## Facts

Is this another illegal tactic move those legal document in my first petition to the court are not something I drew up myself all those people's actions been unlawful and the system of things put me under surveillance immediately. As they were torturing my mother and her son and grandson's and at this time I am asking the court in good faith that those legal documents still be presented in the court of law. Now being in my shoes and growing up in the sixties and seventies we were one of the very few black families left in Bayview Hunters point and they accused me of stealing the land my second step grandfather told me to go down there we don't need anymore family members on crack cocaine. But the bank of America gives the drug dealers mother all the money with no paperwork from the owner and they sue in the court of low. You have passed false witness against me. Edward Snowden the whistleblower this also happened at the some time and being denied to move freely and back to Africa. I wanted to see him in Moscow and tried very hard to see him they told me to leave the country in 30 days.
