Questions Presented

- 1) When the Constitutional Convention, which framed our Constitution, sent their proposal to The U.S. Congress, was the Power of the Grantor vested in Conventions of the People?
- 2) Does Article 5 Procedural Rule of Law bind both Federal and State Officers?
- 3) When the Peoples Bill of Rights was ratified on Dec 15 1791: (A) Did the conventions of the People, surrender any of the things the People had a Right to freely do while going about their liberties? (B) Did the 9th Amendment become part of the 10th Amendments Powers prohibited to the States? (C) Did the 10th Amendment Powers reserved to the People, create sovereign citizens, or become the Property of the Conventions who demanded That be put into writing?
- 4) Wherein every legislated or adjudicated act, if resisted, is supported by force of arms up to Death... Is every legislated or adjudicated act of usurpation of civil authorities, prohibited to lawful Government, an act of levying war on them?
- 5) Is there any Article or clause which allows the legislatures or People of a single State to alter the Powers prohibited to the States in the U. S. Constitution?
- 6) Is there any enumerated Power made in pursuance of Article 5 procedural Rule of Law, which allows legislative or Judicial Officers to substitute their own pleasure, for the ratified WILL of the People?
- 7) Is there any enumerated Power, made in Pursuance of Article 5 procedural Rule of Law, which allows the Peoples sworn Officers to abridge the meanings of the words used in the Constitution or in the Laws?
- 8) Can a Treaty be lawfully made, which would allow Government officers to do what they are prohibited from doing by the Constitution, and enslave the People under the arbitrary Power of foreign Nations?
- 9) Does the first clause in Article 6 include the creation of the more perfect Union between the People, their Federal Officers and their State Officers in the adaption of the procedural Rule of Law vesting the power to ordain the Constitution in the Conventions of the People? And that clause exclude the powers prohibited to The States and the requirements in the Articles of Confederation?

STATUTES AND RULES

U.S. Constitution Article 6 : All engagements entered into before the adoption of this Constitution shall be as valid against the United States under this Constitution, as under the Confederation ; And the Judges in every State shall be bound thereby, any Thing in the Constitution or laws of any State to the contrary Notwithstanding.

Principles : It was declared that : "This Government is acknowledged by All to be one of enumerated Powers.!!" (Page 17 US 405) Using the Power of Government, which is always supported by force of Arms, up to Death... levies War on our lawful Form of Government.

OTHER For the Judges who actually Honor the Supreme laws and principles this Nation was founded on without levying Wars to alter them at the point of Guns. I propose that you step off of the psychological path of the Economic predators, who use Money as their bottom line God. And Speaking the voice of your employer, for the Article 5 Conventions of the People, while they are Not in session : I would suggest That the endeavor to violently overthrow our more perfect Union has gone on Too long. It is time you fix the problem of our State Officers, Refusing to Honor the ratification by The legislatures of the several States, of the Peoples Bill of Rights and the procedural Rule of Law for modifying the powers prohibited to the States by the U.S. Constitution. or without punishing the Dupable People who Now levy Wars against The United States and The legality of Statehoods.

CONSTITUTIONAL AND STATUTORY PROVISIONS INVOLVED

U.S. Constitution Article 5, Article 6, ratified by the People

Bill of Rights, ratified by the legislatures of the several States

The 10th Amendment powers prohibited to the States

And Reserved to the People, by demand from Concentrations of the People

The 9th Amendment prohibitions of Power over the things the People retained

The Right to do what's going about their liberties "Shall Not be construed to deny or disparage"

The first clause in Article 6 "All Engagements entered into before adoption of this Constitution shall be as valid against the United States under this Constitution as under the Confederation."

Article 6 "And the Judges in every State shall be bound thereby any thing in the Constitution or laws of any State to the contrary notwithstanding."

"Shall Not Be infringed" has never been lawfully altered it only attracts Domestic Enemies to levy Wars against our Constitutional Government; Because the Zealots Fear Justice being served on them!

Article 6 "Treaties which shall be made under the Authority of the United States"

Does Not allow Government to alter the Powers Not delegated to them or the Authorities prohibited to them. "They cannot put into the hands of any other, an absolute power over the Liberties of the People, without their Pictorial Consent."

No law has been made, in pursuance of our Constitution's procedural Rule of law, which requires the People to suffer, the arbitrary Wars levied against our Constitutional Governments, either the United States, or the Statehoods granted in the Name of we the People of the United States.

Gun violence prevention must start with the Gun slingers being levied to War on our Constitutional Form of Government!

Statement of Case

The Fact that when Elder Abuse escalated to the point where the rest of my Family was threatened with irreparable harm, within 24hrs, during a declared National Emergency while Government was basically shut down, and timely access to the Courts was Not available, I resorted to the Law of Nature and stopped the Elder abuse dead in its tracks, by justifying a homicide, was never in question. I gave a complete Confession to justifying a homicide, without the legal arguments that made my actions lawful, during the violent overthrow of our more perfect Union. I presented those arguments to the Court and the District Attorney. However the D.A. at the last minute, after a jury was seated, incited the Judge to Deny my right to tell the Truth, the whole Truth, and nothing but the Truth, to the jury of my peers and since the only justification for indemnifying the innocent and insuring domestic tranquility within my extended family resided within telling the whole Truth I remained silent, under the gag order, I had no justification to present, over a year after the fact, when I finally got access to the Courts, telling the Truth was denied.

However, at the present, the case Now revolves around my Right to represent my self in the State Appellate Court and Appeal the legality of a law which was construed to deny the Rights of a citizen of the United States to tell the Whole Truth as well as the Power of the U.S. Constitution to declare that: The enumeration in the Constitution of certain Rights shall not be construed to deny or disparage others retained by the People; And to declare that the Judges in every State shall be bound thereby, any Thing in the Constitution or laws of any State to the contrary notwithstanding; And the legality of procedural Rules which allow the Peoples sworn Officers to do what the Constitution forbids.

Because of the Public Defender assigned to represent me, told me he was under duress and his license to practice law had been threatened, if he argued the Judges Forfeiture of all delegated Authorities, for levying war against the government formed by our Constitution. I refuse to be represented by

by any lawyer holding a liscence which can be taken or threatened, if they challenge the Bad Behavior of Judges or legislators who levy acts of arbitrary War on the Power vested in Article 5 Conventions of the People and the first procedural Rule of Law, endeavoring to enslave the People under arbitrary Power, and do what the Constitution prohibits all government Officers to do. I will speak for myself, under the laws which shall be made in pursuance of Article 5 procedural rule of law for modifying the Powers granted to this Constitutionally limited Form of Democracy which can then be lawfully exercised over the Citizen of the United States of America regardless of which State they might reside in.

The Intent of the Constitution

At every level of the Courts, I have pointed out the foundationstones, this New form of Government was laid upon, to allow free People to exist in a Nation with law makers.

From the Declaration of Independance, which incited the People, to take up arms and kill their domestic enemies, to set up a new form of Government which would secure the Rights of the People among Men, deriving its just Powers directly from the ratified Consent of the Governed and that whenever any form of Government becomes destructive of these Ends, it is the Right and Duty of the People to alter or Abolish it, by whatever means their domestic enemies make Necessary.

And From John Locke's Second Treatise of Government Section 20 of states of War, by Judges & "where an appeal to the law, and Constituted judges, lies open, but remedy is denied by a manifest perverting of justice, and a barefaced wresting of the laws to protect or indemnify the violence or injuries of some men, or party of men, there it is hard to imagine any thing but a state of War: for wherever violence is used and injury done, though by the hands appointed to administer justice, it is still violence and injury, however coloured with the name, pretences, or forms of law, the end whereof being to protect and redress the innocent, by an unbiassed application of it, to all who are under it; wherever that is not bona-fide done, war is made upon the sufferers, who having no appeal on earth to right

them, they are left to the only remedy in such cases, an appeal to Heaven."

Where Article III section 3 declares that: Treason against the United States shall consist only in levying war on them ... and levying is done by legislated or adjudicated acts; And Every legislated or adjudicated act of Rebellion is supported by force of arms upto Death ... * It takes a bare faced wresting of the law to protect or indemnify the violence and injury done by Judges or legislators to claim that war has not been levied on the Government created by the Constitution! After the State legislatures ratified the Bill of Rights.

Furthermore, Section 222 of the Dissolution of Government, by legislatures or Executive Officers: "Whenever the legislators endeavour to take away, and destroy the property of the People, or to reduce them to slavery under arbitrary power, they put themselves into a state of war with the people, who are thereupon absolved from any farther obedience, and are left to the common refuge, which God hath provided for all men, against force and violence." [Section 8: "Every Man Hath A Right To Punish the Offender, And Be Executioner of the Law OF Nature."] "Whenever therefore the legislative shall Transgress this fundamental rule of society; and either by ambition, fear, folly or corruption endeavour to grasp themselves, or put into the hands ~~into~~ of any other, an absolute power over the lives, liberties, and estates of the people; by this breach of trust they forfeit the power the People had put into their hands for quite contrary ends and it devolves to the People." * So can legislators or Judges substitute their own pleasures, (grasp for themselves and absolute power,) Over the ratified Will of the People?

Can Treaties put into the hands of any other an absolute power over the liberties of the People? Without using Article 5 due process of Law? and not levy war?

And when we look at the opinion of the U.S. Suprem Court members in 1819 McCulloch vs Maryland 17 US 316 pgs 402-407. in on 403 about the First procedural Rule of adopted: "The convention which framed the Constitution was indeed elected by the State legislatures. But the instrument, when it came from their hands, was a mere proposal, without obligation or pretensions to it. It was reported to the then existing Congress of the United States with a request that it might be

submitted to a Convention of delegates, chosen in each State by the People thereof, under the recommendation of its legislature, for their assent and ratification. This mode of proceeding was adopted, and by the Convention, by Congress, and by the State legislatures the instrument was submitted to the people." [Page 404]

"The Constitution, when thus adopted, was of complete obligation, and bound the State Sovereignities." * Without the bare faced wresting of the laws, Article 5 was adopted to form the more perfect Union in the New form of Government, and to vest government Power, in Conventions of the People, to ordain this Government.

"It has been said that the people had already surrendered all of their Powers to the State sovereignties, and had nothing more to give. But surely the question whether they may resume and modify the powers granted to Government does not remain to be settled in this country..." * Most importantly these Conventions were to, secure all of the Blessings of Liberty, to themselves and to their posterity.

"To the formation of a league such as was the Confederation, the State Sovereignties were certainly competent. But when, 'in order to form a more perfect Union,' it was deemed necessary to change this alliance into an effective Government, possessing great and sovereign powers and acting directly on the people, the necessity of referring it to the people, and of deriving its powers directly from them, was felt and acknowledged by all." * The intent was to secure the Peoples Rights among men and prohibiting government from enslaving the people under arbitrary. Which some were already attempting to do, claiming the People had already surrendered all of their Powers to the State Sovereignties, with the Power to prescribe the rules by which all of the Duties and Rights of the people were to be regulated.

"The Government of the Union then is, [Page 405] emphatically and Truly, a Government of the people. In form and in substance, it emanates from them. Its powers are granted by them, and are to be exercised directly on them, and for their benefit. This Government is acknowledged by all to be one of enumerated powers. The principle that it can exercise only the powers granted to it would seem too apparent to have required to be

enforced by all those arguments which its enlightened friends, while it was depending before the people, found it necessary to urge; that principle is now universally admitted." * After listening to all those arguments, and to keep from being enslaved under the Power of Zealots, the Conventions of the People demanded and got a Bill of Rights, wherein the People surrendered nothing, put into the Constitution which superseded the Articles of Confederation in Uniting all of the States into One Nation wherein all of the Blessings of Liberty were secured by All, To All. * The First clause in Article 6 declared that: "All Engagements entered into, before the Adoption of this Constitution, shall be as valid against the United States under this Constitution, as under the Confederation."

Binds the Powers of Every Officer at every level of this Government, to the rules laid down in the Articles of Confederation, such as prohibiting incidental or implied Powers and requiring that all Powers must be expressly granted and minutely described. "This Government of the Union, at every level, is One of enumerated Powers." And by declaring that: "The Judges in every State shall be bound thereby, any thing in the Constitution or laws of any State to the contrary notwithstanding." The endeavoring of the State legislatures to enslave the people under arbitrary Power was nullified. The power to prescribe rules was altered to, propose Amendments to their powers over the Freedoms being practiced by the people and their Duties To Society. There is only One legal Point of View from which the Constitution can be interpreted: This Government is acknowledged by all to be one of enumerated powers. It is emphatically and truly, a Government of the people. In form and in substance, it emanates directly from them. From these Conventions the Constitution derives all of its powers.

Any attempt to exercise a power which is not enumerated in the U.S. Constitution, and take away a liberty being practiced by the People, by keeping force of arms against them, without their ratified consent... levies War against the Governments created by the Constitutions in these United States

Page 17 US 405: "If any one proposition could command the universal assent of mankind, we might expect it would be this--that the Government of the Union, Though limited in its powers, is supreme within its sphere of Action."

And after the Conventions of the People secured All of their liberties to themselves and to their posterity in the Federal Constitution under Article's procedural Rule of Law, the same can be said of the States. The sovereignty of the States is Bound to Honor the more perfect Union. Furthermore, the States were already prohibited to claim incidental or implied powers and all powers must still be expressly granted and minutely described, the State Officers including Judges cannot grant themselves powers. After the Constitution was Ordained by the Conventions of the People and their Bill of Rights was ratified by the States, the State Officers are prohibited to construe to deny or to use indirect means to diminish any of the Rights retained in And that includes denying the existence of Rights being practiced by the People while going about their liberties.

It was never intended that the Constitution could enable the representatives of the people to grasp for themselves an arbitrary power over the lives liberties or property of the people and enslave them to the pleasure of Zealots.

The Constitution is a living Document with its own procedural Rule of Law, by which All of the government Officers are bound and can propose Amendments to their enumerated Powers, Even the Judges must swear an Oath of Fidelity. This is Not one of the European Countries where the Powers of the Monarchies were Taken over by the Government Officers. Here claiming unenumerated powers is the usurpation of civil Authorities and can only be done by People whose minds cannot be civilized by the Rule of Law.

In my case alone, there is evidence of a long train of abuses of power and usurpation of Powers over the liberties of the People which have not been enumerated in the U.S. Constitution, by its procedural Rule of Law, which all legal laws shall be made in pursuance of. You know for a fact,

That every legislated or adjudicated act, if resisted, is supported by force of arms, up to Death in Even if it is not made in pursuance of the Constitution's procedural Rule of law, or made in defiance of the Powers Prohibited to the States. The bare faced wresting of the laws, by minds that once granted Power cannot be Trusted, by the Public, to obey the Rule of law limiting their Authorities. They have found, that when they can dupe People into giving them Aid and Comfort in leaving wars on their lawful form of Government, they can take whatever Power they deem necessary, at the point of Guns. Terrorizing, imprisoning, and killing the people who refuse to show cowardice in the face of their Constitutional enemies, has shown, wise people, the true meaning of unalienable Rights especially in the pursuit of Happiness, even when the pursuit leads to an untimely death.

You should already know that long before this case I witnessed the long Train of abuses and usurpations, by Zealots who may be well meaning, but their predatory human natures cannot be civilized by the Rule of law, so they endeavor to enslave the People under arbitrary Power, to follow the psychological pathway they chose to walk on disparaging the People who would walk on other pathways in Making up pecking orders, cutting other people down psychologically, if they don't worship mammon and use money as the bottom line God, they strive to feast off of the works of the lesser aggressive natured or lower IQs, they Capitalize on every weakness they can find or create in their neighbors for all of the money they get to live on in their life times, and when a person is no longer good prey in They cast them out on the streets to die and levy gunslingers to drive them out of sight so they don't have to see the people living in the edges of Hell created here on Earth in The Kings Garden Planet ;)

You should already know that in 2013 I filed a legal claim to champion the Cause of We the People of the United States of America, to resecure the Blessings of Liberty to the Article 5 Conventions of the People, that

I have represented, protem, while they are Not in session, and their Old Guards are armed robbing them of Control over the Blessings of Liberty in Endeavoring to violently overthrow the more perfect Union. ~~Compartment~~ Compartmentalizing the People into "Boxcar rebellions" disparaging the liberties different groups of people are exercising, so their freedoms can be more easily taken at the point of guns, and the People will suffer them to do it without fighting the war leered against the United States in general. However, every freedom taken adds a boxcar to the long train which has jumped off of the Constitutional tracks laid down by the more perfect Union and is now spreading the toxic waste of Tyranny across this land from Sea to polluted Sea, on a psychopathic path of violence, indemnified by the bare faced wresting of fundamental laws by Judges and Representatives who grasp for themselves an arbitrary power over the liberties of the People, taking property and even trafficking children in attempts to get their parents to bow, to seditious insurrections against the government created by the U.S. Constitution. It was the Spirit of right and moral thinking for the whole of Mankind... Freud's Super id; which showed me the portion of law where No law existed for or against the citizens of the United States, setting up an Office for a New Guard, in the portion of Governmental Power reserved to the People, Outside of the jurisdiction of the State or Federal Officers Spheres of Action. I may have coined the phrase, The United States Peoples Sphere of Action, but it was created by the Conventions of the People and ratified by the State legislatures in the Bill of Rights; And The Right and Duty to set New Guards was Declared by unanimous declaration of the legislatures of the Thirteen United States of America, on July 4th 1776 where No law had been made for or against doing so. I made them, protem, and stood up the "Straw Man" New Guard on the Executive Desk of then President Obama and notified the Office of the U.S. Supreme Court, the top Offices in the Federal Governments Sphere of Action and kept Public record on line at my Face book Home page for Thomas Jones from Western Oregon.

In my 2013 claim I also reclaimed The Peoples Chair in the Senate, on the grounds that just like the Chairs every Senator is seated into upon Oath or affirmation of Fidelity to the Constitution the Chair allowing the People to speak directly to the whole assembly became the property of the peoples portion of the more perfect union, and when a later Senate deemed it necessary to block the people from speaking directly to them, It was Not legally done. The Peoples Federal voice never surrendered that Chair, by the Constitutions procedural rule of law over the Blessings of Liberty. Once again I will point out that the Powers granted to the States and Federal spheres of Action must be expressly enumerated in the Constitutions, there is No Authority to take away the property of the People with arbitrary power, that constitutes the levying of war on the government created by the Constitution. Since 2013 that Chair belongs to the Peoples New Guard, Me. After the Peoples Old Guards started refusing to honor the Power reserved by the 10th Amendment to the Conventions who demanded a Bill of Rights in the U.S. Constitution, and Article 5 procedural Rule of Law; And started levying wars to get what they deemed necessary. I hold that Chair and the Offices I set up in that portion of Government Power, until such time as I may be impeached by those Conventions for doing some thing I deemed necessary in the face of wars being levied against them; to indemnify the innocent, insure domestic tranquility and for the general welfare of the People, whose frustration level is clearly growing against being enslaved under the arbitrary power of Zealots, so much that some ensnared People are biting at themselves, setting themselves on fire, in protest. Even Statues have become like ink blots, to the emotions overflowing their minds; psychological disorders are on the rise; And enough cannot be said, against the Rebel Officers taking the drug money out of the open market to fund street gangs and drug cartels on the "Black" side of Capitalism... testing the meaning of unalienable Rights.

Reasons for Granting this petition?

You are the "Responsible Adults" for this Society, it is one of your duties to preserve the more perfect union, to defend the power reserved to Article 5 Conventions of the People, to enforce the powers prohibited to the States Officers, especially after the legislatures of the States ratified the Peoples Bill of Rights; Not allowing any Officers to construe to deny or disprage the liberties being practiced by the people, without using due process of law over the fundamental Rules of Law. It is your duty to keep Zealots within the Powers

enumerated to them. Other than the Power of the Peoples Guns; and their declared Right and Duty to alter or Abolish any form of government which become destructive to our Constitutional Government, by any means necessary. You hold the Power to stop the bare faced wresting of the laws to indemnify the levying of Wars on the governments created by constitutions. State Officers Levied War against Articles 5 & 6!

In Conclusion

This writ should be granted to stop the escalation of levied wars against the United States and against the Statehoods granted in the Peoples names. The lawful Statehoods are warred upon; whenever the peoples sworn Officers exercise a power prohibited by the U.S. Constitution in The Peoples Bill of Rights, construing to deny or disparage the Rights of We the People of the United States residing therein.

Neither the levying of War Nor Treason requires intent

I move the Court to rule on the appeal of my motion to the Superior Court case # SCUK LRCR 2020 36203 To establish jurisdiction over my actions, before I have been impeached by due process of law, over Office holders in The Peoples Sovereign Sphere of Action, during the war for control over the Blessings of Liberty;

And on the Right of the People to tell the whole Truth to a jury;

And the Right of a citizen of the United States to represent themselves in the courts of this land; Appellate Court #A165177

And on the legality of giving Aid to Judges or legislators who levy wars, on our legal forms of Government to get political powers over the People!

The Judges are holding crimes against me, from 40 yrs ago, So once they levy War They can Never be Trusted. I have No malice for the law breaking dishonest Officers but they are unworthy of Trust.

Respectfully Submitted by

The Speaker for the Peoples Chair in the Senate, protest; Straw Man New Guard over the Blessings of Liberty & Executive Officers for the United States Peoples Sovereign Sphere of Action

Addendum

I am Well aware that No legal form of Government, ordained by the People, can become a party to acts of Rebellion against the Powers prohibited to it; And that No Powers have been delegated to Judges which allows them to alter our Constitutional Governments outside of the Constitutions procedural Rule of Law. However today We have so many dupable people, with minds so weak that they can be harmed by words... They suffer the evils, of Zealots, who claim It is their Right to take whatever they deem necessary, without due process of Law. They dupe the People who placed a Public Trust in their hands, by claiming their acts are in a "gray" area, where levied acts, don't actually levy War on the Constitutional Governments limitatious of 10th Amendment Powers. These Zealots have created Gangs of Gunslingers to help them overthrow the more perfect Union and Article 5 procedural Rule of Law. However, the Government ordained by the People is Not a Party to their levied Wars; Therefore they are Not a lawful party of that Form of Government.

Judges cannot lawfully alter the Constitutions procedural Rule of Law, they can only adhere to the levied Wars or put them down!

It would Not be prudent to Hang all of the dupes that terrorize, imprison and kill the People, now, just to gain unsatisfied powers over the lives, liberties, and property of We the People of the United States, But the levying of wars on our legal Form of Government must Stop, before The People come up in arms and kill all of their domestic Enemies who are feasting off of their tax dollars and demanding to be Honored, at the point of Guns and jail time, while armed robbing the People of Freedoms.

The People need the problem Fixed more than they need to see justice punish the Dupable weak minded fools who are willing to comit Treason for a paycheck... The Government Officers have become an outlawed Gang which has taken control of our Government and corrupted it lawful Form, Statehood has been forfeited by their levied Wars. If you refuse to Fix it.

The Power to do so has already devolved to the People!
