EX 02

PER CURIAM:

Robert G. Moore appeals the district court's orders dismissing his complaint and striking his second motion to amend. We have reviewed the record and Moore's arguments on appeal and find no reversible error. Accordingly, we affirm the district court's order dismissing his claims. *Moore v. Warden of W.C.I.*, No. 1:22-cv-01705-DKC (D. Md. Nov. 13, 2023). We deny as moot Moore's motions for an injunction and discovery. We dispense with oral argument because the facts and legal contentions are adequately presented in the materials before this court and argument would not aid the decisional process.
