**RE: *Jeffrey B. Israelitt v. Enterprise Services LLC***  
**S. Ct. No. 23-776**  
**Respondent's Request for Extension of Time to File Response to Petition**

Greetings Mr. Harris,

I am counsel for Respondent Enterprise Services LLC (“Respondent”) in this matter. Pursuant to Supreme Court Rule 30.4, I am respectfully requesting a twenty-eight (28) day extension of time for Respondent to file its response in opposition to Petitioner’s Petition for a writ of certiorari. Respondent’s response is currently due on February 16, 2024. If Respondent’s extension request were to be granted, its response would instead be due on March 15, 2024.

This is Respondent’s first request for an extension in this case. Good cause exists for granting the requested extension, as Respondent’s counsel has several pre-existing professional commitments in the upcoming weeks, including three expert witness depositions in a purported class action lawsuit and two motions for summary judgment due. The requested extension will ensure that Respondent has enough time to meaningfully review and respond to the Petition in light of these pre-existing commitments and will ensure that Respondent can provide a thorough response that will be useful to the Court. Additionally, there are no circumstances that necessitate a speedy ruling on the Petition, and Respondent notes that Petitioner previously requested and received an extension of time to file his Petition.

Accordingly, Respondent respectfully requests a twenty-eight (28) extension of time, to and including March 15, 2024, to file its response to the Petition.

Thank you for your attention to this matter, and please let me know if you require any additional information from Respondent pertaining to this request.
