I ask the court in good faith and not for delay to grant certiorari. Under reasons i jackie oneal have been incarcerated for three years and have been wrongfully convicted on unsworn testimony of a spotsylvania sheriff deputy baugh. Rule 2;603 of the virginia supreme court reads as follows before testifying every witness shall be required to declare that he or she testify truthfully, by oath or affirmation administered in a form calculated to awaken the conscience and impress the mind of the witness with the duty to do so. Rule 2;603 requires that before testifying each witness 'shall' be administered an oath. deputy baugh was clearly not sworn in during trial and clearly lied about it to the jury in violation of rule 2;603. Then record clearly shows he was not sworn in a violation of 2;603 therefor should not have been allowed to testify and present evidence to the jury his testimony and evidence is inadmissiable under the rules of evidence. This also qualifys as a derailment of trial procedures i would ask the court to reveiw in good faith and uphold the rules of the court thats why they are established this is unjust.

there is a plea arrangement issue to between the public deffinder and the commonwealth not give to mr oneal or his trial lawyer mr burchett. U.S. v. cronic 466 u.s. 648,658,104 s.ct 2039,2046,801 ed.2d. 657,667[1984] recognizing a right were performance of council deprived of a fair trial. during pree trial the court appointed mr oneal with a public deffinder krichten kadar well she left the office so the case went to mr childress during the time he went over plee arrangements with the commonwealth and did not inform mr oneal then there became a conflict of interest with a witness so the case got appointed pro bono to mr burchett but the file the public definder had did not get transfered to mr burchett so this case went to trial and was found guilty. After trial a instent appeal was filed and transcrips were requested and mr oneal filed for criminal files from both attorneys during this process the plea was found in mr childress file this plea was withheld and not passed to trial lawyer this clearly shows the public deffinder was ineffective and violated trial procedures and deprived mr oneal his right to a plea agreement and the process to a fair trial. A clear violation of the sixth amendment right as a citizen of the united states. please review out of good faith.
