LETTER TO THE COURT

To the Justices of the court and
to the Clerk of the court,

I am petitioning the court for
a rehearing of the order denying
the petition for writ of certiorari
I previously filed with this court.

I previously proceeded in forma
pauperis and ask that this be
taken into consideration and
granted again. Circumstances allowing
me to proceed in forma pauperis have
not changed since I last applied for
it. I am still currently incarcerated.

The grounds I have presented do
have circumstances of a substantial
effect to the petition for writ
of certiorari I previously filed with
this court. The circumstances show
another example of the abuse of the
law that currently exists in regard
to the issue at hand. An abuse that
allows for wrongful convictions of
negligent speech. This issue could be
resolved with this case.

Included with this letter is the
petition for rehearing and the
certification of counsel. Thank you.

Sincerely,

Dated this 14th day
of May, 2018
