Jerome Curry, Petitioner,

v.

State of South Carolina, Respondent.

Appellate Case No. 2025-000354

---

## ORDER

---

By order filed July 24, 2024, the Court directed that the Clerk of Court refuse to accept any further petitions from Petitioner in the Court's original jurisdiction without payment of the filing fee and a proper notarized affidavit certifying that the matter raised in the petition is nonfrivolous. Petitioner has now submitted a petition for certiorari in this Court's original jurisdiction, along with motion to proceed without the filing fee required by this Court's July 24, 2024 order. After careful consideration, motion to proceed without payment of the filing fee is denied, and the petition is stricken and dismissed.
