Hi Henry,

Our estimated production time for softcover books once we have received proof approval is about 10-15 business days. If you would like us to do the formatting for you the timeline will look like this:

1. **Get an Order Started:** You can either make an account online and place an order using the Get a Price Tool **OR** feel free to give me a call and I can do it for you to help you make a half-down deposit. Once the deposit is made, you will be able to upload your files using your Account Portal or the Send Files tool.
2. **Design:** After deposit and files are received, our designers will review your materials and contact you about starting your design within a few days. Depending on your design level, you may receive a few page preview of the interior design and cover **BEFORE** the whole design is completed. The designer will talk to you about any changes you may have then finish the complete design. The whole design process usually takes 1-2 weeks before a proof will be sent either online or printed (depends what you choose in the quote) within 1-3 business days at most.
3. **Proofing:** When you receive your proof, you will want to check for any last minute errors. We recommend looking for at pagination, colors (if printed proof), and overall last minute checks. If you have changes, you can mark them in your printed proof or provide them in an email (changes to proofs are done at \$92/hr in increments of 15minutes, See our Service Rates) You will have the option to look at a new online proof or upgrade to a printed proof before going to production. Once you approve without changes, off to production it will go!
4. **Production:** When your book is approved, production for softcover books is 10-15 business days. When books are ready to be shipped, we will send the final invoice over via email and it will be accessible in your Account Portal. After final payment is made, books will ship and we will send you the tracking numbers!

Do you have an event coming up that you will need these books for?
