## **QUESTIONS PRESENTED**

Does denying *due process* to the serial victim of our nation's highest crimes who has been repetitively violated for over three decades while being intentionally neglected, sabotaged & violated by our justice & law-enforcement systems violate the constitution? My case is extremely significant to the nation. My case is the first of its kind to my knowledge. My case is a capital case.

### **STATEMENT OF THE CASE**

I, Ryan Christopher Armstrong, have been violated & intentionally neglected for over 33 years without being provided justice nor a 'pursuit of justice'. I'm victim to our nation's highest crimes during hundreds (if not thousands) of separate crimes. I have been forced to live my entire life without the rights I'm supposed to expect as a citizen, victim, now-disabled citizen, patient, contributor, designer & inventor. I am being violated by violators who violate me in-person & by violators who violate me from a distance while using technology as a weapon. I've

been stolen-from & taken-advantage-of for over 30 years as a disabled victim who is a major contributor to society. My contributions are worth trillions of dollars to the positive economic impact & over a billion dollars to me personally but instead I'm being held hostage below poverty level while being intentionally neglected & violated with organized crime. I'm being constantly sabotaged while attempting to be a major contributor to & respectable member of society.

#### **REASON FOR GRANTING THE PETITION**

It is my right as a United States citizen to be provided justice & a fair day in court as a victim who has been constantly violated for my entire life. The violations to me turned me permanently disabled as a young child & forced me to suffer from severe bodily and emotional harm, property damage, constant pain & suffering, loss of income, loss of enjoyment of life & loss of opportunity. It is illegal to deny me my right to justice & fair opportunity. The massive amount of positive economic impact & the amount of resources we will save along with the fact that this case contains many of our nation's most severe crimes make this case a mandatory priority for our nation. I'm expecting a \$10 billion compensation check along with yearly royalties for the rest of time along with unlimited internet data, full medical & dental coverage (including lifetime prescriptions to the medicines I need & all surgeries necessary to be at my best possible health) & my tattoo removed. The amount of money involved along with the fact that my violators qualify for & deserve the death sentence should immediately qualify me for our nation's highest court.

## **NECESSARY ACCOMMODATIONS**

My severe & permanent disabilities require accommodations to be met in order for me to be fairly & properly represented in court during the *Oral Argument* & anytime verbal communication is required because of my communication disabilities. It is necessary for me to receive extra time to process & respond to information because of my cognitive disabilities as well. Also, it is necessary for me to provide an updated version of the *Amended Complaint* that I filed with District Court because it's been necessary for me to update it on a daily basis since.

## **CONCLUSION**

The petition for a *Writ of Certiorari* should be granted.

Date: 4/6/2025

Respectfully Submitted,
