ORDER

---

Movant seeks reconsideration or rehearing of this court's denial of authorization to file a successive petition. Under the applicable statute, 28 U.S.C. § 2244(b)(3)(E), orders granting or denying authorization are not appealable and are not subject to rehearing or a writ of certiorari. In addition, this court's Local Rule 22(d) provides that no motion or request for reconsideration, petition for rehearing, or any other paper seeking review of the grant or denial of authorization will be allowed.

Accordingly, the court denies reconsideration or rehearing of the denial of authorization as barred by statute and local rule.
