MOTION TO REFILE

FOR

PETITION OUT OF TIME

NO. 22-7053

This missive is in act as a motion to refile for a Petition for Writ of Certiorari that was unconstitutionally dismissed. The Courts allegedly claim that my petition for writ of Certiorari was out-of-time Thus with proof to show the Courts that i filed (SEE: Declaration of inmate filing) prior to December 22, 2022 proves that the Court is Constitutionally invalid. (again SEE: Declaration of inmate filing). The dates of each Order the Courts proclaim im using to determining the time Frames of my petition was Filed From the Court of Appeals after being transfered From the Institution (Hazelton U.S.P.) were i were to originally meet the deadline of my petition, In which i recieved a order by the District Court (while at Hazelton, USA) on October of 2022 to file a Declaration of Inmate filing to meet the time frames ~~See Rules~~

13.1, 30.1 and 29.2. After i filed my timely declaration to the Courts while at Hazelton USP in the Segregated Housing Unit, I was later transfered to Pollock USP to clarify (As i am now) why the Hazelton mailroom has unconstitutionally created conflict with me and the United States Courts of Appeals to time bar me Thus with that being said; Im asking the Courts to view my petition and to correct the error of the Court and allow me to proceed with my Writ of Certiorari without obstructing the process Thus if the Courts can not provide the respects of my Due process rights i would like to exhaust my remedies For the violation of my 5th Amendment "Access to the Courts" that was created by the federal department of prisons (Hazelton USP) For Causing my mail to be "time barred" when i Filed appropriately (again see Declaration of inmate filing). I would like to proceed For relief.

Respectfully Submitted,
