches and seizures. This means that law enforcement officials cannot search a person's home, car, or belongings without a warrant or probable cause. If a defendant's constitutional rights were violated during a search or seizure, any evidence found as a result of that search may be suppressed, meaning that it cannot be used against the defendant in court. This can be a powerful defense for a defendant if the evidence that was found during the search was key to the prosecution's case.

The Fifth Amendment is another important constitutional right that defendants can use as a defense in a criminal case. This amendment provides protections against self-incrimination, double jeopardy, and the deprivation of life, liberty, or property without due process of law. The right to remain silent is a key aspect of the Fifth Amendment and is often used to defend against

criminal charges. If a defendant invokes their right to remain silent and refuses to answer questions from law enforcement officials, any statements they make cannot be used against them in court.

The Sixth Amendment is perhaps the most important constitutional right for defendants in a criminal case. This amendment guarantees the right to a fair and speedy trial, the right to an impartial jury, the right to confront witnesses, and the right to an attorney. These rights are critical to ensuring that a defendant receives a fair trial and can mount an effective defense against criminal charges. If any of these rights are violated during the trial process, it can be grounds for appealing a conviction or even having the case dismissed.

In addition to these constitutional rights, defendants also have the right to due process under the law. This means that the government must follow established procedures in prosecuting criminal cases and cannot discriminate against defendants based on race, gender, or other factors. If a defendant can show that their rights to due process were violated during the criminal justice process, they may be able to have their case dismissed or their sentence reduced.

Defendants in a criminal case have a range of constitutional rights that they can use as a defense. These rights include protections against unreasonable searches and seizures, the right to remain silent, the right to a fair trial, and the right to due process of law. If a defendant's **constitutional rights were violated during the criminal justice process**, it can be a powerful defense strategy that may result in the dismissal of charges or a reduced sentence. It is important for defendants to understand their constitutional rights and work with a skilled attorney to ensure that those rights are protected throughout the criminal justice process.

2. That the Judge not be allowed to continue to threaten and harass the attorneys that are representing the Defendant

The role of judges in criminal cases is highly significant as they play a crucial part in ensuring that the law is upheld and justice is served. **Although judges possess significant power in the courtroom, they are not allowed to threaten attorneys in any way.**

Threatening an attorney is seen as highly unprofessional conduct and can have serious consequences on the judge's reputation, as well as on the integrity of the entire criminal justice system. A judge is required to adhere to certain ethical and professional standards that are set by the judicial system, which include treating all parties with respect and impartiality.

Threatening an attorney may also compromise the ability of the attorney to provide effective representation to their client. Attorneys are obligated to present their client's case in the best possible light, and a judge's threat may intimidate or affect their ability to provide such representation. This would be detrimental to the defendant's rights as they are entitled to legal representation that is free from coercion or intimidation.

Moreover, such threats by judges may create an appearance of impropriety and may also lead to legal challenges and appeals. Any display of bias or impropriety by a judge may call their decisions and judgments into question, leading to the prosecutor or attorney's filing legal challenges. This can also lead to appeals, which can be costly and time-consuming.

In conclusion, judges are not allowed to threaten attorneys in a criminal case of a defendant. It is essential that judges adhere to the ethical and professional guidelines that are set by the judicial system to maintain the integrity of the justice system and promote fairness and impartiality. Any such conduct by a judge would not only be unethical but would also risk undermining the authority and credibility of the justice system. It is, therefore, important that judges conduct themselves in a professional and impartial manner to ensure that justice is served fairly and impartially in the courtroom.

3. That the Judge not be allowed to force a strict time frame for the Defense to be given the time needed to present its case.

In criminal trials, the judge is responsible for ensuring that the proceedings are conducted in an orderly and fair manner. One of the key responsibilities of the judge is to manage the time allotted to both the prosecution and defense during trial. This includes setting time limits for each side to present their case to the jury. However, the question arises whether the judge is allowed to force a strict time frame for the defense to be given and present its case to the jury.

In general, judges do have the authority to set time limits for each side to present their case to the jury. This is done to ensure that the trial proceeds efficiently and does not become overly drawn out. Furthermore, time limits often help to ensure that both sides have an equal opportunity to present their case to the jury. If one side is allowed to present evidence for an extended period, it could unfairly influence the jury's decision.

However, while judges have the authority to set time limits, they must also ensure that these limits do not unduly restrict the defense's ability to present its case. The Sixth Amendment to the United States Constitution guarantees a defendant the right to a fair trial, which includes the right to present a defense. A judge forcing a strict timeframe for the defense to present its case could potentially infringe on this constitutional right.

In practice, judges must balance the need for efficient and fair trials with the rights of the defendant to present a defense. The judge may need to take into account the complexity of the case, the number of witnesses to be called, and the nature of the evidence being presented. If the evidence is particularly complex, the judge may need to allow more time for the defense to present its case.

Ultimately, the judge must use their discretion to ensure that the trial is conducted fairly and efficiently. They must balance the need for speed with the need for due process, and must ensure that both sides have an equal opportunity to present their case to the jury. If a judge forces a strict timeframe that unduly restricts the defense's ability to present its case, it could be grounds for appeal and potentially have serious consequences for the overall fairness of the trial.

RELIEF SOUGHT

That ADA Advocate had heard of these issues and many others regarding people charged in the J6 event, only recently was the Advocate able to confirm this is going on in the court.

That Jurisdiction and oversight of the court is the Supreme Court of the United States. The Facts in this came from the Docket on Pacer, Documents downloaded from Pacer and interviews with the Defendant / Defendants Lawyers in the case.

The nature of relief sought from the Supreme Court of the United States of America is:

1. To ensure that the Defendants and his lawyers rights are not being violated Under the Color of Law with the abuse of power by the Judges in the court a **Special Master** be appointed to oversee the case and ensure Justice

In many court cases, it may be necessary to appoint a special master to oversee specific issues. A special master is an individual who is appointed by the court to serve as an independent expert on a particular matter. This individual can be an attorney, an accountant, or any other professional who possesses specialized knowledge or skills that are necessary for resolving certain issues.

A request for a special master can be made by either party involved in a court case. Typically, the party requesting the special master will do so because they believe that the case involves complex issues that require the expertise of a specialized professional. The party may also request a special master if they believe that the other party is not providing accurate or complete information.

There are many situations in which a special master may be necessary. For example, in cases involving complex financial transactions, a special master with expertise in accounting may be appointed to review financial records and provide an expert opinion on the matter. Similarly, in cases involving construction defects or environmental hazards, a special master with expertise in engineering or environmental science may be appointed to evaluate the problem and determine the appropriate course of action.

Another example of a situation where a special master may be needed is in cases involving class action lawsuits. In these cases, a special master can be appointed to oversee distribution of any settlement funds or to determine the appropriate amount of damages that should be awarded to members of the class.

It is also important to note that a request for a special master must be approved by the court. The court will evaluate the circumstances of the case and determine whether a special master is necessary. The court will also determine the scope of the special master's duties and responsibilities, as well as the fees that the special master will be entitled to receive.

In conclusion, a special master can be a valuable asset in many court cases. By bringing their specialized knowledge and expertise to the table, the special master can help resolve complex issues and ensure that the best possible outcome is achieved. If you believe that your case involves issues that require the expertise of a special master, it is important to discuss this option with your attorney and request the appointment of a special master through the appropriate legal channels.

ADA ADVOCATE DISCLOSURE

That the ADA Advocate Janice Wolk Grenadier is not a lawyer and this should not be construed as Legal Advice or Legal Representation - but, a Natural Attempt at ensuring both sides are presented to the court and considered for the BEST INTEREST OF JUSTICE

The United States of America through its Constitution claims to be the Gold Standard of Justice throughout the World.

Advocate Janice Wolk Grenadier (JWG) can notify a Court that she will be working as an ADA Advocate due to the Legal Abuse by all appearance of the documents reviewed in the Clerks office of the Court with the finding of the questionable behavior of the Judge, the Court and or others.

This information that is entered into the Record can suggest an advocate is appropriate. That "The Appearance of Justice is Just as Important as Justice itself".

The documents the ADA Advocate can find in review show an injustice to the living, to the deceased and the heirs. That the SCHEMES of this and other courts to disenfranchise this family from Justice while protecting a powerful lawyer with many "Ole Boy" Network connections.

The cases can be and are extremely disheartening with the family and the docket, the documents speaking for themselves is being denied Justice.

Abuse matters, as all across America we have seen the "Me too" movement. The fact a Judge is asked to recuse for Bias and then another Judge would then empower the recused Judges ruling is always questionable. That the appearance and the documents usually show the denial of any and or all meaningful discovery, with all subpoenas are usually quashed after being filed. Again we look at the "Appearance of Justice is just as important as Justice itself"

We all have jobs where we may not like the person and or agree with the person, but our constitution calls for fairness in the courts.

The system on a regular basis fails the American Citizen / WhistleBlower. The appearance and the opinion as an Advocate from the documents in the court, and in the past seen the show an irresponsible, bullying, harassing, disingenuous behavior of a lawyer and Judge needs to be and should be reported to the appropriate places. **That the Professional Code of Ethics and Candor with the court requires such reporting.**

That review of ADA discrimination should be reviewed by the Department of Justice and the ADA Coordinator

You can file an Americans and Disability Act complaint alleging disability discrimination against a state or local government or a public accommodation (Private Business including, for example, a restaurant,

doctor's office, retail store, hotel, etc). A complaint can be filed online, by mail or by fax. To the US Department of Justice, 950 Pennsylvania Avenue, NW, Civil Rights Division Disability Rights Section, 1425 New York Ave, Washington DC 20530 or Fax 202-307-1197

All suggestions are just that, and the observations are not legal advice.

INFORMATION ABOUT ADA ADVOCATE

1. Being ProSe, Being Poor, Having a visible or invisible disability all people deserve to be treated fairly in a courtroom.
2. It has proven there to be several "silent crimes" against many in the courts.

Helping the justice system help itself: certified ADA advocates can be and in some cases should be part of the litigation team. Litigants with disabilities often need advocates in addition to legal counsel. The advocate manages the extralegal symptoms freeing the attorney to concentrate on the legal aspects of the case. The role of the advocate is the missing link in the judicial system by arranging accommodations to offset symptoms.

Advocates take on even a more important role if litigants do not have attorneys making their role as supportive counselor greatly needed. Advocates serve a unique and critical function in implementing the Americans with Disabilities Act to secure equal access. Opposing counsel will sometimes accuse them of unlicensed practice of law (UPL). However, the law is clear that an advocate simply ensuring the functionality of the client is protected under the ADAAA against all harassment, retaliation, false accusation and, when brought to the court's attention, a stop is generally put to such tactics Certified ADA advocates:

- come onto your case as a consultant and if needed expert witness.
- reviews each case to determine what accommodations based on their symptoms are needed in the courtroom or during legal proceedings.
- arrange evaluations to assess what your needs are apart from formal accommodations.
- prepares a request that is confidentiality provided to the access coordinator of the court requesting the accommodations.

Certified ADA Advocates are used and or considered needed in: Law firms

- Legal professionals need to know that law schools customarily don't teach training in the new regulations of the Americans with Disabilities Act of October 11, 2016.
- A client with an invisible disability must be accommodated privately per federal mandates. A diagnosis cannot be used to determine custody, guardianship, financial management of assets – only behaviors can be used to adjudicate, not a disability.
- Invisible disabilities must be accommodated in parity with physical disabilities.

Janice Wolk Grenadier has her Certificate from the University College of Syracuse University

Professional legal and medical services:

- Certified ADA advocates can practice in any state. Many lawyers practice law where they are members of the Bar but then use their ADA advocacy in other states where they are needed.

- Sometimes a person needs a person to help them get through stressful times.
- Did it feel like you went to court but did not get heard; did not have access; felt like the entire system was rigged against you? If you don't have equal access pre-arranged through court administration, this is how the court can feel. Once you have a certified ADA advocate, these feelings are eased because increasing communication in the court's makes the process fair.

STATEMENT of FACTS by an ADA Advocate

The Subject Matter of Question appears from the Docket, the Orders, Past Transcripts, the acts and actions of the Judges, the Defendants and or the Plaintiffs. **That Advocate Janice Wolk Grenadier is not a lawyer that 'Legal Abuse Syndrome' is real and it appears the system is systematically using any and all resources to harm many.**

The ADA Advocate will then list what she finds, at times adding an Exhibit List of documents that should be reviewed for the Plaintiff / Defendant / In Re to ensure that they are not a VICTIM of any Court.

That the appearance can show the scheme to defraud or any other crime through lack of Candor by the Judge and the Defendant / Plaintiff / In RE and others needs a full investigation by the FBI, the State Bar and the Judicial Commission to avoid the slippery slope of judicial misconduct

That any one person who was raised with integrity would be "Shell Shock". This is a pattern and practice where the courts are able to create a situation where one party of a dispute is demoralized and marginalized by the discrimination of the courts.

Victims can and are created two ways: violence and by deceit. When you are raised you are told the police are your friends. Being a Judge, Doctor and or Lawyer is one of the highest most respected professions.

Today all across America we are seeing whistleblowers' lives torn apart from what you find in the documents and the acts and actions of Gals, Guardians, Financial Guardians, Lawyers and Judges..

As stated in the beginning Janice Wolk Grenadier is not a lawyer. JWG is not making legal suggestions. JWG as a Certified ADA Advocate is **MAKING Common Sense suggestions of an investigation into the appearance of BIAS et al in a case by others.**

The issues at hand that are the most disturbing and chilling are the following:

1. The threats on the Defendants attorneys by the Judge for contempt and BAR complaints
2. That the United States Constitution is not allowed as a defense
3. That a strict time limit has been put on the case limiting the Defendant a Fair and impartial trial

That throughout the world people believe that the United States of America has one of the most upstanding and honest, fair Judicial systems. UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF COLUMBIA

UNITED STATES OF AMERICA,

v.

ELMER STEWART RHODES, III, *et al.*,

Defendants.

Criminal No. 22-cr-15 (APM)

ORDER

The court has considered Defendants' motions to continue their sentencing hearings. It is constrained to deny them.

The nature of this case requires that all nine Defendants be sentenced at or around the same time. All Defendants were found guilty of one or more felony offenses relating to the events of January 6, 2021. All but one of them (Defendant Caldwell) stands convicted of one or more conspiracy offenses involving the other Defendants. Assessing Defendants' respective roles and conduct in the alleged conspiracies will be essential to determining proportionate sentencing. Also, the court likely will be called upon to address legal issues that affect more than one Defendant. A sequenced sentencing of the kind the court presently scheduled is therefore critical to ensuring fair and equitable results.

The court's schedule will not permit moving these nine related sentencing. An extension of the 30 to 60 days requested by Defendant Rhodes conflicts with the court's scheduling of trial for the three remaining co-conspirator Oath Keeper defendants in July 2023. *See* Def. Rhodes' Sealed Mot. to Continue Sentencing and all Related Deadlines, ECF No. 496, at 1-2 [hereinafter Rhodes Mot.]. The additional three weeks sought by Defendant Minuta conflicts with another scheduled January 6 trial, *United States v. Christie*, 23-cr-5 (APM), and the D.C. Circuit Judicial

EXHIBIT

Conference the following week. See Def. Roberto Minuta's Mot. to Continue Sentencing, ECF No. 482, at 2 [hereinafter Minuta Mot.]. The earliest the court could accommodate a similar, sequenced sentencing schedule for all nine Defendants is early December 2023. The public interest cuts against such an extended delay.

Moreover, no Defendant has demonstrated good cause for a continuance. Mr. Rhodes seeks a continuance primarily because he recently was moved to a new Bureau of Prisons facility. See Rhodes Mot. at 1-2. But defense counsel does not explain why the four weeks that remain before his sentencing memorandum is due on May 5, 2023, is not sufficient time to prepare, even accounting for Mr. Rhodes' recent movement. Additionally, Mr. Rhodes says that the offense conduct described in the draft presentence investigation report (PSR) is inaccurate and "disregards the fact that the jury did not agree with a substantial portions of the government's theory of the case." *Id.* Even if that were true, counsel does not explain why an additional 30 to 60 days are required to submit controverted facts to the PSR writer. In any event, the court has now heard the relevant evidence across three different trials. If the PSR contains inaccuracies, the court will be able to easily resolve them.

Defendant Minuta asks for more time because his counsel is scheduled to serve as standby counsel to Brandon Fellows, a pro se defendant whose jury trial is set to start on May 22, 2023. See Minuta's Mot. at 2. But counsel does not explain why a standby commitment will interfere with submitting a sentencing memorandum 17 days earlier on May 5, 2023, or a reply ten days later on May 15, 2023. Also, Mr. Minuta's sentencing is scheduled for June 1, 2023, and Mr. Fellows recently moved to continue his trial. See *United States v. Brandon Fellows*, 21-cr-83 (TNM), Mot. to Continue, ECF No. 114. Even if the continuance is not granted, most

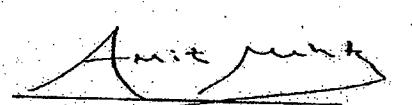

January 6th, single-defendant cases have been tried in less than one week. If counsel remains in trial as of June 1, 2023, the court can make an accommodation closer in time.

Finally, Mr. Meggs seeks a continuance because his counsel has a trial starting on May 16, 2023, but that case has been continued. *See* Def. Meggs's Mot. to Continue Sentencing, ECF No. 497-1, at 1-2; Gov't Opp'n to Def.'s Mot. to Continue Sentencing, ECF No. 516, at 5. More substantially, defense counsel has a personal health matter that he indicates will limit his availability in the weeks before sentencing. However, the first appointment is scheduled for May 9, 2023, after the initial sentencing memorandum is due. The court is prepared to accommodate counsel if he cannot carry out his duties in the following weeks. The court is not, however, prepared to wholesale continue the sentencing scheduling at this time.

Many of the remaining Defendants have simply joined in the motions already discussed and have not articulated any reason for a continuance unique to them. *See* Notice of Joinder by Jessica Watkins, ECF No. 499; Notice of Joinder by Thomas Edward Caldwell, ECF No. 502; Notice of Joinder by Roberto A. Minuta, ECF No. 510; Notice of Joinder by Edward Vallejo, ECF No. 511; Notice of Joinder by Kenneth Harrelson, ECF No. 513.

For the foregoing reasons, the court cannot grant Defendants' motions. The court, however, will extend the parties' response date to the draft PSR from April 7, 2023, to April 14, 2023, and the due date of the final PSR to April 28, 2023. All other dates shall remain the same.

The judge who spearheaded the judiciary's response to the storming of the Capitol on Jan. 6, 2021, blamed that event on "big lies" and warned that the country is in danger of turning toward authoritarianism.

As the federal court in Washington that Judge Beryl Howell once oversaw prepares for a historic trial of former President Donald Trump on charges of attempting to fraudulently overturn the results of the 2020 election, the jurist used a rare public speech Tuesday to lament that many of those convicted for their actions on Jan. 6 fell under the sway of falsehoods.

"My D.C. judicial colleagues and I regularly see the impact of big lies at the sentencing of hundreds, hundreds of individuals who have been convicted for offense conduct on Jan. 6, 2021, when they disrupted the certification of the 2020 presidential election at the U.S. Capitol," said Howell, an appointee of President Barack Obama.

Howell, who served as chief judge of the District Court from 2016 until March and remains on the bench there, also suggested that the dangers evident on the day of the Capitol riot have not passed — in part because some Americans have become unmoored from facts.

"We are having a very surprising and downright troubling moment in this country when the very importance of facts is dismissed, or ignored," Howell told the annual gala of the Women's White Collar Defense Association at a downtown hotel. "That's very risky business for all of us in our democracy. ... The facts matter."

Howell did not refer by name to Trump, who is currently the overwhelming favorite to win the Republican presidential nomination next year. She also made no mention of his trial set to open March 4 before one of her colleagues, Judge Tanya Chutkan.

However, Howell approvingly quoted Boston College historian Heather Cox Richardson's claim in her new book that the U.S. "is at a crossroads teetering on the brink of authoritarianism." The judge also quoted and echoed Richardson's warning that "Big lies are springboards for authoritarians."

Howell received a "champion" award Tuesday night from the women lawyers group, which she urged to help preserve democratic traditions by calling attention to the facts at the center of their work.

"The skills we use every day to figure out what the facts are and what actually happened in a civil respectful manner are a good model for our fellow citizens right now at this time of testing," she said.

Also receiving the same award Tuesday was the No. 2 official at the Justice Department, Deputy Attorney General Lisa Monaco.

The awards were presented by former Attorney General Loretta Lynch, who hailed the women lawyers organization for its efforts to promote diversity in the white-collar bar. Lynch appeared to allude to this year's Supreme Court decision outlawing race-based affirmative action in college admissions when she referred to "reactionary forces rising" and an "incredible backlash" against the movement to increase diversity.

In the wake of the high court rulings last June, at least two law firms have faced lawsuits challenging scholarships and fellowships alleged to discriminate in favor of minorities, and at least one other firm broadened its criteria for the awards.

Nine different federal judges have blamed Trump for January 6th

May 18, 2023

Since the January 6th insurrection and storming of the U.S. Capitol, federal judges have repeatedly and pointedly laid the blame on former President Donald Trump for inciting the attack. Other judges may soon face similar questions as they consider Trump's legal culpability for the insurrection, including whether he is constitutionally disqualified to hold public office under the 14th Amendment.

In fifteen cases overseen by nine different judges appointed by Republican and Democratic presidents, courts have not minced words in declaring that Trump was the central cause of the January 6, 2021 insurrection, echoing the findings of the bipartisan January 6th Select Committee. Time and again judges have found that Trump inflamed his supporters with the lie of a "stolen" election, urged them to "fight" to take back their country, and sent them to the Capitol to "stop the steal."

Trump used violent rhetoric to whip his supporters into a frenzy and do illegally what he had tried and failed to do legally: stop certification of the election for Joe Biden. Although Trump has not yet faced criminal charges for his efforts to overturn the 2020 election, federal judges hearing cases relating to the January 6th insurrection have repeatedly recognized the immense power and influence of Trump's actions and words over his supporters, as well as Trump's ultimate responsibility for the attack carried out by his supporters on his behalf and at his behest.

[Click here to jump to table.](#)

In a civil lawsuit brought by members of Congress and police officers who defended the Capitol on January 6th, U.S. District Judge Amit Mehta wrote that Trump's statements at his January 6th "Stop the Steal" rally were "plausibly words of incitement not protected by the First Amendment." The speech "was akin to telling an excited mob that corn-dealers starve the poor in front of the corn-dealer's home. He invited his supporters to Washington, D.C., after telling them for months that corrupt and spineless politicians were to blame for stealing an election from them; retold that narrative when thousands of them assembled on the Ellipse; and directed them to march on the Capitol building—the metaphorical corn-dealer's house—where those very politicians were at work to certify an election that he had lost."

In another case, U.S. District Judge Colleen Kollar-Kotelly highlighted Trump's responsibility in finding criminal defendant Danean MacAndrew guilty of several crimes for her participation in what the judge described as an "insurrection" on January 6, 2021. The judge found: "[A]t the 'Stop the Steal' rally, then-President Trump eponymously exhorted his supporters to, in fact, stop the steal by marching to the Capitol. Defendant marched to the Capitol where, she testified, she understood that only Congress had the power to fix the election's outcome and that Congress was likely in session while she was around and in the Capitol. Having followed then-President Trump's instructions, which were in line with her stated desires, the Court therefore finds that Defendant intended her presence to be disruptive to Congressional business."

During the sentencing of January 6th defendant John Lulos, Judge Mehta noted that Lulos was heavily swayed by Trump's rhetoric, and Lulos only left the Capitol building after being confronted by police officers who ordered him to leave. Judge Mehta pointed out that Lulos flew from Seattle to Washington, D.C. to protest what he called "voter fraud." After Trump's "Stop the Steal" rally, where Trump directed his followers to "fight like hell," Lulos joined others in marching to the Capitol building, breached police barriers and the building, and spent nearly 45 minutes inside, taking photos, waving his flag, taking selfies and other photos. He joined the mob in chanting at police officers trying to clear insurrectionists out of the building.

"The fact remains that he and others were called to Washington, D.C. by an elected official; he was prompted to walk to the Capitol by an elected official. People like Mr. Lolos were told lies, fed falsehoods, and told that our election was stolen when it clearly was not."

Judge Amit Mehta

At Lolos' sentencing, Judge Mehta said, "The fact remains that he and others were called to Washington, D.C. by an elected official; he was prompted to walk to the Capitol by an elected official. People like Mr. Lolos were told lies, fed falsehoods, and told that our election was stolen when it clearly was not." Judge Mehta recognized that Lolos, like many others that day, were "pawns" in Trump's scheme to overturn the 2020 election results.

Or take January 6th defendant Nicole Prado. She told the FBI that she anticipated violence on January 6th and willingly went into the Capitol building, despite her understanding that she was not supposed to enter the grounds. Prado eventually made her way into the office of the ranking member of the House Appropriations Committee. In her sentencing hearing, U.S. District Judge Rudolph Contreras said, "The events of January 6th involved the rather unprecedented confluence of events spurred by then President Trump and a number of his prominent allies who bear much responsibility for what occurred on that day."

Perhaps the most direct attribution pinning January 6th on Donald Trump came from U.S. District Judge David O. Carter in a lawsuit between the January 6th Select Committee and Trump lawyer John Eastman. In ruling that certain communications were not protected by the attorney-client privilege, Judge Carter concluded it was "more likely than not that President Trump" committed a felony by "corruptly attempt[ing] to obstruct the Joint Session of Congress on January 6, 2021." Judge Carter remarked:

"The illegality of the plan was obvious. Our nation was founded on the peaceful transition of power, epitomized by George Washington laying down his sword to make way for democratic elections. Ignoring this history, President Trump vigorously campaigned for the Vice President to single-handedly determine the results of the 2020 election. As Vice President Pence stated, 'no Vice President in American history has ever asserted such authority.' Every American—and certainly the President of the United States—knows that in a democracy, leaders are elected, not installed. With a plan this 'BOLD,' President Trump knowingly tried to subvert this fundamental principle. Based on the evidence, the Court finds it more likely than not that President Trump corruptly attempted to obstruct the Joint Session of Congress on January 6, 2021."

In these instances and more, federal judges have drawn a direct connection between what happened at the Capitol on January 6th and former President Trump's actions. Judges are assigning blame where it is rightly due. Instead of accepting his defeat in 2020, Donald Trump violated his oath to the Constitution by sending a violent mob of his supporters to disrupt the peaceful transfer of power for the first time in American history. His abuse of power threatened to undermine our democratic institutions. The evidence could not be clearer that Trump is responsible for what happened on January 6, 2021, and judges recognize that reality.

Additional Statements: "The President argues that, at most, Plaintiffs have pleaded that the President 'made political statements . . . at a rally meant to persuade political officials.' But that contention misses the forest for the trees. It ignores the larger context of the Rally Speech. For months, the President led his

supporters to believe the election was stolen. When some of his supporters threatened state election officials, he refused to condemn them. Rallies in Washington, D.C., in November and December 2020 had turned violent, yet he invited his supporters to Washington, D.C., on the day of the Certification. They came by the thousands. And, following a 75-minute speech in which he blamed corrupt and weak politicians for the election loss, he called on them to march on the very place where Certification was taking place.”; Plaintiffs’ allegations show a call-and-response quality to the President’s communications, of which the President would have been aware. The Complaints contain numerous examples of the President’s communications being understood by supporters as direct messages to them and, in the case of the January 6 Rally, as a call to action.; [T]he President’s January 6 Rally Speech can reasonably be viewed as a call for collective action. The President’s regular use of the word “we” is notable. To name just a few examples: “We will not take it anymore”; “We will ‘stop the steal’”; “We will never give up”; “We will never concede”; “We will not take it anymore”; “All Mike Pence has to do is send it back to the states to recertify, and we become president”; “[W]e’re going to have to fight much harder”; “We can’t let that happen”; “We’re going to walk down . . .”; “We fight like hell”; “We’re going to walk down Pennsylvania Avenue.”

An internal FBI email sent the morning of January 5, 2021 warned, “unfortunately there is the significant possibility of violence” on January 6, as “[w]e start the year with a tumultuous week in DC.”

The email, part of a large tranche of FBI communication obtained by CREW under the Freedom of Information Act, gives a never before seen look at the agency’s internal discussions leading up to the attack on the Capitol—and how it differed from the Secret Service’s conclusion that January 6th protests posed “no indication of civil disobedience.”

A January 3rd email between agents at the FBI’s Washington Field Office (WFO) said, “FYI, the 6th is beginning to get a lot of attention.” However, the agency appeared to grapple with the decision about whether to send January 6th intel to the agency’s partners ahead of the protests. In another email sent on the 3rd, an official wrote, “As you are both aware during the last event we were inundated with requests from both external partners and internal FBI

entities asking to be included" on intel, and asking for protocol "seeing as [January 6] is gaining a lot [sic] of attention from the USIC." An email the next day instructed that the Washington Field Office would "not be releasing anything outside of WFO EM [Executive Management] regard[ing] January 6th."

The FBI did not appear to have a clear playbook on how to handle sharing information with other agencies and struggled with the lack of a central process, even as some suspected the protests on the 6th would be dangerous and different from others. On January 2, 2021, the WFO's Assistant Director in Charge wrote, "no one knows what is going to happen and that scares them so they want to know what the intel is and plan accordingly but that is tough because there really is no centralized role in this for Defense or the Federal government components. This sits squarely in MPD's realm. I'm trying to tamp this down with the Deputy like I have the last couple of protests but this one may be different."

Like the Secret Service, the FBI zeroed in on the Million MAGA March, but appeared to consider it a greater threat than the Secret Service did. While the Secret Service noted that the previous Million MAGA Marches drew "large groups of some minor reports of violent activity," it repeatedly came to the conclusion that there was no threat of civil disobedience. The FBI, on the other hand, weighed the potential for violence in emails about the incoming protestors: "On 1/6 they'll travel to DC for the Electoral College vote. Some of the members have made violent statements, though it's unclear whether they intend to instigate violence in DC or simply be prepared to respond to violence in kind."

Eric,

Good afternoon. I'm on the desk for [REDACTED] cc'd) this week. FB [REDACTED]

[REDACTED] On 1/6 they'll travel to DC for the Electoral College vote. Some of the members have made violent statements, though it's unclear whether they intend to instigate violence in DC or simply be prepared to respond to violence in kind.

We wanted to give you a heads up that we may request cooperation from MDPA, should there be any federal criminal violations when the members are in MDPA territory, such as felon in possession or communication of threats.

The Secret Service received and circulated intel that it ultimately appeared to dismiss rather than act upon leading up to January 6th. The agency was aware of social media content indicating potential violence on

the 6th, including those posted by far-right groups like the Proud Boys and neo-Nazis. It received a shooting threat against then-Senate Minority Leader Chuck Schumer, witnessed threats against Mike Pence and Joe Biden, and held onto a threat against Nancy Pelosi until after the insurrection. The FBI later investigated the roles that groups like the Proud Boys played in January 6th, leading to the conviction of a number of prominent Proud Boys members.

These newly obtained records show the FBI was aware of what many members of the public could see for themselves: there was a real risk of violence on January 6th. The FBI's awareness of that risk, however, failed to lead to a law enforcement response that was prepared to handle it.

FBI's 'attack on pro-life Catholics' is what you get in Biden's America, Jim Jordan warns

House GOP report says the FBI interviewed a priest, church choir director ahead of anti-Catholic memo

By Charles Creitz Fox News

House committee backs up bombshell FBI Catholic-monitoring allegations

House Judiciary Committee Chairman Jim Jordan, R-Ohio, sounds off on 'Hannity' with new details.

Growing bombshell allegations that at least one FBI field office monitored Catholics simply bears out the sentiment of President Biden's 2022 Philadelphia address, in which he stood in front of Independence Hall and declared "MAGA Republicans" a "threat to democracy," Rep. Jim Jordan told FOX News. Jordan, R-Ohio, chairman of the House Judiciary Committee, extrapolated on a report his panel released Monday on the FBI's apparent plan to monitor Catholics out of its Richmond, Virginia, office for any suspected domestic terrorism.

FOX News learned earlier Monday from the House Government Weaponization Committee that the FBI interviewed both a priest and choir director despite documentation showing "no legitimate basis" for the memorandum that would insert the Feds into churches.

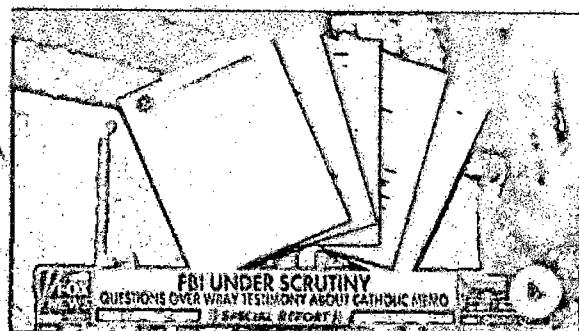

Jordan, who chairs both panels, had previously probed the idea that the FBI would categorize some Catholics as potential domestic terrorists.

On "Hannity," Jordan said FBI officials previously claimed the issue only occurred in Richmond, but has since found out the "attack on pro-life Catholics" was more expansive.

FBI Director Christopher Wray has testified that once headquarters learned of the memo, his office ordered its immediate recission and withdrawal.

Jordan, however, said Monday the issue itself and its reported expanding net is believable and par for the course – pointing to how the FBI raided the home of Kintnersville, Pennsylvania, pro-life activist Mark Houck and arrested him in front of his family on a case relating to behavior outside a Philadelphia abortion clinic that Pennsylvania authorities previously declined to prosecute.

"When that [federal] case goes to court, Mark Houck wins," Jordan said. "Which is – that's how ridiculous this all is. So that's what our report spells out."

Jordan noted Houck had offered to turn himself in, but instead was met by the full force of the bureau: "That is not how you're supposed to operate in this great country."

He went on to reference Biden's speech before the physical birthplace of American government, where he was notably standing stern-faced against a dark-hued red background and claimed Trump-supporting Republicans "represent an extremism that threatens the very foundations of our republic."

"Remember when Joe Biden stood in front of Independence Hall and talked about how one half of the country is fascist?" Jordan asked. "It's this whole mindset. If you're pro-life, if you're a traditional Catholic, somehow you're radical, somehow you're an extremist."

"This is part of the Justice Department that said, if you're a mom and dad going to a school board meeting, you're an extremist as well... this is what's so scary."

Jordan added that the FBI's behavior continues to make the case against funding the eventual conclusion to a currently tense battle to relocate the bureau to a new headquarters outside the District of Columbia.

The inspector general for the General Services Administration – which handles government properties – is investigating the Biden administration's site selection for a proposed new headquarters in Greenbelt, Maryland, where NASA-Goddard is also based.

Virginia officials have united in bipartisan outrage over the process, as GOP Gov. Glenn Youngkin and Democratic Sens. Mark Warner and Tim Kaine have asserted Springfield, Virginia, is instead more in line with the stated criteria for an FBI relocation site, citing Virginia's established prominence in hosting other similar agencies like the CIA and Department of Defense nearby.

Judiciary Committee Uncovers Multiple FBI Field Offices Coordinated to Prepare Anti-Catholic Memo

August 9, 2023

WASHINGTON, D.C. – House Judiciary Committee Chairman Jim Jordan (R-OH) and Subcommittee on the Constitution and Limited Government Chairman Mike Johnson (R-LA) just sent a letter to FBI Director Christopher Wray revealing that the FBI Richmond Field Office coordinated with multiple FBI field offices across the country to produce the memo targeting traditional Catholics as potential domestic terrorists. This startling revelation contradicts Director Wray's July 12, 2023, testimony before the Committee, when he stated the FBI's actions were limited to "a single field office." In fact, the new document—a lesser-redacted version of the anti-Catholic memo—explicitly shows that both FBI Portland and FBI Los Angeles field offices were involved in or contributed to the creation of FBI's assessment of traditional Catholics as potential domestic terrorists.

The Chairmen's letter reiterates outstanding requests, including the request to conduct a transcribed interview with the Chief Division Counsel who approved the Richmond document, invites Director Wray to correct his testimony to fully explain the nature and scope of the FBI's assessment, and demands new documents and communications to further the Committee's investigation.

Read the letter:

"The Committee on the Judiciary is continuing to conduct oversight of the Federal Bureau of Investigation's (FBI) assessment of traditional Catholics as potential domestic terrorists. From information recently produced to the Committee, we now know that the FBI relied on information from around the country—including a liaison contact in the FBI's Portland Field Office and reporting from the FBI's Los Angeles Field Office—to develop its assessment. This new information suggests that the FBI's use of its law

enforcement capabilities to intrude on American's First Amendment rights is more widespread than initially suspected and reveals inconsistencies with your previous testimony before the Committee. Given this startling new information, we write to request additional information to advance our oversight.

"For months, we have sought information relating to the FBI's document generated by the Richmond Field Office, dated January 23, 2023, and entitled, 'Interest of Racially or Ethnically Motivated Violent Extremists in Radical-Traditionalist Catholic Ideology Almost Certainly Presents New Mitigation Opportunities.' On April 10, as a result of the FBI's failure to voluntarily comply with our request, the Committee issued a subpoena relating to this document. On July 17, 2023, we wrote to you noting that if the FBI failed to 'substantially improve its compliance' with the subpoena, the Committee may seek to enforce the subpoena through contempt proceedings.

"On July 25, 2023, the FBI produced a version of the Richmond document with fewer redactions than the two previous versions it had produced. This new version shows that the FBI's actions were not just limited to 'a single field office,' as you testified to the Committee. The document cited reporting from an 'FBI Portland liaison contact with indirect access' who informed on a 'deceased [Racially or Ethnically Motivated Violent Extremist (RMVE)] subject' who had 'sought out a mainline Roman Catholic community' and then 'gravitated to [Society of Saint Pius X (SSPX)].' In addition, the document noted how an FBI undercover employee with "direct access" reported on a subject who 'attended the SSPX-affiliated [redacted] Church in [redacted] California, for over a year prior to his relocation.' The document states that FBI's Los Angeles Field Office initiated an investigation on the 'RMVE subject.' Most concerning of all the newly produced version of the document explicitly states that FBI Richmond '[c]oordinated with' FBI Portland in preparing the assessment. Thus, it appears that both FBI Portland and FBI Los Angeles field offices were involved in or contributed to the creation of FBI's assessment of traditional Catholics as potential domestic terrorists.

"This revelation raises the question of why you redacted this information in previous versions of the document you produced to the Committee, and it reinforces the Committee's need for all FBI material responsive to the April 10 subpoena, including the production of FBI's Richmond document without redactions. We look forward to receiving a briefing on the FBI's internal review of this matter and to interviewing the Special Agent in Charge of the Richmond Field Office. However, we again reiterate our outstanding requests, including our request to conduct a transcribed interview with the Chief Division Counsel who approved the Richmond document.

"We wrote to you on July 18 inviting you to correct the testimony you provided on July 12 related to the FBI's role in the censorship of American speech. This new information raises additional concerns about the accuracy, completeness, and truthfulness of your testimony. We invite you to amend your testimony to fully explain the nature and scope of the FBI's assessment of traditional Catholics as potential domestic terrorists.

"Finally, to inform our ongoing oversight of the FBI and to ensure the First Amendment guarantee of free exercise of religion is protected from government overreach, please also provide the following documents and information:

1. All documents and communications between the FBI's Richmond Field Office and the FBI's Portland Field Office referring or relating to the reporting cited in the January 23, 2023, Domain Prospective, entitled 'Interest of Racially or Ethnically Motivated Violent Extremists in Radical-Traditionalist Catholic Ideology Almost Certainly Presents New Mitigation Opportunities';

2. All documents and communications between the FBI's Richmond Field Office and the FBI's Los Angeles Field Office referring or relating to the reporting cited in the January 23, 2023, Domain Prospective, entitled 'Interest of Racially or Ethnically Motivated Violent Extremists in Radical-Traditionalist Catholic Ideology Almost Certainly Presents New Mitigation Opportunities';
3. A list of FBI intelligence products that have also cited the reporting done by the FBI's Richmond Field Office and the FBI's Los Angeles Field Office, as well as any other investigations initiated based on the same; and
4. Confirm the placement and access of the FBI's Portland Field Office liaison contact with indirect access and the FBI's Los Angeles Field Office Undercover Employee with direct access.

"Please provide this information as soon as possible, but no later than 5:00 p.m. on August 22, 2023. Thank you for your prompt attention to this matter."

In December of 2023 The USDC DC Appeals Court - retook the Jurisdiction of Spring St.

In 2023 Orange, Virginia Judge Franzen stated in court:

If I had my way about it
I would Sanction you for \$50,000.
I would make it time for certain
I would then throw you in Jail for Contempt

By all appearances, Judge Franzen then tampered with my Jury Trial in Charlottesville, VA against:

Bill Barr,
James Comey and
Andrew McCabe -

His friend Judge Moon cooperated apparently gleefully with his "Old Boys Network" friends

In December of 2022, the City of Alexandria, Clerk of Court deleted the filed Grand Jury Case from the Docket in the City of Alexandria

In 2022 the Virginia Appeals Court created a Mediation that is only for lawyers and Pro Se Litigants are not allowed. This is racist

In 2022 JWG was granted a Jury Trial Against James Comey, William Barr and Andrew McCabe in Charlottesville Virginia

In April of 2019 IG Horowitz had Mr. Fletcher call me for an investigation into the criminal behavior and then informed me - I can only talk about what they want to hear - Since when does a "VICTIM" get BULLIED by the investigators - DOJ and the FBI - Welcome to the "NEW AMERICA" were we have no Freedom

In October of 2017 I was hospitalized for being poisoned, there have also been several other attempts on my life since 1997. Some could say and at times I feel **My life has been ruined by the DOJ & FBI - Judges who are bias**

In/on February 1. 2019 I was poisoned for the second time.

I have been oppressed no different than if I was a Jew in Germany under Hitler - but, I live in America and am Catholic

I am here today as a Whistleblower to expose how the Department of Justice is no different than Hollywood and Harvey Weinstein or recently CBS

On Nov 16, 2017 when I stopped at a bar on my way home from an event - AG Jeff Sessions **Deputy Assistant Attorney General** bragged how he had just been approved by the Senate giving him the Power to get me, Justice.

He stated "Come back to my apartment" His job, his Power - his Oath of Office just as Harvey Weinstein's / CBS victims did what they had to - In my desperate state - my only chance for justice - I went back to his apartment - I did what he wanted - but, he will not do what he agreed to do - his job.

After several emails and phone calls and trying to work this out.

A Demand letter in JUNE went to AG Jeff Sessions and **Sarah Isgur Flores**¹ **Director of Public Affairs** at the DOJ. **For an** investigation and Justice for me and/or to use that **Trillion Dollar "Slush Fund"** that the DOJ allows the RICH / Banks / Corporations instead of jail to "Buy Justice" and fund their "FUN" as the "**SLUSH FUND**" is not accountable monies just like forfeiture monies

As Harvey Weinstein / Hollywood² / CBS should be held accountable - so should the DOJ for selling "**Justice for SEX, Money, and Power**"^{3 4 5}

Today as a WhistleBlower I expose the Corruption of our State and Federal Judges and the Department of Justice and the FBI "**Justice purchasable for SEX, Money and Power**"^{3 4 5}

Why we came together To aid the Washington, D.C. Metropolitan Police (MPD) utilizing forensic psychology skills and tools in hopes of providing at least one actionable item to MPD.

What we found After a three-month review and investigation into the death of Seth Rich, The Profiling Project notes the following:

1. Seth's death does not appear to be a random homicide
2. Seth's death does not appear to be a robbery gone bad
3. Seth's death was more likely committed by a hired killer or serial murderer
4. There may be additional video surveillance of the crime and crime scene
5. The resolution of prosecuting the individual(s) responsible appears to be hindered both actively and passively
6. Seth's killer(s) most likely remains free within the community

Suicide:

1. Chris Mackney
2. Megan Owen Barry

This puts together several known facts – through the life of Janice Wolk Grenadier and different News articles and book facts from “Bullied to Death” the Chris Mackney story, Edited and Published by FamilyCourt.com, INC attorney Michelle McDonald, written by: Mike Volpe. The obvious is being covered up by the FBI, the Judiciary, the Government and Elected Officials who are using their personal “POWER and FINANCIAL POWER” to illuminate those that they find annoying or who may get in their way through Murder for Hire or Questionable Suicides, illegal jailing that when put together it shows a pattern and practice of the “Old Boys Network” in the State of Virginia. What do they all have in Common Governor Terry McAuliffe had something at Stake?

Pete Scamardo in 1968 hired a hitman Charles Harrelson to kill his childhood friend Sam Delegia Jr, which brings the question was the idea of how to get rid of your spouse / or other brought to the Old Boys Network in the 70's by Pete Scamardo as the hits known began in or around 1984 with Dr. Rixsey. By the 1990's in two Commercial / Land Development Associations known Nationwide with headquarters in the City of Alexandria Pete Scamardo was President, Chairman on the boards as an active citizen – hiding his true identity and past criminal history from the locals. This started to unravel, to be exposed through the divorce of his daughter to Chris Mackney who would take his own life in December of 2013 from the bullying of Pete Scamardo, his attorneys whom he paid handsomely and Judge Bellows who today is the Judge for Charles Severance. That Judge Bellows by all appearances in the news and record has disallowed any negative information or truth on the spouses / third parties or issues the victims may have been having with others prior to opening their front doors in the City of Alexandria and being MURDERED.

That is where Janice Wolk Grenadier lives in a circle around Janice there have been 5 known Murder type hits – Dr. Rixsey, John Doe, Nancy Dunning (which you will read came to Janice's home twice to check on Janice, now believed Nancy knew more and was from what Nancy said afraid of what could happen and maybe knew what was going to happen to her) Ron Kirby and Ruth Ann Lodato. All five have strong connections to the Old Boys Network.

July 1. 1984 Who shot Dr. Robert Rixse / Murdered for opening his front door? We know who hired the killer – the boyfriend of his ex-wife. But what is the evidence of who shot him? Did the bullets that killed Dr. Rixse in 1984 match the bullets of Nancy Dunning and others? Where were they tested? The story the police released

was that the murderer with no evidence was a man floating in the Potomac dead who had Mafia ties. Easy for the City of Alexandria police and the FBI as they consider this murder solved.

In or around November of 1989 were the first rumblings of money being stolen out of the Sonia Grenadier Trust. The appearance of the Facts and documents I have which are not all of them - The Judiciary / FBI and now I know Judge Hilton / Judge Hudson really stepped in to help Cover Up a lot of it and today these two Judge Hilton is/are trying to SILENCE ME

1. Fagelson firm had to have known prior to Jim Arthur being moved on Dec 31 of 1989 and or Jan 1st of 1990
2. Mays & Valentine / Troutman Sanders all excited about getting Jim Arthur was by all appearances set up
3. On July 7, 1990, the morning after Giving Birth to my first daughter who was born with a heart issue and in intensive care before 9 am that morning Ilona Grenadier called me with her great plan
4. The plan is to loan DAVID \$30,000. She writes the note and the interest is for 10% accrued and due in 30 years
5. Ilona made it clear I was not to talk to anyone about this
6. Ilona made it clear that I was to do exactly what she told me or David would go to jail and I and my daughter would be seeing him behind glass walls the day after he would be raped
7. I was to go to Mays and Valentine and do an accounting - this was a setup.
8. I did an accounting with What I had to work with - she lied to everyone involved about how much was stolen

In November of 1991 my second little girl was born and David wanted out.

He would lay in bed like a baby saying he wanted to commit suicide

Ilona was basically no help.

I tried to take on all the responsibilities and "FIX" everything.

David had the perfect job handed to him at this time that Ilona FIRED him. It was with Metro whom he had been doing some work. He lied to me about the pay, about the benefits, everything about it to try and make me the bad guy and tell him not to take it. He told all his friends how horrible I was and I was the one who told him not to take it. I would learn the truth later in all this.

David hated me and everything about me. He wanted out but had to figure a way to actually work.

We then have an unknown date and name of John Doe Murdered for opening his front door in the City of Alexandria, also connected to the Old Boys Network and Murdered, who has received no real press that can be found.

Then on or around **September 3rd of 1997** on an unexpected cab ride to the airport as Janice's x-husband David Grenadier (son of the late Judge Albert Grenadier and step-son of Divorce Lawyer Ilona Ely Freedman Grenadier Heckman of Grenadier Anderson Starace Duffett and Kieser)

1. as he was supposed to take Janice to the airport and was late,
2. Janice was outside waiting and not in her home.
3. Janice's ex-husband as Janice had called him to find out where he was – started yelling at her and saying a cab was on the way.
4. Janice can presume now his disappointment that the money it appears he and Ilona spent to have Janice killed has come back to haunt them.
5. When Janice got in the cab the driver could hear David yelling he said to Janice hang up the phone, hang up the phone if you don't hang up the phone I will pull over and hang it up for you.
6. Janice hung up the phone, the driver then said we can take care of that for \$5,000.00 – you don't have it – then \$2,000 we can work it out.
7. Janice was handed a phone number, and
8. Janice tossed it in the trash can thinking it had been set up –
9. Janice now believed without question it was to be a hit and today she was to be dead.
10. Janice has never been questioned by the City of Alexandria Police or the FBI even though she has reached out several times with her information through Commonwealth Attorney Bryan Porter & Sheriff Lawhorne (who had her tortured in jail)
11. In February / March of 1998 Nancy Dunning who would open her front door in 2003 came to Janice on different occasions to check on her safety. The question now arises: was she aware of the outcome that was meant for Janice in September of 1997?

November 1997 Lawyer Ilona in collusion with David Grenadier, Andrea Grenadier, and Robin Grenadier passed a rumor around that caused **David Grenadier to pull a gun in the home with Janice's girls in the home.**

On or around February of 1998 I was given a Property Settlement and Parenting Agreement that Divorce Lawyer Ilona Grenadier did what she wanted and what was best for her. That she had written which goes against the Professional Code of Ethics

Ilona will tell you how I left phone messages for her trying to get her to help me save my marriage and my family

She is right, I did do that. Because I wanted my girls to have a mother and father - **what I didn't know** is what a bigot she was and the HATE she had for Catholics and how that did not fit into her SCHEME to steal everything from me and my girls as she had to Sonia.

Did I make mistakes in all this? Yes - I wish I had not been as naive, as in love with David and the picture of the family I wanted.

David emptied any and all bank accounts he could - he had also opened accounts he did not have the authorization to - that he took monies from. He stated and his girlfriend stated very clearly to me - David never loved me - I just looked right for the picture.

David for months prior to moving out would move things out during the night if it had value - taking the best cooking pots and pans - to me they were things and the only thing I asked for was that if he took a picture out of my photo albums that he would let me know so I could get a second one made. He didn't take a single picture of the girls.

February of 1998 on the day of the girl's Girl Scout Valentine's dance -

- Prior to the beginning of the evening, a woman called to let me know everyone knew David was leaving me.
- I forced him to tell the girls and he moved out.
- He did not hug them - He had no emotion -
- The girlfriend's parents knew because he had told so many people and they would see him in the Safeway shopping for groceries with his new girlfriend
- He had this point had his own apartment and all new furniture

In June of 2000 my divorce would become final. With no property settlement,

I would learn the appearance of how Taylor Burke the Third would collude illegally with Ilona to help ruin me and empower her.

This is why it was so important when Judge Haddock retired for Judge Clark to get that Judgeship - and just one of the reasons behind jailing and torturing me in 2014.

February 2003 the Suicide of Megan Owen Barry wife of Fairfax County Sheriff Stan G. Barry – The Washington Post reported that at 12:30 am Sheriff Barry had stepped out and when he came back his wife had committed suicide. The Blue Wall calls this a Murder but of course no investigation.

December 2003 the Murder of Nancy Dunning wife of City of Alexandria Sheriff James Dunning – never questioned “oops” say the Police when Dunning died in South Carolina a few days after Janice Wolk Grenadier on the radio questioned the investigation or lack of investigation into the Murder.

September 2007 - I go back to court for my money - my property settlement - at the time it was just one property -

Ilona lied in court and the Sheriffs colluded and purposely did not serve my x-husband and lost the paperwork

That night at the Capital Grill I sat at the bar crying like a baby - Sitting next to be was a Federal Judge who asked me, “What are you crying about?” When I told him he said you should be celebrating you just won your case. The judge doesn’t like it when lawyers lie. He helped me outline my case and a DEFAULT JUDGMENT - the Slippery Slope of one of the biggest Cover-ups with Knowledgeable Intent would begin.

May 2008: Divorce Lawyer Ilona would turn to me to state very clearly in court:

1. That I could not win as Judge J. Howe Brown was her good friend she gave him free legal advice all the time
2. That she and her family had nothing to do with me and my girls because I was Catholic and the girls had gone to Catholic School
3. David did not steal the money from Sonia

This was to intimidate me, and to rub in my face how she had SCAMMED ME !!

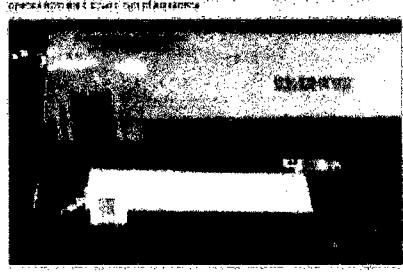

Then that same day we would go into Judge's Chambers where I would introduce myself to Chief Judge Donald Haddock who would go on to confirm everything Ilona had stated ***You will never win this*** “I / We LOVE LOVE LOVE Ilona” he had recused himself but would choose all retired Judges who would rule by Bias, Friendship et al for the LOVE LOVE LOVE of Judge Haddock et al. I wonder often how his wife feels about his STRONG LOVE to ignore the law to rule to do whatever he had to for her?

- Ilona a DIVORCE Lawyer stole in the MILLIONS from Sonia Grenadier the last property sold recently
- \$30,000. Note she demanded to hold onto which was SCAMMED through Mays & Valentine aka Troutman Sanders
- The Liquidation agreement without my signature done in November of 1997 by a lawyer not Licensed in VA
- The lying in court documents by her and her lawyers --00 ?”
- The lying in court documents and in court by David and his lawyers

March of 2011 – City of Alexandria police, Fire, and Ambulance come to the home of Janice Wolk Grenadier while she is on travel – she is supposedly “DEAD” in the home? There is no record of this in the City of Alexandria. Two neighbors have confirmed this with Janice and the one who convinced the police to not hack down her door but to allow him to open it with the key he had. It was not until June of 2011 when Janice’s neighbor shared this with her she became aware of it. When researched there is no record yet two other neighbors have confirmed this.

December 2011 / February 2012 – Deliberate tampering with knowledgeable intent of the Grand Jury by Judge Potter and Commonwealth Attorney Randy Sengel

October 2012 – Janice’s documents were submitted into the record when she went to check that they had been filed – she was told to take them or they would throw them out, Janice refused to take them and then they were mailed back to her by Judge’s Kemler, Dawkins and Clark. The box about 4” thick has been x-rayed and shows the documents but, never opened still In the box

in December / January time frame of 2012 & 2013 Lawyer Ilona in collusion with others as a favor or hired a gentleman that goes by the name of Mark Stuart who informs Janice he was to drug Janice and get sexual inappropriate pictures of Janice, or to rape one of Janice's daughters, or to plant drugs on Janice's daughter or in the home to give Circuit Court Judge's Kemler, Dawkins and Clark, information to make JWG incompetent to file any other documents.

Mr. Stuart said that "**Lawyer Ilona will go to any length to harm Janice or Janice's daughters**". That Lawyer Ilona will continue to do what she can to distract Janice from becoming successful and moving on with Janice's life. That Lawyer Ilona is a "Greedy Jew" and that all Lawyer Ilona's actions are deliberate to cause harm to Janice. When the Alexandria Police were called they informed Janice they were instructed by Commonwealth Attorney Randy Sengel to not take any reports of the issue. *****The FIRST Picture

February 18, 2014 - FBI cautions residents of public corruption in Va. -

<http://www.wusa9.com/story/news/local/2014/02/18/fbi-cautions-residents-of-public-corruption-in-northern-virginia/5585877/> WASHINGTON (WUSA) -- The Federal Bureau of Investigation's (FBI) Washington Field Office is looking to identify any public corruption occurring in Northern Virginia. The FBI says public corruption can occur "when a public official, at any level of government – local, state or federal – does any official act in exchange for money, or other free goods or services, for private gain. Public corruption could also include public employees who take something of

value for their own personal gain, thereby violating the public's trust." The FBI says many of their investigations into public corruption start once they receive a tip from someone. If you want to help identify potential criminal activity, the Washington Field Office has set up a Northern Virginia Public Corruption Hotline at 703-686-6225 and you can also e-mail them at NOVAPC@ic.fbi.gov.

Some of the examples of corruption include:

Government officials such as DMV employees, city inspectors, taxing or zoning assessors or other regulatory agency employees, or even town councils or mayors;

Contracting officials at all levels, including those who manage government contracts or regulatory permits; or, school resource officers who manage school accounts;

Local officials colluding with real estate investors to rig the bidding process at foreclosure auctions;

A person representing the judicial branch - a judge, member of the jury or court personnel; or,

A person representing law enforcement, who steals drugs from criminals, embezzles government funds, falsifies records or smuggles contraband

February 2014 the Murder of Ruth Ann Lodato for opening her front door, daughter of Judge Giammittorio & sister to Judge Bob Giammittorio

*****The FIRST Picture of the person who Murdered Ruth Ann Ladoto resembled Mark Stuart - I immediately went to the Sheriff's office not realizing the Sheriff was involved in the Cover-up. The Sheriff Longhorne would not meet with me, he had me meet with his brother - who is now retired - I have always wondered if it was because he had a conscience, something his brother "The Sheriff" didn't have.

*******On JUNE 14, 2017 at the shootings of the Congressman** the following pictures show him walking away from me – and then as I hid he came back and I got the following pictures Secret Service, Capitol Police all are ignoring the threat this man plays:

2. That on Wednesday November 14, 2017 Mr. Stuart would reappear not realizing I would wonder over to the ball field in my neighborhood around 10:00 am after the shootings. That Janice would get a weird feeling and look up to see Mr. Stuart who would walk quickly away once he realized Janice had seen him these are the pictures of him walking away

Mr. Stuart is the man in the light shorts, blue shirt and baseball hat, with Sun Glasses. When I saw him he quickly started to walk away – I tried to follow him and realized I had to be in court on Friday in regard to Judge James Clark who had hired this man to harm me and my girls.

I tried to get the police or FBI to help me – Neither would.

I then hid and waited for him to come back and then took these pictures of him knowing I would need proof.

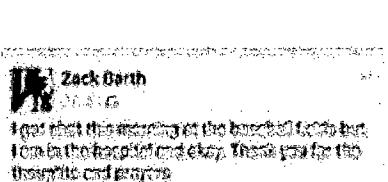

You can see Mr. Stuart behind the police car when he came back taking video of the crowd –

The next set of pictures I enlarged his face and took screenshots to show that it was him when you looked at the above picture from 2013.

Why is this important: This was Wednesday June 14, 2017. I had a hearing in Judge Hilton's court room for Friday June 19, 2017 to argue my Reconsideration for his Dismissal of my case against Judge James Clark who had been the one originally to have Mr. Stuart to harm me and my girls what happens next and the other information I had been saving is chilling.

Was he the only Shooter?

As Governor Terry McAuliffe of Virginia comes out against Gun Control?
City of Alexandria / FBI / Secret Service ignore that Mark / Michael Stuart at BB Field? In a State and City where "Murder for Hire" is the norm?

A Blog was then started on Janice Wolk Grenadier to ruin her:

§2071, Records and Reports – Concealment removal or mutilation generally, §2076. Whoever, being a clerk of a district court of the United States, willfully refuses or neglects to make or forward any report, coticated, statement or document as required by law, shall be fined under this title or imprisoned not more than one year, or both."

When Divorce Lawyer and or others hired or as a favor Mark / Michael Stuart to drug Plaintiff and get inappropriate pictures, or rape one of Plaintiff's daughters, or plant drugs on one of Plaintiff's Daughters or in the home of Plaintiff and her girls in the November / December 2012 time frame. When Defendants in collusion or ignored the threat:

Janice Wolk Grenadier supports the Anti Christs Obama and Hillary Clinton

Not only is Janice Wolk Grenadier a traitor to the American people by being a card carrying Commie Pinko but she is also supporting the Anti Christs Obama and Hillary Clinton. Yes we said it here, Anti Christs meaning plural. Why is Janice doing this? Because they are not only going to let her keep her hairy vag but they are going to give her the chance to grow a penis as well. Well penises. Yes, Janice Wolk Grenadier will have 6 penises all over her body including one over her vagina. The other 5 will be as so: one in the palm of each hand, one on the boottom of each foot and one right where a tramp stamp would be on her back. That way when Janice Wolk Grenadier dies, she can go to Allah's heaven and have her 72 virgins. These 72 virgins will be a mix of males and females that she can rape with all of her penises and then the next morning at sun up they become virgins again. We have figured it out that the fetal body of little Joshua that Janice keeps in the basement of her home is going to be the vessel for the Dark Lord Satan himself to resurrect in a human body to carry out the apocolypse. That way, Janie Wolk Grenadier is guaranteed her 6 penises.

Proof she supports the Anti Christ is in her letters she has posted and her other posts of Hillary's and Obama's support defending both on everything Loretta Lax Miller fought against including the ObamaCare and Islamic Terrorism which Obama and Hillary support. Janice is for the destruction of the Catholic Church's values of having Nuns despense birthcontroll pills. Janice supports this by supporting Hillary Rodham Clinton and Barack Husein Obama. Everything Obama stands for is to destroy American Family Values and Janice has no values and worships Satan.

We at Muggy Cat take the religious stand that Janice is the Anti Christ and does not beleive in God and the wonders God has done on this Earth. Maybe Janice should move to sin city Las Vegas and sell her soul as well as her fugly body on the strip since she is whoring for Satan.

We hope that you join us on Friday, January 10th, 2014 outside of Janice Wolk Grenadier's house to protest her anti-American pro-Satan values. FBI Announces Campaign to Seek Public Assistance Identifying Acts of Public Corruption

FBI Washington **Public Information Office**
February 18, 2014 (202) 278-3519

The Federal Bureau of Investigation's (FBI) Washington Field Office is seeking the public's assistance in identifying public corruption in Northern Virginia. As the FBI's number one criminal investigative priority, public corruption occurs when a public official, at any level of government—local, state, or federal—does any official act in exchange for money or other free goods or services for private gain. Public corruption could also include public employees who take something of value for their own personal gain, thereby violating the public's trust. Public corruption hits at the heart of what a government is supposed to do—serve its people.

Public corruption is often the result of agreements made in whispered conversations and sealed with quick handshakes. The secretive nature of the crime makes it difficult to detect without the assistance of concerned citizens. Many of the FBI's investigations into public corruption begin with a tip from someone who encounters corruption. Therefore, the public's willingness to come forward and report abuse of public office is essential to the FBI's investigations. The FBI's Washington Field Office has a dedicated squad of agents that investigate allegations of public corruption in Northern Virginia. To help identify potential criminal activity, the Washington Field Office has set up a Northern Virginia Public Corruption Hotline at 703-696-6225 and e-mail at NOVAPC@ie.fbi.gov.

While the vast majority of public officials are honest in their work and committed to serving their fellow citizens, unfortunately, a small percentage of public officials abuse their offices and the positions that they were sworn to uphold. Examples of corruption, where bribery and/or kickbacks occur in exchange for official action, could include public corruption committed by:

- Government officials such as DMV employees; city inspectors; taxing or zoning assessors or other regulatory agency employees; or even town councils or mayors;
- Contracting officials at all levels, including those who manage government contracts or regulatory permits; or school resource officers who manage school accounts;
- Local officials colluding with real estate investors to rig the bidding process at foreclosure auctions;
- A person representing the judicial branch—a judge, member of the jury or court personnel;
- A person representing law enforcement who steals drugs from criminals, embezzles government funds, falsifies records, or smuggles contraband.

Two recent examples of public corruption investigated by the FBI's Washington Field Office, which includes jurisdiction over Northern Virginia, are a DMV employee and two others who pled guilty to accepting bribes in exchange for DMV documents for illegal aliens who were otherwise not eligible; and a chief of a volunteer fire department who pled guilty to theft from a program that received federal funds. Such examples of public corruption erode the public's confidence and undermine the strength of our government.

- **On October 22, 2014, I was placed in jail** for failure to pay legal fees of \$8100.00 in 30 days which is a violation of my Thirteenth Amendment "Neither Slavery nor involuntary servitude, except as a punishment for a crime whereof the party shall have duly convicted, shall exist within the United States or any subject to their Jurisdiction".
- Furthermore, the right by placing me "under" a state Peonage / Involuntary Servitude violates the **Fourth Amendment right by malicious prosecution, false imprisonment, and unconstitutional arrest.**
- This violation of my **Eighth Amendment Right as to Excessive Bail** which in this case constitutes "Restitution Bail" further shows the knowledgeable malicious intent to silence me till the election was over on November 4th. 2014.

Further: The system is one where the Lawyers and Judges have set it up to protect each other and line each other's pockets with Cash.

Michael Gardner is charged with sexually abusing a young relative who came forward after he was released from prison last year in another child sex assault case.

In a separate case, Gardner was accused of molesting a couple of young girls at his Falls Church home in 2011. At the time they were attending a

January 23, 2015 - The Virginia Republican Party wants the U.S. Senate to investigate whether Democratic Sen. Mark Warner violated federal law when he discussed possible job opportunities for a former state senator's daughter. GOP Party Chairman Pat Mullins sent a letter Friday to the U.S. Senate Select Committee on Ethics asking it to investigate Warner. He was part of a group of Democrats that tried unsuccessfully to prevent former state Sen. Phil Puckett from resigning last summer. Puckett's resignation gave Republicans control of the state Senate. Warner has acknowledged he "brainstormed" with Puckett's son about possible job opportunities for Puckett's daughter but did not make any explicit job offers. Federal prosecutors indicated in December their investigation into Puckett's resignation was closed, they would ignore the criminal actions. Janice has followed up with a complaint to the Ethics Committee by all appearances along with the Judiciary are ignoring these facts, Murder / Suicides et al.

August 31, 2015, Janice Intervenes in the Charles Severance Case

September 2015 Judge Bellows "ORDER" Denies Janice Intervene with no hearing, and Orders Clerks to take no other filings by Janice

September 2015 Janice Intervenes in the Michael Gardner case – Michael Gardner takes a plea. The Old Boys Network cannot afford two Murder for Hire cases going at the same time. The question should be for all – What is the backroom deal the Old Boys Network made with Michael Gardner for the plea and his silence?

On or around October 3, 2015, we come to full circle Charles Severance will be tried for the Murders of Nancy Dunning, Ron Kirby and Ruth Ann Lodato with a police officer having told Janice they had no real evidence that supports him doing it, that the City of Alexandria was in the process of creating the needed evidence to support a conviction. *Judge Bellows who assisted Pete Scamado's Murder / Suicide of Chris Mackney will preside over the Charles Severance trial.* That Judge Bellows understands and will disallow evidence that may find Charles Severance innocent is without question, he has shown this in his pre-trial Orders.

That Judge Bellows brings a Bias in support of Murder / Suicide into the courtroom cannot be denied after reading “Bullied to Death”. That Judge Bellows is no different than the Judge’s that have ruled in Bias, Retribution, and Retaliation with the knowledgeable intent to ignore the law and to protect the criminal acts of David Grenadier and Ilona Ely Grenadier Heckman are obvious in all documents and Orders filed in the courts. ***What Chris Mackney, Charles Severance and Janice Wolk Grenadier, and MANY OTHERS have in common is the Old Boys Network has made it their mission to kill or ruin their lives to protect one of their own criminal actions.***

No doubt the Murderer needs to be stopped, yet the person who paid him to kill the above should be held accountable – No one will out the Murderer for hire – because for free he will take that person out. It is the belief of Janice he does not kill if he has met you – and talked to you – He kills anonymously only, because if he didn’t Janice believes he would have killed her by now, but that she has met him and he has spared her, as Mark Stuart did.

The “Old Boys Network” is an evil Gang of men and a few women with no soul. They consist of the POWERFUL and WEALTHY of Judiciary, the Government and Elected Officials in Virginia, and the District of Columbia. They believe they are above the law, and the truth is supposedly your best defense does not exist around them, that they are no more than a bunch of low-life bullies with money, and no class.

The leaders in this “Gang” are Judge Donald Haddock and Judge Donald Kent at least in the case of Janice Wolk Grenadier. In the case of Chris Mackney, it was Judge Bellows, who has now overlapped into Janice’s with the cover-up of the hits and the trial of Charles Severance. That the following law firms have dirty hands in collusion of these actors: Grenadier Anderson Starace Duffett and Kieser, Keller Heckman, DiMuroGinsberg, Troutman Sanders aka Mays & Valentine, BWW Law Group aka Bierman Geesing Ward and Wood, Parker Simon & Kokolis LLC, and others that are known and unknown

Yet to date October 3, 2015, Janice has not been interviewed by the FBI in regard to the information in this article with her many phone calls to them – for help to protect herself and her girls.

Update: Charles Severance was found guilty of the 3 killings with no real evidence.

Update as of October 30, 2016, which does go back and forth –

Divorce Lawyer Ilona Grenadier Heckman in Collusion with Judge James Clark filed a lawsuit to foreclose on Janice's home with illegally gotten legal fees by DiMuroGinsberg and Michael Weiser. Ilona has hired Heba Carter a lawyer who went to the University of Richmond.

We have learned the University of Richmond is where in 1987 Judge Donald Kent best friend to Judge Donald Haddock was President of the School and still today is on the Board. - Judge Donald Kent died in a car accident

James Comey and Senator Tim Kaine were both adjunct Professors at the same time by all appearances at the University of Richmond.

The corruption and the illegal acts and actions of Judge Clark can be found at www.valaw2010.blogspot.com in the case filed against him in the City of Alexandria for injunctive relief for his financial conflict along with other criminal activities.

That on Friday, October 21, 2016, DOJ Joseph Guzinski stated very clearly he's not investigating the criminal acts and actions was his concern for his own life, the retaliation and retribution as well as when asked who is supervisor as he stated "The White House" not the Department of Justice Or Loretta Lynch.

Outline FBI / DOJ corruption / Bankruptcy Cover Up and others

1. Janice has been reporting this corruption on a regular basis - I know how bad it is and how horrid I have been treated and could never understand and I knew everyone was being paid off or afraid - but, I guess I never knew the extent -

2. On October 11, 2016 - Thomas Gorman (Bankruptcy Court Trustee) was at the table and insisted with this other woman - that she had been ripped off by her lawyer - that he was going to get the DOJ - Joseph Guzinski to investigate.

3. DOJ Mr. Guzinski came and interviewed her and Mr. Gorman

4. On October 13, 2016, in court. I was 3rd on the docket, at or around 1.25 pm told I would be called by Mr. Gorman in about or within 30 minutes

5. First in court was the non-contested arguments

6. Then Mr. Gorman calls a woman's name. I, unfortunately, did not pay attention to the name - will need to figure it out - DOJ - Mr. Guzinski goes up - he doesn't want anything to do with it. Mr. Gorman fights for the woman - who does not show up in court so he loses by default - but, Mr. Gorman puts on the fight to have it continued - to give it time to be investigated - he fights with the Judge that she should be heard. He believes her and he thinks she was taken advantage of.

7. I ask the DOJ Mr. Guzinski to stay in the court, as I am to be heard in the next half hour. He agrees and turns around to stay - Mr. Gorman and the Judge had seen me do this and had looked me in the eye -

8. I believe one of them signaled him not to stay - after he turned around and was on his way to sit - because he then abruptly turned and said he couldn't. I then asked if he had a card.

9. I now am sure Mr. Guzinski was motioned for him not to stay by either Thomas Gorman or Judge Kenny

10. I was then left to be heard at the end. But, it wasn't just the end. The Judge took a break, it was to be 10 minutes, Thomas Gorman went running out of the courtroom - I believe and the appearance was to the Judge.

11. It was about a 20-minute break and the hearing started. The hearing was held after 4 p.m. - after court hours so no one else could hear. The hearing was bullying to me and the ruling by the Judge was unreasonable with no questions of substance asked of me. In the end I stood and asked for the Judge's recusal he refused.

12. I did get Exhibits into the record that show the TRUTH and the corruption. Shows the pattern and practice and the criminal acts and actions.

13. I would learn after research that Judge Kenny went to the University of Richmond. the one common denominator of all.

14. On Friday, October 14, 2016, I filed for the Judge to recuse and Thomas Gorman be removed. I filed Criminal Claims sheets with backup against Judge Clark and Ilona Grenadier Heckman. I filed a Notice to be heard and was denied.

- *I take a copy to the Department of Justice as well as other Documents to Mr. Guzinski*
- *I then email other information and request a meeting on Friday the 14th with Mr. Guzinski of the DOJ*
Mr. Guzinski refuses the meeting saying he would read everything and then get back to me.
- *I continue sending Mr. Guzinski information/things*

- Now on Friday, October 21, I have evidence that is confusing and want to meet with him to show it to him, it is time for a meeting and he is ignoring me. I stopped by his office late in the afternoon. He yelled at me.
- That he is not going to meet with me and any information I have e-mailed it to him. When I stated "This is my Life" in a very calm and professional manner he stated - angry and all red-faced yelling at me "NO - THIS IS ABOUT MY LIFE - ME" I was extremely taken aback. shocked - to me it was one more person saying I was a NOBODY.
- When I left the office since I had not recorded it - I sat down and wrote the whole thing out, that he was more concerned about himself and how this would outcome him than me. He was afraid of Retaliation and Retribution on him, then what I had been through. That he wasn't going to help me - because he was most likely at or around 50 was afraid of losing his pension - is what I wrote. That he didn't give a shit about me - he was only concerned about himself and the retaliation and retribution against him was not worth doing the right thing.
- As you may or may not know I reached out to everyone -

15. On Sunday night October 23, 2016 (and now I am going to work backward with the evidence that shows the collusion of Gov. McAuliffe and the DOJ / FBI.

16. The two articles released late on the 23rd show the collusion and the payoffs to the officials in the FBI - as everyone knows Terry McAuliffe was the fundraiser and got Bill Clinton elected to the President. He was supposed to be the 1st choice for VP. The plan was that he would run for Governor - and it was just a stepping stone - I have been loud and standing up and speaking out a problem for all of them since 2010. That they couldn't control. As you can see in the above links

17. Clinton Ally Aided Campaign of FBI Official's Wife – WSJ \$675,000.

18. <http://www.fireandreamitchell.com/2016/10/23/virginia-gov-terry-mcauliffe-donated-467500-to-campaign-of-wife-of-senior-fbiofficial-who-oversaw-clinton-email-probe/>

- VIRGINIA GOV. TERRY MCAULIFFE DONATED \$467,500 TO CAMPAIGN OF WIFE OF SENIOR FBI OFFICIAL WHO OVERSAW CLINTON EMAIL PROBE
- Virginia Gov. Terry McAuliffe is a Clinton goon and as corrupt as it gets. So it should be no surprise that McAuliffe donated \$467,500 to the campaign of the state senate campaign of the wife of an FBI official. You say why is this a big deal? Because that senior FBI official is Andrew McCabe who oversaw the Hillary Clinton email probe. Commie Comey's corruption is looking much more clear these days.
- The political organization of Virginia Gov. Terry McAuliffe, an influential Democrat with longstanding ties to Bill and Hillary Clinton, gave nearly \$500,000 to the election campaign of the wife of an official at the Federal Bureau of Investigation who later helped oversee the investigation into Mrs. Clinton's email use.
- Campaign finance records show Mr. McAuliffe's political action committee donated \$467,500 to the 2015 state Senate campaign of Dr. Jill McCabe, who is married to Andrew McCabe, now the deputy director of the FBI. The Virginia Democratic Party, over which Mr. McAuliffe exerts considerable control,

donated an additional \$207,788 worth of support to Dr. McCabe's campaign in the form of mailers, according to the records. That adds up to slightly more than \$675,000 to her candidacy from entities either directly under Mr. McAuliffe's control or strongly influenced by him. The figure represents more than a third of all the campaign funds Dr. McCabe raised in the effort.

- Mr. McAuliffe and other state party leaders recruited Dr. McCabe to run, according to party officials. She lost the election to incumbent Republican Dick Black.
- **On or around Jan 16, 2016, it is reported: Money for nothing: Sweet Appomattox deal turned sour for Virginia, McAuliffe**

https://roanoke.com/business/money-for-nothing-sweet-appomattox-deal-turned-sour-for-virginia-mcauliffe/article_4e5c1198-2e73-513b-becd-5848edb5e3e9.html Virginia and its Governor's Opportunity Fund bet \$1.4 million on a failed business ... Terry McAuliffe closed a deal with a Chinese business enterprise ... The company is without its first employee and behind on paying its taxes

19. In May of 2016 - Terry McAuliffe was going to be speaking in Alexandria - I decided to show up. My lucky day - the news media for all stations was following him around like crazy. Not the sound, but, my picture as you can see in this video was everywhere - you will notice the box and the picture. The box is the box of un-open evidence that I have and the picture is of Mark Stuart who was hired - under Judge Clark's direction to help him find me incompetent. When the Alexandria Police were called - I was told by the Commonwealth Attorney - Randy Sengel said they were not allowed to take any police reports from me. Same YouTube as above:

- YouTube me and Terry McAuliffe <https://youtu.be/kQ1hRnaxvRc> You will see in this that I am showing him my evidence and the picture - the media according to them had deleted all the verbal conversation between me and him. This came from ABC

20 - The articles of the \$120,000 from a Chinese businessman and the other video that ABC gave me YouTube - <https://youtu.be/JevLIGOtQBE>

- The Articles - <http://freebeacon.com/issues/doj-investigates-mcauliffe-donation-chinese-clinton-backer/> <http://freebeacon.com/issues/doj-investigates-mcauliffe-donation-chinese-clinton-backer/> As you can see on my Facebook page most of the links to this story are corrupt

21. BELOW is a link to the FBI one of the many conversations I have tried to have with them - I caught this one agent off guard - she even gave her page # - but again she did not ever follow up with me - no matter how many emails etc - Unfortunately I was late to record everything Above you will see a link to the FBI for 06-08-2016 - with me very comely telling the investigator - what is happening. I also have the emails showing that I sent the information in.

22. I started googling and doing outlines on all the players and learned the common ground is the University of Richmond and The University of Richmond Law School also known as TC Williams Law School. In googling adjunct professors you learn they make between \$5,000 - \$20,000. I have learned privately they make \$35,000 - \$50,000

23. I also learned that Judge Kent King or head of the Old Boys Network was the president of the school in 1987

24. Tim Kaine was an Adjunct Professor for 6 years

25. James Comey as an Adjunct Professor, since being with the FBI speaks there regularly (Paid), has won awards from the school which brings gifts, and then paid for their commencement speech in May of 2016.

- James Comey would then go on to do several interviews with the press that he had put several people in jail for far less than the criminal actions of Hillary Clinton
- James Comey came to Richmond from NYC - where he worked with Loretta Lynch
- James Comey stated it was his job to give the information to the DOJ and their job to decide the charges
- James Comey after Bill Clinton met with Loretta Lynch on the tarmac became the spokesperson for stating "HRC did nothing wrong was just sloppy" in direct conflict of what he had said in the past The above evidence I believe shows without a doubt the corruption and the purchase of the FBI / DOJ why we can not get any help in our cases and have nowhere to go for help

26. We also don't want to forget about the cover-up of Michael Gardner and how our Virginia Legislature and the FBI kept silent about the removal of our Supreme Court Justice Cynthia Kinser as she let him out of jail so he could hire a Hitman to kill the girls.

27. Further in DC you don't want to forget about the removal of Judge Richard Roberts after RAPING a 16-year-old Victim – the Judges have ignored his crimes and he retired with full pay and benefits

- <https://www.washingtonian.com/2016/09/08/one-dcs-powerful-judges-got-accused-rape/>
- <http://abovethelaw.com/2016/09/a-detailed-dive-into-the-rape-allegations-against-a-former-federal-judge/>
- <http://www.washingtontimes.com/news/2016/mar/17/dc-federal-judge-to-retire-following-1980s-rape-ac/>
- He was closely involved in the Cover-Up of my cases in the District of Columbia Federal Court - He was retired with full benefits and we will all pay for his fun and freedom for the rest of his life.

I fought back by Standing Up and Speaking out in December 2016 with the Virginia Legislature. I spoke twice during the morning prior to going over to the Supreme Court to find an "ORDER" issued denying my Emergency Motion to "Stay" all of Judge Clark's orders. Justice Lemon's Retaliation and Retribution were swift.

- Greg Harrington as you will see in this link - the retaliation and disingenuous statements by Judge Parker. Judge Parker abused his power and it was clear. Giving the judges the last word is a practice to

protect the lawyers on the panel to win in his courtroom.
<https://www.youtube.com/watch?v=NapE1NFROYk&t=13s>

This is the Link for the **June 22 2016** hearing in the City of Alexandria - Where you hear Judge James Clark state that he is on the side of the Defendants further state that he never made a cent off of his being a Trustee for every loan Burke & Herbert did and he was a Trustee for each one. It was a shame hearing by a Judge who will go to any length to Cover Up the criminal spree of Divorce Lawyer Ilona Grenadier Heckman.

After being unable to get any JUSTICE in the State - I went to my Federal Court to learn how CORRUPT and how the COVER UP would work. Judge Henry Hudson and his book "Quest for Justice" would be the book that he proudly states how he lied, and how he jailed people that was known to be innocent.

Those Involved in this Cover-Up: His Girlfriend he paid to collude, conspire with the help of the Department of Justice

Updates:

In October of 2017 I was hospitalized by all appearances for being poisoned, there have also been several other attempts on my life since 1997. *My life has been ruined by the DOJ & FBI - Judges who are biased*

I have been oppressed no different than if I was a Jew in Germany under Hitler - but, I live in America

 I am here today as a Whistleblower to expose how the Department of Justice is no different than Hollywood and Harvey Weinstein or recently CBS

On Nov 16, 2017 when I stopped at a bar on my way home from an event - AG Jeff Sessions Deputy Assistant Attorney General bragged how he had just been approved by the Senate giving him the Power to get me Justice.

He stated “Come back to my apartment” His job, his Power - his Oath of Office just as Harvey Weinstein's / CBS victims did what they had to - In my desperate state - my only chance for justice - I went back to his apartment - I did what he wanted - but, he will not do what he agreed to do - his job.

After several emails and phone calls and trying to work this out. A Demand letter in JUNE went to AG Jeff Sessions and Sarah Isgur Flores⁶ Director of Public Affairs at the DOJ. **For an** investigation and Justice for me and/or to use that Trillion Dollar “Slush Fund” that the DOJ allows the RICH / Banks / Corporations instead of jail to “Buy Justice” and fund their “FUN” as the “SLUSH FUND” is not accountable monies just like forfeiture monies

As Harvey Weinstein / Hollywood⁷ / CBS should be held accountable - so should the DOJ for selling “Justice for SEX, Money, and Power”

Today as a WhistleBlower I expose the Corruption of our State and Federal Judges and the Department of Justice and the FBI “Justice punishable for SEX, Money, and Power”^{8 9 10}

February 2019 Janice Wolk Grenadier was given poison mushrooms at the Chinese Restaurant at Bradlee Shopping Center and was ill for many months.

In March 2018 JWG home was foreclosed, Judge Haddock showed up in court to ensure - that Judge Padrick ruled in his favor on August 8, 2019. THE FIGHT GOES ON. Janice is still in the home and is exposing the pattern and practice of a Front door to the Bank and the Back door. That the documents are so fraudulent and the lawyers are so deep in bed with them.

1. I have the proof from letters and taped conversations that the loan is being used to laundry money by OCWEN - the question becomes the Banks knowledge as both have been willing to put in writing they have no knowledge of any loan on my home ie: Wells Fargo Bank and Bank of America aka Lasalle Bank - the appearance I was on all of their balance sheets at one time
2. In December of 2018, Wells Fargo filed with the Court no interest in home
3. April 2018 JWG by the alleged lawyer for Wells Fago bank Troutman Sanders Mr. Reza, Syed Mohsin requested JWG to short sale a home that is not in her name and used a Michael Martenez from Texas to harass her and her daughter. Further investigations show that the funding for the company that they

⁷ That the Department of Justice is no different than Hollywood / Harvey Weinstein.

⁸ The Deep State Exists - and is both Republican and Democrat

⁹ No one in this room has deserved the treatment they have received

¹⁰ President Trump has stated “ I have left the DOJ & FBI pretty much alone because they are investigating “ME” It is now time for POTUS to clean house at DOJ for what it has done to all of us WhistleBlowers

appear to use is all based in India. Reza's father came to the US from India as a Doctor and continued medical school here in the US. Reza was an anchor baby and or close to it for the appearance is that is when they moved here to the US. From what I have learned they are still in close contact with India - and this scam/enterprise could be a way of bringing in tax-free money. Michael Martinez when I talked with him and the call was taped stated what a good relationship they had with Wells Fargo Bank for buying short sales and or foreclosed homes.

4. In August of 2019 Wells Fargo overnights to JWG a notarized letter no documents on such loan or interest in the home exist - Keep in mind the Deed states Wells Fargo Bank NA et al
5. In February of 2019, JWG received a 1099 from OCWEN as the owner of such loan and house - OCWEN is not a company it is an acumen for a company to be known by. The IRS told me to ignore it and file a complaint which has been done.
6. Option One Option One was purchased by American Home Mortgage Servicing Inc. on or around May 17, 2008
7. American Home Mortgage Servicing Inc. was purchased by Homeward Residential on or around February 17, 2012.
8. Homeward Residential transferred to OCWEN and Plaintiff's Servicing of an alleged loan which was transferred Tuesday, February 19, 2013 (the day prior Monday, February 18, 2013, was a Federal Holiday for Presidents day with the Banking industry closed.) JWG recently learned that Homeward is owned by OCWEN.
9. OCWEN created a Lost Assignment document giving the loan a new number - which in doing so gave the appearance of a new loan that I did not agree to. But, the assignment was done by a "Robo signer" aka Contract Manager Joe Simmons. The assignment by law had to be done by a lawyer and or reviewed by a lawyer - the Florida Bar No. on the assignment belongs to a Judge in Tallahassee Florida. The research I have done shows all across the USA are assignments used to Foreclose on people's homes that Fraudulent Bar No. were put on them.

Easily the acts and actions come from the \$251 Billion in fees

December is the month the Courts of Justice in Virginia allow citizens to Stand Up and Speak Out against a Judge - Few citizens know this is available to them - and as you will see only 3 citizens showed up: Janice Wolk Grenadier, Thomas Ward et al.

Virginia courts lack all integrity when it comes to the Judiciary, and when you have a committee that does not have a quorum and moves forward you have a problem.

Buddy Christ.

Happy New Years boys and girls and now it is time to play our favorite game: Let's Piss Off Janice Wolk Grenadier. You all know how to play the game and you kids at home can play along with us. So Let's Piss Off Janice Wolk Grenadier!

Our first category is religion. Janice Wolk Grenadier claims to be a devoted Catholic. Her "Lord and Saviour" is Jesus who is supposed to be the "Son of God". Now Jesus was born a Jew yet Janice Wolk Grenadier hates Jews. I would say that is a major conflict of interest. What does our studio audience think?

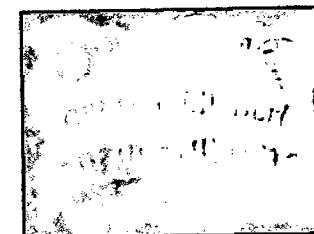

LOSER!

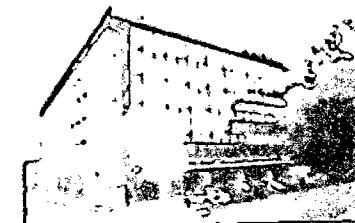

1

Sorry Janice but the Buddy Christ doesn't like hypocrites. You can't hate Jews but love Jesus. You lose 2000 points.

Our second category is Janice Wolk Grenadier's alleged miscarriage. Now Janice Wolk Grenadier claims she had a miscarriage. Sources from our Ouija board gave us a different story.

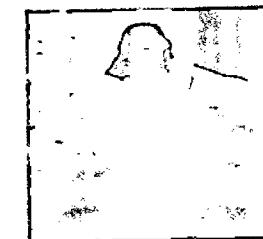

According to our ghostly source from the Ouija board, Janice Wolk Grenadier actually had an abortion. That's right boys and girls, Miss Goodytwo-Shoes Holier Than Thou created one of the biggest sins in the Catholic Church. She went behind her ex-husband's back and had little Joshua aborted because she didn't want to have a male to carry on the Grenadier line. In fact, she had to go to one in Fairfax Virginia so that people wouldn't know who she was.

That is really low Janice Wolk Grenadier. Really low and really sick. No wonder you lost your marbles.

Now I ask again, what does our studio audience think?

MURDERESS!!!!

2

Sorry Janice, the Buddy Christ doesn't approve of abortions. You just lost 100,000,000,000 points and you lost the game again.

Tune in next time for Let's Piss Off Janice Wolk Grenadier where the Buddy Christ will keep score as usual.

[Gulf Stream LMAO!](#)

Leah Lax - Loretta Lax Miller for President 2016 -

Dick Farrel WBDF Radio and Josh Cohen proud of their actions ? is what does Gulf Steam think of this?

That is the title of Janice Wolk Grenadier's latest blog. Wow and pathetic are all I can say. I guess she is a product of the No Child Left Behind program. Oh wait your 54 years old (looking no younger then the age of 65), that happened years after Janice Wolk Grenadier "graduated" high school. Maybe she had to perform "extra credit" through oral exams to graduate. Doesn't that suck? She is just proving our point that she is illiterate. Janice Wolk Grenadier should go back to high school and learn her grammar like everyone else. I think she got her high school diploma from Whatsamatta U with her law degree.

Let's see:

1. She doesn't know the definition of a bully. Well if she looked it up in a dictionary, her fugly face would be next to the definition.
2. She doesn't know what cyber bullying is.
3. She doesn't comprehend that she is cyber stalking and cyber bullying people.
4. She doesn't comprehend that it is a felony to stalk a presidential candidate that is registered with the FEC.
5. She doesn't know the definition of treason. Stupid, you are not a government Janice Wolk Grenadier so treason doesn't apply to your dumb fugly ass.
6. Janice Wolk Grenadier doesn't know when to stop and can get arrested for stalking a presidential candidate who is registered with the FEC.
7. Stalking is a sickness.
8. There are many places that can help you with your problems.
9. There are medications that can help you with your problems.

10. Your entire family knows you are sick and that is why your husband left you.
11. Before you write a post, learn grammar and use spell check.
12. You are NOT an attorney so you can't spout laws that you don't comprehend.
13. You lost your Real Estate License because you scammed people.
14. You hurt people and state they hurt you.
15. You are a jealous, hateful, and spiteful woman and that is why no one likes you.
16. Your My Pillow Pack is just a pillowcase with handles. Don't drifters use those?

Now I know Janice Wolk Grenadier is going to post this on her blog because she is the Queen of Copy and Paste as well as the Queen of Denial. But let me remind you, you are no Cleopatra. I would say you are her less known and more ugly sister whose name was also Janice. Let me inform you Janice Wolk Grenadier that since you made yourself a public figure by writing your pitiful blog, you have no standing to sue anyone. Anyone who you wrote about can sue your fat ass for malicious intent. So I say this Janice Wolk Grenadier, the purpose of being an investigative reporter is to obtain information and we have plenty on you. You need help and there are hospitals in Alexandria VA that can help you. My advice is to go get some before someone decides to sue you and then the VA courts will commit you and give you a guardian because you can't control yourself. You are a dangerous woman to society, to your children, and to yourself.

Now Janice Wolk Grenadier is going to bitch and moan that she is a single mother. Your kids are OVER 21. The only things you have single are bras and the one black dress you wear with the pearls. I have one things to tell you: LETITGO! You have no life and you have no friends. No one likes you. I suggest you go out and meet a woman who will satisfy your needs.

New Victim of Janice Wolk Grenadier and he don't Give a SHIP!

Just like me, as well as Josh and all the other 30 people who have a hand in writing this blog, Janice we dont give a SHIP if you like it or not. Freedom of Speech! Maybe you should shut your mouth while your ahead rather then try to silence me like the Libtard you are. You must be a Closet Obama follower or as I like to call it a Closet Liberal because you are not a lady. The Constitution allows us freedom of speech and while I still have it, you fat bitch I will express it.

Let me make this perfectly clear I am Jewish. I am not a female and you have no proof and your blog is poorly written and thought out like the dumb ass broad you are. Your spelling and grammer is friggen lacking. You sound like white trailer trash. So garbage that is in goes out.

Now the funny part is, Janice Wolk Grenadier admitted in her own blog that she is a lesbian. We, since we are Anonymous, have noticed that you lovingly posted Hillary's picture and blotting out all information about your homosexuality proves that Janice Wolk Grenadier is a lesbian but also homophobic at the same time. Like the Libtard that you are, you are still hiding in the closet. God bless Adam and Steve and Alice and Eve. Since you didn't deny the fact, it proves you don't like The Cock but you like The Cooch and your breath smells like rotten fish.

As an investigative reporter, I have seen many things and I know a lie when I read/hear one. When I saw Janice Wolk Grenadier in her videos having multiple orgasms and creaming her panties that she was on her way to get Ilona, I knew immediately that you got your rocks off on Anti-Semitic slurs. I also noticed the hairs on your chinny chin chin when you huffed and you puffed to try to blow your ex-mother in law's house down but it didn't work. In fact it made you look crazier and crazier because no normal person would act like you do. No wonder your kids don't want

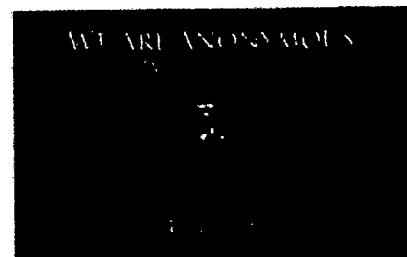

anything to do with you. It seems like the genes of your daughters have more Jewish DNA than Cat-lick DNA because they have more class than their mother. The DNA is Israeli whether Janice likes it or not.

As far as Janice Wolk Grenadier's nasty vicious ugly comment about African Americans and the use of the N-Word, it shows that she has used that word in the past to describe African American citizens and shows a lack of character as well as deems her to be a Racist. I am wondering now, because Loretta Miller is from Egypt, which is part of Africa, is Janice calling her the N-Word? Now we have proof that Janice Wolk Grenadier does not only hate Jews but she also hates African Americans, Jewish African Americans, Asian Africans, Middle Eastern Africans, European Africans and anyone else who does not agree with her insane mentality and philosophy.

You can tell that Janice Wolk Grenadier is an uneducated, socially stunted woman who is impertinent, scandalous and fabricates lies, stories, and conspiracies and tells them so many times that the lies she created and believes have become the truth in her own Wonderland. She is a pathological liar and can't distinguish the truth from a lie.

Reliable sources from within Anonymous told a newscaster that Janice Wolk Grenadier enjoys slandering, threatening, and bullying Jews so that she could get her way. Janice Wolk Grenadier has threatened to call the FCC on this esteemed and goodlooking newscaster who has charm, grace and charisma. Maybe Janice Wolk Grenadier should take lessons from this newscaster who she harassed and haranged. He even ended up telling her to signal him when her rantings were over. He too is Jewish and dislikes Nazis.

Muggy Cat is all 30 of us and we are Anonymous and truth seekers.

Episode #4 the Divorce also known as Run Dude Run!

Now lets talk facts.....next Episode #4 the Divorce also known as Run Dude Run! (The Story of David's Passover from Janice Wolk) The many lies Janice Wolk Grenadier tells about her child support

[JWg DMG Divorce Decree June 2009](#) by [Virginia Law](#)

Take a good look and read this Divorce decree. This selfish try-sexual will lie, cheat, and steal to prove a point. And she has. For the mere sport of things she will defame for fun which she has done and she thinks she is intouchable for a defamation lawsuit against her by Loretta Lax Miller especially when she

confabulated that Loretta is behind all her woes from the 1980's. Loretta Lax Miller could care less about Janice Wolk Grenadier her story and her problems. Domestic problems are not Federal Problems. Janice Wolk Grenadier is like an abortion that went wrong. The baby never died but it's brain is damaged. The only difference is the baby is innocent and Janice Wolk Grenadier is not but a vicious, insane, screwed up, old dried up hag that no man or woman would touch with a 10 foot Pole or an 11 foot Ukrainian. Maybe we should all pitch in and get her a getting laid machine since she is in so need of a good one to clean out her pipes. She must have many cobwebs and bats in that belfry.

Janice Wolk Grenadier is a proven liar and I can prove she lied to Loretta Lax Miller. She's into pity parties. Pity me because my ex only gives me \$1260 a month for 2 kids since June of 2000. That is only \$15,120 a year. More than what a senior citizens gets for social security and according to her family she pocketed most of the money and spent the college funds left to the children by the late Judge Grenadier on booze and her failed business ventures. Now she wants more money. You want more money learn to say "Do you want that super sized" because you wont get pity from me.

Janice Wolk Grenadier wrote to Loretta Lax Miller that she only was awarded \$348.00 a month which is a lie. Read below her own words. She said for 23 years he didn't support them another lie. There is no record with the VA police or Sheriff's department that David Grenadier was arrested for non-payment of child support nor is he on a Deadbeat Father list. If this amount was reduced with her filthy lying mouth she would be screaming to high hell on her blog and putting every filing on Scribd which she didn't. Janice Wolk Grenadier has decided to lie to the public. Any excuse to belittle anyone including Loretta Lax Miller who frankly didn't believe her and called her out by saying get a job like all the other single moms have or those with husbands that died or have a disability. But then again I doubt even Walmart would hire her as a greeter since she is such a miserable vicious freak.

Janice Wolk Grenadier thinks her job is to lay on the couch, eat Bon Bons, get fatter by the minute and screw her EX Husband out of as much money because her obsessions in court filing and hearing voices from her hairy vagina tell her to do so. Just like she is hearing voices that Loretta Lax Miller is in conspiracy with her ex-family when she doesn't even know them. But Janice Wolk Grenadier is a moron and can't figure that out. Maybe she need someone to draw a picture book to illustrate this fact.

Janice Wolk Grenadier attacked Loretta Lax Miller because she is a Jew and that is a hate crime.

Re: December 24, 2013

UNBELIEVABLE if the attorneys were French, Italian or any other culture you wont mention the religion. But it so happened it was a Jewish Attorney that screwed you.. not that any other attorney of a different religion cant screw you. Tell me why did you use Jewish? why not say the attorney screw me. You comment is anti semetic, and nazi like.. I had attorneys who were Christians who screwed me and then drop my case because I said I didn't have action from what they got paid for. But I didn't write an entire story up to prove how you hate Jews. The truth is you hate Jews

On 12/23/13 10:25 PM, JW G. wrote:

My comments aren't Nazi it is a Jewish lawyer and father - family who made there decisions - and told me why 23 years later then had nothing to do with my beautiful girls as well as not supporting them - \$348.00 a month in child support - I am not a nazi nor have I raised my daughters to be prejudice - yet you reach out and connect with me on LinkedIn - and wish to run for President - President of what? Because you see in the United States of America - we allow the TRUTH to be told - It is called Freedom of Speech - Your comments will be shared over and over again - Because you are the one who is the fake - just like Ilona -

MERRY CHRISTMAS - OR IS THAT A NAZI STATEMENT TO YOU?

This lie of Loretta Lax Miller hating Catholics was invented long before Janice Wolk Grenadier even spoke to Loretta Lax Miller. The "hate Catholics" is her MO. Janice wrote this letter and posted as if her Ex-Mother in Law written it. How sick and low can a person get? I now refer to dropping a deuce as to Taking a Janice Wolk Grenadier.

Collye, Michael Weiser, Heather Jenquine, Ann Schmidt, The Supreme Court of Virginia, The Courts of Justice (Dave Albo), Adam Ebbin Virginia Senate

Thank you for all your help in helping me (Ilona & David) intentionally, willfully, wantonly & maliciously in collusion with y'all to lie in court, lie in court documents; lie in admissions, your support in my hate of Catholics as you know we are Jewish. Taking away Janice Wolk Grenadier and her girls Religious, Civil Rights, United States Constitutional Rights, Virginia State Rights, her rights to due process and going in front of the Grand Jury. Thank you for allowing me and my law firm to steal from the Sonia Grenadier Trust, her family and lying to all the opposing lawyers. Mr. Nicolson for not looking too far into the conflict with King David, stealing Herman, Herman & Sonia Grenadier's Garden and donating it as a tax deduction. Such a shame we couldn't protect Jim Author like you have me!

Thank you so much for protecting the Old Boy Network by braking your oaths, losing your sovereign immunity, judicial immunity by braking the laws of Virginia Code, the United States of America Constitution, the Virginia Constitution, ignoring due process, Civil Rights, Fraud on the Court, Perjury. With your collusion together we killed Janice Wolk Grenadier, and created havoc in her girls lives. We should be so proud of ourselves, those horrid Catholics. Cheers to us!!!

I also want to Thank Diane Fiske for the lovely mirror to the Grenadier law library; it shows her dedication to corruption and the network. I am so proud to be mentioned in the donation of funds to my mutual "LOVE" Donald Haddocks Portrait Fund, and as an Elite donor to the VSB, along with my very close friend, attorney, who has donated 10% of his estate to the VSB, Ben DiMuro, who with the help of his associates at DiMuroGinsburg I am not held to the same standard as other attorneys.

We (The Old Boy Network) will continue to protect our own, and persecute those who get in our way. We have a lot to celebrate all the pain, hurt, and difficulties financially & emotionally we have inflicted on Janice and her girls, oh yes we got celebrate that on the Miss Mallory, Thank you.

Special thanks to Judge Donald Haddock not allowing Janice in front of the Grand Jury, the City of Alexandria Police for not giving her a police # to take to the **Magistrate. Randy Sengel, Detective Charles Pak, Ben DiMuro** for your efforts to charge Janice with Extortion, Judge Kemler for your silence, Judge Fortkort for allowing me to lie to Judge Kloch, Judge McGrath for "Kangaroo Court", allowing the lies into court, especially David Grenadier doing nothing about his lying under oath. **Judge Potter** your outstanding job at "Kangaroo Court" keeping Janice and her witness's out of the Grand Jury, **You & Randy Sengel's** collusion worked well, yall should work more often together. **Randy special thanks** to ignoring the law and the facts. **Judge Brown** you allowed me to lie in admissions, lie in several papers filed with the court, denied Janice trial by jury, I promise to continue all the free legal advice you could want. **Judge Nolan Dawkins** for lying in court, supporting my lying in court, supporting **Michael Weiser** and ignoring the charge for sanctions for his obvious collusion to give ya'll more time. **Ben DiMuro & Michael Weiser** for saying in your Motion Janice hadn't filed a Statement of Facts, even though she had. **The Supreme Court of Virginia** for ignoring the law, denying the appeal. **Edward Davis** for accusing Janice for stealing the money from the Sonia Grenadier trust which was stolen through my law firm, **Jim McCauley** an ethics attorney for scamming her, can you believe she trusted you. **Megan S. Roberts** coordination your letter to have the City sue Janice with **Randy Sengel's** letter to **Judge Potter** to not allow her in front of the Grand Jury. **Ann Schmidt** for supporting me in court instead of your client Janice who paid you, for me to get the money she should have gotten. **Heather Jenquine** for representing me in court in collusion with **Judge Brown**. **Judge Gerald Bruce Lee** you got it when you called Janice delusional, malicious & looking for frivolous law suits being fantastic and fanciful nature, can you believe she thought she should get due process? **The Old Boy Network** should not be held to the standards of the law, expected of others.

I promise to continue to buy tables, contribute to campaigns, to have my law firm active with the VSB. May Judge Donald Haddock know we share the same "LOVE" for each other, and I am grateful to him, for letting Janice know she couldn't get a fair trial? She was warned, you and Patsy Ticer through Martha Kent warned her to move on with her life she was no longer one of us. The Appearance of Justice is something the old boy network doesn't have to or shouldn't have to worry about.

I want to welcome back my associate John Winkler who has been in Afghanistan fighting for Freedom which in Virginia is only available to us - the Old Boy Network! Special Thanks to Ben Duffitt 2011-2012 Committee for the VSB I'm sure you will do the right thing.

Thank you, for your help in the collusion, corruption, illegal & unprofessional behavior.

Love to all,

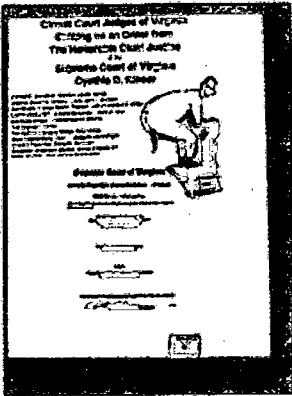

Ilona - Ely Freedman Grenadier Heckman (lawyer, founding partner of Grenadier, Anderson, Strace, Duffitt & Kieser & **Jerry Heckman** founding partner of Keller Heckman of Washington DC.

Written by Janice as a Thank you to Ilona - For over 23 years David & Ilona have controlled my life, because I loved my girls. I waited to bring a suit till the girls were older and the power Ilona has couldn't hurt them. I believed naively when I got to court telling the truth, proving it with documents, I was safe. I was so wrong, so innocent. The truth is I am lucky to be alive today. **The great thing about the Thank you party Ilona paid for all these people is – It corroborates the collusion - Thank you Ilona!**

another one:

On June of 2011 The Supreme Court of Virginia denied my appeal. Sending a Strong message to the Circuit Court Judges all Judges in Virginia. You don't have to follow the rules of the Virginia State Code, The Supreme Court, That Due Process, the Constitutional rights and Civil rights of a citizen in Virginia is not important to us. That if you have a preference over a litigant please chose the litigant you personally like or love more. There will be no consequence for your actions, especially if they are pro se, against a prominent lawyer, who was married to one of us, a judge, the opposing litigant who is divorced from his son, even thou the lawyer through her law firm stole over 95 thousand dollars, to benefit in the millions in Real Estate purchase with the funds, lied in court, lied in documents that are filed in court, lied in admissions, involved in forgery of a Trust agreement, involved in the cover up and lied during the negotiation of the \$95 thousand dollars, lied to other lawyers to benefit herself. With holding a note of litigants that was obtained through malicious manipulation. Is doing this because litigant is Catholic as she told litigant she and her family had nothing to do with her would be considered grand daughters because litigant raised them Catholic Ilona Ely Freedman Grenadier Heckman is Jewish (married to Jerry Heckman of Keller Heckman also Jewish) – I believe this could also be considered a Hate Crime (that it) could be taken that Ilona hates Catholic's so the Judges, the Supreme Court, and Federal Court also sent the message that you can also Judge against religion. Hate crimes are ok, if you are one of us. www.people's-rights.us

This was all done in 2012 long before contacting Loretta Lax Miller

This is on Janice Wolk Grenadier's blog. Don't take my word for it look for yourself and here is the link to this filth. Now is this the way a real Patriot who claims to be in the Tea Party presents the American Courts and Judge? I say NOT!. You don't like the Judges you campaign to remove them. This is just as bad as the Nazi propaganda about the Jews in Germany. It was posted on Janice Wolk Grenadier blog page . Evidence that was used against her. But then again Janice Wolk Grenadier is a Nazi.

Judge Cynthia D.Kinser is Jewish

Janice Wolk Grenadier has a personal witch hunt against Jews. Her agenda is to destroy them economically like Hitler in the beginning. Remove their source of income and then take away everything from them. Janice Wolk Grenadier thinks what is hers is hers and what belongs to a Jews belongs to her also. Jews have no rights to be successful. Jews have no rights to earn money and live in nice homes. Jews have no rights to have money. And according to Janice Wolk Grenadier all Jews are Bernie Madoff!

You replied to this message:

You are either stupid or you haven't read the whole thing - The Jewish attorney is the Grandmother to my beautiful 22 & 23 year old. When my x-husband walked out on us - and left me in Bankruptcy - I worked my ass off to support my girls and send them to school - I was given sole custody of the girls - and in the end only \$348.00 to support them - They deliberately set it up that way - Isn't that almost exactly what Bernie Madoff did to several Jewish people? What they never expected is I would go to court when they could no longer hurt my girls and go after my money. But, they are powerful and wealthy - My x-mother in law in May of 2008 turned to me and said - "Me and my family had nothing to do with those girls because you raised them Catholic" You see it all over the internet on my Blog etc - do you see me with a Liable suit and maybe you would like to read the e-mails sent to me the day after my father died from these horrid people - So before you comment again and you want your comments everywhere thier is an article about you - I would think twice about your prejudice against Catholics -

Whenever an Anti-Semite wants to make a point they bring up Bernie Madoff not that there are other people who are not Jewish like Martha Stewart or the guys from Enron who stole money, committed inside trading, and caused their employees to lose their pensions and homes with inside trading but all is forgiven because they are Christian and she is back on air. Target, Home Depot, Pet Smart, and PetCo all carry her products. I guess she was forgiven by Jesus but since Bernie Madoff is a Jew and all Jews are like this. They are money grubbing low lives.

Now, I am not Janice Wolk Grenadier but I am a fan of SHIP.
Just like me, as well as Josh and all the other 50 people who have a hand in writing this blog. Janice we don't give a SHIP if you like or not. Freedom of Speech! Maybe you should shut your mouth while you ahead rather then try to make me like the terrorist you are. You must be a Clinton Obama follower or as I like to call it a Closet Liberal because you are not a kook. The Constitution allows us freedom of speech and write what we have. Like my beloved that you are. You are a f***ing in the closet. God bless Adam and Steve and Alice and Eve. Since you didn't deny the fact, it proves you can't like The Cock. But you like The Cock and your brain size is like rotten fish.

As an investigative reporter, I have seen many things and I know it in which I read them one. When I saw Janice Wolk Grenadier in her videos having multiple orgasms and creaming her panties that she was on her way to get for a I knew immediately that you got your rocks off on Anti-Semite's sure. I also noticed the hairs on your chesty chest when you huffed and you failed to try to blow your ex mother in law's blouse down but it didn't work. Now we have proof that Janice Wolk Grenadier does not only hate Jews but she also hates African Americans, Jewish African Americans, Asian Africans, Middle Eastern Africans, European Africans and anyone else who does not agree with her insecurities mentally and physically.

You can tell that Janice Wolk Grenadier is an uneducated, conceited, stupid woman who is impudent, a snobbut and felonious

we stories of a conspiracy and tell them so many times that the lies are created and believe have become the truth in for Janice Wolk Grenadier. She is a pull a trigger her and can't change on the truth from a lie.

Rebelious actions of one with Anonymous and a meekness that Janice Wolk Grenadier enjoys slandering, threatening, and bullying Jesus so that one could get her way. Janice Wolk Grenadier has, "threatened to call" the F.B.I. on the esteemed and good looking attorney who has been in prison and disarming. Maybe Janice Wolk Grenadier should take lessons from it is her behavior who she has been in prison and disarming. Janice Wolk Grenadier can't keep her stories straight. I bet you are afraid to let this comment to be posted. You are nothing more than a coward. You sit behind a computer and judge people. You are a stalker and psycho. Personally I don't care what you do, no one gives a shit. I am just having more fun making fun of you. You should know that your lies are coming home to roost.

Gulf Stream LMAO!

Leah Lax - Loretta Lax Miller for President 2016 -

Dick Farrel WBDF Radio and Josh Cohen proud of their actions ? is what does Gulf Steam think of this?

That is the title of Janice Wolk Grenadier's latest blog. Wow and pathetic are all I can say. I guess she is a product of the No Child Left Behind program. Oh wait your 54 years old (looking no younger then the age of 65), that happened years after Janice Wolk Grenadier "graduated" high school. Maybe she had to perform "extra credit" through oral exams to graduate. Doesn't that suck? She is just proving our point that she is illiterate. Janice Wolk Grenadier should go back to high school and learn her grammar like everyone else. I think she got her high school diploma from Whatsamatta U with her law degree.

Let's see:

1. She doesn't know the definition of a bully. Well if she looked it up in a dictionary, her fugly face would be next to the definition.
2. She doesn't know what cyber bullying is.
3. She doesn't comprehend that she is cyher stalking and cyber bullying people.
4. She doesn't comprehend that it is a felony to stalk a presidential candidate that is registered with the FEC.
5. She doesn't know the definition of treason. Stupid, you are not a government Janice Wolk Grenadier so treason doesn't apply to your dumb fugly ass.
6. Janice Wolk Grenadier doesn't know when to stop and can get arrested for stalking a presidential candidate who is registered with the FEC.
7. Stalking is a sickness.
8. There are many places that can help you with your problems.
9. There are medications that can help you with your problems.
10. Your entire family knows you are sick and that is why your husband left you.
11. Before you write a post, learn grammar and use spell check.
12. You are NOT an attorney so you can't spout laws that you don't comprehend.
13. You lost your Real Estate License because you scammed people.
14. You hurt people and state they hurt you.
15. You are a jealous, hateful, and spiteful woman and that is why no one likes you.
16. Your My Pillow Pack is just a pillowcase with handles. Don't drifters use those?

Now I know Janice Wolk Grenadier is going to post this on her blog because she is the Queen of Copy and Paste as well as the Queen of Denial. But let me remind you, you are no Cleopatra. I would say you are her less known and more ugly sister whose name was also Janice. Let me inform you Janice Wolk Grenadier that since you made yourself a public figure by writing your pitiful blog, you have no standing to sue anyone. Anyone who you wrote about can sue your fat ass for malicious intent. So I say this Janice Wolk Grenadier, the purpose of being an investigative reporter is to obtain information and we have plenty on you. You need help and there are hospitals in Alexandria VA that can help you. My advice is to go get some before someone decides to sue you and then the VA courts will

commit you and give you a guardian because you can't control yourself. You are a dangerous woman to society, to your children, and to yourself.

Now Janice Wolk Grenadier is going to bitch and moan that she is a single mother. Your kids are OVER 21. The only things you have single are bras and the one black dress you wear with the pearls. I have one things to tell you: LETITGO! You have no life and you have no friends. No one likes you. I suggest you go out and meet a woman who will satisfy your needs.

New Victim of Janice Wolk Grenadier and he don't Give a SHIP!

Just like me, as well as Josh and all the other 30 people who have a hand in writing this blog. Janice we dont give a SHIP if you like it or not. Freedom of Speech! Maybe you should shut your mouth while your ahead rather then try to silence me like the Libertard you are. You must be a Closet Obama follower or as I like to call it a Closet Liberal because you are not a lady. The Constitution allows us freedom of speech and while I still have it, you fat bitch I will express it.

Let me make this perfectly clear I am Jewish. I am not a female and you have no proof and your blog is poorly written and thought out like the dumb ass broad you are. Your spelling and grammer is friggen lacking. You sound like white trailer trash. So garbage that is in goes out.

Now the funny part is, Janice Wolk Grenadier admitted in her own blog that she is a lesbian. We, since we are Anonymous, have noticed that you lovingly posted Hillary's picture and blotting out all information about your homosexuality proves that Janice Wolk Grenadier is a lesbian but also homophobic at the same time. Like the Libtard that you are, you are still hiding in the closet. God bless Adam and Steve and Alice and Eve. Since you didn't deny the fact, it proves you don't like The Cock but you like The Cooch and your breath smells like rotten fish.

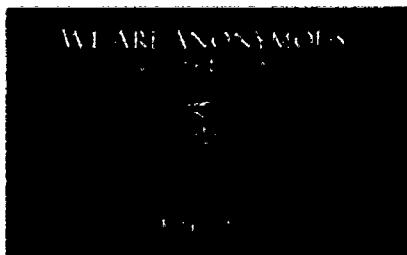

As an investigative reporter, I have seen many things and I know a lie when I read/hear one. When I saw Janice Wolk Grenadier in her videos having multiple orgasms and creaming her panties that she was on her way to get Ilona, I knew immediately that you got your rocks off on Anti-Semitic slurs. I also noticed the hairs on your chinny chin chin when you huffed and you puffed to try to blow your ex-mother in law's house down but it didn't work. In fact it made you look crazier and crazier because no normal person would act like you do. No wonder your kids don't want anything to do with you. It seems like the genes of your daughters have more Jewish DNA than Cat-lick DNA because they have more class than their mother. The DNA is Israeli whether Janice likes it or not.

As far as Janice Wolk Grenadier's nasty vicious ugly comment about African Americans and the use of the N-Word, it shows that she has used that word in the past to describe African American citizens and shows a lack of character as well as deems her to be a Racist. I am wondering now, because Loretta Miller is from Egypt, which is part of Africa, is Janice calling her the N-Word? Now we have proof that Janice Wolk Grenadier does not only hate Jews but she also hates African Americans, Jewish African Americans, Asian Africans, Middle Eastern Africans, European Africans and anyone else who does not agree with her insane mentality and philosophy.

You can tell that Janice Wolk Grenadier is an uneducated, socially stunted woman who is impertinent, scandalous and fabricates lies, stories, and conspiracies and tells them so many times that the lies she created and believes have become the truth in her own Wonderland. She is a pathological liar and can't distinguish the truth from a lie.

Reliable sources from within Anonymous told a newscaster that Janice Wolk Grenadier enjoys slandering, threatening, and bullying Jews so that she could get her way. Janice Wolk Grenadier has threatened to call the FCC on this esteemed and goodlooking newscaster who has charm, grace and charisma. Maybe Janice Wolk Grenadier should take lessons from this newscaster who she harassed and haranged. He even ended up telling her to signal him when her rantings were over. He too is Jewish and dislikes Nazis.

Muggy Cat is all 30 of us and we are Anonymous and truth seekers.

Episode #4 the Divorce also known as Run Dude Run!

Now lets talk facts.....next Episode #4 the Divorce also known as Run Dude Run! (The Story of David's Passover from Janice Wolk) The many lies Janice Wolk Grenadier tells about her child support

[JW DKG Divorce Decree June 2007 by Virginia Law](#)

Take a good look and read this Divorce decree. This selfish try-sexual will lie, cheat, and steal to prove a point. And she has. For the mere sport of things she will defame for fun which she has done and she thinks she is intouchable for a defamation lawsuit against her by Loretta Lax Miller especially when she confabulated that Loretta is behind all her woes from the 1980's. Loretta Lax Miller could care less about Janice Wolk Grenadier her story and her problems. Domistic problems are not Federal Problems. Janice Wolk Grenadier is like an abortion that went wrong. The baby never died but it's brain is damaged. The only difference is the baby is innocent and Janice Wolk Grenadier is not but a vicious, insane, screwed up, old dried up hag that no man or woman would touch with a 10 foot Pole or an 11 foot Ukrainian. Maybe we should all pitch in and get her a getting laid machine since she is in so need of a good one to clean out her pipes. She must have many cobwebs and bats in that belfry.

Janice Wolk Grenadier is a proven liar and I can prove she lied to Loretta Lax Miller. She's into pity parties. Pity me because my ex only gives me \$1260 a month for 2 kids since June of 2000. That is only \$15,120 a year. More then

what a senior citizens gets for social security and according to her family she pocketed most of the money and spent the college funds left to the children by the late Judge Grenadier on booze and her failed business ventures. Now she wants more money. You want more money learn to say "Do you want that super sized" because you wont get pity from me.

Janice Wolk Grenadier wrote to Loretta Lax Miller that she only was awarded \$348.00 a month which is a lie. Read below her own words. She said for 23 years he didn't support them another lie. There is no record with the VA police or Sheriff's department that David Grenadier was arrested for non-payment of child support nor is he on a Deadbeat Father list. If this amount was reduced with her filthy lying mouth she would be screaming to high hell on her blog and putting every filing on Scribd which she didn't. Janice Wolk Grenadier has decided to lie to the public. Any excuse to belittle anyone including Loretta Lax Miller who frankly didn't believe her and called her out by saying get a job like all the other single moms have or those with husbands that died or have a disability. But then again I doubt even Walmart would hire her as a greeter since she is such a miserable vicious freak.

Janice Wolk Grenadier thinks her job is to lay on the couch, eat Bon Bons, get fatter by the minute and screw her EX Husband out of as much money because her obsessions in court filing and hearing voices from her hairy vagina tell her to do so. Just like she is hearing voices that Loretta Lax Miller is in conspiracy with her ex-family when she doesn't even know them. But Janice Wolk Grenadier is a moron and can't figure that out. Maybe she need someone to draw a picture book to illustrate this fact.

Janice Wolk Grenadier attacked Loretta Lax Miller because she is a Jew and that is a hate crime.

UNBELIEVABLE If the attorneys were French, Italian or any other culture you wont mention the religion But it so happened it was a Jewish Attorney that screwed you.. not that any other attorney of a different religion cant screw you. Tell me why did you use Jewish? why not say the attorney screw me. You comment is anti semetic, and nazi like.. I had attorneys who were Christians who screwed me and then drop my case because I said I didnt have action from what they got paid for. But I didnt write an entire story up to prove how you hate Jews. The truth is you hate Jews

My comments aren't Nazi It is a Jewish lawyer and father - family who made there decisions - and told me why 23 years later then had nothing to do with my beautiful girls as well as not supporting them - \$348.00 a month in child support - I am not a nazi nor have I raised my daughters to be prejudice - yet you reach out and connect with me on LinkedIn - and wish to run for President - President of what? Because you see in the United States of America - we allow the TRUTH to be told - It is called Freedom of Speech - Your comments will be shared over and over again - Because you are the one who is the fake - just like Ilona -

MERRY CHRISTMAS - OR IS THAT A NAZI STATEMENT TO YOU?

This lie of Loretta Lax Miller hating Catholics was invented long before Janice Wolk Grenadier even spoke to Loretta Lax Miller. The "hate Catholics" is her MO. Janice wrote this letter and posted as if her Ex-Mother in Law written it. How sick and low can a person get? I now refer to dropping a device as to Taking a Janice Wolk Grenadier.

Thank you for all your help in helping me (Ilona & David) intentionally, willfully, wantonly & maliciously in collusion with y'all to lie in court. lie in court documents; lie in admissions, your support in my hate of Catholics as you know we are Jewish. Taking away Janice Wolk Grenadier and her girls Religious, Civil Rights, United States Constitutional Rights, Virginia State Rights, her rights to due process and going in front of the Grand Jury. Thank you for allowing me and my law firm to steal from the Sonia Grenadier Trust, her family and lying to all the opposing lawyers. Mr. Nicolson for not looking too far into the conflict with King David, stealing Herman, Herman & Sonia Grenadier's Garden and donating it as a tax deduction. Such a shame we couldn't protect Jim Author like you have me!

Thank you so much for protecting the Old Boy Network by braking your oaths, losing your sovereign immunity, judicial immunity by braking the laws of Virginia Code, the United States of America Constitution, the Virginia Constitution, ignoring due process, Civil Rights, Fraud on the Court, Perjury. With your collusion together we killed Janice Wolk Grenadier, and created havoc in her girls lives. We should be so proud of ourselves, those horrid Catholics. Cheers to us!!!

I also want to Thank Diane Fiske for the lovely mirror to the Grenadier law library; it shows her dedication to corruption and the network. I am so proud to be mentioned in the donation of funds to my mutual "LOVE" Donald Haddock's Portrait Fund, and as an Elite donor to the VSB, along with my very close friend, attorney, who has donated 10% of his estate to the VSB, Ben DiMuro, who with the help of his associates at DiMuroGinsburg I am not held to the same standard as other attorneys.

We (The Old Boy Network) will continue to protect our own, and persecute those who get in our way. We have a lot to celebrate all the pain, hurt, and difficulties financially & emotionally we have inflicted on Janice and her girls, oh yes we got celebrate that on the Miss Mallory, Thank you.

Judge Brown you allowed me to lie in admissions, lie in several papers filed with the court, denied Janice trial by jury, I promise to continue all the free legal advice you could want. Judge Nolan Dawkins for lying in court, supporting my lying in court, supporting Michael Weiser and ignoring the charge for sanctions for his obvious collusion to give ya'll more time. Ben DiMuro & Michael Weiser for saying in your Motion Janice hadn't filed a Statement of Facts, even though she had. The Supreme Court of Virginia for ignoring the law, denying the appeal. Edward Davis for accusing Janice for stealing the money from the Sonia Grenadier trust which was stolen through my law firm, Jim McCauley an ethics attorney for scamming her, can you believe she trusted you. Megan S. Roberts coordination your letter to have the City sue Janice with Randy Sengel's letter to Judge Potter to not allow her in front of the Grand Jury. Ann Schmidt for supporting me in court instead of your client Janice who paid you, for me to get the money she should have gotten. Heather Jenquine for representing me in court in collusion with Judge Brown. Judge Gerald Bruce Lee you got it when you called Janice delusional, malicious & looking for frivolous law suits being fantastic and fanciful nature, can you believe she thought she should get due process? The Old Boy Network should not be held to the standards of the law, expected of others.

I promise to continue to buy tables, contribute to campaigns, to have my law firm active with the VSB. May Judge Donald Haddock know we share the same "LOVE" for each other, and I am grateful to him, for letting Janice know she couldn't get a fair trial? She was warned, you and Patsy Ticer through Martha Kent warned her to move on with her life she was no longer one of us. The Appearance of Justice is something the old boy network doesn't have to or shouldn't have to worry about.

I want to welcome back my associate John Winkler who has been in Afghanistan fighting for Freedom which in Virginia is only available to us - the Old Boy Network! Special Thanks to Ben Duffett 2011-2012 Committee for the VSB I'm sure you will do the right thing.

Thank you, for your help in the collusion, corruption, illegal & unprofessional behavior.

Love to all,

Ilona - Ely Freedman Grenadier Heckman (lawyer, founding partner of Grenadier, Anderson, Strace, Duffett & Kieser & Jerry Heckman founding partner of Keller Heckman of Washington DC.

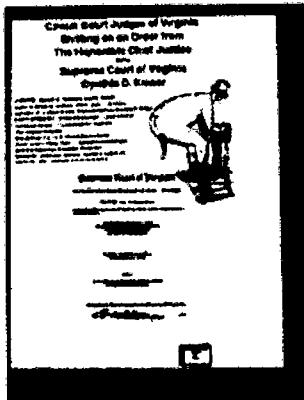

Written by Janice as a Thank you to Ilona – For over 23 years David & Ilona have controlled

my life, because I loved my girls. I waited to bring a suit till the girls were older and the power Iona has couldn't hurt them. I believed naively when I got to court telling the truth, proving it with documents, I was safe. I was so wrong, so innocent. The truth is I am lucky to be alive today. **The great thing about the Thank you party Iona paid for all these people is – It corroborates the collusion - Thank you Iona!**

another one:

On June of 2011 The Supreme Court of Virginia denied my appeal. Sending a Strong message to the Circuit Court Judges all Judges in Virginia. You don't have to follow the rules of the Virginia State Code. The Supreme Court, That Due Process, the Constitutional rights and Civil rights of a citizen in Virginia is not important to us. That if you have a preference over a litigant please chose the litigant you personally like or love more. There will be no consequence for your actions, especially if they are pro se, against a prominent lawyer, who was married to one of us, a judge, the opposing litigant who is divorced from his son, even thou the lawyer through her law firm stole over 95 thousand dollars, to benefit in the millions in Real Estate purchase with the funds, lied in court, lied in documents that are filed in court, lied in admissions, involved in forgery of a Trust agreement, involved in the cover up and lied during the negotiation of the \$95 thousand dollars, lied to other lawyers to benefit herself. With holding a note of litigants that was obtained through malicious manipulation. Is doing this because litigant is Catholic as she told litigant she and her family had nothing to do with her would be considered grand daughters because litigant raised them Catholic. Iona Ely Freedman Grenadier Heckman is Jewish (married to Jerry Heckman of Keller Heckman also Jewish) – I believe this could also be considered a Hate Crime. That it should be taken that Iona hates Catholic's so the Judges, the Supreme Court, and Federal Court also sent the message that you can also Judge against religion. Hate crimes are ok, if you are one of us. www.people-n-rights.us

This was all done in 2012 long before contacting Loretta Lax Miller

This is on Janice Wolk Grenadier's blog. Don't take my word for it look for yourself and here is the link to this filth. Now is this the way a real Patriot who claims to be in the Tea Party presents the American Courts and Judge? I say NOT! You don't like the Judges you campaign to remove them. This is just as bad as the Nazi propaganda about the Jews in Germany. It was posted on Janice Wolk Grenadier blog page. Evidence that was used against her. But then again Janice Wolk Grenadier is a Nazi.

Judge Cynthia D Kinser is Jewish

Janice Wolk Grenadier has a personal witch hunt against Jews. Her agenda is to destroy them economically like Hitler in the beginning. Remove their source of income and then take away everything from them. Janice Wolk Grenadier thinks what is hers is hers and what belongs to a Jew belongs to her also. Jews have no rights to be successful. Jews have no rights to earn money and live in nice homes. Jews have no rights to have money. And according to Janice Wolk Grenadier all Jews are Bernie Madoff!!

You replied to this message:

You are either stupid or you haven't read the whole thing - The Jewish attorney is the Grandmother to my beautiful 22 & 23 year old. When my x-husband walked out on us - and left me in Bankruptcy - I worked my ass off to support my girls and send them to school - I was given sole custody of the girls - and in the end only \$348.00 to support them - They deliberately set it up that way - Isn't that almost exactly what Bernie Madoff did to several Jewish people? What they never expected is I would go to court when they could no longer hurt my girls and go after my money. But, they are powerful and wealthy - My x-mother in law in May of 2008 turned to me and said - "Me and my family had nothing to do with those girls because you raised them Catholic" You see it all over the internet on my Blog etc - do you see me with a libel suit and maybe you would like to read the e-mails sent to me the day after my father died from these horrid people - So before you comment again and you want your comments everywhere there is an article about you - I would think twice about your prejudice against Catholics -

Whenever an Anti-Semite wants to make a point they bring up Bernie Madoff not that there are other people who are not Jewish like Martha Stewart or the guys from Enron who stole money, committed inside trading, and caused their

employees to lose their pensions and homes with inside trading but all is forgiven because they are Christian and she is back on air. Target, Home Depot, Pet Smart, and PetCo all carry her products. I guess she was forgiven by Jesus but since Bernie Madoff is a Jew and all Jews are like this. They are money grubbing low lives.

Episode 3: The Foul Mouthed Raving Baboon Strikes Again

We have found out through reliable sources that Janice Wolk Grenadier is bi-sexual preferring women to men just like Hillary Rodham Clinton. Here is a picture for you Janice, you can drool and jill-off now to this:

Here Hillary is all decked out as a patriot for your sexual pleasure and fantasy Janice Wolk Grenadier. I bet you are soaking in your granny panties. Maybe you need to get a Brazilian wax after you shave your ugly face.

Janice says "Yummy! I want some of that!"

Now, let's get to the nitty or should I say titty-gritty about our foul mouthed bi-sexual freakazoid aka Janice Wolk Grenadier.

Janice Wolk Grenadier claims to be a single mother but how old are her children exactly and where do they live? It seems that her darling little offspring are over the age of 21 and not living with her. Now normally I wouldn't attack

children of psychotic dykes but this one deserves it. Little Abigail and Madeline are 22 and 23 and don't live with this nut job so how can she be a single mother? Things that make you go "Hmmmm".

So let's put this all together. Janice Wolk Grenadier has been not been truthful and a very naughty and bawdy little piggy. Janice it is time for you to be honest and come out of the closet as the Super Ultra Mega Lesbian that you are.

Janice this is your song.

So how does it feel to be accused of the truth as you call it Janice Wolk Grenadier?

Janice formed a smear campaign against anyone who opposes or doesn't agree with her. It is funny that Loretta Lax Miller and I have never met her ex-mother in law or each other but Janice Wolk Grenadier insists that we are all in a conspiracy against her. Paranoia or should we contact the X-Files division of the FBI for the government cover up conspiracy that Janice Wolk Grenadier keeps insisting. Or does everyone think that Janice Wolk Grenadier needs to have the men of wait I mean women in white coats and butterfly nets to take her away. After Janice Wolk Grenadier's husband walked out on her after she told him she was bi-sexual or is she try-sexual, she will try anything at least once, she began to accuse everyone and they should have taken her away to the funny farm! Well Janice someone is and will be coming shortly to take you away to the funny farm because you are a danger to society and yourself and in need of a guardian. No wonder your kids don't want anything to do with your nasty, fugly, and abusive self. I could shave a goat's butt and teach it to walk backwards and it would still look better than you. The Son of Sam is saner than you! Do you hear voices coming from your cobweb, dried up, wrinkled, hairy, skanky, vagina? Do the voices tell you what you want to hear? They have medications for your issues. Did you go to Whatsamatta U Law School with Buttwinkle?

So now Janice I have one other question for you: Do you like the Joker and ask everyone "Why so serious?"

Oh and dumbass, treason is against the government not against a moron like your snaggletooth ass. This is right from the snaggletooth dumbass moron Janice Wolk Grenadier's retarded blog where she acts as though she is an attorney. In fact, let's clarify it, a criminal attorney for charging these esteemed Judges with acts of treason because they wouldn't let her have her way. I guess she needs the world's smallest violin to play the world's saddest song just for her. Boo hoo Beyotch!

For your reference Janice Wolk Grenadier:

treason

[tree-zuh n]

1. the offense of acting to overthrow one's government or to harm or kill its sovereign.
2. a violation of allegiance to one's sovereign or to one's state.
3. the betrayal of a trust or confidence; breach of faith; treachery.

So unless your ass is as big as the United States (which means you have big freaking ass and you must have your own zipcode) then an esteemed Judge cannot commit treason against you. But then Janice Wolk Grenadier you think you know it all. I guess the VA Bar Association needs to know where you got your law degree from.

Judge J. Howe Brown -

Three (3) occasions Judge Brown asked by the Circuit Court of Alexandria to oversee a case that the Judges of the Circuit Court had recused themselves. The Circuit Court of Alexandria had not followed the rules of The Supreme Court of Virginia Rule 17.1-105(b). This was in violation of Plaintiff's Civil Rights, Constitutional Rights, The Law of the Supreme Court of Virginia, Virginia Code, as a Judge he should have the responsibility of knowing. In conclusion he either did not know the law – incompetence, or, he ignored the law – unconscionable!

Judge Brown's actions Violated the Rule 17.1-105(b), his abusive of his authority, was acting under "color of law" willfully to deprive and conspire to deprive JWG of her rights protected by the Constitution or US law. His impropriety created the appearance of supporting the illegal and unprofessional behavior of the Virginia Circuit Court of Alexandria, other defendants, Ilona, David and supporting the wishes of Judge Haddock, Judge Klock, Judge Dawkins and Judge Bondareff Kermier who had recused themselves and not filed the appropriate paper work with the Supreme Court of Virginia.

45

He is a trespasser of the law, he did not have subject-matter jurisdiction and his order is void, of no legal force or effect. Whenever a judge acts where he/she does not have jurisdiction to act, the judge is engaged in an act or acts of treason. When judges act when they do not have jurisdiction to act, or they enforce a void order (an order issued by a judge without jurisdiction), they become trespassers of the law, and are engaged in treason.

Judge Brown is guilty of the following Crimes:

1. Color of the law Abuses
2. Taking Fee legal advice from Ilona and not disclosing it
3. §18.2-481 Treason
4. § 17.1-105 (b)
5. § 18.2 – 21

Judge James J. McGrath -

September 11, 2008 Kangaroo Court – His actions to protect the Old Boy Network on this day towards Janice were evil - they were willful acts with malicious, violent, oppressive, fraudulent, wanton, and grossly reckless. Judge McGrath's actions are egregious, a were fraudulent scheme to produce a lawyer that has no integrity.

Judge McGrath is guilty of the following Crimes:

1. Color of the law Abuses
2. Not disclosing his working relationship with Judge Klock who in August of 2010 recused himself a 2nd time for working with Judge McGrath
3. § 17.1-105 (b)
4. § 18.2 – 21

Judge Nolan Dawkins

was disingenuous in court willfully in collusion with the other players in this game to hurt Janice and her girls. He is guilty of:

1. § 18.2-434 What deemed perjury
2. § 8.01-4.3 Unsworn declarations under penalty of perjury
3. § 17.1 – 105 (b) Designation of judges to hold courts and assist other judges
4. § 18.2-21 When and where accessories tried:

Judge Dawkins actions show he was in collusion with the Defendants and others to prevent due process. He acted intentionally, willfully, wantonly, and maliciously in his collusion to protect Ilona a wife of a past judge part of the network. Defendants' blatant abusive regard to the United States of America Constitution, Virginia Constitution, Civil Rights of Plaintiff, should be punished. He has disgraced the judicial system of Virginia and his oath of office.

Judge Dawkins by all Appearance had recused himself in April of 2008 when he became a Judge in the Circuit Court. In October of 2010 he reappeared to lie in court. In December of 2012 he appropriately recused himself and in October 13, 2012 he resurrected himself to sign and illegal and unprofessional order – preventing Appellant once again from Due Process.

On October 13, 2012 in the Mail Plaintiff received a Box which has not been opened from the Circuit Court of Alexandria with the evidence that was submitted into the record on September 26, 2012. If the Judge had not submitted or had not taken away all of Plaintiff's right to file anything without his permission, along with the Order to quash the Lis Pendens even when Plaintiff had shown the Financial money with back up due to Plaintiff close to \$3 million dollars with interest. By all appearance the Circuit Court of Alexandria has become a Trustee to the money owed Appellant by blocking Appellant taking way her Constitutional Right to protect her interests in a Lis Pendens from Corrupt attorneys.

The latest of the WACKO blogs of Janice Wolk Grenadier.

The Latest of the WACKO blogs of Janice Wolk Grenadier. She is now claiming Loretta Lax Miller has filed a false report to the FBI when it was she who sent this scandalous letter. She was found guilty of everything she accuses others of doing. Janice Wolk Grenadier is a first class slime ball.

Please note that Janice Wolk Grenadier states she is Commonwealth Attorney but forgot to attach that information. Everything that Janice Wolk Grenadier says is a story or something she confabulated out of her imagination.

She calls Loretta Lax Miller "crazy" when she is the insane one and there are more victims of Janice Wolk Grenadier. See what she wrote and posted about another woman.

[Episode 2: Janice Wolk Grenadier has her granny panties in a twist](#)

It seems as if Janice Wolk Grenadier has her granny panties in a twist. She forgot what she wrote it seems or was either too drunk or too high to comprehend her pathological lies and psychotic rantings on her own blog and has been removing her so called truth since she was caught showing her Eric Cartman sized ass in her granny panties.

the Sick JW Grenadier aka Janice Wolk Grenadier

I want to introduce to you a pathological liar who needs to either be sued or to be put into a place to be taken care of,

This is the pot calling the kettle black

According to Wikipedia (normally a site I do not use as a reference but I am using it for Janice Wolk Grenadier who must be incompetent to not understand what the definition of bully is):

"Bullying is the use of force, threat, or coercion to abuse, intimidate, or aggressively impose domination over others. The behavior is often repeated and habitual. One essential prerequisite is the perception, by the bully or by others, of an imbalance of social or physical power. Behaviors used to assert such domination can include verbal harassment or threat, physical assault or coercion, and such acts may be directed repeatedly towards particular targets. Justifications and rationalizations for such behavior sometimes include differences of class, race, religion, gender, sexuality, appearance, behavior, strength, size or ability.² If bullying is done by a group, it is called mobbing.³ "Targets" of bullying are also sometimes referred to as "victims" of bullying.

Bullying can be defined in many different ways. The UK currently has no legal definition of bullying,⁴ while some U.S. states have laws against it.⁵ Bullying consists of four basic types of abuse – emotional (sometimes called relational), verbal, physical, and cyber.⁶ It typically involves subtle methods of coercion such as intimidation.

Bullying ranges from simple one-on-one bullying to more complex bullying in which the bully may have one or more "lieutenants" who may seem to be willing to assist the primary bully in his or her bullying activities. Bullying in school and the workplace is also referred to as peer abuse.⁷ Robert W. Fuller has analyzed bullying in the context of racism.

A bullying culture can develop in any context in which human beings interact with each other. This includes school, family, the workplace, home, and neighborhoods. In a 2012 study of male adolescent football players, "the strongest predictor was the perception of whether the most influential male in a player's life would approve of the bullying behavior".⁸ <http://en.wikipedia.org/wiki/Bullying>

Now what Janice Wolk Grenadier doesn't understand or comprehend due to her possible drunken and psychotic rages is that she in terms is a cyber bully. Now Janice, again since you maybe incompetent not to understand what a cyber bully is, here is the definition for your small mind and the three brain cells that you have left from all the alcohol you have drank over the passed 50 years:

"Cyberbullying is the use of information technology to harm or harass other people in a deliberate, repeated, and hostile manner.⁹ According to U.S. Legal Definitions, Cyber-bullying could be limited to posting rumors or gossips about a person in the internet bringing about hatred in other's minds; or it may go to the extent of personally identifying victims and publishing materials severely defaming and humiliating them.¹⁰" <http://en.wikipedia.org/wiki/Cyberbullying>

JW Grenadier aka Janice Wolk Grenadier; the Sick JW Grenadier aka Janice Wolk Grenadier
<http://jwrenedone.fr.blogspot.com>

YET - NONE OF THEM CAN SUE ME - BECAUSE I AM TELLING THE TRUTH!

It seems as if anyone who stands up against Janice Wolk Grenadier is in her own words a "bully", a "liar", and a "thief". Well, let's inform Janice Wolk Grenadier on what a bully is and the definition of cyber bullying.

According to Janice Wolk Grenadier:

Leah Lax a Bully

Leah Lax requested a connection on LinkedIn with Janice Wolk Grenadier - I did not know her - but, accepted her request - She then sent links to her blog - when I commented on one

She became unreasonable - The conversations with LinkedIn and e-mail are below -

She is according to her websites a Democrat

by all appearance and comments is prejudice against Catholics/Christians -

Registered to run for President of the United States of America in 2016 and was a write in against President Obama in 2012

Further in the e-mail you will find she is in collusion with Ilona Ely Freedman Grenadier

Heckman - valaw2010.blogspot.com

On 12/19/13 1:33 PM, LORETTA LAX MILLER wrote

... http://jwrenedonefr.blogspot.com/2013/12/boxcar-of-israel-trumps-two.html

The writing in Red is Leah Lax's words - Enjoy!

It is obvious that Janice Wolk Grenadier is a hateful and psychotic woman (and most likely sexually frustrated) who has to bully her way into forcing others to believe as she does. Hmmmm.... Sounds kind of familiar? What political organization did that in Germany in the late 1920's to 1948? It was a certain bully by the name of Adolf Hitler and his followers. Now what religion was Hitler again? He was a Catholic just like Janice Wolk Grenadier.

I think that Janice Wolk Grenadier may be coming out of the closet in one or more ways. She is in denial of her abusive ways, that she is a bully and I allege she is sexually frustrated and confused and in love secretly with her ex-mother in law. Some please give this woman a roll in the hay or a Buzz Lightyear toy... emphasis on the words Buzz and Toy. But then again she could always go on Craig's list to find someone.

So now I leave you with this thought Janice Wolk Grenadier since I know you are reading this blog: Honey Boo Boo and her family are of a better class than you will ever be. Everyone loves Honey Boo Boo but you would be the one who would scream that they are harassing you too.

I have one other question I want to ask you: When do you take off your aluminum foil hat?

the Sick JW Grenadier aka Janice Wolk Grenadier

I want to introduce to you a pathological liar who needs to either be sued or to be put into a place to be taken care of.

Her name is Janice Wolk Grenadier.

This woman gets orgasms thinking of ways to stalk, harass and slander as well as defame esteemed Judges, both state and federal Senators and Congresspersons, the court system and others. She claims everyone is against her yet she committed fraud, deceit, and theft from a client just recently and the Commonwealth of Virginia Real Estate Board revoked her license.

Everything she has said about those she has stalked is what she has done and has inverted her crimes on them.

The Contractors Transaction Recovery Fund and the Real Estate Transaction Recovery Fund provide monetary relief to consumers who incur losses through the improper and dishonest conduct of a licensed contractor or licensed real estate professional. The funds are supported entirely by assessments paid by licensed contractors and licensed real estate professionals, not by any tax revenues.

The information on this page was last updated on 2013-12-28.

This woman Janice Wolk Grenadier has also attacked her own mother in law because she claims she stole and told her because she is Catholic she wants nothing to do with her,

She also cried she is a single mother who had to raise her children by herself. The judge in the divorced decree stated that the father was allowed LIBERAL VISITATION but Janice refused to allow him to visit his own daughters even though he paid her hefty child support of \$1300.00 per month which she spent that on drugs and booze. The divorce decree stated that this support was to be paid up until the children were 18 years of age then stopped. One daughter left her home ran to Texas where she is attending college. The father is paying directly to the child support and college. The other daughter left the home and is living on her own . Furthermore by the mother who uses their father to hurt them. And she calls herself a Christian.

Speaking of Christians and Christianity she has stalked a presidential candidate Loretta (Loch) Lax Miller because she used a Hebrew word to describe this women. The word is GOY and that was used for her and her alone. Yet this Janice Wolk Grenadier is telling the world and all she can find to hear her that Loretta (Loch) Lax Miller is a hater of Christians and Catholics. I find it offensive that Janice Wolk Grenadier is using religion just like Obama who used to discredit this fine upstanding Candidate who risked her life everyday to expose corruption in this government. She has also told this reporter that Loretta Lax Miller: she dislikes Catholics, Christians, Muslims

But in her blog she writes

She is according her websites a Democrat that is prejudice against Catholics

She is according to her websites a Democrat

by all appearance and comments is prejudice against Catholics/Christians - You know here is someone who has worked her whole life for a goal - and a stupid moment with those emails

These emails were copied from LinkedIn. LinkedIn is a social network where you make connections. Loretta was making connection for her campaign trying to reach out to as many people she could.

The original email was about an article she found and made a comment of bravo This article was also posted on a blog and then posted on LinkedIn.

Janice Wolk Grenadier has no clue how degrading her comments are because she has no care in the world that she can say what she wants and remove the right of others to answer back in the same manner. She got pissed off at Loretta and started at that moment to stalk her and anyone who disagrees with her. Jenice You see Janice Wolk Grenadier has a tendency to leave out and add. She has no regard for other peoples lives but her own.

Look lady my husband died, left me with medical bills of over \$400,000. I have a sick kid who is 32 with a rare brain disease that has to be treated in Israel I fly there once a month with him I have MS and I have to deal with a lot of things too. But I don't blame any one or any religion for what has happened. We all have our stories and who cares what happened to you. You don't blame Jews for your mistakes. I could blame the Christians doctors who turned off my husband's pacemaker and caused him to die. I could blame the Catholic woman who stalked him until he had his cardiac arrest but I don't. I could blame my son for my MS but I don't. I have been supporting my family for over 30 years with MS plus 2 open heart surgeries, with a death in my family with crap I get from people like you everyday telling me a Jew can't be President yet alone a women. I get up I wash my face I look at my list of to do and move on. I have had my electric, water, gas turned off. I almost lost my home to the doctors and hospital BUT I paid them off and I managed. I have worked as a CPA during the day and stocked shelves in Walmart and many times I had to take my wheel chair in with me just to sit while I stock lower shelves.

I am grateful to the Medical staff of Israel and Teva Pharam, for paying my fare to Israel and treating him. I have seen progress when the CHRISTIANS Doctors here in America can not offer a ounce of treatment. Therefore according to you the Christian Doctors screwed me out of money and my husband's life and began on my son's life.

Israel is the only country in the world that offers anyone free medical without strings attached. Now that is enough of my business and I frankly don't want to hear on how you suffered with 2 healthy girls and you had to go to work because I have no sympathy for you. Go join a group or go to a shrink.

You want to boycott Israel take your cell phone, computer, all electronics that uses intel because that chip was developed and made in Israel by Jews. While you are at it don't use the polo vaccines or any vaccines or medications that were discovered by Jews. Many other Medical and science discoveries where found by Jews and if you want to boycott Israel then maybe Israel should boycott Christians and throw them all out.

Support Muslims who steal ideas and their cure for everything is camel urine. Swine flu they kill pigs, bird flu they kill birds. Corona virus they were killing dogs for that Leukemia they blamed that on feline leukemia and they killed cats. They are ignorant and in breed (they marry their first cousins) they rape babies analy it doesn't matter to them if it's their daughters and recently a child bride of 6 yrs old married (bought by) a man of 46 he raped her and she bleed to death. So go love your MOOOOSLEMS

What they never expected is I would go to court when they could no longer hurt my girls and go after my money. But, they are powerful and wealthy - My x-mother in law in May of 2008 turned to me and said - "Me and my family had nothing to do with those girls because you raised them Catholic" You see it all over the internet on my Blog etc - do you see me with a libel suit and maybe you would like to read the e-mails sent to me the day after my father died from these horrid people - So before you comment again and you want your comments everywhere there is an article about you - I would think twice about your prejudice against Catholics -

Her ex husband, my stepson, and I (and most of the state of Virginia) have been plagued by her for years. Not only are her accusations "in error", but are completely libelous. Unfortunately, if you read her history, her loss of her real estate license, the suit against her in Court for fraud dealing with a client resulting in not only a judgment but punitive damages as well (not involving us, she was sued by a former client of hers), you understand the nature of this person. However, she has little or no money, and our attorneys have advised up to now against wasting the time to sue her.

As an aside, her rantings about my being anti-Catholic are a joke; my grandparents on my mother's side were of a Jewish heritage, but unpracticed, my father was raised in a catholic orphanage as a young child until he was in his teens and was close to the Church all of his life; at his funeral in a Jewish side of a cemetery, the providing religious service was primarily given by two Catholic priests! And my religious family life was basically Christian as a child with a knowledge and pride of a Jewish heritage. All of which Ms. Janice Grenadier knows, seems that her false obessions have become almost fanatic.

I am sorry that she has found some way to hit at others including yourself; she seems to think the more persons she can harass the more attention she will get, and negative attention to her seems to be better than no attention.

I will copy my attorney's office on your e mail, and if we decide to take some action against her, you will probably be made aware of it.

As of now however, I have been recently widowed from a wonderful man, and as this is the second time (Judge Grenadier, also a wonderful man, died in 1885), and Jerry in January of this year, I am focusing on absorbing this loss, my family and my own clients.

Again, I am so sorry she has involved you.

Ilona Ely Grenadier, Esq.

Dear Ms. Lax, I'm really sorry you are the subject of wrath from my former sister-in-law, who clearly needs meds. Janice benefitted very well from her association with my family, but when it was clear she needed mental health care, she didn't get it. My family and our reputation has been gravely damaged by Janice. She still sues my brother and stepmother on a regular basis, ironically bleeding my brother of money. His daughters didn't want for anything when they were growing up, despite the fact that Janice would routinely spend all of the child support money on herself. I feel very close to my nieces; they are lovely young women who feel both shame and some pity, because they are compassionate. My youngest niece Madeline felt the need to go all the way to the University of Texas in Austin for her education, to get away from her mother. Janice has hurt them by constantly and publicly attacking my brother.

My nieces were not raised Jewish; the youngest is a Christian and the oldest considers herself half-Jewish and is proud of that. The youngest one won't have anything to do with her, and the older one, Abby, feels a little bit more compassion for her, but does not see her. Janice has a gun and I'm always fearful about what she would do if my niece was over at her house.

Your name seem familiar to me; and I thought I had read something by you, maybe on Tablet. I look you up, and that turns out to be right! Now I'm supremely embarrassed that for some inexplicable reason, Janice singled out a prominent and skilled writer to include in her opprobrium to our family!

I am also a writer, but could never find a way to write about this particular mess. I pretty much stayed out of this family rumpus, since it did not seem to include me, and my brother also thought it would be a good idea to ignore her. I had to step in, though, when Janice started to attack my sister Rachel, who lives in Israel.

This whole matter has been an incredible embarrassment to my entire family, considering that we have been in Alexandria a long time, and the family was fairly prominent. I'm very sorry that Janice has included you in this email list, and I look forward to possibly meeting you one day. I wish you all the best for a happy and productive 2014.

Most sincerely,
Andrea

Shalom Ms. Miller,

I am one of the relatives of the "whacko" Janice Wolk Grenadier. You can either forward her blog comments to the originator of the blog and ask that it be removed in its entirety or you can take legal action against her. She is unhinged. The local police know it, the local Federal authorities know it and unfortunately now you know it. I have no idea how you ended up on her bad side, but you are in good company. She has been ranting for years and we have all placed her in our "junk" files and she cannot contact us any longer. I wish you the same good fortune.

Rachel Grenadier

Janice Wolk Grenadier's comment on this is unforgivable. If I called a Hindu a jerk does not mean all Hindus are jerks it means that a certain Hindu is a jerk and there are many jerks in this world including Janice Wolk Grenadier who is trying to destroy a multitude of people but only making herself look like the ass she is.

Take a good look at this womans face pictured on her Youtube and listen to her voice as she becomes orgasmatic as she condemn her victims. She is washing her own dirty underwear on line and her daughters suffer from embarrassment.

And please watch this woman come to a climax

Jail Bird Granny Panties.

Generally people never, never brag or boast they were sent to jail. But Granny Panties went to jail. This was right from her webpage! Now the Muggy Cats haven't even peeked at her "webpage" until the other day when we were checking the arrest records and here popped up Granny Panties.

We at Muggy Cat applaud the judges who placed this leech on human society this vile deranged person in jail. BUT! she should have been placed in jail for the criminally insane.

That the law is very clear. That Judge Clark's actions have turned back time. Giving me less rights then a slave.
Taking someone under Title 42 US Code 1994 and Title 18 US Code 1581(a): Whoever holds or returns any person
to a condition of PEONAGE, shall be fined under this title for imprisonment not more than 20 years or both. That on
October 22, 2014 I was placed in jail for failure to pay legal fees in 30 days which is a violation of my Thirteenth
Amendment "Neither Slavery nor involuntary servitude, except
on punishment for a crime where of the party shall have duly convicted, shall exist within the United States, or
any subject to their Jurisdiction". Furthermore the right by placing me "under" a state Peonage / Involuntary
Servitude violating the Fourth Amendment right by malicious prosecution, false imprisonment and
unconstitutional arrest. This violation of my Eighth Amendment Right as to Excessive Bail which in this case
constitutes "Restitution Bail" which further shows the knowledgeable malicious intent to silence me till the
election was over on November 4th, 2014. Bias, Retaliation and Retribution to further line the Lawyers pockets
by Judge Clark.

"When we acknowledge that we live in a world where there is hate, and where that hate is translated into despicable actions, we can stand up together and say there is no room for that. When we clearly define hatred, as this bill does, then we can transform for the good and build a better future," said Governor Glenn Youngkin. "I'm so proud of the progress we're making and humbled by the shining lights we see across the Commonwealth."

GOVERNOR YOUNGKIN Blocked State Police Investigation into "HATE" Crime and others and was willfully with knowledgeable intend complicit to the public corruption against Janice Wolk Grandier.

¹ Early in this investigation, the Government made a very limited number of plea offers in misdemeanor cases that included an agreement to recommend probation in *United States v. Anna Morgan-Lloyd*, 1:21-cr-00164(RCL); *United States v. Valerie Elaine Ehrke*, 1:21-cr-00097(PFF); *United States v. Donna Sue Bissey*, 1:21-cr-00165(TSC), *United States v. Douglas K. Wangler*, 1:21-cr-00365(DLF), and *United States v. Bruce J. Harrison*, 1:21-cr-00365(DLF). The government is abiding by its agreements in those cases but has made no such agreement in this case. Cf. *United States v. Rosales-Gonzales*, 801 F.3d 1177, 1183 (9th Cir. 2015) (no unwarranted sentencing disparities under 18 U.S.C. § 3553(a)(6) between defendants who plead guilty under a “fast-track” program and those who do not given the “benefits gained by the government when defendants plead guilty early in criminal proceedings”) (citation omitted).

That Docket Entry No. 22 was a Motion to Vacate due to the collusion, conspiracy, and complicit behavior of the Judge and Lawyer.

That parallel to this court having Jurisdiction the City of Alexandria Court with the opposing lawyer here filed and had an alleged court hearing/trial in the City of Alexandria Virginia.

This court stated that it had taken Jurisdiction and remanded it back to this court.

The attached Motion to Vacate will show the Judge disallowing the information into the record and Lawyer Elizabeth Biones approved to practice in this court ignoring the Appeals Court Order.

For these reasons, I ask the upper court to review the behavior of both the Judge and Lawyer and have a Service Master and or Master review the judge's Order.

Wherefore Janice Wolk Grenadier asks this court to continue "the Stay" until a fair open court hearing is had by a Judge without a Bias and whom I have not had to report in the past for being Bias.

The Law

1. Code of Conduct for United States Judges:

Federal judges abide by the Code of Conduct for United States Judges, a set of ethical principles and guidelines adopted by the Judicial Conference of the United States. The Code of Conduct provides guidance for judges on issues of judicial integrity and independence, judicial diligence and impartiality, permissible extra-judicial activities, and the avoidance of impropriety or even its appearance.

Judges may not hear cases in which they have either personal knowledge of the disputed facts, a personal bias concerning a party to the case, earlier involvement in the case as a lawyer, or a financial interest in any party or subject matter of the case.

Many federal judges devote time to public service and educational activities. They have a distinguished history of service to the legal profession through their writing, speaking, and teaching. This important role is recognized in the Code of Conduct, which encourages judges to engage in activities to improve the law, the legal system, and the administration of justice.

Canon 1: A Judge should uphold the Integrity and the Independence of the Judiciary

Canon 2: A Judge should avoid Impropriety and the Appearance of Impropriety in all activities

Canon 3: A Judge should perform the duties of the office Fairly, Impartially and Diligently

Canon 4: A Judge may engage in extra Judicial activities that are consistent with the obligations of judicial office

Canon 5: A Judge should refrain from Political Activity

2. "Pro se plaintiffs are often unfamiliar with the formalities of pleading requirements. Recognizing this, the Supreme Court has instructed the district courts to construe pro se complaints liberally and to apply a more flexible standard in determining the sufficiency of a pro se complaint than they would in reviewing a pleading submitted by counsel. See e.g., Hughes v. Rowe, 449 U.S. 5, 9-10, 101 S.Ct. 173, 175-76, 66 L.Ed.2d 163 (1980) (per curiam); Haines v. Kerner, 404 U.S. 519, 520-21, 92 S.Ct. 594, 595-96, 30 L.Ed.2d 652 (1972) (per curiam); see also Elliott v. Bronson, 872 F.2d 20, 21 (2d Cir.1989) (per curiam). In order to justify the dismissal of a pro se complaint, it must be " 'beyond doubt that the plaintiff can prove no set of facts in support of his claim which would entitle him to relief.' " Haines v. Kerner, 404 U.S. at 521, 92 S.Ct. at 594 (quoting Conley v. Gibson, 355 U.S. 41, 45-46, 78 S.Ct. 99, 102, 2 L.Ed.2d 80 (1957)).
3. American citizens are guaranteed "equal protection of the laws" by the Fourteenth Amendment and an "impartial jury" by the Sixth Amendment. *Justice is blind* means that justice is impartial and objective.
4. "Fairness of course requires an absence of actual bias in the trial of cases. But our system of law has always endeavored to prevent even the probability of unfairness. "In re Murchinson, 349 U.S. 133, 136 (1955)" When reviewing a pro-se pleading, it is prudent to follow the federal practice of liberally construing the allegations set out in the pleading to determine whether the pleading asserts any valid causes of action. See, e.g. Harrison v. U.S. Postal Services 840 F. 2d 1149, 1152 (4th Cir. 1988). The factual allegations should be viewed in the light most favorable to the pleading party. Davis v. City of Portsmouth, 579 F. Supp. 1205, 1209-10 (E.D. Va. 1983), aff'd, 742 F.2d 1448 (4th Cir. 1984)
5. Failing to protect the Civil Rights of Plaintiff by ignoring Due Process, showing favoritism to the Defendants and Defendants attorneys because of who they are part of the Old Boy's Network of Virginia or other. Loving v. Virginia, 388 U.S. 1 (1967) was a landmark civil rights decision of the United States Supreme Court against discrimination. Which includes being discriminated because the Judge's, lawyers, elected officials and government employees have decided you are not a part of their race.
6. "No man in this country is so high that he is above the law. No officer of the law may

set that law at defiance with impunity. All the officers of the government from the highest to the lowest, are creatures of the law, and are bound to obey it." Butz v. Economou, 98 S.Ct. 2894 (1978); United States v. Lee, 106 U.S. at 220, 1 S.Ct. at 261 (1882)"

7. "Further it is the obligation of every Judge to honor, abide by, and uphold not only the Constitution and laws of the State, but they are bound by the laws and Constitution of the United States as well."
8. "State courts, like federal courts, have a constitutional obligation to safeguard personal liberties and to uphold federal law." Stone v Powell, 428 US 465, 483 n 35, 96 S. Ct 3037, 49 L Ed. 2d 1067 (1976)"
9. "Any judge who does not comply with his oath to the Constitution of the United States, wars against that Constitution and engages in violation of the Supreme Law of the Land. If a judge does not fully comply with the Constitution, then his orders are void, In re Sawyer, 124 U.S. 200 (1888), he is without jurisdiction, and he/she has engaged in an act or acts of treason."
10. You can't change the Truth - The Truth is the actions of the Judges, Under Illinois and Federal law, when any officer of the court has committed "fraud upon the court", the orders and judgment of that court are void, of no legal force or effect." "Citation: 93F. 2d 313 (2d Cir. 1937) Any judgment procured by fraud is null and void. An erroneous judgment may be attacked collaterally. Affirmed"
11. The Constitution of the United States A fundamental, guarantee that all legal proceedings will be fair and that one will be given notice of the proceedings and an opportunity to be heard before the government acts to take away one's life, liberty, or property. Also, a constitutional guarantee that a law shall not be unreasonable, Arbitrary, or capricious. The constitutional guarantee of due process of law, found in the Fifth and Fourteenth Amendments to the U.S. Constitution, prohibits all levels of government from arbitrarily or unfairly depriving individuals of their basic constitutional rights to life, liberty, and property. The Due Process Clause of the Fifth Amendment ratified in 1791, asserts that no person shall "be deprived of life, liberty, or property, without due process of law." This amendment restricts the powers of the federal government and applies only to actions by it. The Due Process Clause of the Fourteenth Amendment, ratified in 1868, declares, "[N]or shall any State deprive any

person of life, liberty, or property, without due process of law" (§ 1). This clause limits the powers of the states, rather than those of the federal government.

12. [U.S. Code](#) > [Title 28](#) > [Part I](#) > [Chapter 21](#) > [§ 455](#)
28 U.S. Code § 455 - Disqualification of justice, judge, or magistrate judge

(a) *Any justice, judge, or magistrate judge of the United States shall disqualify himself in any proceeding in which his impartiality might reasonably be questioned.*

(b) *He shall also disqualify himself in the following circumstances: (1) Where he has a personal bias or prejudice concerning a party, or personal knowledge of disputed evidentiary facts concerning the proceeding; (2) Where in private practice he served as lawyer in the matter in controversy, or a lawyer with whom he previously practiced law served during such association as a lawyer concerning the matter, or the judge or such lawyer has been a material witness concerning it; (3) Where he has served in governmental employment and in such capacity participated as counsel, adviser or material witness concerning the proceeding or expressed an opinion concerning the merits of the particular case in controversy; (4) He knows that he, individually or as a fiduciary, or his spouse or minor child residing in his household, has a financial interest in the subject matter in controversy or in a party to the proceeding, or any other interest that could be substantially affected by the outcome of the proceeding; (5) He or his spouse, or a person within the third degree of relationship to either of them, or the spouse of such a person:*

(i) Is a party to the proceeding, or an officer, director, or trustee of a party; (ii) Is acting as a lawyer in the proceeding; (iii) Is known by the judge to have an interest that could be substantially affected by the outcome of the proceeding; (iv) Is to the judge's knowledge likely to be a material witness in the proceeding.

(c) *A judge should inform himself about his personal and fiduciary financial interests, and make a reasonable effort to inform himself about the personal financial interests of his spouse and minor children residing in his household.*

(d) *For the purposes of this section the following words or phrases shall have the meaning indicated:*

(1) "proceeding" includes pretrial, trial, appellate review, or other stages of litigation; (2) the degree of relationship is calculated according to the civil law system; (3) "fiduciary" includes such relationships as executor, administrator, trustee, and guardian; (4) "financial interest" means ownership of a legal or equitable interest, however small, or a relationship as director, adviser, or other active participant in the affairs of a party, except that:

(i) Ownership in a mutual or common investment fund that holds securities is not a "financial interest" in such securities unless the judge participates in the management of the fund; (ii) An office in an educational, religious, charitable, fraternal, or civic organization is not a "financial interest" in securities held by the organization; (iii) The proprietary interest of a policyholder in a mutual insurance company, of a depositor in a mutual savings association, or a similar proprietary interest, is a "financial interest" in the organization only if the outcome of the proceeding could substantially

affect the value of the interest; (iv) Ownership of government securities is a "financial interest" in the issuer only if the outcome of the proceeding could substantially affect the value of the securities.

(e) No justice, judge, or magistrate judge shall accept from the parties to the proceeding a waiver of any ground for disqualification enumerated in subsection (b). Where the ground for disqualification arises only under subsection (a), waiver may be accepted provided it is preceded by a full disclosure on the record of the basis for disqualification.

(f) Notwithstanding the preceding provisions of this section, if any justice, judge, magistrate judge, or bankruptcy judge to whom a matter has been assigned would be disqualified, after substantial judicial time has been devoted to the matter, because of the appearance or discovery, after the matter was assigned to him or her, that he or she individually or as a fiduciary, or his or her spouse or minor child residing in his or her household, has a financial interest in a party (other than an interest that could be substantially affected by the outcome), disqualification is not required if the justice, judge, magistrate judge, bankruptcy judge, spouse or minor child, as the case may be, divests himself or herself of the interest that provides the grounds for the disqualification.

13. Other law is included in this document where applicable.

2. Motion for immediate Investigation into Judge Beryl A. Howell and her relationship with Keller Heckman Law firm – Jerome (Jerry) Heckman - Ilona Grenadier Heckman – Loretta Lax Miller et al

A. The orders on or around May 19, & May 30, 2014 are not rational nor would such an Order be allowed if Plaintiff was an attorney or had an attorney. Further, this policy puts Plaintiff before the court on an unequal footing with Plaintiff's opponent, a due process violation. Johnson v. Zerbst, 304 U.S. 458, 58 S.Ct. 1019(1938); Pure Oil Co. v. City of Northlake, 10 Ill.2d 241, 245, 140 N.E. 2d 289 (1956); Hallberg v Goldblatt Bros., 363 Ill 25 (1936), the court exceeded it's statutory authority. Rosenstiel v. Rosenstiel, 278 F. Supp. 794 (S.D.N.Y. 1967) Plaintiff's opponent Ilona Ely Grenadier Heckman has the benefits of being an attorney, the widow of a past Judge, the widow of Jerome (Jerry) Heckman founding partner of Keller Heckman an international law firm whose main office is in DC that specializes in many fields that Judge Beryl A. Howell has worked in. That Loretta Lax Miller et al claims to be running for President of the United States of America and has donations coming in from the likes of Larry Page of Google, Microsoft, several different performers, Radio stations, Facebook etc etc and very close ties to Israel and its leaders. With Israel paying for monthly flights back and forth for her and her son due to an illness he has.

3. Motion for immediate Investigation into Judge Beryl A. Howell and Her husband (Michael Rosenfeld) religious beliefs

A. That this case is about Religious and Judicial discrimination with the attend to harm Plaintiff emotionally, financially and by all appearance with the threats to come to her home with many others physically, that with Judge Beryl A. Howell's rulings being so outrages, discriminating and criminal taking files stamped into the record and Denying them to be filed and mailing them back to Plaintiff that by the appearance of the last name of her husband she could be or her husband could be Jewish in collusion with Defendants That **28 U.S. Code § 455 – 9 (a) (b) can be found above in The Law.**

B. Defendants and Judges have used unfair/unconscionable means to try and intimate and scare Plaintiff – They have acted as the Klue Klux Klan would have in the past. Plaintiff is aware that Plaintiff must show that Plaintiff can prove each element of alleged facts in her claims. That to seek relief for the violation of a person's Federal and Constitution rights under Title 42 § 1983 it allows Plaintiff to her rights contained in the United States Constitution as defined by Federal Law.

Plaintiff has been discriminated against for being Catholic That Civil Rights Act of 1968 enacted 18 USC 245 prevents discrimination due to Religion that this is a Hate Crime and "Hate crime laws are colorblind" Fact the case which the Supreme Court upheld hate crimes of the First amendment attach, Wisconsin v. Mitchell, 508 U.S. 476(1993) involved a white victim.

Plaintiff has been discriminated against for being black balled by the Old Boy's Network / Judicial Community due to her x-husband being the son of the late Judge Albert Grenadier whom was the Husband to Defendant Ilona a lawyer who has also intervened into Defendants Divorce. That the discrimination and segregation among white exist the power Hierarchy by a member of one that is considered by others inferior to the other.

C. That this e-mail is only one of many that shows the Religious Discrimination, Harassment and Hate that this court has supported:

THEM IN BECAUSE ONE PERSON DID SOMETHING TO YOU THAT WAS JEWISH. YOU MADE YOUR BED AND YOU LIED IN IT ! THIS FAMILY REJECTED YOU FOR NOT BEING JEWISH. YOU STUPID GOY. **YOU WERE REJECTED** .. GET THAT INTO YOUR THICK SKULL. NOW YOU ARE MAKING UP STORIES AND SPREADING LIES! **BLAMING ALL JEWS LIKE HITLER FOR NOT LIVING ON EASY STREET**. WELL GET OFF YOUR ASS. GOOD YOU LOST ALL YOUR MONEY MAKES YOU HUMBLE. AND GOOD YOU GOT A WHIPPING FROM A JEWISH LAWYER WHO WAS SMARTER THEN YOURS. GOOD FOR HER. I WOULD HIRE HER IN A HEART BEAT. SHE WENT AFTER A JEW HATING NAZI AND SHE WON. AND I HOPE SHE GAVE HER GRANDSON A GOOD TALKING TO FOR MARRYING A GOY IN THE FIRST PLACE AND HE SHOULD HAVE KEPT HIS ZIPPER UP AND NOT HAVE HAD SEX WITH A MENTALLY SICK PIECE OF CRAP LIKE YOU.

YOU ARE THE NAZI WORSE A MUSLIN LOVING NAZI! YOU HATE YOURSELF THAT IS WHY YOU HATE JEWS. YOU ARE BLOCKED! -

The Words of Presidential candidate Leah Lax et al –

That this is only one of several e-mails sent to Janice Wolk Grenadier since May of 2008 from when Defendant Ilona Grenadier turned in court to Janice Wolk Grenadier and said “Me and my family had nothing to do with your girls because you raised them Catholic” These girls by blood were the Grandchildren of Judge Albert Grenadier and the cousins of her 3rd Husband Jerome Heckman (Jerome may have seen the girls once or twice with Ilona only seeing them a few times more in 23 years) the emails were in collusion of Ilona, her lawyers and others under the direction of Ilona by all appearance. More e-mails can be seen in found in the Appendix with the appeals court and other filings in this court. That the unequal treatment by this court by appearance is because of the Plaintiff’s Christian / Catholic beliefs. That Christian / Catholics to hate or to torture Jews would be in direct conflict of their basic beliefs as Jesus is Jewish. It is the Jews that have chosen not to accept him. It is the Jewish Defendants and Judges that have persecuted Plaintiff for her religious beliefs – to take the eyes off the real criminal and criminal actions of wealthy, powerful Old Boy Network attorney Ilona Ely Freedman Grenadier Heckman

D. Prejudice has been shown by all Judges and there is prejudgetment, or the forming of an opinion before becoming aware of the relevant facts of a case. By slandering Plaintiff and Plaintiff’s filings without giving Plaintiff her

day in Court.

4. **Motion for immediate Investigation into Judge Beryl A. Howell's relationship with the Center for Democracy and Technology** that lists Howell as a "board alum"(per Wikipedia – a Technology group Keller Heckman is very involved in)
A. Plaintiff googled searched "Center for Democracy and Technology Keller Heckman" results were 3,740 results (0.43 seconds)
Feb 3, 2011 - ... President and Chief Executive Officer, **Center for Democracy and Technology**, ... Richard Leighton, **Keller & Heckman**, Washington, DC.
Keller Heckman a firm used by the government in several areas by all appearance from information found on line shows a collusion with Judge Beryl A. Howell which would link her to Jerome Heckman founding partner and late husband of Defendant Ilona Ely Freedman Grenadier Heckman a lawyer.
5. **Motion for description as to what is confusing to the Judges** on Plaintiff's Amended Complaint reviewed by an attorney.
A. That by all appearance the Judge's are ruling to protect the corruption in the Judicial System being reviled. To protect very powerful Ilona Grenadier Heckman a lawyer who if held accountable should and will lose her Law License and possible go to jail as Jim Arthur did for 5 years for his stealing from the Sonia Grenadier trust and others.
6. **Motion for Law used in Order dated on May 19, 2014 & May 30, 2014** "That the appearance of Justice is as important as Justice itself"
That the appearance of the Memorandum of Law and the Orders is Judges ruling in Favoritism and Cronyism for the Virginia Judicial System and the United States District Court Eastern District of Virginia to protect their colleges/friends, lawyers, government employees, Judges,
To keep the Judicial System Corruption from being exposed –
To discredit and slander Plaintiff as the United States District Court Eastern District of Virginia has done as well as other Judges and the documents allowed to be filed by Loretta Miller et al.
A. That the Memorandum of Law and Orders show the Corruption, the Collusion, the Criminal actions of the Judges to try and silence the "TRUTH". That discrimination of Religion, Class, Social Status, Financial is clear. That to use damaging words that have no substance to the case – to take the eyes off the facts. That the Judge's slandering Plaintiff is criminal.
7. **Motion to have all Orders by Judge Beryl A. Howell stricken from the record and her removed due to the appearance of conflict and criminal actions of**

tampering with Documents stamped and filed into the Record on Case14-0162 in this Court

A. That a Special Grand Jury should be put into place to investigate the Criminal Actions of the Courts, Judges and Clerks.

Statement of Facts

1. **That on or around April 17, 2014 Loretta Lax Miller et al filed in this court "Answers to the Amended Verified Complaint and New Matter"** This document was the first and to date the only document filed with this court. No other document has been filed denying any allegations by the Plaintiff.
2. **That the document filed on or around April 17, 2014 was and is riddled with slanderous lies.**
3. **That this document was allowed to be filed into the Record and the slanderous lies to remain in the record to protect the Judge's rulings.**
4. **That on May 6, 2014 Plaintiff filed: PLAINTIFF'S RESPONSE TO HOME GROWN TERRIOT: LORETTA LAX MILLER -aka - LEA LAX -aka - MUGGY CAT -aka - BILLY SULLIVAN PRESIDENTIAL CANDIDATE FOR 2016 ANSWERS TO THE AMENDED VERIFIED COMPLAINT AND NEW MATTER** It was stamped into the record with no questions of it being inappropriate.
5. **That on or around May 19, 2014 Judge Beryl A. Howell personally 2 weeks after the filing decides she doesn't want to allow the "TRUTH" into the record. Judge Beryl A. Howell without cause which shows personal conflict mailed back Plaintiffs documents on or around May 25th per postage stamped.**
6. **That on or around May 30, 2014 to further assist her friends the Defendants Loretta Lax Miller, Ilona Ely Freedman Grenadier Heckman and others Judge Beryl A. Howell does an Empowering Order for Defendants – further disclosing the appearance of Obstruction of Justice, Tampering with evidence to cover up the criminal actions of the Defendants.**
7. **That by all appearance ex parte communications Loretta Miller was informed of this prior to the Order even being mailed out to Plaintiff Janice Wolk Grenadier on June 11, 2014 as Loretta Miller was able to go on Line start a new Blog: "LorettaMillerSuesJaniceWolkGrenadier.blogspot.com" Under Parties you will see her blog entries and her twitter entries of such new blog.**

8. That in May of 2014 in Camp Hill, PA a new police report is filed against Loretta Miller for a Hate Crime against a young girl. That may have been prevented if the Judges in this court had acted with integrity and using the Laws and Rules of the Supreme Court, the United States Constitution of America and the Bill of Rights been prevented.

Parties

1. **Judge Beryl A. Howell by all appearance guilty of:** Obstruction of Justice, Tampering with evidence, theft of evidence stamped in documents for CASE NO. 14-0162, Religious, Social, Economic Discrimination and other things. Included all information in the Motions Statements.
2. **Ilona Grenadier Heckman a lawyer is guilty of** the following criminal actions: **of being involved in**, Perjury, Obstruction of Justice, Aiding and abetting obstruction of Justice, Fraud on the Court, Involvement of Forgery, Theft of money from the Sonia Grenadier Trust account through her law office for great personal gain over \$10 Million in Real Estate, Theft of Herman Grenadier, malpractice, Bribery, Abuse of her Oath of Office, Conspiracy, Collusion, Miscarriage of Justice, preventing Due Process, conflict of interest – related to the practice of law, violating code of ethics, has liability to her victims, has violated Plaintiffs Religious, Political, United state Constitutional, Virginia Constitutional and Civil Rights, Breach of Fiduciary Duties, RULES OF PROFESSIONAL CONDUCT, Title 18 US code 241 Conspiracy against rights, and 242 Deprivation of rights under color of law, Retaliatory & Retribution actions, Treason, Title VI Civil Rights Act of 1964 Title VI, 42 U.S.C. 2000d et seq., was enacted as part of the landmark Civil Rights Act of 1964, 18 USC§ 912. With her Intention to 18 USC § 1341 -Frauds and swindles, Defraud, Breach of Contract, Arbitrary and Capricious behavior, Committed Fraud on the Court, § 18.2-498.3. Misrepresentations prohibited, § 18.2-172 - Forging, uttering, etc., other writings et al. **All of above charges will be proven with letters, documents, witnesses who have also been harmed by the actions of Plaintiff.**

That Defendant Ilona's attorneys, have lied in court, lied in court documents in Circuit Court and to the Supreme Court of Virginia, used bribery, Obstruction of Justice, ex parte communications with Judges and other criminal activities.

That under the Preamble, A Lawyer's Responsibilities reads in part:

"A lawyer's conduct should conform to the requirements of the law, both in professional service to clients and in the lawyer's business and personal affairs. A lawyer should use the law's procedures only for legitimate purposes and not to harass or intimidate others. A lawyer should demonstrate respect for the legal system and for those who serve it, including judges, other lawyers and public officials. While it is a lawyer's duty to uphold legal process."

"In the mature of law practice, however, conflicting responsibilities are encountered. Virtually all difficult ethical problems arise from conflict between a lawyer's responsibilities to clients, to the legal system and to the lawyer's own interest in remaining an upright person while earning a satisfactory living."

"the legal profession's relative autonomy carries with it special responsibilities of self-government. The profession has a responsibility to assure that its regulations are conceived in the public interest and not in furtherance of parochial or self-interested concerns of the bar. Every lawyer is responsible for observance of the Rules of Professional Conduct. A lawyer should also aid in securing their observance by other lawyers. Neglect of these responsibilities compromises the independence of the profession and the public interest which it serves,"

Maintaining the Integrity of the Profession Rule 8.3 Reporting Misconduct

Is very clear if a lawyer knows of another lawyers illegal actions they are required to report such actions to the appropriate authorities.

Rule 8.4 Misconduct:

It is professional misconduct for a lawyer to:

- (a) *Violate or attempt to violate the Rules of Professional Conduct, knowingly assist or induce another to do so, or do so through the acts of another;*
- (b) *Commit a criminal or deliberately wrongful act that reflects adversely on the lawyer's honesty, trustworthiness or fitness to practice law;*
- (c) *Engage in conduct involving dishonesty, fraud, deceit or misrepresentation which reflects adversely on the lawyer's fitness to practice law;*
- (d) *State or imply an ability to influence improperly or upon irrelevant grounds any tribunal, legislative body, or public official; or*
- (e) *Knowingly assist a judge or judicial officer in conduct that is a violation of applicable rules of judicial conduct or other law.*

The combination of Jewish Attorney, most powerful Jews, very powerful Jews came right out of

the Nazi and Islamic training books. This was what I received in December 20, 2013 and I block this person's email on my blog email.

Janice these magic mushrooms do not belong in your salad.....

- **Psilocybin mushrooms**, also known as **psychedelic mushrooms**, are mushrooms that contain the psychedelic drugs psilocybin and psilocin. Common colloquial terms include **magic mushrooms** and 'shrooms.^[1] Biological genera containing psilocybin mushrooms include *Copelandia*, *Galerina*, *Gymnopilus*, *Inocybe*, *Mycena*, *Panaeolus*, *Pholiotina*, *Pluteus*, and *Psilocybe*. About 40 species are found in the genus *Psilocybe*. *Psilocybe cubensis* is the most common psilocybin mushroom in subtropical areas and the black market.
- Psilocybin mushrooms have likely been used since prehistoric times and may have been depicted in rock art. Many cultures have used these mushrooms in religious rites. In modern Western society, they are used recreationally for their psychedelic effects.

Loretta Miller does not know Janice never met her but Janice thinks she knows Loretta from all hearsay.

So we shall post all of Janice's dirty little secrets that will be exposed in court documents. Folks I am exercising my freedom of speech and freedom of the press. Since Janice has a blog she is considered a public figure and is now open to all attacks.

Next few days I'll be writing a **Federal not a local or state charges in a law suit in US Federal court on hate crime**. Conclusion

The fundamental right to Due Process the basic Freedom that our country stands for –

The right to due process without Fraud from Judges, Lawyers, Elected Officials it is a primary component of Freedom. The right to a Fair Trial – a basic Constitutional right that has been the source of the light of freedom that our country has given the World. Calling the Appellant Frivolous, rambling documents etc is no different than burning or spitting on the United States of America's Flag.

Fact that this court has refused Plaintiff her constitutional rights to have a case heard and to be heard in front of a Judge with the Emergency Restraining Order shows bias.

Disciplinary Responsibilities of this and all courts:

1. A judge who receives reliable information indicating a substantial likelihood that another judge has committed a violation of these Canons should take appropriate action. A judge having knowledge that another judge has committed a violation of the Judicial Canons that raises a substantial question as to the other judge's fitness for office should inform the appropriate authorities.
2. A judge who receives reliable information indicating a substantial likelihood that a lawyer has committed a violation of the Code of Professional Responsibility should take appropriate action. A judge having knowledge that a lawyer has committed a violation of the Code of Professional Responsibility that raises a substantial question as to the lawyer's or Judge's honesty, trustworthiness or fitness as a lawyer or Judge in other respects should inform the Bar the attorney is associated with and appropriate authorities.

That the legal profession is largely self-governing. Although other professions also have been granted powers of self-government, the legal profession is unique in this respect because of the close relationship between the profession and the processes of government and law enforcement. This connection is manifested in the fact that ultimate authority over the legal profession is vested largely in the courts.

That the Treason on the Courts by the Judge have been, were, and are willful acts that were and are malicious, violent, oppressive, fraudulent, wanton, and grossly reckless against Plaintiff.

That Plaintiff was denied her constitutional right of Due Process in this court for being Catholic and no longer party to the Old Boy Network. That under Title 42 § 1983 will show violation of rights protected by the Constitution and created by Federal Statute that persons employed by the government acting under color of federal law violated Plaintiffs Constitutional rights. That the Judges and Clerks should be held responsible for their criminal actions. That an investigation into all Judges and their relationship with the Defendants and others to protect the "TRUTH" from coming out.

Defendants Civil Conspiracy to Commit Tortious Interference with Contractual Relations abuse of process, intentional infliction of emotional distress, Civil conspiracy to commit injurious falsehood with jwgrenadierisalair.blogspot.com that Plaintiff has a "protected characteristic" which will be proven as to why Plaintiff was sought out by Defendant and that factor is why Plaintiff was targeted by Defendants Defendants were in collusion of civil conspiracy to intentionally inflict emotional distress. That this court should move swiftly and send a strong message to the people of the United States of America that Freedom and your rights are still protected in the United States District Court of the District of Columbia.

That sanctions should be awarded to Plaintiff for the Negligence fo the Judge's, the negligent infliction of emotional distress inflicted on Plaintiff, the intentional infliction of emotional distress of the ex parte communications and criminal actions of the Judges and Defendants. That these actions were and are willful acts malicious, violent, oppressive, fraudulent, wanton, and grossly reckless.

That a Grand Jury to investigate the actions of Defendants and Judge should be immediately assembled.

That the appropriate authorities should be notified of the theft of documents, and all other criminal actions of Defendants and Judges, and other Judicial and government employees. That all orders, the Memorandum of Law in this case should be reviewed by a Judge who is not bias.

Motion for investigation into Judge Beryl A. Howell

Comes now this court should not and cannot ignore the
similarities of the criminal behavior of Judge Beryl A. Howell and the actions of the
Circuit Court Judges of the State of Virginia and the collusion of Federal Judge Lee in
the Eastern Federal Court. Actions that were are willful actions to protect the "Truth" of
Ilona Grenadier Heckman and her agents such as the Judicial Community in Virginia,
the VSB, the Lawyers she has hired and at times paid for by her insurance company
ALPS.

That in or around October of 2012 Circuit Court Judges of Virginia requested from Ilona
Ely Freedman Grenadier Heckman and her attorneys evidence of Plaintiff / Janice Wolk

and is being implemented to cause as many difficult situations in Plaintiff's life as
possible to take the focus away from the Criminal actions of Defendants Ilona Ely
Freedman Heckman and her agents, the Virginia Judicial System, Elected Officials,
Government employees JIRC, the Virginia State Bar. This was a plan that was started
prior to September of 2007 and has since then has escalated out of control by and for

Additional Information towards Motion filed June 15, 2014
Motion for investigation into Judge Beryl A. Howell

Comes now this court should not and cannot ignore the similarities of the criminal behavior of Judge Beryl A. Howell and the actions of the Circuit Court Judges of the State of Virginia and the collusion of Federal Judge Lee in the Eastern Federal Court. Actions that were are willful actions to protect the "Truth" of Ilona Grenadier Heckman and her agents such as the Judicial Community in Virginia, the VSB, the Lawyers she has hired and at times paid for by her insurance company ALPS.

That in or around October of 2012 Circuit Court Judges of Virginia requested from Ilona Ely Freedman Grenadier Heckman and her attorneys evidence of Plaintiff / Janice Wolk Grenadier to make Plaintiff incompetent to act as a Pro Se Plaintiff. That the plan was and is being implemented to cause as many difficult situations in Plaintiff's life as possible to take the focus away from the Criminal actions of Defendants Ilona Ely Freedman Heckman and her agents, the Virginia Judicial System, Elected Officials, Government employees JIRC, the Virginia State Bar. This was a plan that was started prior to September of 2007 and has since then has escalated out of control by and for Ilona Grenadier Heckman a lawyer who lied in court.

That in October of 2012 in court Janice Wolk Grenadier entered into evidence a note book that was accepted into the record by Judge Clark – Neither Ilona Heckman a

lawyer nor her attorneys objected. This Notebook contained the evidence and the TRUTH about several of Ilona Grenadier Heckman and others criminal activities. Two weeks later JW Grenadier checks her file in the clerk's office in the City of Alexandria. The documents were not in the file but, in Judge's chambers. JW Grenadier was given the choice of taking documents or the documents being destroyed.

That following weekend a box was delivered to JW Grenadier that contained the notebook entered into Evidence. **No different than the evidence stamped into the record exposing more criminal actions of Ilona Heckman that Judge Beryl A. Howell mailed back to Plaintiff in May of 2014.**

That in or around December of 2012 Plaintiff met 3 times with a gentlemen that went by the name Mark/ Michael Stuart. He was as a favor or hired by Ilona Heckman at the request of the Judges to drug Plaintiff and get inappropriate pictures of Plaintiff or to rape one of Plaintiff's daughters or to plant drugs in Plaintiff's home or on one of Plaintiff's girls. Mark/ Michael Stuart said this was the plan to get the information and evidence needed to make Plaintiff incompetent. He explained all that had happened and would happen in the future was to distract and confuse the TRUTH.

That in December of 2013 Ilona Heckman was able to do the same with her friend Loretta Lax Miller. That this court in its rulings have shown the collusion to protect and prevent the Truth and the Safety of Plaintiff which shows discrimination of Plaintiff, Obstruction of Justice to protect one of the Judicial Systems own.

That the pattern of behavior of the Judicial Community et al cannot be ignored. That this happening a second time – and the Second Time was to allow into the record information that is slanderous and riddled with lies about Plaintiff – Yet gives the Judge's the information and the lies about Janice Wolk Grenadier when it says she is incompetent and should be a ward of the State of Virginia. **That this coincides with what the Judges were looking for in 2012.** That this is/was planned and executed by Defendant's and the Judicial Community. That this court has played right into the Virginia Judicial systems plans and shows the collusion and discrimination towards Plaintiff.

Question what was done to try and silence JW Grenadier this is a small list – many other situations exist:

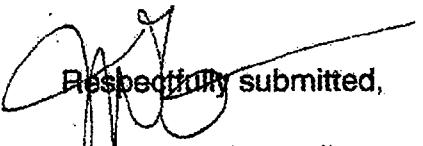

1. Cab driver in September of 1997 offered to kill DMG for \$5,000. Was it a set up or was he really to kill JWG?
2. Gun pulled by DMG on JWG – Ilona/Andrea/Robin involved in spreading rumor DMG having sex with his sister Andrea
3. Nancy Dunning stopping by JWG home twice to see if she was ok –(Nancy murdered in 2003)
4. Allowing Lawyers to lie in Court / lie in Court documents including Supreme Court of VA – Informing JWG to her face she could and never would win they "LOVED ILONA" by Judge
5. All Judges were chosen to rule in Favor of Ilona –
6. E-mails that were are malicious, intimidating and threatening
7. Extortion Charges – includes the Alexandria Police Randy Sengel / Ben DiMuro
8. COA Police told not to take any police reports by JWG after documents stolen out of her home
9. March of 2011 police/sheriff/fire department/ambulance come to JWG home when she is on travel and were going to break down door – JWG was supposed to be dead inside home – 2 neighbors saw this
10. House charges for a gutter that came down during the earthquake on the Saturday after Thanksgiving by COA (and RV parked in driveway)
11. Set up by VA Senator Patsy Ticer – Martha Kent – "I was not one of them any longer I could not win"
12. The kidnapping of JWG and witness's into another court room and denied in front of the Grand Jury after having an Order and Letter from Supreme Court to be allowed to ask for a Special Grand Jury to look into corruption. Judge Potter in collusion with Randy Sengel (Commonwealth Attorney)
13. Judge Clark, Kemler, Dawkins after in court documents being properly admitted into court were returned to JWG two weeks after court - October of 2012 Mailing back of evidence accepted into court instead of filing in Plaintiffs file
14. December of 2012 Hiring or friend of Ilona - Michael / Mark Stuart to drug and get inappropriate pictures / sexual tape of JWG / rape one of JW girls or plant drugs in JWG home or on her girls – for Judges to make JWG incompetent in a ruling they wanted
15. Sanctions – Legal Fees charged JWG – trying to intimidate legal fees affidavit shows more calls to Judges chambers then to client –
16. December 2013 Loretta Lax Miller aka Muggy Cat blog jwgrenadierisalair.blogspot.com to humiliate and print lies about JWG – and to forever harm JWG supported by the Judicial community
17. WDBF radio on Radio calling JWG and leaving message she is crazy etc radio station is in Florida was down with collusion of Iona, Leah Lax by Josh Cohen and Dick Farrell -
18. The threat of having thousands come to JWG home intimidate and threaten JWG and allowed by courts and Alex Police – ignore as well as FBI and courts

We hope that you join us on Friday, January 10th, 2014 outside of Janice Wolk Grenadier's house to protest her anti-American pro-Satan values. Email us at muggycatscreams@aol.com for Janice Wolk Grenadier's address. We are expecting at least 200 people so don't forget to bring Holy Water from your church to purify and sanctify the land of the supporter of the Anti Christ and the mother of the vessel of Satan. We will have a prayer session to pray for her lack of soul but do not look her straight in the eyes or you will be turned to stone.
