OFFICE OF THE CLERK,
SUPREME COURT, U.S.

OPINIONS

The opinion of the Court of Appeal, the highest state court to review the merits, is reported at (citation number)

JURISDICTION

The ~~Court of App~~ California Supreme Court denied petitioners timely petition for review on this case on February 14, 2018. A copy of the order denying the review is enclosed.

REASONS
REQUESTED EXTENSION OF TIME

The petitioner is currently housed at Pelican Bay State Prison.

Petitioner is in preparation to file writ of certiorari, pro se, on the timely date of May 14, 2018. Pelican Bay State Prison has "locked down" all prisoners as of April 24, 2018. The

petitioner does not have access to legal research and legal

materials during "lock down". Therefore petitioner is unable to prepare and file the writ of certiorari on the ~~time limit~~

Filing deadline. Pelican Bay State Prison has informed the petitioner the "lock down" is indefinite. Due to the "lock down"

petitioner believes a 60-day extension to file, ~~and~~ the writ of certiorari, would be sufficient to rectify the restriction of

resources by Pelican Bay State Prison.

Respectfully submitted,

X
