2. In RE: Mr. Scott S. Harris letter dated 10-2-23 in RE: RUTH STUBBA, et al, et al, No. 22-7446 Request Extension of Time until USDC, Central District of CA, Case #2:23-cv-06474-GW-BFM, Kulick v. U.S. Supreme Court, et al, has a definitive USDC ruling & USCA-9 definitive ruling & U.S. Supreme Court definitive ruling. This case matter denying forma pauperis has already been accepted prior & placed on docket 5-2-23. In RE: Rule 33.1, not applicable, since already docketed too & its RE: has to do with "translation" was done in English. Please note: in RE: Ms. Lisa Nesbitt's letter dated 9-20-23 in RE: Article III of Constitution, about "jurisdiction" does not exist in the Constitution. See Proof Of Service dated 10-5-23 to U.S. Supreme Court, et al, with Three Motions in RE: USDC, Case #06474. "Rules" are not ratified in State legislatures & are not in the Constitution, rendering them not applicable!!!!
3. Kulick like millions of others rec'd Honorable Discharge from the U.S. military. We put our lives on the line for our Constitution. We were guaranteed as citizens the rights to equality & fairness & Due Process which Kulick has been denied. We were also promised life liberty & pursuit of happiness in the Declaration of Independence. Here too, Kulick is being denied.
4. Let us not forget that the "original intent" & "living intent" by our founders must not be ignored by any judiciary system under the U.S. Rule of Law. Which has been high-jacked & jack-booted by the two political partys in the Senate nominations for Justices of our federal courts. Adams & Jefferson & Chief Justice John Marshall, all had a hand in this. Which resulted in the idealogy(s) of these two political parties being imbedded in the opinions of sitting federal Justices. That's a violation of the Constitution & in part Kulick's litigation(s) to set right the violations he has cited. However, Kulick does not doubt the honorability of our federal Justices just their unfortunate hard-wired "idealogy" as the corner-stone of their opinions. But, on its face, we have a racketeering entity taking place here. When you boil everything done to the reality in the dire consequences of "opinions" based on "Idealogys". How does this get reconciled when the fox is in charge of the chicken coop? Which is the case that Kulick is up against in his "litigations" to set things right!!!

Respectively/Sincerely, R.J. Kulick *JK* Submission dated: 10-9-23
