Berryhill, Soc. Sec. Commissioner

Case #17-7746

Petition for Rehearing

To whom it may concern at the United States Supreme Court: My name is Torrey L. Mackey. I am filing this request for rehearing for the following reasons. In Jan. 2010 I filed for Soc. Sec. benefits and was denied by a ALJ judge on Jan. 2013. I later appealed the decision to the Appeals Council and was also denied. I also appealed the decision of the decision to the Federal Court and was also denied. So I eventually appealed the decision to the Appellate Court of the Sixth Circuit and was also denied. However, the decisions that were made to deny my application has no substantial evidence according to the Soc. Sec. requirements and criteria in its listings. I strongly feel I should have been granted benefits. I believe the lower courts did not consider the information that I presented carefully to make a reasonable decision to deny my claim. In fact, the lower courts did not give a reason as to why they agreed with the ALJ after I presented clear facts that were overlooked by the ALJ. Furthermore, the Appellate court of the sixth circuit did not give any reasons to why they denied my claim. So I ask the United States Supreme Court to please review all of the information pertaining to this case and make a decision on the merits of the case. This case needs special interest because there were civil and constitutional violations which were the cause of injury and really needs to be considered when making a decision of this magnitude, a denial would be have devastating affects. The lower courts also overlooked this information which is totally unconstitutional. I have been suffering with the impairments afflicted on me by corrections officers with no probable cause for almost twelve years and my life hasn't been the same and doesn't look feel like its getting any better. Actually I have been co-dependant on my parents which is not fair to them. I would like to remind the court that I need proper medical attention to resolve this matter that is the reason why I filed for SSI. I am also in a financial crisis and really need the benefits to get my life on track. Please adhere to this petition for a rehearing.

I certify that the grounds are limited to intervening circumstances of substantial or controlling effect or to other substantial grounds not previously presented.

I also certify that this petition for rehearing is presented in good faith and not for delay.
