Re: Request for Exention of time

To whom it may concern,

I hope and pray this finds you in good health, high spirits, and all is well with you and yours.

I am respectfully requesting an extention of time to file my Writ of Certiorari. The 5th Circuit filed thier opinion and Denial of COA on September 27th,2023. I submitted a response (objections) to thier Denial. Now I am awaiting on a rebutial to said response.

Under Supreme Court Rule 13.2 in keeping with due dilligence I am awaitng a response from the 5th Circuit, but I must serve Notice of ...appeal/Certiorari with the Court. As I am incarcerated and only have limited time within the TDCJ Unit Law Library (10 to 15 hours per week Monday-Friday) and only able to use the US Postal Service to communicate with the Courts, which can take upwards of 10 days in one direction.

Please Grant me an Extention of time to await a réponse from the 5th Circuit and to compile my notes into a (very) short grounds for the petition of Certiorary.

Thank you for your time and consideration. Be safe, be well, and peace be with you and yours.

Respectfully,

X 

Ernesto L. Natividad
