Motion to Request extension of time to file Notice
of Appeal

I Ron Morris the Plaintiff in this case wish to Appeal the decision given by the United States Court of Appeals for the Seventh Circuit, and also ~~request~~ Request an extension of Sixty (60) days to Properly Prepare, and file an appeal

This time is needed to address other legal matters, I am currently in court trying to resolve, two separate matters

1.) Employee Discrimination, wrongful termination,

2.) Children custody Matter.

And because these issues are demanding, require alot of attention they are also overwhelming, so time is also needed to retain an attorney to have motion to Appeal Prepared, for it was never my intention to handle this matter as a Pro se Plaintiff.

Sincerely ~~Thanks~~ Regards

Ron Morris
