PETITION FOR REHEARING

I was devastated and cried out when I received “Petition Denied” which appears that the Supreme Court Justices didn’t spend 6 minutes reviewing. However, I spent more than 1,600 hours in the past 6 years in my case. I only requested for a Jury Trial beyond the Summary Judgment which is so wrong and unjust with few court failures, with DPS hoax, Counsel Scott Goodstein’s disqualification and Mary Gray’s invasion of my PII-SSN. My career together with family life has been significantly ruined.

The grounds of this rehearing petition are stated “distinctly”, “substantial or controlling”, “not previously presented”, and “good faith” as below:

I) I have sent out booklets to the Denver Mayor, Colorado Governor, Colorado Senators in Congress, Denver News Media, and future attorneys. Feedback comments are, such as “apparent discrimination and retaliation”, “massive frauds of DPS”, “quantity of genuine facts”, “Salem, Saddam”, “very unjust bullying”. I’m strongly confident that I will win in Jury trials.

II) National Interest of the American Dream and unconstitutional Discrimination.

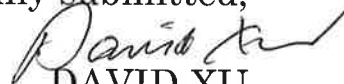

III) Once upon a time when I was working on my petition in the coffee shop, people talked loudly about a desperate victim stabbing a former employer. I was deeply disturbed, and really day-dreamed that our justice system with deep insights wouldn’t fail to protect the weaker employees to avoid such a tragedy.

CONCLUSION

In good faith and compliance with Rule 44, Petitioner prays for PETITION FOR REHEARING to be granted solely for Jury Trial by honorable U.S. Justices. In the meanwhile, also prays that the Clerk can **first request** a response from Respondent so that the Court can grant.
