Re: Case No. 22-\_\_\_\_, Trustees of the United Mine Workers of America Combined Benefit Fund and Trustees of the United Mine Workers of America 1992 Benefit Plan v. United States Pipe & Foundry Co., LLC & JW Aluminum Co.

To whom it may concern:

I represent the petitioners in this case and filed a petition for a writ of certiorari on Monday, August 1, 2022.

The petitioners are the trustees of two healthcare benefit plans created by the Coal Act, 26 U.S.C. § 9701 *et seq.* The petitioners are parties in their capacity as trustees, not in their individual or personal capacities. Two of the individuals who were trustees during the lower court proceedings (Michael H. Holland and Joseph R. Reschini) are no longer trustees and have been replaced by other individuals (Micheal W. Buckner and Paul B. Piccolini). Any interest that Mr. Holland and Mr. Reschini had in this case has passed to their successors, Mr. Buckner and Mr. Piccolini.

In addition, after the Eleventh Circuit decision in this case, the petitioners settled with JW Window Components LLC. As a result of that settlement, JW Window Components LLC no longer has any interest in this case.

Sincerely,

/s/ Bryan M. Killian
