Re: *Recovery Innovations Inc., et al. v. Rawson*, No. 20-1287

Dear Mr. Harris:

I am writing pursuant to Rule 30.4 to ask for an extension of time to file the response to the petition for certiorari in this case that has been requested by the Court.

The request was issued on April 12, 2021 and called for the response by May 12, 2021. In this interim, and in the weeks following, my co-counsel and I have numerous previously scheduled proceedings and previously set deadlines in other cases, many of which have been backed up because of the pandemic. One of the two lawyers who have been with the case from the beginning has joined a different firm out of state, and work is complicated by the fact that both of our offices are operating remotely because of COVID-19 restrictions. Because of this, we will require significantly more time than the order calls for to prepare and provide the Court with an adequate response to the petition.

We therefore are asking that this deadline be extended by 60 days, to permit our response to be filed by July 12, 2021 (as July 11 is a Sunday). We have contacted counsel for the petitioner and are authorized to say that they do not oppose this request; and we do not believe it will cause any prejudice to any party.

Respectfully,

MACDONALD HOAGUE & BAYLESS

Tim Ford
