Re: *Consumers' Research, et al. v. Federal Communications Commission, et al.*, No. 23-456

Dear Mr. Harris:

We write pursuant to Rule 30.4 of the rules of this Court on behalf of Respondents Schools, Health & Libraries Broadband Coalition; USTelecom – The Broadband Association; Competitive Carriers Association; National Telecommunications Cooperative Association dba NTCA – The Rural Broadband Association; Benton Institute for Broadband & Society; National Digital Inclusion Alliance; and Center for Media Justice dba MediaJustice (together, “Intervenor Respondents”) in the above-captioned case to request a 30-day extension of time to file a brief in opposition to the petition for a writ of certiorari. The Court docketed the petition on October 31, 2023, and a response is currently due November 30, 2023. Under the requested extension, Intervenor Respondents’ brief would be due January 2, 2024.

Intervenor Respondents seek this extension in order to coordinate their filings in response to the petition for certiorari and because counsel have existing obligations in numerous pending cases and regulatory proceedings. Counsel also are aware of multiple *amicus curiae* briefs likely to be filed in support of the petition, and the extension would allow time to review those filings. Moreover, Respondents Federal Communications Commission and United States of America have filed a motion seeking the same extension, and grant of this extension alongside those Respondents’ motion would set the same due date for all Respondents’ briefs in response to the petition.

Respectfully submitted,

/s/ Jason Neal
