

## CERTIFICATE OF COMPLIANCE WITH RULE 44.2

I do hereby certify that I am submitting this petition for Rehearing in good faith. Particularly with insights raised from the Massachusetts Appeals Court ruling on Lyman v. Lanser on March 7, 2024. That ruling demonstrates concepts of “irreparable harm” and “each day,” which further my understanding of the abuse that I have suffered. This is a substantial intervening matter, as if a court, the very court of which, I emanated this Petition can affirm “irreparable harm;” between an owner and a dog; then it is vital to investigate the layers of abuse I have suffered in this situation.

The notion of “each day” affirmed in Lyman v. Lanser is relevant as one who is enduring emotional abuse is indeed feeling its effects each day, and thereby an affirmation of the perseverance of my efforts. Such abuse is augmented when it comes from as direct party as a family. Far from being a tactic of delay, it is the opposite, a tactic of outreach to alleviate abuse.

Respectfully Submitted,

  
Jon Myers
