

Certification of Rule 44:

Rehearing request is to be in good faith not to Delay.

This request has no ability to Delay or otherwise Postpone any action of the Court or other courts, therefore it would be impossible for it to be filed with intent to do the aforementioned.

Rehearing must submit new evidence, not repeat already heard arguments.

Re hearing request challenges 49 USC 44935 under 1st Amendment, not done previously. It also adds the Accidentally omitted challenge on the exhaustion of administrative options.
