RE: /Kelly v Swartz 1:21-cv-01490/Meg's religious beliefs/Defendants' persecution against me for my religious beliefs is causing great emotional, aka spiritual distress, Godly distress/ those with unconcern at sin, hardness of hearts for money, merriment or material gain, go to hell per Ezekiel 9

April 21, 2022

Dear Honorable Colm F. Connolly:

I brought this law suit since the Defendants (herein, referred to as the "state"), admitted it is persecuting me based on my beliefs in Jesus Christ (See State's petition at 7, **Exhibit A**), and for my religious-political speech, religious-political association, religious-political exercise, religious political beliefs, and religious political petitions, and petitions as outlined in my petitions. Per the Defendants August 23, 2021 letter, attached hereto as **Exhibit B**, Defendants admitted they attacked me, based on my Delaware Supreme Court and Chancery Court pleadings relating to religious-political activity, thereby interfering with a witness and party, me, in an active case, in collusion to affect my testimony, pleadings and the outcome of the case, to prevent appeal, in violation of 42 U.S.

Code § 1985 (2), and in violation of the procedural and substantive due process protections afforded to. (**Exhibit B**, August 23, 2022 Letter). Defendants refused to allow me to perform discovery or to cross examine my accuser, despite my, fraudulently undocumented request at the hearing, omitted from the transcript to commit deception in the fixed proceeding against me.

I desired to question my accuser, Patricia Swartz, and her coconspirators, on how my religious-political petitions, based on my religious-political beliefs, religious political-exercise, and religious-political and other association as a Child of God, an active citizen in politics, a Democrat, a Christian, an impoverished, attorney, behaving as a party in a proceeding caused concern enough to interfere with my fundamental rights. I was not afforded opportunity to perform discovery, call witnesses or to ask my accusers by cross examine why she alleged my pleadings before the Delaware Supreme Court and Chancery Court warranted violating my substantive and procedural due process rights, my rights under the Equal Protections Clause from disparate government treatment for exercising Constitutionally protected activity, my right to petition the court for grievances, to speak, exercise religious and political beliefs, freedom to believe religious-political beliefs by the dictates of my conscience not the dictates of state through its government bought private partners, churches or otherwise, who I believe will go to hell for selling my God's name to market business not good, not God's will, not

charity, and my freedom to exercise my religious-political beliefs without government incited private and public persecution for being a follower of Jesus Christ. I desired to perform discovery, go through the documents, to cross examine my accusers, and coconspirators to show the alleged concern the Defendants have is disagreeing with my religious beliefs in Jesus Christ, which heavily influence my political beliefs, association and exercise, and life.

Defendants do not understand that, my license to practice law is necessary for me to obey God to seek justice on behalf of myself, on behalf of Jesus Christ, and the oppressed is my security not mere business or money. Nor do they understand the license to practice law is a religious exercise, not merely about making money by free choice, not forced choice. They seek to take away my ability to exercise my religious belief. Justice by just decrees is a command by God. *Amos 5:15, Matthew 23:23*. God teaches damned to hell are those who render unjust decrees, doing what they were told, and following the letter of unjust statutes or prior case law, will not save them from failing to use their independent conscience mind, to care to know, in order to love, should they not repent. Jesus the Christ teaches few people go to heaven. Many try thinking they will get there, but the way is hard and they will be thrown into the fires of hell for their misunderstanding which is sad. *Matthew 7:13-15, Luke 13:23-28*.

My beliefs are unflattering to those in authority. Jesus teaches most people go to hell. Jesus teaches those in authority who look at the people for productivity, money and material gain, will perish as children of the devil, not protecting freedom but slavery, selling those they serve, other people's souls to private and public partners. Such leaders are twice dead and will be deemed dirty whores, not brides of Jesus Christ should they not repent. Whores is a biblical term, it is one of God's words for the twice dead, for those without eternal life, should they not repent of filthy lusts for money, lustful, distracting, loveless merriment, and material gain, only to lose their soul from such worldly aka antichrist thinking and antichrist doing.

I believe people go to hell for organized charity, fundraising and donations, in direct disobedience to Jesus's commands against this false charity, and for failing to do true charity at a worldly loss for a Godly gain. The past few years as I fought the hypocrites who put on a show to combat racism and other evils through my articles of impeachment and legal proposals that actually alleviate the burdens off the backs of the people while safeguarding their freedom. I did true charity in secret behind closed doors, seeking to move mountains, by moving cold hearts, to care for, not exploit. The least of these are victims of designed oppression for debt control, power and profit of wolves. They are not the problem. Those who exploit them who serve lawless lusts under the guise of the rule of law, under the illusion

of charity, and the wicked job creation in a fixed, not free economy are in the wrong in need of Court correction, or at least God's guidance to escape being thrown into the fires of hell.

Defendants' agent, De-Lapp, Court of Common Pleas Judge Kenneth Clark, and Court staff also colluded, in a conspiracy, to interfere with my active case, *Kelly v Trump*, to pressure me to forgo my case or to affect the final outcome before the US Supreme Court. (D.I. 2, the Complaint where I outline the state's misconduct, D.I. 2, D.I. 4 at Exhibits A-4, A-5, D.I. and D.I. 7 at Exhibit 1, also attached hereto as **Exhibit C**, the threatening Letter, dated May 24, 2021, De-Lapp sent to me during my active case *Kelly v Trump*, D.I. 7 at 2, D.I. 4 Exhibit 46, the Newspaper article I drafted in the Coastal Point local paper proposing a solution to this problem). These attacks are based on their disagreement with my religious-political beliefs, outlined in my pleadings, they find unflattering to the State's and Defendants' selfish, not serving goals.

Defendants appear to have a problem with my petitions to the government for unethical state behavior. On January 31, 2022, Patricia Swartz included documents I sent to her office, protected under confidentiality, now broken by her by her submission in the State's proceeding which is public on appeal to the US Supreme Court, relating to unlawful agreements to allow out of state title companies to practice law without a license, while hiring Delaware lawyers as

independent contractors, and advertising their lawyers and placing them on their title Companies advertisement, in violation of DLRC Rule 5.4, by allowing Delaware law firms to share fees with nonlawyers for lawyer work, excluded as an exhibit to protect my deceased friend's reputation and lawyer communications seeking lawyer advise amongst colleagues, attorney client privilege, and the confidentiality required by the ODC to resolve the issue, albeit it appears the ODC violates that confidentiality rule by including it in public appealable proceedings, open to the public on appeal. (D.I. 9 at Exhibits 1-9, please see the table of contents too.)

I ran for office because I discovered 100s of thousands of dollars were not getting into the Delaware coffers relating to real estate settlements. (D.I. 4 at 46). Out of state title companies were, and allegedly still are likely practicing law without a license, not paying taxes and messing up chains of title per colleagues. I complained to the ODC. They ignored my concerns. The recently deceased Justice Holland offered to help, but the problem still persisted. I asked law makers for help to no avail.

So, that is why I ran for office in 2018. No one else was going to prevent harm. So, I was going to do what I thought was right. I drafted an article in the newspaper to guide law makers on how to eliminate the problem. Id.

I didn't file the attached letter, labeled as **Exhibit D**, but I drafted it relating to lawyer misbehavior too, and sent it to Patricia Swartz. She is charged with correcting, not condemning those misguided by money, convenience and self-interest to be guided to serve, not exploit customers and the public for money. Patricia Swartz included it as part of the state's exhibits, and appears to have a problem of improving the profession by shedding light on corruption within.

**(Exhibit D)**

Lawyers should not self-regulate, because we look after our own at the public's expense. The state provided this as an exhibit in the state proceedings. I gave it to Patricia Swartz to show her bad lawyer misbehavior, where we lawyers misbehave to serve ourselves at the public's expense which is not serving justice.

I also sent Patricia some of my concerns to prevent the planned, preventable elimination of physical currency to crash the global economy, including entities developing Green and Clear Pass used to track Covid-19, some entities apparently developed before the pandemic, which she attached as the Defendants Exhibits on January 31, 2022. **(Exhibits E, F, G)** These entities track people under the guise of caring for them, to control them. As the Book the Fourth Industrial Revolution referred to the elimination of lawyer jobs, by automation in my exhibit at page 39. The back door former President Bush, Junior opened up, opens us up to harm under the guise of safety, control by those who use, not care for us, for needless

jobs, and busy work for insurance, lawyers, and cyber security threats, which are preventable with the rule of law, should congress use their pens to make us freer, safer and cared for. See also **Exhibit H**, where I lamented to needless, manufactured by design dangers and preventable, manufactured costs and other concerns how the lawyer trainings violate my religious beliefs. (**Exhibit H**, also found at D.I. 3 at District Court Exhibit 5). The back door Bush opened up will allow the dissolution of the dollar, the fall of the global economy, to be replaced with something far more sinister, which violates my religious beliefs on a greater level, under the tools of the Fourth Industrial Revolution, Great Reset, and the not so green global plans where the economy will be a debtor system on a far worse level than slavery, indentured servitude, fiefdoms, socialism, or our fake capitalism, where the markets are fixed, not free in violation of freedoms. Debt is against my religious beliefs as I am not a slave to man, nor are people to be deemed slaves for money and material gain by those who control them under the guise of caring for them. It is horrific, and given an opportunity, I should like to prepare this Court to save the world in another case. I am being persecuted for my political beliefs so this is in issue.

I alerted the Chancery and the Delaware Supreme Court of my concerns about an economic crash per, but not limited to the attached letters Exhibits I and J. In the letter, dated October 19, 2020, I indicated the Chancery Court was the only

court in the universe with corporate connections around the globe who may reverse or prevent a crash, relating to corporate constitutional law, and global ties. Id.

Upon consideration, the Delaware District Court may also prevent or reverse the planned crash, should someone with standing sue President Biden for a writ of mandamus to require he compel Secretary of Treasury Janet Yellen to coin money without interest or debt, to pay off debt, especially money owed to the baby boomers for healthcare and retirement, to prevent the elimination of the physical dollars, and a global crash pursuant to 31 U.S.C. § 5112 (k).

Albeit additional law suits may be needed to root out corruption in banking, and in congress to make people free, not for sale human capital to the government's private partners abroad or at home.

My religious and political beliefs are in issue. Per the attached pleading, as an example of Bible verses accepted as authority by the United States Supreme Court, I am permitted to speak on the bible and my religious beliefs as facts, as truth, not a matter of debate to me, even if this court respectfully disagrees with me. (Exhibit K).

Neither money, nor weapons may save the world, but your conscience choice to use your honor's free will to think, to know, in order to care about humanity to safeguard Constitutional liberties from dissolution by unraveling the union of Constitutionally protected beliefs in free will, the source of every

freedom, from the lie, the scientifically or chemically or physically or socially conditioned, conformed lawless mob reign of lusts is for the good of humanity and the world. Those who speak against disorder and call for “law and order” reflect the image of Satan to serve lusts and control, not God’s law of love, allowing freedom to choose, even freedom to choose differently or make bad choices.

Equality is not freedom, but forced control, by elimination of choices in pursuit of sameness, uniformity, standardization to control not care for, for wicked convenience and costs, at the cost of liberty. Standardization, stifles free thought and improvement to serve the satanic desire for order, convenience and control over people, not safeguarding freedom. Without protecting freedom of conscience, people will likely go to hell, because it must be a free not forced choice, to unconditionally love, not conditionally care under economic, physical or social peer pressure. I desire to protect people’s freedom to even disagree with me, to think, to know, to love or not. When we force our will upon others, that is not law, but lawless lusts by those in positions of power who protect their seats over those they serve.

Free will must be protected from the lie there is no choice. There is always a choice between evil and good. Citing, 1 *Corinthians* 10:13. When the government through government backed partners serve the lawless reign of lusts, for convenience, costs, greed, gluttony and lustful good times or other sins, thereby

serving the “lawless one,” the Fallen Angel, under the guise of the law and order, the mark of the beast, business greed and gain, then, lawlessness and injustice reigns.

When I ran for office, I did not want to force my will upon others, reflecting the image of Satan who controls the world. I seek to protect people’s freedom to think for themselves even disagree with me and the government, as the Constitution requires, and as God requires. People go to heaven only if they freely unconditionally love. Peer pressured, societal peer pressure by praise or ridicule, economic or physical government incited pressure to conditional conform, or conditionally care, is not unconditional love, but is the mark of the beast, meaning the mark of those twice dead not yet born into eternal life, should it drive out love from the hearts of man.

We need the court to tame the beast, sin, with the just rule of law to guide the misguided by rendering true justice protecting even those you are correcting with mercy. I believe people go to hell for their misunderstanding per Jesus’s teachings in *Matthew* 13, and for their confusion per 2 *Corinthians* 4:4. I believe judges have the power to save not only lives but eternal lives too by their conscience choice to care to know, to care to love, to care to guide and shepherd the flock in your charge, not eating them like wolves, as human capital for material gain.

The World Economic forum's cohorts and colleagues' scheme to teach the lie free will, may no longer be free through hacking humans with computers, to force human's will to their desires. They cannot read our minds as they deceive us to believe to gain endless funding for mad science for debt control. They may read our emails, so long as Bush Junior's door to our devices remains open, without requiring devices which truly protect our security. They scheme to create desperate conditions to use humans for mad science under the guise of mental health when in reality it harms health for their own profit and control. Our healthcare is so bad. When I ran for office, I outlined ways to improve it. Our healthcare and mental healthcare damns people to hell too, as I alleged in my complaint. People go to hell for not knowing, not caring to know, for selling their souls for a salary, what God calls whores, blinding their eyes for money or convenience. It is no small sin to harm life and health. The shield of the word "we didn't know" and "science" and "learning" will condemn men to hell, not excuse them should they not repent by unhardening their heads, hearts and hands.

Recall Banks, including central banks, including the federal reserve and scientists get more money the worse off humanity is, the more debt, waste, debt and dying there are. There is incentive to kill, steal and destroy to serve the mark of the beast, business greed. If scientists, and experts fixed problems, funding would end, and they would be out of a job. The global term "sustainable

environment” is bad for the environment and humanity. Their goal is sustaining debt, and artificially created need to serve their greed, in a borrowing society, which creates more pollution by creating made to disintegrate products, that pollute in production of replaced products or services, and pollute in the delivery of rented out items, where the world economic forum founder claims “no one will own anything and be happy.”

I ran on a platform to clean and safeguard the environment through just decrees that cared for humanity, requiring made to work, made to last products, not unjust decrees that allow the wealthy to stock up on dirty products, then make the common man pay more or go without to reduce the common man’s use by increasing taxes, costs in a manufactured not free economy, and penalties, as pollution continues in production of worse products and services.

I fear God, I am not going to sacrifice people or the environment for the bottom line. God will throw men into the fires of hell the last day for destroying God’s temple, that means people, and for destroying the environment.<sup>1</sup>

There is a clear distinction between just laws and unjust laws. Compromise means injustice and to God damnation in hell, should those who sell justice by

---

<sup>1</sup> See, Revelation 11:18, “The nations were angry, and your wrath has come. The time has come for judging the dead, and for rewarding your servants the prophets and your people who revere your name, both great and small—and for destroying those who destroy the earth.” See also 1 Corinthians 3:16-17 “Do you not know that you yourselves are God’s temple, and that God’s Spirit dwells in you? 17If anyone destroys God’s temple, God will destroy him; for God’s temple is holy, and you are that temple.”

barter or exchange as opposed to impartially rendering justice, regardless of monetary cost or convenience, not repent. Compromise is a bad word. Mercy is a better word, where there is grace as opposed to compromising evil for good.

Unjust laws serve lawless lusts and unconstitutional control by those with power, money, or connections, while crying out the deception of “law and order” to punish use of free will, constitutional freedom to think and disagree, even through peaceful protests, under the guise of disorder. See *Isaiah* 14 to see how Satan wanted to live based on his desires, instead of laying down his desires to love God or others as self.

Just laws do not serve business greed, but care for humanity, not enslaving them to government backed partners, essentially enslaving them to the state, but instead protect people’s freedom to live, think and act by the dictates of their conscience with limits so as not to harm human health and life. The focus must be on governing and guiding and protecting even those you are correcting, people. People are the true treasures. Everything else is “moth and rust.” *Matthew* 6:19

God teaches partiality by judges in Court is a sin. God teaches judges who focus on convenience, costs and money sin, “blinded by money,” a salary for a job, or convenience, not seeing clearly to love those they serve, precious people, not material gain, by governing and guiding like a father who maintains the United

States by rendering justice and correction to the other two branches too, in need of your help by correction.

People are free, not human capital. God will throw men into the fires of hell for looking at humans as capital, or for productivity, should they not repent.

People are God's, created because God loves them, regardless as to whether they accept and reflect that love. People are not slaves to their country or to mere man to be sacrificed to leaders who behave as wolves in shepherds clothing.

The laws and policies schemed ahead serve lawless lusts, and organized pro bono, volunteering, charity and fundraising which damns people to hell per Jesus the Christ. (See Exhibit L)

In *Matthew* 6:1-4 Jesus says do not give charity seen like the hypocrites who will have no reward from their father, meaning no eternal life or salvation from being thrown into the fire of the second death. Jesus teaches when you give charity do not know your left hand from your right, meaning do not give to get. Giving to get is business not true charity done at a worldly loss from your own for a Godly gain, by unconditional love. When you teach business is good or love you mislead people to be damned to hell for even thinking that, by driving out unearned, unconditional, required love of others replaced with the oppression of others to serve material gain.

I do not want people to die, harm others to go to hell, in a system that oppresses them and rewards children of the devil, those who rule over people by increasing desperate conditions, artificially creating sustainable debt people will never be free from in violation of God's law and the Constitution.

I am horrified about the proposed policies, and the planned preventable reversible economic crash. In case, I am taken out by the state or others, I must alert you to look at the evil so you can transform darkness into light.

I alerted the Delaware Supreme Court of my concern of a global economic crash per the attached letter aforementioned as **Exhibit J**, which I dropped off with Officer Flood of the Dagsboro Police too.

The Government is corrupted to control the people, instead of care for the people. You may have the power to eliminate the corruption by eliminating the temptations to harm people for position, profit, and power or praise.

The system is corrupted to guarantee injustice, and I ask your consideration to make the government freer, fairer by taking away the temptations, rewarding evil as good, before it is too late, and lawyers and judges and governments are eliminated as schemed. See page 39 of the Fourth Industrial Revolution to confirm lawyer jobs will be reduced to eventually be eliminated.

Also see this 2018 excerpt from the World Economic Forum 2018, Day 2 meeting, to hear a speaker discuss the elimination of judges and lawyers by

automation which has no power to render true justice with correction, and mercy, improving the world like a human judge may choose to do. Please start listening at 4 hours 16 minutes at <https://www.youtube.com/watch?v=tvvHSau4PY0>

People are special in that they may use their brain, their conscience mind to choose to reflect the image of God, by unconditional love, but there is a plan to eliminate people's jobs through automation, controlled by a few who pretend it is controlled by a computer to avoid accountability.

The global economy schemed to replace freedom, an economy of choice, is not a free market, but a borrowing society where humanity is worse than serfs, slaves to debt on an ungodly unconstitutional level, substantially burdening freedom misleading people to hell by their desperation for electronic currency to survive, making the poor and wealthy worship the beast as savior, business greed. I am horrified.

For now, I must alert you the World Government Forum met on March 29-30, 2022 where some speakers alluded to the UN taking over government control by controlling the world. One speaker also spoke of a cold war after the hot war in Ukraine. If they predict it, they plan it to gain debt control.

We need the courts to be our hero, either the Delaware Chancery Court, or your honorable court, in another law suit to guide our misguided two other branches.

I hope you step up and choose to be a leader servant not a misleading exploiter of the people for profit, power, position or praise.

**RE: / Kelly v Swartz /doctored praecipe/ concealing elimination of key witness by retiring Arline Simmons and Katrina Krugar/ Free speech argument ruling that DRDC Rules 12 and 13 are unconstitutional per se and as applied**

April 26, 2022

Dear Honorable Colm F. Connolly:

On Friday, April 22, 2022, with a heavy heart, I went to the Chancery Court in Sussex County to pick up the attached praecipe, dated October 5, 2022, labeled as **Exhibit A**. A Chancery Court staff member, Arline Simmons wrote on the praecipe, without my authorization, testifying as a witness without cross examination, on a public court record, misleading courts on appeal, which contributed to the confusion as to why I could not serve US Attorney General, David Weiss in *Kelly v Trump* Chancery Court No. 20-0809, DE Supreme Court No. 119-2021, and United States Supreme Court No., 21-5522.

I did not know Arline Simmons wrote on it, and could not understand why I was not issued the Summons for the First Amended Complaint or the Second

amended Complaint for local counsel, US Attorney General David Weiss, through the civil process clerk. The handwritten notes give some clarity.

Per the attached exhibit, incorporated herewith as **Exhibit B**, I wrote a letter dated July 12, 2021 and filed with the Delaware Supreme Court, upon discovery that the Civil Process clerk's address was crossed off. Arline Simmons, flipped through the documents and instructed me to cross off the address, with initials. I complied, thinking she may have found a typo, not knowing this would prevent service to the Civil process clerk.<sup>1</sup> In tears I lamented, "I was booby trapped by the Court staff Arline Simmons." Attached, please find **Exhibit C**, the praecipe to serve Delaware local counsel, through the Civil Process clerk, with the address crossed off and my initials, through the instructions of Arline Simmons.

The signature pages were apparently switched. See **Exhibit D**, the praecipe with the switched signature page.

---

<sup>1</sup> I apologize that I am a poor typist. In high school I did so poorly in my typing class that I dropped out so I did not affect my GPA, which was over 100 because academic courses were weighted. My little brother, Andrew Patrick Kelly was valedictorian, class of 98 at Indian River High School, and my beautiful big sister Amanda Elizabeth Kelly Gordines and had a better GPA than I did too. I have family of beautiful, smart successful people. I am the least of these in my family and in the eyes of the world, but I am rich in faith for God, your honor. My father is a little ugly like I am, but my dad is my hero because he does that right thing, even at a material loss. My dad, the legendary R. Pat Kelly teaches high school, used to be a lifeguard at the beach, coached football and continues to coach basketball.

My dad makes doing the right thing look cool and he drove our prejudice against people of diverse races, socio-economic statuses and places of origin by using his coolness to drive out cruelty, when he taught Civics at Indian River High School, located in Sussex County Delaware. I was in Girl's State in High School only because my dad is smart. I listened to him speak of history on the car ride to school and repeated my father's captivating analysis, not mine, that dazzled my history teacher, Mr. Abbott. Mr. Abbott nominated me and Mary Wilgus. My Principal Dr. Patterson nominated me as student liaison. I had surgery in high school that made me forever weak. That is why I studied healthcare courses at Law School and a course at UD to improve our care that kills and harms and I believe damns people to hell. Just because I am poor, weak and ugly does not mean I am worthless your honor. I am priceless. I gave my life to God, not man or money that means I care about others as myself, and I cannot turn a blind eye in the face of oppression.

I did not understand why no subpoena was issued to me for the Civil Process clerk. Per **Exhibit E**, attached hereto, in a letter dated, October 19, 2020, I wrote Master Patricia Griffin regarding inter alias, that Defendants had 60 days to respond to my complaint as opposed to 20 days like a normal person, since they were agents of the federal government. On a side note, that is unfair, granting partiality and the luxury of more time to the powerful federal government, and less opportunity for the common lay person to assert their grievances against the federal government. I also received disparate treatment by the Chancery Court staff, and noted I acted as a party not as an attorney advocate, to alert the court it is okay for staff to yell at lawyers, but it is prejudicial to yell at parties. Id.

In a letter attached hereto as **Exhibit F** dated November 10, 2020 to the assigned Vice Chancellor, I noted I served President Trump and William Barr the Complaint and Amended Complaint, and stated, “The US Attorney for the District of Delaware has not been served... I requested subpoenas, including the one for the civil process clerk, in a letter to the Honorable Master, dated October 30, 2020.” (**Exhibit F** at 3, and the entire document, also see **Exhibit G**, the letter to Master Griffin, dated October 30, 2020, albeit it related to time constraints and removal.)

We were in a dangerous part of the pandemic when former President Trump was diagnosed with Covid-19, and I erroneously thought William Barr also contracted Covid-19.

Despite, the perils of germ spreading to and from notaries, the Chancery Court staff required I notarize documents. So, I sought a waiver, which the Delaware Supreme Court had already granted unbeknownst to the Chancery Court staff and myself.

Per **Exhibit H**, through a letter dated, October 9, 2020 to Master Patricia Griffin, a letter dated October 7, 2020 to the assigned Vice Chancellor of the Chancery Court, and a letter dated October 7, 2020 to the Delaware Supreme Court, I requested a waiver of the notary requirements to prevent loss of life and health, and copied William Barr on these requests. <sup>2</sup>

The Delaware Supreme Court sent me a letter attaching the emergency order, while copying the Defendant's administrator to the Board of Professional Responsibility, Karlis Johnson. (**Exhibit I**).

Throughout this time I noticed disparate treatment towards me, based on religion, political beliefs or association or poverty in violation of the equal

---

<sup>2</sup> Albeit your honor I made a mistake by not sending copies to local counsel, David Weiss. My mistake is not a mental disability, but based on my desire to act quickly to prevent irreparable loss in terms of government incitement infringement and loss of my First Amendment rights. I did not have easy access to research or even a working computer, or a printer at the time. I did not make the same mistake twice in this case. I served the Defendants through their local counsel, Zi-Xiang Shen, despite the fact this court withheld issuing service of the complaint and amended complaint.

protections clause, by the Chancery Court staff, apparently based on religious belief, political beliefs and or poverty. Per **Exhibit J**, attached hereto, in a letter dated, December 1, 2020, I wrote the Master Patricia Griffin of the Delaware Chancery Court concerning the prejudicial treatment based on protected beliefs and activity, and attached emails to **Katrina Kruger and Arline Simmons concerning the same.** (Emphasis Intended)

On or about November 6, 2020, I wrote Master Patricia Griffin regarding her staff, Arline Simmons, misleading me to almost miss my filing deadline to appeal, attached hereto as **Exhibit K.**

I sought discovery and alerted the Defendants of potentially calling Arline Simmons as a witness in the state proceeding. To my absolute horror, as I picked up the Praecipe dated October 5, 2020, on Friday April 22, 2022, I discovered Arline Simmons and Katrina Kruger were no longer with the Chancery Court, apparently encouraged to retire to protect themselves and the Court in this federal proceeding. Albeit I did not desire to sue or harm either of these individuals. Though, Arline Simmons mistreated me, she is my friend. I desired to safeguard my ability to worship Jesus without government incited economic, social, or physical persecution for my religious beliefs in God as savior, not as money as savior.

Defendants prevented discovery concerning potential witnesses to hide the fact these two witnesses with first hand knowledge, were no longer available through the state in the Board proceeding.

I emailed Defendants I did not want Arline Simmons to get into trouble, before learning she was no longer with the Court. I merely desired the ability to exercise my constitutionally protected liberties without state persecution. I also noticed another government agent with a connection to me, Secretary of Education Dr. Celeste Bunting, retired, probably by state pressure after learning of her ties to me. **(Exhibit L)** Please note, I inadvertently sent the email, in Exhibit L, to the wrong Lisa, and meant to send it to Lisa Dolph, to end interference in my active case.

In addition, I noted Judge Smalls of the Court of Common Pleas, may have been forced to retire when the state learned, he told me to go back to Pennsylvania, not knowing I am from Delaware, showing prejudice based on place of origin. **(Exhibit L)**. He was the first judge I made an appearance before, as an attorney on behalf of another lawyer who requested I fill in for them. Please see my letter to the Delaware Supreme Court concerning partiality by judges, incorporated herein by reference at D.I. 4 Exhibit 5. (Also see, D.I. 4, Exhibits 2, 3, 4 and 6. regarding partiality towards money and convenience at the cost of injustice by the state's agents, towards religious beliefs.)

I have been devastated, reasonably emotionally distraught, at the prospect Arline and Katrina may have lost their jobs because of the Defendants desired to conceal disparate treatment by state actors towards me based on disdain for my religious, political beliefs, speech, affiliation or poverty. I did not want them to lose their job. I did not desire to sue them either. I care about them. I merely love God more than them, other people and my own life, and must assert my right to love God without government economic, social or physical persecution. I gave my life to God your honor, not man or money.

I am also disappointed in Defendant David White, and Kathleen Vavala for persecuting me based on my religious-political petitions, speech, association and exercise. I sent them page 39 of the Fourth Industrial Revolution which includes the elimination of lawyers, as you know there is a plan to eliminate judges too, to automate justice in the decades to come. **(Exhibit M)**

David White knows I am a good lawyer. I drafted the attached pleading for an arbitration he handled upon my request for Insight Homes. **(Exhibit N)** I understand Insight retained him for other cases.

I believe the ODC's function worsens the practice of law and guarantees injustice by its focus on serving business greed not good, by focusing on what I believe is the mark of the Antichrist, partiality towards self, looking after their own, the appearance of the profession, money, convenience, positions and power,

not unearned required care for the public and professionals, while protecting individual liberties from satanic mob reign of lusts. I hate it when judges in courts misbehave by feigning humility to get out of doing their duty by indicating “the people elected the President or congress, I cannot overstep by rewriting the law, or acting as executive by cry babying “political question.”

The Court must balance these two imbalanced branches to protect individual liberty, the freedom of the individual from the satanic conditional conformed reign of lusts, with no ability to unconditional love. The Courts must exercise their duty to prevent the planned elimination of the dollar, the intended crash of the global economy, and the planned elimination of governments down the line. The Courts must not give into temptation to immediate gratification, ease, position, profit, only to lose it all down the line. There are plans for our Country’s harm and the world’s harm. The World Government Summit met on March 29-30, 2002, and alluded to a cold war after a hot war, and a depression and much more concerning issues. If they predict it, they plan it. The World Bank and the International Monetary Fund, aka, IMF, also had their yearly meeting, April 18-24th and plan inflation. Your honor, can place his foot down on the President or Congress and prevent the planned inflation and worsening conditions to cause a crash of the dollar and world economy, albeit in another case. You are my hope of a hero, as well as the Delaware Courts, who persecute me now. Jesus says justice, with mercy and

faithfulness are more important commands than laws dealing with material gain. Citing *Matthew 23:23*. God teaches partiality is sin. Justice in the courts is a command. *Amos 5:15*. You may save lives and eternal lives if you freely choose, your Honor. I hope you do.

With regards to this outside Court balancing the partiality and injustice guaranteed by self-regulation of state courts, lawyers, professional lawyer associations and Professional Disciplinary Procedures and counsel, the ODC stifles improvement and correction within by requiring training all lawyers through CLE's to equally provide poor service, seeking sameness, conformity, uniformity, not growth and learning.

As I mentioned previously in Exhibits and in my Complaint, comments of diverse suggestions for improving the practice of law, were not well received at continuing lawyer classes. The State through their agents desire "their will be done," like Satan, controlling attorneys like widgets, human commodities, not caring for them and the public. (See, 1 *John 5:19*, "We know that we are children of God, and that the **whole world** is under the **control of the evil one.**" (Emphasis intended), note the reference to control, not caring for humanity while protecting their freedom to choose even choose wrongly. When we force our will upon others, that is not freedom but tyranny, albeit just laws govern, guide and correct people who kill, steal and destroy to serve business greed, the mark of the beast,

conditionally caring for your own with no unconditional love); (See also , 2 *Corinthians* 4:4, “the **god of this world** [Satan] hath blinded the **minds** of them [with enticing temptations of reward, avoidance of harm, societal peer pressure, shame, praise and conditional caring with no God in them, controlling humanity through temptations] which believe not, lest the light of the glorious gospel of Christ, who is the image of God, should shine unto them.”)

The ODC merely treats the practice of law as a business, cold hearted while feigning superficial optimism and concern to sell a product to the exploited public, while treating lawyers as human capital as opposed to human beings with souls.

The Courts provide a government service to all unearned, required, even to those with religious-political beliefs, religious-political exercise which state agents do not understand, disagree with and find repugnant, like my own your honor. Maybe your honor, may require the Board and the ODC to care for, not control lawyers, while encouraging improvements of the profession, instead of stifling innovation through conformed bad standards that exploit and oppress people for convenience and profit.

I filed the attached complaint against Judge Kavanaugh, and it appeared the ODC cowardly cared about retaliation from its ruler, the highest court, Supreme Court Justice Kavanagh, and did not improve the profession, just created a false appearance of justice. (**Exhibit O**).

The time for correction for Justice Kavanagh was during the appointment of nominees. That time has passed. Vengeance is injustice, with no room for correction that guides the misguided to become better by love, not by material gain or money. So, no impeachment should be made for him or for Justice Thomas regarding Anita Hills.

Upon learning this hard truth of the ODC's marketing function creating injustice guaranteed, I believe the Courts should not self-regulate, but should allow impeachment to be the only means of a government check. There is corruption and internal bias to look after your own at the public's expense, while creating the illusion of justice, it creates injustice guaranteed. That said, I do not desire Justice Kavanagh or Justice Thomas to be impeached for their past errors or with regards to Justice Thomas's, his wife's conduct relating to the attempted coup on January 6, 2020. Half of the nation were misled by former President Trump's sweet nothings. Courts must guide the misguided, not punish them for being human as opposed to cold hearted machines seeking cold hard or electronic currency.

I also desire to include additional count and claim, to declare Disciplinary Rules 13 and 14 Unconstitutional, in violation of our Constitutional protections relating to free speech, and inhibiting gathering aide in my defense to accusations against me for my political-religious petitions, speech, association and exercise.

Delaware Rules of Disciplinary Procedure, Rule 13 requires:

- a) Confidentiality. Prior to the Hearing Panel's submission to the Court of its final report, and except as otherwise described in these rules, disciplinary and disability proceedings and the official record in such matters are confidential. If the Hearing Panel's report recommends that the matter be dismissed, that a lawyer not be transferred to disability inactive status, or that a private sanction be imposed, any further proceedings by the Court and the official record in the matter are confidential unless and until otherwise ordered by the Court. (b) Protective orders. Upon proper application with good cause shown, or on a sua sponte basis, the Chair or Vice Chair of the Board, the Chair of the Hearing Panel, or the Court may issue appropriate protective orders with respect to any proceedings, reports, documents, or other information which may otherwise be made public, for the purpose of preserving confidentiality. (c) Complainant's right to appear. The complainant in a disciplinary matter, if any, shall have the right to appear at any Board hearing on sanctions or any Court hearing on a petition for interim suspension relating to the matter for the sole purpose of making a statement on the record regarding the matter. (d) Requests for confidential information. A request for the release of confidential information as described under these Rules shall be made by written application, with good cause shown, directed to the Administrative Assistant. Such application shall be considered and determined by the Court. (e) Release of confidential information. The work product of the ODC may not be disclosed or released except pursuant to Rule 13(f). The pendency, subject matter, or status of a disciplinary matter may be disclosed or released if: (1) the respondent has waived confidentiality in writing; (2) the proceeding is based upon allegations which include the conviction of any crime; (3) the respondent has been placed upon interim suspension or disability inactive status; (4) such disclosure or release is necessary to obtain the assistance of another person, agency, or organization, provided that such person, agency, or organization agrees to maintain the confidentiality mandated by these Rules; (5) the proceedings are based upon allegations which have otherwise been made public; or (6) with the approval of the Court, such disclosure or release is necessary in order to correct false or misleading public statements with respect to any otherwise confidential proceeding or information, or is necessary to prevent public confidence in the disciplinary system from being undermined. (f) Cooperation with criminal justice authorities. Any evidence or information obtained through the disciplinary process indicating criminal conduct by a lawyer, including documents,

transcripts, and work product, or any selected portions thereof, may be disclosed or turned over to the appropriate criminal justice authorities for their independent review and investigation. (g) Duty of participants. All participants in a proceeding under these Rules shall conduct themselves so as to maintain the confidentiality mandated by these Rules. (Amended, effective May 14, 2008.)

Delaware Rules of Disciplinary procedure Rule 14 provides:

“The ODC shall publicly disseminate all information relating to disciplinary matters and proceedings as is consistent with these Rules. In particular, the ODC shall transmit notices and information regarding the imposition of all public discipline, transfers to or from disability inactive status, or reinstatements to:

- (a) the disciplinary enforcement agency in any jurisdiction in which the respondent is admitted,
- (b) the chief judicial officers of all courts of this State,
- (c) the chief judicial officers of all federal courts located in this State, the United States Court of Appeals for the Third Circuit, and the United States Supreme Court,
- (d) any national data bank maintained for the purposes of reporting disciplinary action relating to lawyers, and
- (e) the news media.”

Rule 13, allegedly protects the accused, including me, while protecting the ODC from libel law suits. It does not require I keep the proceeding confidential.

However, Rule 14, gives the illusion the State, ODC, and coconspirators have immunity to verbally persecute the accused, should they win, , including me inciting social, economic and physical persecution verbal government attacks cause, based on my religious-political beliefs, religious-political speech, religious political association, and religious-political petitions.

I argued the Defendants are not immune from suit and Rule 14 will not protect them should they attack me further in the future, per the analysis in my Complaint. See Id. 2.

With new and additional information commonly arising in my case, I have a running request to **amend the complaint to conform with additional and new evidence**, as they arise at the end of the proceeding, to include additional or new claims or evidence.

I am also mailing you and Defendants electronic copies

1. Video where I spoke at a Democratic function, showing I misbehaved by accepting donations from the Democratic party before I learned how it caused oppression and injustice per Jesus the Christ's teachings in *Matthew* 6:1-4. I sinned and I am sorry your honor.

2. Video of a vulture that was pecking at the window that was not scared of me despite yelling at it in the winter of 2022.

3. Video of me on TV in the news complaining of rats in my dorm apartment from a Christian School Duquesne Law School.

4. Pictures of Judge Hardiman and me in law school, to show my personal connection to argue he should not be assigned the case should he be chosen due to potential partiality.

5. Pictures of me attending a Democratic function, misbehaving, when I should have been available to all people, regardless of party to prevent **conditional conformity** with the party's agenda, which prevents **unconditional love** and service for all citizens, regardless of each individual's position and party affiliation.

6. Video of me lamenting about how Nancy Pelosi and congress people misbehaved by failing to impeach. Nancy Pelosi remarked on respecting the flag when she transferred the articles for impeachment, placing her hand to my face on my article of impeachment to safeguard the NFL player's freedom to associate and speak out on alleged disparate treatment towards Black Americans in the judicial system. Our officials put on a deceptive horse and pony show, feigning concern on government racist persecution of the people. They do not seek justice for the oppressed as I asked them to. They misbehave, and are need of Court correction and guidance.

7. PDF's of the pleadings I filed against the democrats, suing them without violating Jesus Christ's teachings by asking for donations or signatures, which I believe damns people to hell. I would be a bad leader if I encouraged conduct that harmed people in this life and damned them to hell forever your honor.

8. I also attached some of my marketing material so you can understand my heart, but I feel dirty. Government is a service not a business. Officials should be elected not based on appearance or popularity but based on their heart. The people should vote on their ideas not appearance. Jesus teaches us judge correctly, not based on appearance. The title marketing appears naughty to me, your honor.

I am not a bad guy. I am an imperfect Christian, not crazy. I freely choose to have the mind of Christ, not the mind of the world.

Thank you for your time and attention to this important matter.

No. 19, 2021

APPELLANT

APPELLANT’S MOTION FOR THE DELAWARE SUPREME COURT TO REQUIRE THE RECUSAL OF THE HONORABLE CHIEF JUSTICE COLLINS J. SEITZ, JUNIOR IN THIS MATTER

1. I, Meghan Kelly, pro se appellant, unopposed, having been granted in forma pauperis relief, move this honorable Delaware Supreme Court, unopposed, move to recuse the Honorable Chief Justice Collins J. Seitz, Junior (“Chief Justice Seitz”) from participating in review of my case, requiring delegation to the other honorable Justices.

2. On about May 25, 2021, I sent the honorable Court *Appellant’s (unopposed) Motion to guide or reign in the arms of the Delaware Supreme Court,*

*or for other relief this Court deems just*, (the “motion”), incorporated herein as if included in the first instance. I suggested private guidance. Motion at 1, 37, 38.

3. One of the allegations in the motion was concerning De-Lapp’s response to a request for a suspension of bar fees to serve De-Lapp’s purpose not to help to pay any fee since I paid such fees. Motion at 24 -30. Attached please find my receipt of payment of the Bar registration fee, incorporated as an exhibit, as if expressly stated herein.

4. I attached the May 24, 2021 attack letter as an exhibit to the motion, and incorporate it herein as if included as part of the motion.

5. In the May 24, 2021 attack letter, Carol Waldauser and Eleanor Kiesel state, “We understand that you may be experiencing some financial difficulties with regard to license fees.”

6. The only person who knew I made a request for suspension of Attorney Registration of license fees is Chief Justice Seitz, since I made the request to him, and Mark Vavala.

7. I reached out to Mark Vavala (“Mark”) per the emails, attached herein and included and incorporated herewith as if alleged as part of this motion (“Emails”), admitted under the state of mind exceptions, belief and admissions. See Exhibit, the Emails.

8. I turned to Mark for guidance, as he has always treated me as a judge should, with respect regardless of poverty, religious belief or association, as to requesting relief for attorney registration fees.

9. In the past I turned to Mark when he was a commissioner when Cathy Marshall, the former Supreme Court Clerk treated me with great cruelty and disregard for humanity for cost and convenience, reflecting the image of Satan with regard to unbending rules and penalties regarding the rather unsafe requirement of registration online and by required use of emails during a heightened time of increased threats to electronic hacks.<sup>1</sup>

---

<sup>1</sup> I am trying to persuade US Attorney General Garland to close the back doors on electronic devices President Bush Junior opened up under the guise of safety from terrorism. Bush opened the door to economic, speech and privacy attacks, making the entire globe less safe, especially with regards to health data, health insurance hacks and systems in recent years. Our information is more easily manipulated making us believe we are safe when the pandemic may not be waning as much as suspected. Please note, worldometer has not been reporting all states in its data but has excluded about ten states every day for the past two weeks. I suspect it is being manipulated, hacked, to market the vaccine as working better than it is. I have checked worldometer every day for over a year. They included most states every other day. This is strikingly concerning to me. See, Dckt 71, Exhibit E, Exhibit 26, copy of the web site worldometer, to show healthcare is the biggest global money maker and expense.

Bush sold our freedoms for money by opening the door to those who will kill, steal and destroy or diminish freedoms and lives to gain more material gain. Freedom is not for sale. People are not for sale, to those who require they pay for freedom. People are priceless not price tags, worthy of protection by this Court. Throwing money at a problem or grants is never the solution. Neither is money given to government agencies without strings attached. The spend it as you see fit or lose it provisions reward waste. Strings attached to laws must be tied with all government money offering guidance for good not evil greed, the mark of the

---

damned. The desire for more government money for government partnered entities under the guise of charity or otherwise, including churches, is the problem. Business greed, to use for the study of things, science to manipulate to gain grants or business profit for something different or for a different fix instead of removing the problem should end. Entities are rewarded with more money by not resolving the problem. Government must fund itself, not pay bribes to entities which per se try to get as much as they can for as little as they can. Then, such entities may supplement with fundraising and charity which I believe damns people to hell. Schools, sports and the post offices would be fully funded if the government paid bills instead of bribes. Children learn to go the way to hell by learning early to rely on associations and organizations, artificial entities without hearts, that run on the mark of the beast to represent their interests, instead of choosing to use their own brains to think, to care, to know, to love, individually and specially, as the treasure they are. We lose treasures to hell. Children are forced to fundraise for sports and schools which will damn them to hell should they not unhardened their heads and learn such evil is bad, all to pay bribes of government agents to serve their interest. Property taxes should not be increased to fund government bribes, thereby creating disparate treatment by zip code, based on home values in violation of the Equal Protections Clause applicable to the states via the Fourteenth Amendment, with no rationally related purpose. The government would decrease waste, create a more fair, equal and just union if government employees, including Presidents and law makers, did their jobs instead of exploiting tasks to serve government agents personal interest including but not limited to getting out of work or liability, while arguably creating artificial debt in violation of the 13<sup>th</sup> amendment to serve greed not need, by paying entities to profit off of its government duties at a greater bill to its people in terms of not merely monetary loss but loss of constitutional freedoms. It is an abomination. The government itself is a heartless beast should the agents not use their power to individually use their free will, their brains, to think, to care, to know, to love people, instead of acting as heartless robots going through mechanical motions of a system. Then brainlessly blaming the system, instead of themselves, for problems they cared naught to address.

I digress, government funding for science is bad and a black hole, that should be closed from sucking the life blood and souls out of humanity by indentured servitude to feed unsatiable greed by entities without hearts. Just laws, just policies and justice in the courts is the solution to close the black hole. The government rewards businesses for made to break, made to repair and replace products, polluting in the production and polluting with replaced parts and products in the landfills. The US through its unjust decrees, including but not limited to the UCC, tax code wrote offs and insurance laws is the reason why the

---

world is so polluted. China would not make made to break, service and replace products if our courts and laws did not reward such, instead of made to last goods, decreasing polluting in production and in parts. Money is never the solution, since it rewards misbehavior, to create the endless lust for greed to make something different, or use of a product for a different function, not made to last, not made to work. Science is the study of things. When the pupils, doctors and scientists declare themselves to be the masters of the universe on a subject, the experts, or knowing the answers, they are per se stupid, and defeat science. Science, after all, is the mere study of things, not the master of things as defined by the scientific method with built in recognized uncertainties called variables, unknown and known. Meaning possible error, not knowing everything, is declared as part of the scientific method. Learning is good, but manipulating data while using good science, retrieved from tests for self-gain, not knowledge, is deceptive and wicked. Our government appears to be partnered with private industries, not for profits, businesses, and churches, by bought or bartered for bribes, in exchange for loyalty or backing of elections, paid with money taken from being used for the people's need, government infrastructure, not Biden's bad plan either, to be used to pay entities to perform the government's job because the government employees evade responsibility of working and blame for expenditures and plans not working, grants and bailouts to exploit the problem to waste money and cause harm to the world for self-gain, by creating industries to profit off of the problems instead of correcting the problem by making the world more safe by closing the back doors in electronics, including but not limited to making lawyers money by adding an unnecessary additional field, insurance companies, fields for miners who sell our data, anti-virus software companies. I am still brainstorming constitutional and criminal theories to persuade the US AG Garland to save us regarding foreseeable looming threats not by people but by entities without hearts, businesses, LLCs and such, by protecting our freedom of speech without government sponsored or encouraged threats against privacy or speech, and a potential 13<sup>th</sup> amendment argument regarding artificial debt which is a sin against God in the old testament especially, called inequity and will damn the perpetrators to hell despite their stupidity and ignorance. See, Matthew 13, Hosea 4:6. It is no small matter. It is a matter of heaven and hell. The Bible teaches people go to hell for misunderstanding evil for good and good for evil. Not knowing can kill you eternally. You have to care to think, care to know, care to love to escape the fire of the second death at the resurrection of the dead the last day. You must use you free will, your brain, not your belly, meaning your desires. *Philippians* 3:19, "Their end is destruction, their god is their belly (meaning their appetites, their desires), and they glory in their shame, with minds set on earthly things." I argued

---

that Trump does not use his brain, but is reigned by his desires, the mark of the beast, the whore, the damned, the mark sadly most of humanity has should they not erase that mark before it is too late and they are dead. See Dckt 60 at 21,94,123, 124, 413. Trump is reigned by desires, emotions, instead of laying down his desires, to care to think to love others, by sacrificing to self. I am pointing this out to confirm believe not using your brain to think, to care, to love, is sin.

As a licensed teacher, previously substituting in the schools, I tried to teach kids they were loved and respected no matter whether they failed or succeeded, and to love and respect one another regardless as to whether others succeed or fail. I taught them to think for themselves, instead of writing what they thought I wanted to hear. I taught them their diverse unique view made us all smarter, by shedding light on a different perspective. I tried to teach kids the way to heaven young by Jesus's new command in John, to love one another, without violating the separation of church and state, without using God's name or bible verses in vain. I am pointing this out as I try to live my faith, live my religious beliefs by doing the will of God, through understanding Jesus's words. I believe Jesus is not kidding. I also have ideas on how Attorney General Merrick Garland can safeguard the right to vote, and eliminate the temptations for law makers to create unjust decrees and policies by removing three temptations to do so, eliminating money in politics, ending entity and private backing with money, by allowing the people to more equally and freely, not by purchase of support or opposing a candidate by the only equal, fair, free form, the vote.

Our laws fund grants for science that serve greed, the bottom line, not learning or truth to improve societal conditions. Our tax laws, grant policies and other laws increase temptations to make made to break, made to replace, polluting in the production, and polluting by throwing away replaced parts and products in landfills into infinity, to gain more money by selling replacement parts or products. More grants are given out for some different research. Greed for money is rewarded, driving out love for humanity leading to exploitation of the people and the environment, and I believe damnation in hell.

Additionally, our health care harms health to make people feel better, by feeling nothing, or by masking the ailment, often inhibiting people's faculties, their ability to use their free will, their brain, their mind, I believe guaranteeing their damnation in hell. I believe eternity is determined at the last day of your life. (See, Docket 77, Exhibit F, Exhibit 43, Article I drafted and factors relating to my passion to improve healthcare, to care for the sick and elderly's health, not destroy health by comfort care, eliminating the pain by causing patients to feel nothing, like vegetables, often inhibiting their free will which I believe they need to use to go to heaven, likely misleading the sick and elderly to hell, which breaks my heart, 1.

10. Mark is not hard headed, hard hearted or hard handed. He

understands the rules are there to serve humanity, not exploit humanity for the cost

6. Evidence of surgery that requires I drink water, rest and eat so I do not faint or die due to dehydration when I have my period. I lose five pounds every month. This is still a challenge. I must assert my right to live because many people serve Satan by not wanting to be inconvenienced to care to adapt to safeguard my life, or the lives and health of others.)

Drugging the elderly and sick people up so they cannot use their free will to choose to think, to care, to know, to love removes their freedom of conscience to choose the way to eternal life.

It is healthcare, not comfort care, deceiving people to believe you are healing them only to be killing them in this life and the next by concealing pain. At this time, I may not have standing with these unrelated issues, but the Attorney General may have standing down the line. It is notable, about 33 billion has been misused for years via NIH for bad healthcare that cares less about patients’ health and more about entities’ wealth.

Without protecting freedom of conscience, none are free, none have liberty, all are controlled by the forced will of heartless beasts, organizations and entities, even government, to serve what I argue is the mark of the beast, business greed. We must allow our judges to use their brain, their free will too, to think, to care, to love, instead of robotically adhering as troops in a war, where they no longer lead but are misled by heartless beasts that rule over them.

and convenience by those who wield government power. See *Matthew 23:11*, regarding Jesus's claim leaders are servants. I believe servants of self are misleaders and deceivers, who exploit those they are charged to serve to serve those who serve them thereby serving themselves, reflecting the image of Satan, aka children of the devil not choosing to be saved from the fire the last day by laying down their desires to care to love those outside their own, specifically those who inconvenience them, and their greed by need. See, *John 8:47*, *1 John 3:10-11*, *Acts 13:10*, *Matthew 13:38*, regarding children of devil.

11. I thought I sinned against God by forgetting to look after Mark's daughter, an attorney within the arms of the ODC. I thought Mark's kid may have lost her job at the ODC, with the news of a new hiring at the ODC, because her father helped me in the form of guidance with regard to requesting a suspension or waiver of attorney fees from the Honorable Supreme Court by official request to Chief Justice Seitz. See Emails.

12. I realized the only two people on the planet aware of my request for the waiver are Chief Justice Seitz and Mark Vavala per that revelation in the E-mail. See Emails

13. In my horror and great sadness, I confronted Mark to determine whether he "threw me under the bus." Citing Emails. I quickly confronted him to determine the worst possible scenario to eliminate any doubt that may tarnish a

professional relationship based on mutual respect for the dignity of all, even one another.

14. I tested him. Mark did not instigate the ODC and DE-Lapp attacks. See Emails.

15. Besides passing the test, I trust Mark Vavala as a former judge, a commissioner, without partiality based on self-interest. I sought Mark's help for years to gain his wisdom and kind guidance. He is smart and wise, and unafraid of tough questions, because he answers honestly with integrity, even with the honest response, I don't know.

16. The conclusion Mark Vavala was not the perpetrator of potential abuse me, led me to determine that Chief Justice Seitz may have instigated the abuse by De-Lapp and the ODC.

17. The interest for fees for an arm may have tarnished Chief Justice's vision as I noted in my motion, the Supreme Court itself may have instigated the abuse. Motion at 25.

18. Far worse, the Chief Justice may have instigated attacks by the ODC and De-Lapp discussed in my motion because my second request relating to waiving attorney registration fees is based on and intertwined with religious arguments in violation of my free exercise and the RFRA which applies to state agents too, including judges and judges' agents, its arms, ODC, De-Lapp, and their

agents, foreseeably impeding and obstructing my access to the Courts in this proceeding.

19. I must correct my allegation at Motion at 25. I was blinded by my desire to persuade this court to save the world by saving me in my case, and possibly other matters, even if the court does not want to. Jesus says if we believe we can move mountains, we will move them. Citing Jesus, Mark 11:23. I believe I have an opportunity, not a guarantee, that I may move a mountain by moving this Court's justices' hearts to be our heroes. Mountains after all means impediments on our hearts, temptations to sin by comfort, costs and convenience instead of doing what is right. *Id.*, (See, *Luke 8:10*. Jesus speaks in parables so only those who seek his will instead of their own or the mere will of man understand what Jesus says by mountains and in general. Others do not choose to use their brains, their free will, to understand God's will, God's plan which is love. They, instead, willfully are blinded by worldly temptations and do not use their brains to think, to care to know, to care to love in truth, not lust, not covetousness based on lies.)

20. I forgot, this court did answer my first request for a suspension of fees relating to attorney registration based on unemployment or financial impediment. I am including the response attached to and incorporated therewith as an exhibit. See, the Court's response attached hereto.

21. In a letter dated February 2, 2021 the Court responded, “The Court acknowledges receipt of (my) letter dated January 7, 2021, wherein (I) request that the attorney registration fees for lawyers out of work due to the pandemic be waived.

22. I responded per the attached February 5, 2021 letter, attached hereto and incorporated herewith in toto, as an Exhibit. I provide in part:

“Thank you for the February 2, 2021 letter in which the Court indicated it would consider requests for waivers of attorney fees on a case by case basis, by formal request.

My concern, is accepting applications for waivers on a case by case basis violates the Equal Protections Clause applicable to the State's agencies, even the courts via the 14th Amendment, by disparate treatment within a class. I am likely not the only one out of work due to the pandemic. Others are struggling too. A case by case determination would likely be per se unconstitutional.

I will likely never have standing to stand up for those similarly situated with myself. Yet, if I made such a request, I would be asking the Court to treat me with preference instead of impartiality as required by law.

My conscience may not allow me to make such a request, tempting this Honorable Court to misbehave to serve my own gain.

I can, however, request that all fees for attorney registrations be the same regardless of years barred. So, I am making such a request for future consideration for 2022 and beyond. Please treat all lawyers the same by requiring the same lawyer registration fee for every lawyer, without persecution towards attorneys with more years of experience by an increased fee. There is no rational basis for an increase in lawyer’s fees based on number of years, except the desire for more money.

It is wrong to assume the longer you have been barred, the more money you have or must pay.

I am saddened when I see unjust decrees and policies based on the love of money, desire for money, at the cost of driving out the love for humanity, the people the state serves.

On an aside, the reason why I became a lawyer is my faith in Jesus Christ. Justice in the Courts is a command by God. See Amos 5:15. Jesus Christ

taught that “justice, mercy, and faithfulness” are more important commands. Matthew 23:23.

23. In my second request relating to attorney fees, dated February 5, 2021, I go on to discuss more religious concerns therein.

24. I note, Mark Vavala in the Email exhibits noted 5 other attorneys reached out to him regarding attorney fee cost issues.

25. Imagine how many other lawyers may be struggling due to the pandemic, possibly catching the sickness or caring for a loved one or merely life’s struggles unforeseeably hampering lawyer’s capability to pay the Registration fee.

26. Such case by case application creates disparate treatment by the hidden reign of lusts or likes as it suits the judges interests, not the impartial rule of law, without selective application.

27. The Court should create a form that permits lawyers without the ability to pay to waive such fees, to automatically apply for waiver based on debt or financial burden, and such waivers should be freely given, instead of enslaving already financially desperate people with additional pressure.

28. No one is above the law. No one is below the law, not even judges who administer the laws. Judges must maintain their independence from self interest, and their appearance of independence.

27. “The Founders rejected the medieval myth that sovereign (rulers, even judges and Presidents) are anointed by God to rule over them. The Founders laid a

new foundation for our country, based not on the lie of divine right, (but by free choice, the free will of the people based on the universal belief that) all people are created equal and all just powers are derived from the consent of the governed. They changed the very source and nature of Law. Law does not emerge from the mouth of a king but rather the votes of the freely chosen representations of the people,” with limited, not absolute power, limited by the Constitution by the Courts. Citing, Duquesne Lawyer, *The Rule of Law, the Constitution and Democracy*, by Wilson Huhn, Professor of Law, Spring 2021 Edition.

28. Partiality and the appearance of impartiality must be maintained in my case to protect the integrity of the courts.

29. I seek to protect the judiciary.

30. To maintain the integrity of the three branches of government.

31. In this United States, the Founders created checks and balances to prevent and fix branch overreach. The fact a check is made, means the system is focused on maintaining a more equal, fair, just union. Humans with hearts are in control and in charge of choosing to maintain, and service the checks on the executive, judicial and legislative branches, like a car in need of oil to run better. People must choose to use their brain to care to think, to care to know, to care to love humanity, instead of comfort, convenience and cost by avoiding tune ups in our system of government.

32. The fact I seek correction will not prevent me from seeking protection of the same system I am seeking to tune up through law suits, to prevent the engine of our nation from failing us, the impartial rule of law.

33. The Courts can uphold the integrity, encourage faith in the system by having the humility to understand it is run by imperfect people in need of guidance through checks and balances, the executive branch, the legislative branch and even the judiciary.

34. In addition, my little cousin, Ikey Adams, a family member, is a partner in Sidley Austin, in DC, where Chief Justice Seitz's daughter appears to work too.

34. These two issues, as to who instigating the government threats via the ODC and De-Lapp, and the familial relations, create the appearance of partiality, or bias that may blemish a rather historical case, should this Court allow me to go forward with arguments.

35. The President(s) need the court's heavy hand of loving guidance to reign in the Presidents' abuse and misuse of power and government funding by dissolving the establishment of government-religion. President Bush Junior, President Obama, President Trump, and President Biden all misbehaved, and misbehavior will continue well past their fleeting lives, should this court fail to declare the Presidents are not above the Constitution. Sovereign immunity seems

to be waived for RFRA claims per the Supreme Court against officials, including the President. *Tanzin v. Tanvir*, 141 S. Ct. 486, 208 L. Ed. 2d 295 (2020)

36. I respectfully request that the Honorable Chief Justice be recused from deciding this case.

2021 DE S. CT. BRIEFS LEXIS 423 \*

Meghan Kelly, Plaintiff Below, Appellant, v. Donald Trump, a.k.a. Donald J. Trump, a.k.a. President Trump a.k.a. President Donald Trump, in his official capacity as President of the United States Defendant Below, Appellant,

Type: Motion--Other

Meghan Kelly, Dagsboro, DE, Pro se.

**Title**

**Appellant's Motion for Recusal of Chief Justice Seitz**

**Text**

---

1. I, Meghan Kelly, pro se appellant, unopposed, having been granted in forma pauperis relief, move this honorable Delaware Supreme Court, unopposed, move to recuse the Honorable Chief Justice Collins J. Seitz, Junior ("Chief Justice Seitz") from participating in review of my case, requiring delegation to the other honorable Justices.

2. On about May 25, 2021, I sent the honorable Court *Appellant's (unopposed) Motion to guide or reign in the arms of the Delaware Supreme Court, or for other relief this Court deems just*, (the "motion"), incorporated herein as if included in the first instance. I suggested private guidance. Motion at 1, 37, 38.

3. One of the allegations in the motion was concerning De-Lapp's response to a request for a suspension of bar fees to serve De-Lapp's purpose not to help to pay any fee since I paid such fees. Motion at 24 -30. Attached please find my receipt of payment of the Bar registration fee, incorporated as an exhibit, as if expressly stated herein.

4. I attached the May 24, 2021 attack letter as an exhibit to the motion, and incorporate it herein as if included as part of the motion.

5. In the May 24, 2021 attack letter, Carol Waldauser [\*2] and Eleanor Kiesel state, "We understand that you may be experiencing some financial difficulties with regard to license fees."

6. The only person who knew I made a request for suspension of Attorney Registration of license fees is Chief Justice Seitz, since I made the request to him, and Mark Vavala.

7. I reached out to Mark Vavala ("Mark") per the emails, attached herein and included and incorporated herewith as if alleged as part of this motion ("Emails"), admitted under the state of mind exceptions, belief and admissions. See Exhibit, the Emails.

8. I turned to Mark for guidance, as he has always treated me as a judge should, with respect regardless of poverty, religious belief or association, as to requesting relief for attorney registration fees.

9. In the past I turned to Mark when he was a commissioner when Cathy Marshall, the former Supreme Court Clerk treated me with great cruelty and disregard for humanity for cost and convenience, reflecting the image of Satan with regard to unbending rules and penalties regarding the rather unsafe requirement of registration online and by required use of emails during a heightened time of increased threats to electronic hacks. [\*3] <sup>1</sup>

---

<sup>1</sup> I am trying to persuade US Attorney General Garland to close the back doors on electronic devices President Bush Junior opened up under the guise of safety from terrorism. Bush opened the door to economic, speech and privacy attacks, making the entire globe less safe, especially with regards to health data, health insurance hacks and systems in recent years. Our information is more easily manipulated making us believe we are safe when the pandemic may not be waning as much as suspected. Please note, worldometer has not been reporting all states in its data but has excluded about ten states every day for the past two weeks. I suspect it is being manipulated, hacked, to market the vaccine as working better than it is. I have checked worldometer every day for over a year. They included most states every other day. This is strikingly concerning to me. See, Dckt 71, Exhibit E, Exhibit 26, copy of the web site worldometer, to show healthcare is the biggest global money maker and expense.

Bush sold our freedoms for money by opening the door to those who will kill, steal and destroy or diminish freedoms and lives to gain more material gain. Freedom is not for sale. People are not for sale, [\*4] to those who require they pay for freedom. People are priceless not price tags, worthy of protection by this Court. Throwing money at a problem or grants is never the solution. Neither is money given to government agencies without strings attached. The spend it as you see fit or lose it provisions reward waste. Strings attached to laws must be tied with all government money offering guidance for good not evil greed, the mark of the damned. The desire for more government money for government partnered entities under the guise of charity or otherwise, including churches, is the problem. Business greed, to use for the study of things, science to manipulate to gain grants or business profit for something different or for a different fix instead of removing the problem should end. Entities are rewarded with more money by not resolving the problem. Government must fund itself, not pay bribes to entities which per se try to get as much as they can for as little as they can. Then, such entities may supplement with fundraising and charity which I believe damns people to hell. Schools, sports and the post offices would be fully funded if the government paid bills instead of bribes. Children [\*5] learn to go the way to hell by learning early to rely on associations and organizations, artificial entities without hearts, that run on the mark of the beast to represent their interests, instead of choosing to use their own brains to think, to care, to know, to love, individually and specially, as the treasure they are. We lose treasures to hell. Children are forced to fundraise for sports and schools which will damn them to hell should they not unhardened their heads and learn such evil is bad, all to pay bribes of government agents to serve their interest. Property taxes should not be increased to fund government bribes, thereby creating disparate treatment by zip code, based on home values in violation of the Equal Protections Clause applicable to the states via the Fourteenth Amendment, with no rationally related purpose. The government would decrease waste, create a more fair, equal and just union if government employees, including Presidents and law makers, did their jobs instead of exploiting tasks to serve government agents personal interest including but not limited to getting out of work or liability, while arguably creating artificial debt in violation of the 13th amendment [\*6] to serve greed not need, by paying entities to profit off of its government duties at a greater bill to its people in terms of not merely monetary loss but loss of constitutional freedoms. It is an abomination. The government itself is a heartless beast should the agents not use their power to individually use their free will, their brains, to think, to care, to know, to love people, instead of acting as heartless robots going through mechanical motions of a system. Then brainlessly blaming the system, instead of themselves, for problems they cared naught to address.

I digress, government funding for science is bad and a black hole, that should be closed from sucking the life blood and souls out of humanity by indentured servitude to feed unsatiated greed by entities without hearts. Just laws, just policies and justice in the courts is the solution to close the black hole. The government rewards businesses for made to break, made to repair and replace products, polluting in the production and polluting with replaced parts and products in the landfills. The US through its unjust decrees, including but not limited to the UCC, tax code wrote offs and insurance laws is the reason why [\*7] the world is so polluted. China would not make made to break, service and replace products if our courts and laws did not reward such, instead of made to last goods, decreasing polluting in production and in parts. Money is never the solution, since it rewards misbehavior, to create the endless lust for greed to make something different, or use of a product for a different function, not made to last, not made to work. Science is the study of things. When the pupils, doctors and scientists declare themselves to be the masters of the universe on a subject, the experts, or knowing the answers, they are per se stupid, and defeat science. Science, after all, is the mere study of things, not the master of things as defined by the scientific method with built in recognized uncertainties called variables, unknown and known. Meaning possible error, not knowing everything, is declared as part of the scientific method. Learning is good, but manipulating data while using good science, retrieved from tests for self-gain, not knowledge, is deceptive and wicked. Our government appears to be partnered with private industries, not for profits, businesses, and churches, by bought or bartered for bribes, [\*8] in exchange for loyalty or backing of elections, paid with money taken from being used for the people's need, government infrastructure, not Biden's bad plan either, to be used to pay entities to perform

the government's job because the government employees evade responsibility of working and blame for expenditures and plans not working, grants and bailouts to exploit the problem to waste money and cause harm to the world for self-gain, by creating industries to profit off of the problems instead of correcting the problem by making the world more safe by closing the back doors in electronics, including but not limited to making lawyers money by adding an unnecessary additional field, insurance companies, fields for miners who sell our data, anti-virus software companies. I am still brainstorming constitutional and criminal theories to persuade the US AG Garland to save us regarding foreseeable looming threats not by people but by entities without hearts, businesses, LLCs and such, by protecting our freedom of speech without government sponsored or encouraged threats against privacy or speech, and a potential 13th amendment argument regarding artificial debt which is a sin against God [\*9] in the old testament especially, called inequity and will damn the perpetrators to hell despite their stupidity and ignorance. See, Matthew 13, Hosea 4:6. It is no small matter. It is a matter of heaven and hell. The Bible teaches people go to hell for misunderstanding evil for good and good for evil. Not knowing can kill you eternally. You have to care to think, care to know, care to love to escape the fire of the second death at the resurrection of the dead the last day. You must use you free will, your brain, not your belly, meaning your desires. *Philippians* 3:19, "Their end is destruction, their god is their belly (meaning their appetites, their desires), and they glory in their shame, with minds set on earthly things." I argued that Trump does not use his brain, but is reigned by his desires, the mark of the beast, the whore, the damned, the mark sadly most of humanity has should they not erase that mark before it is too late and they are dead. See Dckt 60 at 21,94,123, 124, 413. Trump is reigned by desires, emotions, instead of laying down his desires, to care to think to love others, by sacrificing to self. I am pointing this out to confirm believe not using your brain to [\*10] think, to care, to love, is sin. As a licensed teacher, previously substituting in the schools, I tried to teach kids they were loved and respected no matter whether they failed or succeeded, and to love and respect one another regardless as to whether others succeed or fail. I taught them to think for themselves, instead of writing what they thought I wanted to hear. I taught them their diverse unique view made us all smarter, by shedding light on a different perspective. I tried to teach kids the way to heaven young by Jesus's new command in John, to love one another, without violating the separation of church and state, without using God's name or bible verses in vain. I am pointing this out as I try to live my faith, live my religious beliefs by doing the will of God, through understanding Jesus's words. I believe Jesus is not kidding. I also have ideas on how Attorney General Merrick Garland can safeguard the right to vote, and eliminate the temptations for law makers to create unjust decrees and policies by removing three temptations to do so, eliminating money in politics, ending entity and private backing with money, by allowing the people to more equally and freely, not by [\*11] purchase of support or opposing a candidate by the only equal, fair, free form, the vote.

Our laws fund grants for science that serve greed, the bottom line, not learning or truth to improve societal conditions. Our tax laws, grant policies and other laws increase temptations to make made to break, made to replace, polluting in the production, and polluting by throwing away replaced parts and products in landfills into infinity, to gain more money by selling replacement parts or products. More grants are given out for some different research. Greed for money is rewarded, driving out love for humanity leading to exploitation of the people and the environment, and I believe damnation in hell.

Additionally, our health care harms health to make people feel better, by feeling nothing, or by masking the ailment, often inhibiting people's faculties, their ability to use their free will, their brain, their mind, I believe guaranteeing their damnation in hell. I believe eternity is determined at the last day of your life. (See, Docket 77, Exhibit F, Exhibit 43, Article I drafted and factors relating to my passion to improve healthcare, to care for the sick and elderly's health, not destroy [\*12] health by comfort care, eliminating the pain by causing patients to feel nothing, like vegetables, often inhibiting their free will which I believe they need to use to go to heaven, likely misleading the sick and elderly to hell, which breaks my heart, 1. Document, " *Your Health is your Wealth You are Priceless. Not a price tag!* Kelly seeks Federal Consideration of Health Care Proposal, 3. Meghan Kelly's teaching certificate, which goes to credibility. I learned psychology and behavior theories like BF Skinner's. I also am licensed to teach health so I know something about health. 4. Meghan Kelly's redacted law school transcript to show she took a course Health Care Finance and the course Law and Medicine while attending Duquesne School of Law. 5. - a. History of Western Medicine
- b. Economics
- c. Medieval Philosophy
- d. Psychology courses

6. Evidence of surgery that requires I drink water, rest and eat so I [\*13] do not faint or die due to dehydration when I have my period. I lose five pounds every month. This is still a challenge. I must assert my right to live because many people serve Satan by not wanting to be inconvenienced to care to adapt to safeguard my life, or the lives and health of others.)

10. Mark is not hard headed, hard hearted or hard handed. He understands the rules are there to serve humanity, not exploit humanity for the cost and convenience by those who wield government power. See *Matthew* 23:11, regarding Jesus's claim leaders are servants. I believe servants of self are misleaders and deceivers, who exploit those they are charged to serve to serve those who serve them thereby serving themselves, reflecting the image of Satan, aka children of the devil not choosing to be saved from the fire the last day by laying down their desires to care to love those outside their own, specifically those who inconvenience them, and their greed by need. See, *John* 8:47, 1 *John* 3:10-11, *Acts* 13:10, *Matthew* 13:38, regarding children of devil.

11. I thought I sinned against God by forgetting to look after Mark's daughter, an attorney within the arms of the ODC. I thought Mark's kid may have lost her job at the ODC, with the news of a new hiring at the ODC, because [\*15] her father helped me in the form of guidance with regard to requesting a suspension or waiver of attorney fees from the Honorable Supreme Court by official request to Chief Justice Seitz. See Emails.

12. I realized the only two people on the planet aware of my request for the waiver are Chief Justice Seitz and Mark Vavala per that revelation in the Email. See Emails

13. In my horror and great sadness, I confronted Mark to determine whether he "threw me under the bus." Citing Emails. I quickly confronted him to determine the worst possible scenario to eliminate any doubt that may tarnish a professional relationship based on mutual respect for the dignity of all, even one another.

14. I tested him. Mark did not instigate the ODC and DE-Lapp attacks. See Emails.

15. Besides passing the test, I trust Mark Vavala as a former judge, a commissioner, without partiality based on self-interest. I sought Mark's help for years to gain his wisdom and kind guidance. He is smart and wise, and unafraid of tough questions, because he answers honestly with integrity, even with the honest response, I don't know.

16. The conclusion Mark Vavala was not the perpetrator of potential abuse [\*16] me, led me to determine that Chief Justice Seitz may have instigated the abuse by De-Lapp and the ODC.

17. The interest for fees for an arm may have tarnished Chief Justice's vision as I noted in my motion, the Supreme Court itself may have instigated the abuse. Motion at 25.

18. Far worse, the Chief Justice may have instigated attacks by the ODC and De-Lapp discussed in my motion because my second request relating to waiving attorney registration fees is based on and intertwined with religious arguments in violation of my free exercise and the RFRA which applies to state agents too, including judges and judges' agents, its arms, ODC, De-Lapp, and their agents, foreseeably impeding and obstructing my access to the Courts in this proceeding.

19. I must correct my allegation at Motion at 25. I was blinded by my desire to persuade this court to save the world by saving me in my case, and possibly other matters, even if the court does not want to. Jesus says if we believe we can move mountains, we will move them. Citing Jesus, Mark 11:23. I believe I have an opportunity, not a guarantee, that I may move a mountain by moving this Court's justices' hearts to be our heroes. Mountains [\*17]

---

Drugging the elderly and sick people up so they cannot use their free will to choose to think, to care, to know, to love removes their freedom of conscience to choose the way to eternal life.

It is healthcare, not comfort care, deceiving people to believe you are healing them only to be killing them in this life and the next by concealing pain. At this time, I may not have standing with these unrelated issues, but the Attorney General may have standing down the line. It is notable, about 33 billion has been misused for years via NIH for bad healthcare that cares less about patients' health and more about entities' wealth.

Without protecting freedom of conscience, none are free, none have liberty, all are controlled by the forced will of heartless beasts, organizations and entities, even government, to serve what I argue is the mark of the beast, business greed. We must allow our judges [\*14] to use their brain, their free will too, to think, to care, to love, instead of robotically adhering as troops in a war, where they no longer lead but are misled by heartless beasts that rule over them.

after all means impediments on our hearts, temptations to sin by comfort, costs and convenience instead of doing what is right. Id., (See, *Luke* 8:10. Jesus speaks in parables so only those who seek his will instead of their own or the mere will of man understand what Jesus says by mountains and in general. Others do not choose to use their brains, their free will, to understand God's will, God's plan which is love. They, instead, willfully are blinded by worldly temptations and do not use their brains to think, to care to know, to care to love in truth, not lust, not covetousness based on lies.)

APP 21

APPELLANT’S MOTION FOR THE DELAWARE SUPREME COURT TO REQUIRE THE RECUSAL OF THE HONORABLE CHIEF JUSTICE COLLINS J. SEITZ, JUNIOR IN THIS MATTER

1. I, Meghan Kelly, pro se appellant, unopposed, having been granted in forma pauperis relief, move this honorable Delaware Supreme Court, unopposed, move to recuse the Honorable Chief Justice Collins J. Seitz, Junior (“Chief Justice Seitz”) from participating in review of my case, requiring delegation to the other honorable Justices.

2. On about May 25, 2021, I sent the honorable Court *Appellant’s (unopposed) Motion to guide or reign in the arms of the Delaware Supreme Court,*

*or for other relief this Court deems just*, (the “motion”), incorporated herein as if included in the first instance. I suggested private guidance. Motion at 1, 37, 38.

3. One of the allegations in the motion was concerning De-Lapp’s response to a request for a suspension of bar fees to serve De-Lapp’s purpose not to help to pay any fee since I paid such fees. Motion at 24 -30. Attached please find my receipt of payment of the Bar registration fee, incorporated as an exhibit, as if expressly stated herein.

4. I attached the May 24, 2021 attack letter as an exhibit to the motion, and incorporate it herein as if included as part of the motion.

5. In the May 24, 2021 attack letter, Carol Waldauser and Eleanor Kiesel state, “We understand that you may be experiencing some financial difficulties with regard to license fees.”

6. The only person who knew I made a request for suspension of Attorney Registration of license fees is Chief Justice Seitz, since I made the request to him, and Mark Vavala.

7. I reached out to Mark Vavala (“Mark”) per the emails, attached herein and included and incorporated herewith as if alleged as part of this motion (“Emails”), admitted under the state of mind exceptions, belief and admissions. See Exhibit, the Emails.

8. I turned to Mark for guidance, as he has always treated me as a judge should, with respect regardless of poverty, religious belief or association, as to requesting relief for attorney registration fees.

9. In the past I turned to Mark when he was a commissioner when Cathy Marshall, the former Supreme Court Clerk treated me with great cruelty and disregard for humanity for cost and convenience, reflecting the image of Satan with regard to unbending rules and penalties regarding the rather unsafe requirement of registration online and by required use of emails during a heightened time of increased threats to electronic hacks.<sup>1</sup>

---

<sup>1</sup> I am trying to persuade US Attorney General Garland to close the back doors on electronic devices President Bush Junior opened up under the guise of safety from terrorism. Bush opened the door to economic, speech and privacy attacks, making the entire globe less safe, especially with regards to health data, health insurance hacks and systems in recent years. Our information is more easily manipulated making us believe we are safe when the pandemic may not be waning as much as suspected. Please note, worldometer has not been reporting all states in its data but has excluded about ten states every day for the past two weeks. I suspect it is being manipulated, hacked, to market the vaccine as working better than it is. I have checked worldometer every day for over a year. They included most states every other day. This is strikingly concerning to me. See, Dckt 71, Exhibit E, Exhibit 26, copy of the web site worldometer, to show healthcare is the biggest global money maker and expense.

Bush sold our freedoms for money by opening the door to those who will kill, steal and destroy or diminish freedoms and lives to gain more material gain. Freedom is not for sale. People are not for sale, to those who require they pay for freedom. People are priceless not price tags, worthy of protection by this Court. Throwing money at a problem or grants is never the solution. Neither is money given to government agencies without strings attached. The spend it as you see fit or lose it provisions reward waste. Strings attached to laws must be tied with all government money offering guidance for good not evil greed, the mark of the

---

damned. The desire for more government money for government partnered entities under the guise of charity or otherwise, including churches, is the problem. Business greed, to use for the study of things, science to manipulate to gain grants or business profit for something different or for a different fix instead of removing the problem should end. Entities are rewarded with more money by not resolving the problem. Government must fund itself, not pay bribes to entities which per se try to get as much as they can for as little as they can. Then, such entities may supplement with fundraising and charity which I believe damns people to hell. Schools, sports and the post offices would be fully funded if the government paid bills instead of bribes. Children learn to go the way to hell by learning early to rely on associations and organizations, artificial entities without hearts, that run on the mark of the beast to represent their interests, instead of choosing to use their own brains to think, to care, to know, to love, individually and specially, as the treasure they are. We lose treasures to hell. Children are forced to fundraise for sports and schools which will damn them to hell should they not unhardened their heads and learn such evil is bad, all to pay bribes of government agents to serve their interest. Property taxes should not be increased to fund government bribes, thereby creating disparate treatment by zip code, based on home values in violation of the Equal Protections Clause applicable to the states via the Fourteenth Amendment, with no rationally related purpose. The government would decrease waste, create a more fair, equal and just union if government employees, including Presidents and law makers, did their jobs instead of exploiting tasks to serve government agents personal interest including but not limited to getting out of work or liability, while arguably creating artificial debt in violation of the 13<sup>th</sup> amendment to serve greed not need, by paying entities to profit off of its government duties at a greater bill to its people in terms of not merely monetary loss but loss of constitutional freedoms. It is an abomination. The government itself is a heartless beast should the agents not use their power to individually use their free will, their brains, to think, to care, to know, to love people, instead of acting as heartless robots going through mechanical motions of a system. Then brainlessly blaming the system, instead of themselves, for problems they cared naught to address.

I digress, government funding for science is bad and a black hole, that should be closed from sucking the life blood and souls out of humanity by indentured servitude to feed unsatiable greed by entities without hearts. Just laws, just policies and justice in the courts is the solution to close the black hole. The government rewards businesses for made to break, made to repair and replace products, polluting in the production and polluting with replaced parts and products in the landfills. The US through its unjust decrees, including but not limited to the UCC, tax code wrote offs and insurance laws is the reason why the

---

world is so polluted. China would not make made to break, service and replace products if our courts and laws did not reward such, instead of made to last goods, decreasing polluting in production and in parts. Money is never the solution, since it rewards misbehavior, to create the endless lust for greed to make something different, or use of a product for a different function, not made to last, not made to work. Science is the study of things. When the pupils, doctors and scientists declare themselves to be the masters of the universe on a subject, the experts, or knowing the answers, they are per se stupid, and defeat science. Science, after all, is the mere study of things, not the master of things as defined by the scientific method with built in recognized uncertainties called variables, unknown and known. Meaning possible error, not knowing everything, is declared as part of the scientific method. Learning is good, but manipulating data while using good science, retrieved from tests for self-gain, not knowledge, is deceptive and wicked. Our government appears to be partnered with private industries, not for profits, businesses, and churches, by bought or bartered for bribes, in exchange for loyalty or backing of elections, paid with money taken from being used for the people's need, government infrastructure, not Biden's bad plan either, to be used to pay entities to perform the government's job because the government employees evade responsibility of working and blame for expenditures and plans not working, grants and bailouts to exploit the problem to waste money and cause harm to the world for self-gain, by creating industries to profit off of the problems instead of correcting the problem by making the world more safe by closing the back doors in electronics, including but not limited to making lawyers money by adding an unnecessary additional field, insurance companies, fields for miners who sell our data, anti-virus software companies. I am still brainstorming constitutional and criminal theories to persuade the US AG Garland to save us regarding foreseeable looming threats not by people but by entities without hearts, businesses, LLCs and such, by protecting our freedom of speech without government sponsored or encouraged threats against privacy or speech, and a potential 13<sup>th</sup> amendment argument regarding artificial debt which is a sin against God in the old testament especially, called inequity and will damn the perpetrators to hell despite their stupidity and ignorance. See, Matthew 13, Hosea 4:6. It is no small matter. It is a matter of heaven and hell. The Bible teaches people go to hell for misunderstanding evil for good and good for evil. Not knowing can kill you eternally. You have to care to think, care to know, care to love to escape the fire of the second death at the resurrection of the dead the last day. You must use you free will, your brain, not your belly, meaning your desires. *Philippians* 3:19, "Their end is destruction, their god is their belly (meaning their appetites, their desires), and they glory in their shame, with minds set on earthly things." I argued

---

that Trump does not use his brain, but is reigned by his desires, the mark of the beast, the whore, the damned, the mark sadly most of humanity has should they not erase that mark before it is too late and they are dead. See Dckt 60 at 21,94,123, 124, 413. Trump is reigned by desires, emotions, instead of laying down his desires, to care to think to love others, by sacrificing to self. I am pointing this out to confirm believe not using your brain to think, to care, to love, is sin.

As a licensed teacher, previously substituting in the schools, I tried to teach kids they were loved and respected no matter whether they failed or succeeded, and to love and respect one another regardless as to whether others succeed or fail. I taught them to think for themselves, instead of writing what they thought I wanted to hear. I taught them their diverse unique view made us all smarter, by shedding light on a different perspective. I tried to teach kids the way to heaven young by Jesus's new command in John, to love one another, without violating the separation of church and state, without using God's name or bible verses in vain. I am pointing this out as I try to live my faith, live my religious beliefs by doing the will of God, through understanding Jesus's words. I believe Jesus is not kidding. I also have ideas on how Attorney General Merrick Garland can safeguard the right to vote, and eliminate the temptations for law makers to create unjust decrees and policies by removing three temptations to do so, eliminating money in politics, ending entity and private backing with money, by allowing the people to more equally and freely, not by purchase of support or opposing a candidate by the only equal, fair, free form, the vote.

Our laws fund grants for science that serve greed, the bottom line, not learning or truth to improve societal conditions. Our tax laws, grant policies and other laws increase temptations to make made to break, made to replace, polluting in the production, and polluting by throwing away replaced parts and products in landfills into infinity, to gain more money by selling replacement parts or products. More grants are given out for some different research. Greed for money is rewarded, driving out love for humanity leading to exploitation of the people and the environment, and I believe damnation in hell.

Additionally, our health care harms health to make people feel better, by feeling nothing, or by masking the ailment, often inhibiting people's faculties, their ability to use their free will, their brain, their mind, I believe guaranteeing their damnation in hell. I believe eternity is determined at the last day of your life. (See, Docket 77, Exhibit F, Exhibit 43, Article I drafted and factors relating to my passion to improve healthcare, to care for the sick and elderly's health, not destroy health by comfort care, eliminating the pain by causing patients to feel nothing, like vegetables, often inhibiting their free will which I believe they need to use to go to heaven, likely misleading the sick and elderly to hell, which breaks my heart, 1.

10. Mark is not hard headed, hard hearted or hard handed. He

understands the rules are there to serve humanity, not exploit humanity for the cost

6. Evidence of surgery that requires I drink water, rest and eat so I do not faint or die due to dehydration when I have my period. I lose five pounds every month. This is still a challenge. I must assert my right to live because many people serve Satan by not wanting to be inconvenienced to care to adapt to safeguard my life, or the lives and health of others.)

Drugging the elderly and sick people up so they cannot use their free will to choose to think, to care, to know, to love removes their freedom of conscience to choose the way to eternal life.

It is healthcare, not comfort care, deceiving people to believe you are healing them only to be killing them in this life and the next by concealing pain. At this time, I may not have standing with these unrelated issues, but the Attorney General may have standing down the line. It is notable, about 33 billion has been misused for years via NIH for bad healthcare that cares less about patients’ health and more about entities’ wealth.

Without protecting freedom of conscience, none are free, none have liberty, all are controlled by the forced will of heartless beasts, organizations and entities, even government, to serve what I argue is the mark of the beast, business greed. We must allow our judges to use their brain, their free will too, to think, to care, to love, instead of robotically adhering as troops in a war, where they no longer lead but are misled by heartless beasts that rule over them.

and convenience by those who wield government power. See *Matthew 23:11*, regarding Jesus's claim leaders are servants. I believe servants of self are misleaders and deceivers, who exploit those they are charged to serve to serve those who serve them thereby serving themselves, reflecting the image of Satan, aka children of the devil not choosing to be saved from the fire the last day by laying down their desires to care to love those outside their own, specifically those who inconvenience them, and their greed by need. See, *John 8:47*, *1 John 3:10-11*, *Acts 13:10*, *Matthew 13:38*, regarding children of devil.

11. I thought I sinned against God by forgetting to look after Mark's daughter, an attorney within the arms of the ODC. I thought Mark's kid may have lost her job at the ODC, with the news of a new hiring at the ODC, because her father helped me in the form of guidance with regard to requesting a suspension or waiver of attorney fees from the Honorable Supreme Court by official request to Chief Justice Seitz. See Emails.

12. I realized the only two people on the planet aware of my request for the waiver are Chief Justice Seitz and Mark Vavala per that revelation in the E-mail. See Emails

13. In my horror and great sadness, I confronted Mark to determine whether he "threw me under the bus." Citing Emails. I quickly confronted him to determine the worst possible scenario to eliminate any doubt that may tarnish a

professional relationship based on mutual respect for the dignity of all, even one another.

14. I tested him. Mark did not instigate the ODC and DE-Lapp attacks. See Emails.

15. Besides passing the test, I trust Mark Vavala as a former judge, a commissioner, without partiality based on self-interest. I sought Mark's help for years to gain his wisdom and kind guidance. He is smart and wise, and unafraid of tough questions, because he answers honestly with integrity, even with the honest response, I don't know.

16. The conclusion Mark Vavala was not the perpetrator of potential abuse me, led me to determine that Chief Justice Seitz may have instigated the abuse by De-Lapp and the ODC.

17. The interest for fees for an arm may have tarnished Chief Justice's vision as I noted in my motion, the Supreme Court itself may have instigated the abuse. Motion at 25.

18. Far worse, the Chief Justice may have instigated attacks by the ODC and De-Lapp discussed in my motion because my second request relating to waiving attorney registration fees is based on and intertwined with religious arguments in violation of my free exercise and the RFRA which applies to state agents too, including judges and judges' agents, its arms, ODC, De-Lapp, and their

agents, foreseeably impeding and obstructing my access to the Courts in this proceeding.

19. I must correct my allegation at Motion at 25. I was blinded by my desire to persuade this court to save the world by saving me in my case, and possibly other matters, even if the court does not want to. Jesus says if we believe we can move mountains, we will move them. Citing Jesus, Mark 11:23. I believe I have an opportunity, not a guarantee, that I may move a mountain by moving this Court's justices' hearts to be our heroes. Mountains after all means impediments on our hearts, temptations to sin by comfort, costs and convenience instead of doing what is right. *Id.*, (See, *Luke 8:10*. Jesus speaks in parables so only those who seek his will instead of their own or the mere will of man understand what Jesus says by mountains and in general. Others do not choose to use their brains, their free will, to understand God's will, God's plan which is love. They, instead, willfully are blinded by worldly temptations and do not use their brains to think, to care to know, to care to love in truth, not lust, not covetousness based on lies.)

20. I forgot, this court did answer my first request for a suspension of fees relating to attorney registration based on unemployment or financial impediment. I am including the response attached to and incorporated therewith as an exhibit. See, the Court's response attached hereto.

21. In a letter dated February 2, 2021 the Court responded, “The Court acknowledges receipt of (my) letter dated January 7, 2021, wherein (I) request that the attorney registration fees for lawyers out of work due to the pandemic be waived.

22. I responded per the attached February 5, 2021 letter, attached hereto and incorporated herewith in toto, as an Exhibit. I provide in part:

“Thank you for the February 2, 2021 letter in which the Court indicated it would consider requests for waivers of attorney fees on a case by case basis, by formal request.

My concern, is accepting applications for waivers on a case by case basis violates the Equal Protections Clause applicable to the State's agencies, even the courts via the 14th Amendment, by disparate treatment within a class. I am likely not the only one out of work due to the pandemic. Others are struggling too. A case by case determination would likely be per se unconstitutional.

I will likely never have standing to stand up for those similarly situated with myself. Yet, if I made such a request, I would be asking the Court to treat me with preference instead of impartiality as required by law.

My conscience may not allow me to make such a request, tempting this Honorable Court to misbehave to serve my own gain.

I can, however, request that all fees for attorney registrations be the same regardless of years barred. So, I am making such a request for future consideration for 2022 and beyond. Please treat all lawyers the same by requiring the same lawyer registration fee for every lawyer, without persecution towards attorneys with more years of experience by an increased fee. There is no rational basis for an increase in lawyer’s fees based on number of years, except the desire for more money.

It is wrong to assume the longer you have been barred, the more money you have or must pay.

I am saddened when I see unjust decrees and policies based on the love of money, desire for money, at the cost of driving out the love for humanity, the people the state serves.

On an aside, the reason why I became a lawyer is my faith in Jesus Christ. Justice in the Courts is a command by God. See Amos 5:15. Jesus Christ

taught that “justice, mercy, and faithfulness” are more important commands. Matthew 23:23.

23. In my second request relating to attorney fees, dated February 5, 2021, I go on to discuss more religious concerns therein.

24. I note, Mark Vavala in the Email exhibits noted 5 other attorneys reached out to him regarding attorney fee cost issues.

25. Imagine how many other lawyers may be struggling due to the pandemic, possibly catching the sickness or caring for a loved one or merely life’s struggles unforeseeably hampering lawyer’s capability to pay the Registration fee.

26. Such case by case application creates disparate treatment by the hidden reign of lusts or likes as it suits the judges interests, not the impartial rule of law, without selective application.

27. The Court should create a form that permits lawyers without the ability to pay to waive such fees, to automatically apply for waiver based on debt or financial burden, and such waivers should be freely given, instead of enslaving already financially desperate people with additional pressure.

28. No one is above the law. No one is below the law, not even judges who administer the laws. Judges must maintain their independence from self interest, and their appearance of independence.

27. “The Founders rejected the medieval myth that sovereign (rulers, even judges and Presidents) are anointed by God to rule over them. The Founders laid a

new foundation for our country, based not on the lie of divine right, (but by free choice, the free will of the people based on the universal belief that) all people are created equal and all just powers are derived from the consent of the governed. They changed the very source and nature of Law. Law does not emerge from the mouth of a king but rather the votes of the freely chosen representations of the people,” with limited, not absolute power, limited by the Constitution by the Courts. Citing, Duquesne Lawyer, *The Rule of Law, the Constitution and Democracy*, by Wilson Huhn, Professor of Law, Spring 2021 Edition.

28. Partiality and the appearance of impartiality must be maintained in my case to protect the integrity of the courts.

29. I seek to protect the judiciary.

30. To maintain the integrity of the three branches of government.

31. In this United States, the Founders created checks and balances to prevent and fix branch overreach. The fact a check is made, means the system is focused on maintaining a more equal, fair, just union. Humans with hearts are in control and in charge of choosing to maintain, and service the checks on the executive, judicial and legislative branches, like a car in need of oil to run better. People must choose to use their brain to care to think, to care to know, to care to love humanity, instead of comfort, convenience and cost by avoiding tune ups in our system of government.

32. The fact I seek correction will not prevent me from seeking protection of the same system I am seeking to tune up through law suits, to prevent the engine of our nation from failing us, the impartial rule of law.

33. The Courts can uphold the integrity, encourage faith in the system by having the humility to understand it is run by imperfect people in need of guidance through checks and balances, the executive branch, the legislative branch and even the judiciary.

34. In addition, my little cousin, Ikey Adams, a family member, is a partner in Sidley Austin, in DC, where Chief Justice Seitz's daughter appears to work too.

34. These two issues, as to who instigating the government threats via the ODC and De-Lapp, and the familial relations, create the appearance of partiality, or bias that may blemish a rather historical case, should this Court allow me to go forward with arguments.

35. The President(s) need the court's heavy hand of loving guidance to reign in the Presidents' abuse and misuse of power and government funding by dissolving the establishment of government-religion. President Bush Junior, President Obama, President Trump, and President Biden all misbehaved, and misbehavior will continue well past their fleeting lives, should this court fail to declare the Presidents are not above the Constitution. Sovereign immunity seems

to be waived for RFRA claims per the Supreme Court against officials, including the President. *Tanzin v. Tanvir*, 141 S. Ct. 486, 208 L. Ed. 2d 295 (2020)

36. I respectfully request that the Honorable Chief Justice be recused from deciding this case.

Thank you Mark.

Please remain uninvolved, as I might have to seek further action, and state agents may get in trouble. Please remain uninvolved, even with your child.

I am grateful, she has her job.

This is a serious matter.

Very truly,  
Meg

Meg, I won't be involved in whatever transpires. Again, you will remain in my prayers.

Mark

You are the only one in the world, other than the Supreme Court who knew of my waiver. I am disappointed. I sought relief from the Delaware Supreme Court to make both the ODC and DE-Lapp desist. Please refrain from participating further. It is in the Supreme Court's hands now, whether my order will be granted or denied.

Thank you,

Hi Meg. I don't know what you are referring to. I didn't submit your name to any ODC/DE-LAP matter at all. My correspondences with you have always been cordial. I saw the letter you sent as a copy in your last email and that was the first time I saw DE-LAP had contacted you. Carol and I have a good working relationship and I respect all she does to help out attorneys, but she keeps her matters confidential from me. If it is something else I did, please let me know as I take seriously any accusation that I threw someone under the bus. I know how hard you work and how passionate you are about your issues.

That being said, if DE-LAP reaches out, then someone did suggest you needed help and I encourage everyone to go that route rather than having ODC get your case. Carol is confidential and has helped a lot of attorneys...not just those who need help, but those who have been referred unnecessarily and having her in your corner is great. She works tirelessly to make sure that people don't run into trouble.

Again, though, I see that as your personal right to make that choice.

Please take care,

Mark

Mark,

Maybe you threw me under the bus for self interest because I asked for help in the past? I am disappointed.

Please do better by refraining from participating in burdening my first amendment freedoms in my suit, my free exercise of religious beliefs, freedom of conscience from substantial burden by persecution by the forced will of the state through its arms to serve money and material gain, not good by love and respect for humanity, instead exploitation to serve self interest by the mere fact I choose to live God's will

Thank you,

Hi Mark,

Thank you for writing back as I was going to draft something to look after your kid.

I sent a motion for the supreme court to rein in its arms. I actually retained the new ODC guy in a case as an arbitrator. He should know better than to unlawfully interfere.

I am reviewing a slew of executive orders where I see Bush Junior, Obama, Trump, and Biden all misbehaved. In particular Bush Junior talked about deregulating obstacles meaning the free exercise clause in 3 or more of his orders to pay churches to perform government work in a whored, bought or bartered, bribed union of church and state to essentially whore churches to the state, the blasphemous backing by buying the appearance of backing of God. This is an abomination.

I digress, Biden misbehaved in his Feb 14 executive order by talking about preserving the free exercise clause while destroying the same by continuing to purchase churches bough, bartered for, bribed, backing not free but bought, for services to perform government work, causing inefficiencies guaranteed. The churches create the illusion of charity but they serve business greed and supplement with fundraising which as you know I believe damns people to hell as not true charity by teaching deception as truth. Business greed is not true charity per Jesus Matthew 6:1-5, but is the mark of children of the devil, the beast, should they not wash away such inequity and be made clean.

The root of the religious dissention we have seen in our country in recent years is the love of money not the love of any God. Trump merely watered it, allowing it to pierce through the surface with unholy weeds. (biblical reference weeds). I see federal servants speaking of global war, using my God as Mickey mouse mascot for war profit, exploiting the pandemic. That is not okay. The courts are my hope for a hero to correct and prevent harm. They can make Biden behave too. They will be in charge of guiding him to do good, by love of humanity, not evil, by love of funding and money at the cost of sacrificing troops lives. God desires mercy not sacrifice. Christians go after the 1 and leave the 99 behind. I should fear God should I sacrifice the weak, the sick, the elderly, the vulnerable, the misguided to the wolves to serve the pack. Troops are manipulated like the government's bitches, like dogs by praise and profit to be exploited like call girls for war money, not freedom. I must seek to protect them. You may see my words and deeds as an insult offense, but God teaches it is love to reign in folks from the slaughter. Love is not feeling good. It is actually feeling bad, having a conscience at harm to one's brother, our brother is all of humanity, to lose one to eternal sin, is to lose an irreplaceable treasure forever. Courts can guide the misled back to the narrow way and save souls, if I guide the misled courts to do so. The Supreme Court is hard headed and confused. I must seek to correct them. I am pretty sure my case will go to the Supreme Court eventually if not on this appeal, unless Biden surprises me by agreeing to a stipulation.

I asked the court to stand down its arms.

So, glad you spoke up since I already drafted something and held off on sending it since it was late. Please tell your arms to stand down and stop interfering to prevent escalation. Attached, please find a motion the court received where I respectfully requested your arms stop interfering in my case through threats or otherwise, especially Judge Clark. I was so disappointed in him.

Thank you. Have a good day.

With love and gratitude your kid is okay,

Meg

Hi Mark,

You were kind to me, and respected me as a human, even if you did not agree with me over all these years.

Others have not been so kind. Thank you.

I am concerned that your daughter may have lost her job at the ODC, because you were kind, and treated people like me fairly, without disparate treatment based on poverty, religion or political association.

I am sad I did not write anything to the court to address that.

I am sorry people get into trouble in this world for doing the right thing.

I hope your kid is working at another safe place.

Thank you for being a hero by your love for humanity, not sacrificing people for profit or praise. That makes you different.

Love,

Meg

Dear Ms. Kelly;

The Court acknowledges receipt of your letter dated January 7, 2021, wherein you request that the attorney registration fees for lawyers out of work due to the pandemic be waived. Attorneys wishing to have the assessment fee waived must file a formal request. The Court will take each request under consideration as received and act appropriately.

Very truly yours,

**RE: Suspension of lawyer fees/Equal Protections concern/New Request 2022, flat fee for all licensure fees not based on years which is not rationally related to a legitimate purpose, instead arguably may be age discrimination to weed out older lawyers**

Dear Honorable Supreme Court Chief Justice Collins J. Seitz, Jr.:

I hope you are healthy and well. Thank you for the February 2, 2021 letter in which the Court indicated it would consider requests for waivers of attorney fees on a case by case basis, by formal request.

My concern, is accepting applications for waivers on a case by case basis violates the Equal Protections Clause applicable to the State's agencies, even the courts via the 14th Amendment, by disparate treatment within a class. I am likely not the only one out of work due to the pandemic. Others are struggling too. A case by case determination would likely be per se unconstitutional.

I will likely never have standing to stand up for those similarly situated with myself. Yet, if I made such a request, I would be asking the Court to treat me with preference instead of impartiality as required by law.

My conscience may not allow me to make such a request, tempting this Honorable Court to misbehave to serve my own gain.

I can, however, request that all fees for attorney registrations be the same regardless of years barred. So, I am making such a request for future consideration for 2022 and beyond. Please treat all lawyers the same by requiring the same lawyer registration fee for every lawyer, without persecution towards attorneys with more years of experience by an increased fee. There is no rational basis for an increase in lawyer's fees based on number of years, except the desire for more money.

It is wrong to assume the longer you have been barred, the more money you have or must pay.

I am saddened when I see unjust decrees and policies based on the love of money, desire for money, at the cost of driving out the love for humanity, the people the state serves.

On an aside, the reason why I became a lawyer is my faith in Jesus Christ. Justice in the Courts is a command by God. See Amos 5:15. Jesus Christ taught that "justice, mercy, and faithfulness" are more important commands. Matthew 23:23.

Just like not all secular laws are afforded the same weight, but are superseded by greater laws for example federal laws preempt and supersede conflicting state laws, not all of God's laws are afforded the same weight but are superseded by the law of love. (See, John 19:11, Jesus told Pilate ...“ the one who handed me over to you has the **greater** sin.”); (See, 1 John 5:17, “All wrongdoing is sin, and there is sin that does not lead to death.”); (See, Luke 6:3-4 “Jesus replied, ‘Have you not read what David did when he and his companions were hungry? He entered the house of God, took the consecrated bread and gave it to his companions, and ate what is lawful only for the priests to eat.’” King David violated the Levitical laws to live for God. Yet, he was not guilty of wrong doing.); (See Hosea 6:6, Matthew 9:13, Matthew 12:7, Proverbs 21:3, Isaiah 1:11, God desires mercy not sacrifice.); (See, Isaiah 1:13-15 “Bring your worthless offerings no more; your incense is detestable to Me—your New Moons, Sabbaths, and convocations. I cannot endure iniquity in a solemn assembly. 14I hate your New Moons and your appointed feasts. They have become a burden to Me; I am weary of bearing them. When you spread out your hands in prayer, I will hide My eyes from you; even though you multiply your prayers, I will not listen. Your hands are covered with blood.”); (See, Matthew 12:1-8, Mark 2: 23:28, and Luke 6:1-5, Jesus picks grain on the Sabbath, allegedly violating

the law of the Sabbath, but not breaking the law.); (See, Matthew 12:9-14, Mark 3:1-6, and Luke 6:6-11, Jesus healed a man with a withered man on the Sabbath); (Luke 13:10-17, Jesus healed a woman with a hurt back on the Sabbath.); (Luke 14:1-6, Jesus healed a man with dropsy on the Sabbath); (John 5:1-9, John 7:21-24, Jesus healed a cripple man, who could not go into a pool of water without help.); (John 9:1-41, Jesus cures a blind man on the Sabbath.).

I believe the courts have the power to save lives and eternal lives. Our nation is in need of a hero. I know that the Courts have no power unless lawyers humble themselves and ask for their help. Now is a time I need my license to practice law the most.

I live in Sussex County where Bible boys gone wild teach anarchy, lawlessness, is freedom. Lawlessness is not freedom, but tyranny by those with money, power and connections without restraint, called laws to stop them from harming others to serve their own.

Some churches are misbehaving by inciting insurrection and disobedience to laws to attend services, which they call Sabbath, to serve their coffers.

Many preach breaking the Sabbath violates Jesus Christ's teachings. Jesus teaches us we break a greater law of love by not safeguarding the

health and valuing the dignity of lives of others, by failing to break the so-called Sabbath to preserve the health and lives of others. Id.

They preach for their own vanity, their own purpose, not to glorify God by his love and mercy. They are confused, and really do not know. They are tempted to break small laws meant for their benefit, to break greater laws by profiting off of the unholy cries for “Gods, guns and freedom.” My God is a God of life and love not death for dollars.

Our nation and the world is in trouble. I believe the Courts have the power to be our hero to save us, if we only have the courage to ask.

Things are not ok down here in Sussex. People see evil as good and good as evil.

The government through its agents misbehaves by citing the same passages in the Bible the KKK cites to serve their own gain under the guise of Godliness by violating Jesus’s teachings too.

Jesus says there is “no greater sacrifice than to lay down your life for one’s friend.” John 15:13 Jesus next says “You are my friend if you do what I command you.” John 15:14 Jesus commands us to love our enemies, not kill them. Matthew 5:38-48, Luke 6:27–36, Romans 12:14-21, Proverbs 25:21, Exodus 23:4-5. Yet, the military misleads our troops to harm enemies, under the guise of Godliness, but in truth to serve the vanity of

men. The troops are misled to potentially be damned to hell by serving reign by might not right, reign by violence and threat of death like barbarians instead of logic and reason in the courts. See, Hebrews 2:14, the devil has power over death. Jesus came to give life and eternal life. See, John 6:51.

With the acceptance of the cloak of government authority, government servants have fewer freedoms to share their belief and may not condemn nor support a religious belief under the inherent threat of persecution against people for believing differently than those with government authority.

This Court does not have to believe as I do, to safeguard everyone's freedom to worship or not according to the dictates of their own conscience, without government sponsored persecution.

The Supreme Court misbehaves too. Please see the attached. I fear Justice Alito, Justice Kavanaugh and Justice Thomas are confused into believing in sacrificing human life to keep the so-called Sabbath and to serve business greed is keeping the law. They are wrong. They love money not humanity, and will sacrifice those the Constitution protects to serve the almighty dollar under the guise of an almighty God or good. See, Matthew 6:24. I think those justices will go to hell if they are not corrected by our courts or otherwise. Confusion kills. See 2 Corinthians 4:4.

This Court has the power to save lives and eternal lives, even the lives of US Supreme Court justices, via correction with mercy, to prevent condemnation by transforming wrong doers into right doers, by love for one another, not exploitation of one another to serve the love of money.

Thank you for your kind consideration.

Respectfully submitted,

Meghan Kelly, Esquire

Smooth as butter is in the Bible concerning leaders who mislead with sweet nothing Psalm 55:21

Psalm 55:21  
"His talk is smooth as butter, yet war is in his heart"

**Freedoms are not for sale  
Business is not religion  
Business Greed is not God**

The Supreme Court has before it a case to determine whether a government entity violates the free exercise of religion of a religious business organization by refusing to pay a Catholic agency to foster kids.

I argue it is not. I must confess, the Cake decision in *Masterpiece Cakeshop v. Colorado Civil Rights Commission*, where a similar issue arose, was as smooth as butter, so easy to swallow. But I realize now, the Honorable Supreme Court's decision is poison in that case too. It just took months to get through my hard head because I was so captivated by the brilliant, persuasive writing of the Supreme Court Justices.

Thank you for allowing me to share some hard to swallow words, that are nourishment to maintaining our freedom from government sponsored private oppression.

The distinguishing element in the Cake case and the one before the Honorable Supreme Court now is performing business by barter or exchange is not freedom, but costs a form of exchange. The critical element is looking at the permission to accept money in the form of business verses lawlessly turning people away, from serving a good or service based on personal religious beliefs or beliefs of conscience. The license to accept money verses the fundamental right to give money for a service or good without being turned away, based on religion, like race, or place of origin, is the critical.

Think of the horrors of our own history that we have overcome, the signs "No Catholics served here," "No Irish," or "No blacks."

Think of Delaware's ugly scar in *William Burton v Wilmington Parking Authority*, 365 U.S. 715 (1961), a government agency wrongfully permitted a business it leased a restaurant building to, to maintain a policy of saying no blacks served here. The Supreme Court kindly, like a loving parent, corrected our own misbehavior Delaware. It is wrong to tell people they may not be served here, even under the guise of God or good.

We have the freedom to worship or not according to the dictates of our own conscience, without government sponsored public or private persecution.

I thought hard about the 13<sup>th</sup> Amendment, involuntary servitude, and truth clunked in my hard head. Business is not a right. Freedoms are not for sale. Business is not a religion. Business greed is not God.

Businesses should not be in business if they get to turn away certain segments of society. If your religion requires discrimination in the business, you may choose a different business.

Freedom is not for sale. The government misbehaves by endorsing the premise those who do not conform to the beliefs of businessmen, women or entities may be turned away. Will business greed under the guise of Godliness become the religion of many more? Jesus Christ says, "You cannot serve both God and money." Citing, Matthew 6:24. I choose to guide folks to love one another, not exploit others to serve their own for their love and trust in money, as God.

Should the Supreme Court declare the mark of the beast, business greed is God, Congress through the interstate commerce clause has the power to balance, correct the Supreme Court's misbehavior, by passing laws to prevent businesses from turning people away based on religion, or other factors under the guise of religion, such as race, or place of origin.

Thank you for allowing me to share my concerns.

APPELLANT’S MOTION FOR THE DELAWARE SUPREME COURT TO  
 REIN IN ITS ARMS THROUGH ITS AGENTS FROM UNLAWFULLY  
 PRESSURING APPELLANT TO FORGO OR IMPEDE HER CASE TO  
 PROTECT HER FREE EXERCISE OF RELIGION.  
 BY RELIEF IT DEEMS JUST

1. I, Meghan Kelly, pro se appellant, having been granted in forma pauperis relief, move this honorable Delaware Supreme Court, unopposed, to reign in its arms through its agents unlawfully pressuring appellant to forgo or impede her case to protect her free exercise of religion, by relief it deems just. I suggest private guidance.

2. My faith in God may appear crazy to others. Nevertheless, I have the freedom to believe by the dictates of my conscience, no matter what the

government through its agents believes. *Cantwell v. State of Connecticut*, 310 U.S. 296, 60 S. Ct. 900, 84 L. Ed. 1213 (1940). I am allowed to think differently instead of being conditioned to worship as the state's forced will of materialism, pursuit of money, and unholy charity that damns people to hell per Jesus, such as fundraising or organized charity. Jesus teaches people "have their reward," meaning they have no reward, no eternal life from God. Matthew 6:1. Organized charity, fundraising, pro bono, and volunteering is no small sin. It is not true charity, but damns people to hell by teaching business greed is love. *See Matthew 6:1-5*. Also *see, State ex rel. Tate v. Cabbage*, 210 A.2d 555, 557, 1965 Del. Super. LEXIS 67, \*1, 58 Del. 430, 433, ("It is no business of courts to say that what is a religious practice or activity for one group is not religion under the protection of the First Amendment. Nor is it in the competence of courts under our constitutional scheme to approve, disapprove, classify, regulate, or in any manner control sermons delivered at religious meetings."); *See, Africa v. Pennsylvania*, 662 F.2d 1025, 1025, 1981 U.S. App. LEXIS 16448, \*1, (3d Cir.), *cert. denied*, 456 U.S. 908, 72 L. Ed. 2d 165, 102 S. Ct. 1756 ("It is inappropriate for a reviewing court to attempt to assess the truth or falsity of an announced article of faith. Judges are not oracles of theological verity, and the founders did not intend for them to be declarants of religious orthodoxy. However, while the truth of a belief is not open to question, there remains the significant question whether it is

truly held. Without some sort of required showing of sincerity on the part of the individual or organization seeking judicial protection of its beliefs, the U.S. Const. amend. I would become a limitless excuse for avoiding all unwanted legal obligations.”); *Burwell v. Hobby Lobby Stores, Inc.*, 573 U.S. 682, 682, 134 S. Ct. 2751, 2759, 189 L. Ed. 2d 675, 680, 2014 U.S. LEXIS 4505, \*1. (“Courts have no business addressing whether sincerely held religious beliefs asserted in a RFRA case are reasonable.”); *Employment Div., Dept. of Human Resources of Ore. v. Smith*, 494 U. S. 872, 887, 110 S. Ct. 1595, 108 L. Ed. 2d 876 (1990). (“Repeatedly and in many different contexts, we have warned that courts must not presume to determine the place of a particular belief in a religion or the plausibility of a religious claim.”); *Presbyterian Church in U. S. v. Mary Elizabeth Blue Hull Memorial Presbyterian Church*, 393 U. S. 440, 450, 89 S. Ct. 601, 21 L. Ed. 2d 658 (1969) (holding that “the First Amendment forbids civil courts from” interpreting “particular church doctrines” and determining “the importance of those doctrines to the religion.”); *Ben-Levi v. 3. I write to alert this Honorable Court concerning actions by state government agents taken to apparently impede and obstruct my access to the

Courts in this proceeding. I object to such interference, and reserve these issues for appeal, mentioned in part in Exhibit 55, attached hereto, and mentioned below, incorporated herein as if part of this letter, and in my brief, below. Dckt 60 at 63-64.

4. The First Amendment prohibits state officials, employees and agents from retaliating against claimants, such as myself, for exercising their right of access to the courts.

5. “Retaliation by public officials against exercise of First Amendment rights is itself violation of the First Amendment.” *U.S.C.A. Const. Amend. 1. Zilich v. Longo*, 34 F.3d 359 (6th Cir. 1994).

6. A representative of the Chancery Court staff misled me into almost missing my deadline to file a notice of Exception. See, Docket 54, December 1, 2020 letter, regarding Due Process concerns, also contained in Docket 90, combined with Docket 36, attached to the notice as Exhibit F- Exhibit 55.

7. The representatives at the Chancery Court demeaned me apparently based on poverty, association or religious beliefs. See, *Id.*

8. I asked the Master for her help. She kindly helped me. Dckt 55, 58.

9. In addition, the ODC impermissibly interfered with this case by contacting Judge Clark, per Judge Clark’s admission.

10. In mid-April, Judge Clark appeared to threaten me at BJ's, a store, located in Millsboro, Delaware, as if I was on trial for standing up for my faith in Jesus, solely based on my exercise of seeking relief in court based upon alleviating the government sponsored burden government-religion has caused on my free exercise of religion in the action below.

11. The ODC and Judge Clark clearly violated or encouraged the violation of the judicial Code of Conduct, by seeking to use their government power to obstruct my case, showing partiality to the Defendant, the President of the United States.

12. "Supreme Court's two-step *Saucier* analysis governs whether a government official is entitled to qualified immunity, considering: (1) whether the facts alleged by the plaintiff show the violation of a constitutional right, and (2) whether the right at issue was clearly established at the time of the alleged misconduct." *Werkheiser v. Pocono Twp.*, 780 F.3d 172 (3d Cir. 2015).

13. Judge Clark knew or should have known that seeking to use his cloak of government authority, as a respected, fair judge, to chill or condemn or interfere with my ability to bring this case without government retaliation or pressure violates the Delaware judicial Code of conduct. See, *The Delaware Judges Code of Judicial Conduct*, Canon 1, "A judge should uphold the integrity and independence of the judiciary," Canon 2, "A judge should avoid impropriety and

the appearance of impropriety in all activities,” Canon 3. “A judge should perform the duties of the office impartially and diligently,” Canon 7, “A judge should refrain from political activity inappropriate to the judge's judicial office.”

14. My right to a fair, unobstructed trial to alleviate a substantial burden upon my free exercise of religion is a constitutional right.

15. “Congress, the Executive, and the Judiciary all have a duty to support and defend the Constitution.” *Salazar v. Buono*, 559 U.S. 700, 130 S. Ct. 1803, 176 L. Ed. 2d 634 (2010)

16. “There is no ‘de minimis’ defense to a First Amendment violation.” *Doe v. Indian River Sch. Dist.*, 653 F.3d 256, 259, 2011 U.S. App. LEXIS 16121.

17. “The loss of First Amendment freedoms, for even minimal periods of time, unquestionably constitutes irreparable injury.” *Mullin v. Sussex County*, 861 F. Supp. 2d 411, 415, 2012 U.S. Dist. LEXIS 67571, \*1

18. I will likely continue to suffer government threats by the state if the Court does not help me by upholding the Constitutional limits from state overreach.

19. I am standing up for my personal freedom to worship Jesus according to the dictates of my conscience, even if no one else shares the same beliefs, without government persecution.

20. I am permitted to believe differently than the government through its agents, even if what Jesus teaches seems foolish to the world. 1 *Corinthians* 1:18, 2:14-16.

21. “Government official's conduct violates “clearly established” law, so that the official is not entitled to qualified immunity, when, at the time of the challenged conduct, the contours of a right are sufficiently clear that every reasonable official would have understood that what he is doing violates that right.” *Id.*

22. I do not wish to have any disciplinary action against any of the government representatives for misconduct. I desire fair access to the courts, without government persecution based on my exercise of redressing a grievance to alleviate the burden upon my free exercise of religion from Government sponsored religious persecution directly caused by government establishment of government-religion and government-religious views.

23. I object to disparate treatment based on religious affiliation on due process, first amendment and equal protection grounds. I object under RFRA too. See, *Tanzin v. Tanvir*, 141 S. Ct. 486, 208 L. Ed. 2d 295 (2020). The Supreme Court in dicta explained RFRA applied to state and local employees and agents, not merely federal officials.

24. I received additional pressure by the arms of this Honorable Delaware Supreme Court on May 24, 2021. I received an E-mail offering alleged help from an arm of the Court, the Delaware Lawyers Assistance Program (“DE-LAP”), from Carol P. Waldhauser, Executive Director, copying a mental health professional, relating to a past request for a waiver of attorney filing fees. Attached hereto as an Exhibit.

25. It was not help to pay the fee. I paid the fee long ago, though I did not receive a response from this Honorable Supreme Court, per my request back in January 2021 or secondary request in February 2021. I certainly hope this Honorable Court did not instigate the abuse by its arms. If so, please desist.

26. DE-LAP was looking after its own interests, which conflicts from mine.

27. I am a Christian. I believe people go to hell for trusting in what psychologists, mental health professionals, psychiatrists and behavioral theorists teach, which often is focused on being happy or productive materially instead of being holy. The organization premises its existence on mental health theories which I believe harm people. I believe such theories teach patients to seek to fulfill their own material desires instead of doing what is right, thereby teaching people to reflect a little piece of hell on earth, the image of Satan by living for self, conditionally caring based on relationship, reward and avoidance of harm with no

sacrificial unconditional love or God in them, teaching a lie that damns. See Isaiah 14 to understand how Satan wanted to be his own God, as high as God, to place self-first. I believe their thinking misleads patients to hell, especially BJ Skinner's theories, which most teachers, including myself learned.

28. These mental health professionals focus on misleading people to feel good, not be good, which is not good. I believe it is evil, misleading those they exploit for a paycheck to harm and hell.

29. Carol P. Waldhauser created the appearance of a threat by inaction by requiring a response within ten days.

30. While I believe artificial entities without hearts such as the ODC and DE-LAP, per se behave based on the mark of beast, absence of love, survival, for reward and avoidance of harm, serving greed by exploiting need, not doing good by their love of humanity, but seeking to control, eliminating free will by forcing the entities' will, its interest by threat of punishment, this Court has the power to reign in beasts, aka artificial entities without hearts, organizations, LLCs, corporations and such, with restraint in the form of the rule of law, which teaches love of humanity, not exploitation to serve the beasts' interests, the love for profit and praise at the cost of inhibiting freedom in the form of free will, freedom of

conscience by forced will under the threat of government sponsored persecution by funding such entities or otherwise.<sup>1</sup>

31. I have the freedom to chase after God instead of chasing after money at this time in my life.

32. I have the freedom to pursue my religion by justice in the courts, to protect my freedom to worship by the dictates of my free will, not the forced will, not the dictates of the state through its agents to worship money, which I believe leads to damnation.

33. I believe business greed is the mark of the beast. Jesus teaches you cannot serve God and money. Matthew 6:24. 1 Timothy 6:10, I stand by God.

---

<sup>1</sup> I did not know how bad the world was until I ran office. I think artificial entities without hearts, charities, organizations, not for profits and businesses through alternative entities (“beasts”) tempt world leaders through donations, signatures or support in elections, essentially controlling the leaders to mislead by serving the leaders’ self-interest by serving the beasts at the expense of the people. The entities who appear to control the world through world leaders arguably likely have contacts in Delaware. I have been writing US Attorney General Garland concerning ideas how he may persuade this Court to save the world in other cases, including one to alleviate an economic crash using laws like 18 USC section 666, considering bailouts, grants and tax breaks as bribes, especially concerning the big payouts in 2020. The courts can tame beasts without hearts with the rule of law, since Judges are not beasts or mere puppets of power or mere robots. Judges are powerful because they may choose to reflect the image of God by love for humanity, sacrificing potential profit for people, making many people richer in love and materially, instead of the few. Entities without hearts who seek to get as much as they can for as little as they can will devour humanity, if humanity does not tame it. The heartless entities will seek to control people, if the courts do not take control of them, forcing people to reflect the image of Satan by behaving like heartless beasts too. I hope the Delaware courts will be our world’s hero should an economic crash occur too, saving lives and eternal lives.

34. I am in danger, a different type the bodily harm I will discuss in my brief, albeit I have been visibly shaken up clenching my teeth, and have cried concerning the state attacks related to this motion too.

35. Justice in the courts is a command by God. Amos 5:15. “Justice, mercy and faithfulness are greater commands” superseding concerns relating to costs and convenience. Citing Matthew 23:23.

36. Courts should sacrifice potential profit to serve people, not sacrifice people for the love of profit through entities’ unjust gains.

37. Please instruct your arms to stop bothering me or other relief this Honorable Court deems just, and to allow me to pursue my case without government threats.

38. I respectfully request the Court guide its arms through relief it deems just. I suggest correction through loving instruction, guidance to prevent additional government interference in this action. Please help.

39. On an aside, I am crying as I type this since I am reliving the wounds of the past where an arm of the Supreme Court economically persecuted me to protect those with shared interests.

40. While I took the Delaware Bar my ceiling at the dorm caved in with a leak and destroyed my bar materials, I paid thousands of dollars for. I complained to the supreme court. As a result, an arm of the court, the Board of Bar Examiners

punished me and threatened me and made a complaint against me because I asked for help.

41. Where you see smoke, you think fire. I joined RLF on a contract for about \$135,000 a year. I did not get my contract renewed as the law firm participated in my bar admission.

42. Prior to that in law school, I had rats in my apartment the last semester and during bar exams. I complained.

43. Duquesne, a Christian Law School responded by blaming me and hiking up my rent.

44. The press helped me by putting me on TV and the newspaper, but no actual relief resulted, only harm. I was freaked out and emotionally exhausted. There was a bunch of baby rats trying to climb up my bed as I tried to get sleep. I was horrified. I did not pass the bar the first time. I got super high scores the second time and allegedly high scores in Delaware passing on the first try. I should not be ashamed. I am disappointed in the cold heartedness by the officials of a Christian law school.

45. While I was in law school, my brother was also in an accident. I sought permission to travel and take off time to delay my first bar exam, to see my brother, to make sure he would live.

46. Duquesne said yes. But a day or two before the exam I found a note in my box. They changed their mind. They tried to call me. I did not have a phone. I do not buy things I cannot afford. I go without as incurring debt is against my religious beliefs.

47. I took the exam in Civil Procedure, and received my worst grade, and hated civil procedure ever since as a reminder of the cold heartedness of the Christian university.

48. The fact I have a heart to fight heartless beasts, including charities, not for profits, businesses and churches, does not make me weak. It makes me human with the power to reflect the image of God by love, stronger than heartless beasts who seek cold hard cash for survival.

49. My cousin, Peter Conaboy (“PJ”), also was murdered while I was in law school. So, this is all very painful to relive, and to be reminded of by the May 24, 2021 letter.

50. His mother, my Aunt Jackie Conaboy is in the hospital now. She is doing poorly. She may not make it in this life or the next. At PJ’s funeral the priest said “hurry it up. I have a luncheon” as people shared stories about PJ. I scolded the priest as I left. “What would Jesus say.” My aunt Jackie remembered that. Ever since then, she has not gone to church, and she turned to wine not God for comfort. I do not think she will go to heaven, if she does not turn towards God

for comfort. I pray, but recognize prayers are not enough at times since people have free choice. She may die soon. God's plan is the same for all. I discern whether people are lost or saved, whether they do man's plan or God's. She is not okay.

51. I learned early to turn to God for comfort, not to turn to any imperfect person or thing in this world for my comfort. I am not like the world. I am sad for the world, as I seek to heal it with love, through justice in the courts, shedding light on evil, not celebrating evil as good.

52. While scars remain well beyond our fleeting lives, harming future generations, and relived by new attacks such as the May 24, 2021 attack, this Court can prevent future harm to me by government actors misbehaving by seeking their own power and profit in this case, right here, right now, before it is too late, and additional harm is incurred, lasting beyond the fleeting lives of the perpetrators who act on self-interest, not love.

**RE: Meghan Kelly v. the President Donald Trump, et. Al.  
Case No. 2020-0809- Master PWG**

**Due Process concerns**

Dear Honorable Master Patricia W. Griffin:

I believe I may have received disparate treatment based on my wealth, political affiliation and or religious orientation, and will continue to receive such treatment without your assistance.

The staff in your court appear to be subverting my case, by serving as advocates for President Trump.

I sensed this early on when I was having trouble gaining a copy of everything, pursuant to your kind order granting me one copy. I felt like my case was not treated as a serious matter.

I sensed this when I when I felt mistreated by your staff around October 12, and October 13, and went home crying for days. See Exhibit A, emails, admissible under the present sense exception.

I filed the letter dated October 19, 2020, regarding the fact I am not an officer in this court to address and qualify my position as the party, not a mere attorney in hopes to prevent future abuse.

I am without the insulation or protection of counsel. I am the party. The staff may more freely scold and criticize attorneys without display of improper partiality towards a party.

I sensed this when Arline Simmons misled me concerning your November 2, 2020 as something trivial on November 4, not November 2 as indicated in my letter dated to this Honorable Court dated November 6, 2020, apparently, in hopes I would not seek exception to your rulings.

Then, I realized the court's staff may be scared of messing up with regards to paper filing, and the unique Covid19 amendments the requirements. I believe the Supreme Court is merciful concerning trite matters such as the fact none of us appeared to be aware of the waiver of notary requirements. I applaud the Supreme Court's leadership in safeguarding people's lives more than safeguarding business as usual.

Yet, my suspicions of partiality towards me proved correct. On December 1, 2020, your staff appeared to be attempting to bleed me dry of resources to continue this proceeding by denying me the benefits of the Chancery Court Rule 171 (c)'s authorization which provides in part. "...1

copy of all briefs shall be mailed to **or filed** with the Register who shall immediately docket them and mail or deliver the original to the Judge to whom the matter has been assigned..." (emphasis intended).

The court's staff appears to be playing the advocate to win the case for President Trump by directing me to mail everything to the Court in Wilmington or pay for gas to drive two hours away despite the fact she is aware of my limited resources. See Exhibit B.

I should not be additionally taxed by unnecessary costs because the court's staff opposes my position.

This case will likely remain alive, with possible interpleading by churches who care more about money than humanity. Under the guise of freedom of religion some churches will foreseeably display whoredom, selling my God for a price too high, costing lives and health to serve their bottom line. An order requiring, I mail everything to upper Delaware is unjust, based on bad faith of the court's staff, intentionally causing me to withdraw my case due by running out my limited funds in mailing costs.

The Court's agents cannot act as the Defendant's advocate by indicating I am not worthy of a fair and impartial case because of poverty that inconveniences the Court, political orientation or political beliefs.

I understand, most people support President Trump down here, and that most people do not think or believe as I do. Yet, I still have the freedom to pursue my unpopular belief, and my desire “not to be conformed to the world,” without government persecution or threat of persecution. Romans 12:2.

I have chosen to confront the most powerful man in the world with endless resources paid by the federal government. That fact does not make my case trivial.

I believe “God chose the foolish things of the world (like me) to shame the wise; God chose the weak things (like me) of the world to shame the strong.” 1 Corinthians 1:27.

Part of what makes this country already great is the impartiality required by the courts, creating an equalizer in fairness, regardless of wealth or poverty, power, position, race, religion, affiliation or place of origin.

Justice is not guaranteed. Yet the opportunity for justice, even by a peon like me against the most powerful man in the world, is. Should I fail, that is on me, not the court. This Honorable Court must allow me to try.

I believe the staff’s behavior is not a reflection on the Court, nor a reflection on you, Honorable Master Patricia W. Griffin. They add a buffer between me and you to prevent ex parte communications.

Yet, the buffer has broken to the point that the floods of injustice may arise without the protection of the court's guidance on its own staff to uphold the integrity of the law.

“To be actionable, claim of denial of access to courts need not allege total or complete denial of access; rather, plaintiffs need only claim that interference with and potential prejudice to right of access to redress in state court rises to level of constitutional deprivation.” *In re Cincinnati Radiation Litig.*, 874 F. Supp. 796 (S.D. Ohio 1995).

“Opportunity to be heard is essential requisite of due process of law in judicial proceedings.” *Richards v. Jefferson Cty., Ala.*, 517 U.S. 793, 116 S. Ct. 1761, 135 L. Ed. 2d 76 (1996).

Please assure me the protection of due process, without rendering an order displaying partiality to the opposing side, to prevent infringement upon my right of due process in this case.

Hi Arline,

Thank you for responding so quickly. Will do. If anything comes up I will let you know.

Arline, Thank you for holding off on the summons from Friday October 9, 2020 for the civil processor. I did not want you to do it twice with the incorrect amount of days the Defendant has to respond. I explained to the Honorable Court, the Defendants are allowed 60 days instead of 20 in the documents I filed. I alerted the Honorable Master to this in the filings.

Accordingly, I am missing three summonses for the Second Amended Complaint, and one summonses and copy of the praecipe for all three Defendants. They have 60 days to respond. I do not believe the Honorable Master Patricia W. Griffin can not make a determination on anything until all three Defendants are served.

I will draft more detailed certificates of service. So Katrina knows what links up with what.

Thank you for letting me know, you need more specificity Katrina.

I did not sleep at all last night (and I always sleep well) and cried this morning after yesterday and Monday too. I would not have filed this case if I thought things would be ok, I do not. I am seeking to expedite this case because I believe people are deceived by the Defendant to be harmed and damned to hell. I am still crying. I thank you for your hard work on this case. It is worth the effort, even if you do not believe I am worth it. I am Katrina. I love and respect you in real life but was so saddened by the way you demeaned me as an inconvenience. I am entitled to a fair impartial opportunity to be heard under the law, despite the required work for the Honorable Court to listen to my words. Justice is not to be earned, bought or bartered for by those with money. It must be granted to the rich and poor alike without bias towards those with money. Otherwise it is injustice guaranteed.

I am still crying. I might need a day to collect myself and refocus my attention on the case at hand. I intend to come in tomorrow morning. I will let you know if I can not make it.

I will draft a more detailed certificate of service for the 3 summonses I will file. So, you know what goes with what.

Thank you.

Love,  
Meg

Hello,

May I please come in Monday instead? I am still shaken up. Remember I am behaving as the injured party, not bringing this complaint as an advocate with the insulation of representation.

I think a couple days, may help Attorney General William Barr, Esq. and President Trump too recover from Covid19 too. The Honorable Master can not rule on anything until all 3 Defendants are served to afford notice, or at least attempted notice to all parties. Attorney General William Barr and the US Attorney General agent, the civil process clerk, are deemed the United States, a necessary party according to the rules of Federal procedure Rule 12 3(A).

Arline is wiser than I. She kindly indicated "do you need the United States as a party. I did not know until I looked it up." I am sorry that required I had to amend the complaint. I tend to look things up to confirm, but now I no longer have the ability to easily look things up. Arline thank you for your kindness and mercy.

Thank you.

Hello,

I do not know I do this, but I have been told I raise my voice when I am upset and passionate. I do not notice it. I apologize Katrina.

When Katrina said I was not allowed to file anything, though I must or it will be kicked out, she behaved like Defendant's advocate, not as an impartial government agent.

When Katrina said I needed a phone when the rules afford leeway for those without a working phone, it made me feel as if you represented Defendant's interest and the Court's convenience over truth and justice.

You made me feel less than, when you said I should let someone ahead of me on Monday, when I am trying to expedite this case for immediate relief.

The Court's agents cannot act as the Defendant's advocate by indicating I am not worthy of a fair and impartial case because of poverty that inconveniences the Court, political orientation, or religious beliefs.

I understand, most people support President Trump down here, and that most people do not think or believe as I do. Yet I still have the freedom to pursue my belief, and my desire "not to be conformed to the world," without government persecution or threat of government persecution.

I am sorry I need to clean my dirty heart of the sin of fear. It appears I am raising my voice with other people when I talk about pursuing an action to safeguard freedom to worship or not according to the dictates of our conscience, not the dictates of the government, under the threat of government sponsored public or private persecution.

I am not an attorney advocate in this case. I am without the insulation and protection of counsel. I am a pro se litigant. I am the party and not the party's counsel. If I was a mere attorney, an officer of the Court, as opposed as the party, it would be different.

Thank you for understanding. I will work on cleaning my dirty heart of sin. I am sorry Katrina. I am having a real hard time with my wimpy high voice. I need to become brave, and have faith in pursuit of justice in the courts. I have never been so scared in my entire life. I am scared of letting God down, and this Honorable Court down. It is humbling. I have chosen to confront the most powerful man in the world with endless resources paid by the federal government. Yet "...God has chosen the weak things of the world to shame the things which are strong." 1 Corinthians 1:27

I apologize in advance for not having easy access to the law too.

Thank you. Have a good weekend.

Kind regards,

Meg

Hi Katrina,

May I please drop them off to your court as the rules allow? The cost of continuously mailing verses dropping off are prohibitive. It is stressing me out, and I am already at risk of a heart attack. My blood pressure is higher than expected. I didn't know my heart was hurting because my blood pressure is high, 138 over 87, most recently. That is why my heart hurts when people say I am not a Christian. It upsets me to the point it may eventually kill me.

Thank you,  
Meg

Hi Katrina and Sheila,

Since I have very little money to mail, it is more plausible for me to adhere to the rules by dropping it off to Sussex County. Thereby, I seek the benefits of the rules, without waiving them.

Thank you for your suggestion, and understanding.

Have a good day.

Hi Meg,

Just to make sure I got this correct. I received the Letter to Vice Chancellor Fioravanti asking to exceed the word count and also the certificate of service in today's mail. According to your email below, you also sent BOTH documents to the Register's Office in New Castle County. Is that correct? I am including in this email Brenda McKinnon, the case manager to the Vice Chancellor, and also Sheila Boyer, office manager, in the event that Brenda is out of the office. There is no need for both counties to docket the same thing. It currently is not on the docket. I will go ahead and efile both documents. ALSO, you need to wait and see how the judge rules before mailing the brief for anyone to efile.

From this point forward, it is best to send the filings to just *one office*. Since this is now assigned to a judge in New Castle County, mail the documents upstate and bypass the Sussex County office altogether. Otherwise it gets too confusing. If Brenda or Sheila feel differently, they will advise in this email chain.

Thanks,

Katrina

Good morning,

I hope you are safe and well.

I wanted to give you a head's up. On Friday, I mailed the attached letter requesting permission to exceed the Chancery Court Rule 171(f) Rule word limit for briefs and the related certificate of service to Defendant Barr.

Could you please confirm receipt, once it is docketed?

I see in under Rule 171(c) that I merely have to drop off the brief to the Court, and the Court will mail it to the upper DE Vice Chancellor. This is weird for me. I am learning it is unusual for you too. I really appreciate your time and assistance even more. Thank you.

I actually mailed the letter and the certificate of receipt to the upper Delaware Court and your court too. So, you may not have to mail what I sent if he confirms receipt or docketed it first. Sorry for mailing it to both courts.

Thank you. Have a great day.

Very truly,

Meg

Trump, a.k.a. President Donald Trump, his official capacity as  
President of the United States, No. 2020-0809- Master PWG  
Plaintiff Not officer of the Court/Economic Crash/Forum**

Dear Honorable Master Griffin:

Thank you for taking the case.

I am not an attorney advocate in this case. I am without the insulation and protection of counsel. I am a pro se litigant. I am the party, not the party's counsel. If I was a mere attorney, an officer of the Court, as opposed to the party, it would be different. Lawyers are permitted to talk to judges, but not on matters relating to matters, ex parte. I am not allowed to talk to you ex parte period.

The court's staff adds a buffer, and are not the Judge on the case.

It is strange for the staff, and for me. For instance, I could not share the rules that required 60 day notice instead of 20 days notice to the staff ex parte to give to you, even though I had them in my hand, and the staff kindly said she could take them.

Instead, I must communicate with the defense counsel simultaneously, electronically, or by mail while speaking directly to this honorable Court.

I do not know whether this case will remain in this Court or be removed to federal Court. This area heavily supports President Trump. One of Defendant's biggest campaign contributors allegedly lives in Sussex, and Delaware's liason for President Trump, Rob Arlett, lives in Sussex.

Although I am cognizant of the pro Trump atmosphere in this county, I have faith in the fair impartial rule of law by this Honorable Court.

The federal courts are more of a concern for me. The President's sister presided as a judge in the Third Circuit until recently. In addition, the President placed two Third Circuit judges on his list of potential nominees for Supreme Court, creating a concern that the federal judges may be biased toward their colleagues' potential nominations at the death of the next Supreme Court justice, Justice Hardiman and Justice Phipps.

I believe this Honorable Court, from the smallest state, has more power to save the country than the Supreme Court.

This is the corporate capital of the globe.

The biggest government expense globally is healthcare. (See the web site cited in Second Amended Complaint ("SAC"), Count 234). The US spends more money on social security and healthcare than any other sector.

That fact is often hidden by discretionary charts, instead of mandatory spending charts. The US now must pay out more.

The country and the globe have the biggest bill in the history of the world that has fallen due, healthcare and retirement for the baby boomers. Those who value money more than humanity are seeking to get out of paying this earned and owed debt, by bad business. Bad business, made to fail, made to bail out or bankrupt as directors continue to collect hefty salaries and potential bonuses, should not be rewarded by the government for the profit of the few at the expense of the many. (See, SAC, Counts 229-286)

Directors have the power to artificially inflate stocks through stock buy backs. Entities may resell worthless debt in bankruptcy remote entities into infinity while creating the illusion the economy is above water. I used to draft these bankruptcy remote entities at RLF, Delaware's largest home-grown corporate law firm.

With regard to business bailouts and business incentives, creating artificial debt and charging interest to give to businesses to enslave the people to desperate conditions to require the people pay debt back is the sin of inequity and oppression, arguably violating the 13<sup>th</sup> Amendment by creating wage slaves, or forced volunteering.

Creating jobs is not helping the people. (See, Romans 4:4. “Now to the one who works, wages are not credited as a gift but as an obligation.”)

Creating jobs is not a gift.

It is exploiting the people to serve those who already profited at their expense with bail outs and incentives, under the deception of doing people a favor by employment.

Soon we will see entities exploit people in a different way only to gain praise by those they oppress, by the elimination of welfare such as social security and medicare, and replacing it with charity violating Matthew 6 misleading people to hell.

This Honorable Court is the only Court in the world that can prevent a global economic crash, while saving government pensions, retirement, social security, lives' savings and Medicare by cutting through the corporate veil of entities to hold those people, directors or otherwise, responsible for made to fail, made to profit from, bad business.

Misleaders and deceivers exacerbate desperate conditions to exploit those they are charged to serve for self-gain. Leaders look after those they serve by alleviating desperate conditions.

This Court is the king of corporate law. Now we need this Court to be a servant leader by slicing the ill gained fat of a few to save the many.

Years ago, I negotiated for a really cool lawyer tool either from Westlaw or Lexis that gave me people and entity's information, including people's social security numbers, except the last two, which is scary because you could go upstairs in the Superior Court and get the last two numbers for Defendants.

The source provided relationships with other people and entities, including entity information in other countries relating to entities here.

Lawyers now have the means to cut through entity shells. The Court is powerless to save the world if lawyers do not have the courage to ask.

I am grateful for the opportunity to be heard.

Please find additional hearing exhibits, to include with the exhibits to the complaint, and a filing list.

Thank you,

  
Meghan Kelly

Dear Meghan:

We understand that you may be experiencing some financial difficulties with regard to license fees, etc. As a member of the Delaware Bar we care about you. For that reason, we are reaching out, confidentially, to see if we might be able to offer assistance to you.

The Delaware Lawyers Assistance Program, The SOLACE Committee, The Delaware Lawyers Assistance Fund and the Professional Guidance Committee all provide support to attorneys who may need resources for basic needs, as well as referral options as needed or required. Again, these services are free and confidential.

To better understand, how we can assist, we want to meet with you - either virtually - or in person. Do you have WIFI available where we might meet virtually? Or in the alternative, are you able to come in Georgetown to meet? Once again, this is confidential, and we would like to be able to explore our resources and determine if our services can help you.

So please, reach out to us either by e-mail or phone. Our information is: Carol [cwaldhauser@de-lap.org](mailto:cwaldhauser@de-lap.org) and/or Eleanor can be reached at [emkiesel@aol.com](mailto:emkiesel@aol.com), or call Carol at DE-LAP 302-777-0124. We hope that you can connect with us and see if our resources and/or referrals can assist you Remember, DE-LAP is a Confidential, Free, Non-Judgmental Service Just for Delaware Lawyers and Judges. Equally important, we do together what need not be done alone!

Very truly yours,

  
Eleanor M. Kiesel, Esquire, PhD, Lawyers Assistance Committee

# Troopers Investigating Shots Fired Complaint-Camden

**Camden** – The Delaware State Police are investigating a shots fired complaint that occurred last evening.

The incident occurred on April 22, 2020, at approximately 9:14 p.m., when Troopers were dispatched to the 9000 block of Willow Grove Road, Camden, for reports of shots fired. Upon arrival, contact was made with the two victims who reside at the residence. The investigation revealed the residents were sitting inside when they heard gunshots coming from outside. After hearing the shots, they discovered a projectile hole in the wall above their heads. A search of the area conducted by Troopers located shell casings outside the residence and along the roadway. No one was injured during the incident.

Anyone with information regarding this incident is asked to contact Troop 3, Criminal Investigations Unit, Detective D. Blomquist at (302)697-4454. Information may also be provided by calling Delaware crime stoppers at 1-800-TIP-3333 or via the internet at <http://www.delaware.crimestoppersweb.com>

If you or someone you know is a victim or witness of crime or have lost a loved one to a sudden death and are in need of assistance, the Delaware State Police Victim Services Unit/Delaware Victim Center is available to offer you support and resources 24 hours a day through a toll free hotline 1800 VICTIM-1. (1800 842-8461). You may also email the unit Director at [debra.reed@state.de.us](mailto:debra.reed@state.de.us).
