NO. 17-1501

District of Minnesota

v.

NO 17-1753

8th circuit

United States of America

ATTN Mr. Scot Harris clerk

Please note I previously sent motion for extension of time to the wrong address. My reasons for requesting extension are still the same.

Enclosed is date stamped verification from the Eighth circuit court of appeals and envelope from U.S. postal service.

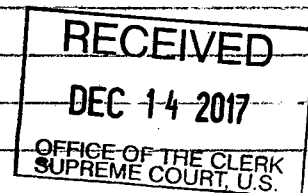

U.S.P. Florence has recently been on a lot of lockdowns for various reasons. I do not have any legal material to properly file a Writ of Certiorari. As well because of the lockdowns I do not have access to the prison legal library located in Education.

I request a speedy response so that if my motion for extension is not granted, I may turn at least something in so I am not time barred. But this would be inadequate and jeopardize any proper legal review I may receive.

Respectfully,

Gershik Martin

V.

United States of America

No. 17-1501

No. 17-1753

District of Minnesota

8th Circuit

Motion for 60 day extension to file Writ of Certiorari
Pertaining to 2255 Proceedings. Pursuant to S.Ct. R 13(5)

I am currently being housed in the SHU (special housing unit)
Segregation at United States Penitentiary - Florence.

As a result of being housed in the SHU unit I do not have
access to my property. As a result of not having access to
my legal work I cannot adequately prepare or file a
writ of certiorari that would comply with Rule 14 of
the Supreme Court rules.

I am requesting this 60 day extension so that I
can adequately prepare this legal document in compliance with
Supreme Court rules.

I am limited in all means and a 60
day extension is vital to assure I have all legal material
to complete this process.

I would like to know as soon as possible if
this extension is granted or not so that I comply with
all time requirements. Also U.S.P Florence has been off and on of
lockdowns due to various reasons.

Geshik Martin
