RE: Request For extension of time to file writ of Certiorari

Dear Justice Clarence Thomas,

I, Rufus Young, currently incarcerated at Martin Correctional Institution and acting pro se, respectfully submit this motion for an extension of time to file a writ of certiorari.

This case is pending from the 11th Circuit Court of Appeals

[1] Case Information: Prisoner's Petitions Case name: Rufus Young v. State of Florida
Case no.: Court of Appeals Docket # 22-13319 Trial Court Case#: 05-739CF10A

[2] Reasons for extension.

My incarceration presents substantial obstacles in preparing legal documents. These include limited access to legal resources, and restricted library use. Within the past couple months this institution has been on level 3 lockdown several times. In these circumstances, the entire compound is closed, I have only been granted access to the library once. I need additional time to research thoroughly and to draft an adequate petition that comprehensively address the legal issues pertinent to my case.

[3] Requested timeframe

I respectfully request an extension of 60 days beyond the current deadline of Feb 5, 2024. This time is crucial for a proper and complete petition.

[4] Assurance of Compliance with extended deadline

If granted this extension, I commit to submitting my writ in the proposed timeframe

Sir, I understand the significance of this request and the Court's time, as extensions are not favored. I am grateful for your consideration. I am prepared to provide any further information required. Thanks again for even considering this motion. Sincerely,

Rufus Young #L71816
