RE: Reporting 3 reciprocal orders/Matter 21-3198 Kelly v Swartz

August 27, 2022

Dear Honorable Justices:

I write to provide an update. Three jurisdictions instituted reciprocal orders, per the copies of the orders attached hereto.

The Delaware District Court signed an order on August 16, 2022, filed, August 17, 2022, received by me US mail on August 19, 2022.

The Third Circuit Court of Appeals e-filed an Order at 6:50 PM on August 17, 2022, served electronically, not by paper.

The Eastern District of PA, District Court filed an order on August 25, 2022, served electronically, not by paper.

I had a hard time uploading a motion in the Third Circuit. I accidentally uploaded a version with typos. I apologized to the court by letter.

Since, I was in communication with this Court, I fear the motion's typos influenced your immediate reaction to file an order a half hour later.

I turned in my license on my vehicle and cut off my car insurance since the State of Delaware is preventing me from seeking to regain my former position performing real estate settlements with my former law firm.

I bike to drop off documents to other jurisdictions through the US post office which is 8 or more miles per round trip. I have been experiencing bad allergies.

I am grateful for this court's allowance of electronic filing.

Thank you for your time and consideration.

Respectfully Submitted,

Meghan you will need to request e-filing on your case. Just mail in your filing and ask for e-filing. Don't send anything else, just the one request for e-filing. The judge will do an order and then, you have to go on PACER like you did, but this time you need to ask as a party, not an attorney. While on this case you are a party (pro se), and I can not link up your account to your name if you select attorney.

I have to reject your request, because you neither requested ECF on your case, and there is no order, and you selected attorney instead of party;

Hi Gail,

I applied for e-filing registration only. I am showing you the picture attached which gives me the choice

1. Attorneys admissions E-file or
2. E-filing registrations only.

I applied for e-filing registration only.

I do waive my right for the items I emailed you to be docketed should you deny this request. I merely thought it may be a way to accommodate you should you not desire to docket my case as the court has done in the same fashion throughout the proceeding. RE: In the Matter of Meghan Kelly/ Case 2:22-mc-00045 /Filing/Duplicates in DI 10 and **prejudicial manner of filing Docket Items 10, 11 and 12**

October 18, 2022

Dear Honorable Judge Paul S. Diamond:

I write concerning filing errors or issues for Docket Items (hereinafter DI) for DI 10, 11, and 12.

I sent Gail Olson the attached two emails regarding filing issues, but it appears she is out of the office until October 24, 2022. (Exhibits A, B, C, incorporated herein by reference). It is noticeable, I did not get an out of office response for my second email in spam or otherwise.

The manner in which my pleadings were filed prejudices me before this Honorable Court and panel. I am actually not done reviewing all the filings yet. I am still printing them out now. Yet in the interest of justice I must address some of the issues immediately in hopes to prevent prejudice towards me in this case.

I incorporate Docket Sheet for DI 10 as Exhibit D, Docket Sheet for DI 11 as Exhibit E, and Docket Sheet for Exhibit 12 as Exhibit F incorporated herein by reference.

I noticed there appeared to be some duplicates in DI 10. DI 39 and 41 appear to be the same. DI 43 and DI 48 appear to be the same. DI 44 and DI 49 appear to be the same. DI 45 and 50 appear to be the same DI 46 and 51 appear to be the same. I do not understand how this happened. It appears the same emails may have been uploaded twice.

I bring this to your attention so you do not review the documents twice to conserve judicial resources.

I also noticed other filing errors place me in a disfavorable light before this honorable Court. The documents in DI 11 and DI 12 are filed out of order. The fact documents are not filed in chronological order prejudices me by making it inconvenient to you to look at the documents I refer to in my motion, possibly denying me the opportunity to be heard by rendering it too tedious for this Court to hear me.

The manner in which the documents are filed also prejudice me by placing the documents in a unfavorable manner to my case. In DI 12, the most negative document in my case appeared to be filed near the top of the exhibits, when I filed it after the ignored motions in chronological order.

I also noticed immediately, Exhibits 16 and 17 were uploaded without context. DI 12-4 and DI 12-5. Also Exhibits contained in the same email were filed quite far apart, which creates confusion of the facts. Attached, please find Exhibits BB and Exhibit CC, incorporated herein by reference. Exhibit BB indicates an issue initially, and Exhibit CC clarifies the issue as committing grave injustice, not a mere slight oversight. DI 12-8, DI-35.

I am not done printing out the documents or reviewing them. I must place this case aside as I was told another proceeding for discipline was expedited in bad faith to my response for a stay.

I am in immediate danger of irreparable injury. You may be contributing in placing me there should you deny my motion for rehearing on my motion for a stay to prevent violations to my constitutional rights.

Thank you for your guidance and consideration.

Respectfully,

Good evening,

Attached, please find a letter regarding the Court reporter's incorrect transcriptions, and some corrections, attached thereto. I reserve the right to submit additional corrections.

The errors are rather alarming. For instance, the court reporter wrote "space" when I said "faith," and other material errors.

I am filing this with both the Board and the DE Supreme Court, and I stuck it in the mailbox this evening to send to Patricia Swartz.

Thank you. Have a good night.

Good afternoon,

The typist made some serious typos. I am not going to be able to go through everything the next few days, and I am sure I will not catch all errors. You will recall she had problems hearing me.

On page 94. Last line. It should be "I got the answer" is not "I got cancer."

Page 54 line 10 it should be "polluting" not putting.

Page 32 line 8 it should be "mind" not "light" of Christ.

Page 74 , line 17 I felt "he" was taken advantage of. It was not me. I felt my friend was taken advantage of not me. It was M.r Dick Goll. The typist did not hear "he"

Page 74 line 23, "my" for my former law firm, not me. These are smaller errors.

Page 75 I am pretty sure 84 or 85 is incorrect. It was exhibits A-4 and A-5 which are exhibits 2 and 3 to my answer to the petition.

Page 75 line 18 starting at line line 17 "but I do love God and standing up for my faith" she typed "space" instead of faith. I know she could not hear me, and she kept interrupting, which I do not see? Remember she said slow down and made comments on my crying. She did say she had trouble hearing me. So offer her grace.

There are a bunch of errors, maybe too many. I am pointing these out as I go.

Thank you,
Meg

Good afternoon,

I think I found errors in the transcript. If you recall, I was interrupted quite often because the person taking testimony could not remember what I said or type fast enough to keep up. So, she forgot what I said and did not transcribe it. She interrupted me quite often, causing me to lose my train of thought too, which you should recall. So, I could not repeat what I previously stated at times. She appeared to have trouble hearing me and noted I was crying, which you should recall. It appears she did not hear me at times.

How do we go about fixing this, or is too late?

Thank you. I hope you and your loved ones are okay.

RE: In the Matter of Meghan Kelly/ Case 2:22-mc-00045 /

November 3, 2022

Dear Honorable Judge Paul S. Diamond:

I am in receipt of Notice of a hearing. I am not in receipt of an Order on my motion for a rehearing on the Court Order denying request for ECF access, and Motion to Stay the proceeding until both my appeal to the original disciplinary proceeding and the civil rights proceeding is concluded. I invoke my 5th Amendment right for an opportunity to be heard on the Motion to protect my First Amendment liberties. I do not waive my right for an opportunity to be heard on that Motion and require an Order to preserve the issue for appeal should it be denied.

I do not have notice concerning the topic of the hearing. Is it on my motion for reargument?

I have not yet filed a for cause motion. So, it is not ripe for a hearing when I have not yet contested the order placing me inactive disabled.

I would be required to call all the Delaware Supreme Court judges, and Arline Simmons, a terminated court staff, Katrina Kruger another terminated court staff if it is not on the Motion for reagment.

I do not want to cause additional expenses on all parties when testimony may be given during the civil rights proceeding which is necessary for my defense of my license in your Court.

It is possible that I may not contest the proceeding in order not to prejudice my other cases should you agree not to report to the US Supreme Court.

If not, I move this Court to include the motion I filed with the PA Supreme Court today. You will see that the Delaware Supreme Court concealed 4 documents necessary and material to my defense the day the preliminary committee reviewed whether probable cause existed to bring the original discipline, November 3, 2021. This obviously prejudiced me by concealing evidence the Delaware Supreme Court itself instigated the Delaware disciplinary lawsuit for wrongful purposes to conceal its own misconduct.

Thank you for your guidance and consideration.
