Supreme Court of the United States

Freddie Fountain - Petitioner

vs.

John Rupert, et al - Respondents

Proof of Service

I, Freddie Fountain, do swear or declare that on this date, February 1, 2018, as required by Supreme Court Rule 29 I have served the enclosed motion for leave to proceed in forma pauperis with attached inmate declaration on each party to the above proceeding through parties counsel by regular U.S. mail with First class postage, as addressed:

I am now also experiencing a never before had blood sugar ("insulin") problem as well, assumedly as a result of the high TSH levels. Symptoms of abnormal pre-meal sickness (vomit sensation) et al, have recently developed as a sign of such problems. I was advised by a nurse in the emergency room on January 17, 2018 that my blood sugar wasnt normal, but was not told as to whether it was too high or too low. I am not being seen for it either. I fear subsequent risks of a seizure or insulin coma. I am very sick. I am very ill.

I am heavily isolated 24 hours a day year round I have almost no human contact. I have no emergency call button inside of my cell or any similar hailing device available to me. I am not checked on by security or medical staff regularly. No staff are stationed near my cell. And, with my serious medical and enviromental conditions I have no way to get help or medical attention should a spider bite, heart attack, seizure or other danger arise. This imposes yet another serious endangerment to my physical well being.

Pursuant unto the conditions, both individually and in combination, I believe that I qualify for leave to proceed in forma pauperis under imminent danger status. see 28 U.S.C. § 1915 (g).

I declare under penalty of perjury that the forgoing is true and correct. Executed this 1st day of Feburary, 2018 at Tennessee Colony, Texas.
