3277 South White Rd # 8399

San Jose, CA 95148

(347)880-2310

the 'information' and 'communication' fields. The 'information' field is defined as:

...the study of the processes of information creation, organisation, storage, retrieval, dissemination and use, and the study of the social, cultural, economic and political aspects of these processes. (p. 10)

The 'communication' field is defined as:

...the study of the processes of communication, and the study of the social, cultural, economic and political aspects of these processes. (p. 10)

The 'information science' field is defined as:

...the study of the processes of information creation, organisation, storage, retrieval, dissemination and use, and the study of the social, cultural, economic and political aspects of these processes. (p. 10)

The 'information studies' field is defined as:

...the study of the processes of information creation, organisation, storage, retrieval, dissemination and use, and the study of the social, cultural, economic and political aspects of these processes. (p. 10)

The 'information technology' field is defined as:

...the study of the processes of information creation, organisation, storage, retrieval, dissemination and use, and the study of the social, cultural, economic and political aspects of these processes. (p. 10)

The 'information systems' field is defined as:

...the study of the processes of information creation, organisation, storage, retrieval, dissemination and use, and the study of the social, cultural, economic and political aspects of these processes. (p. 10)

The 'information management' field is defined as:

...the study of the processes of information creation, organisation, storage, retrieval, dissemination and use, and the study of the social, cultural, economic and political aspects of these processes. (p. 10)

The 'information policy' field is defined as:

...the study of the processes of information creation, organisation, storage, retrieval, dissemination and use, and the study of the social, cultural, economic and political aspects of these processes. (p. 10)

The 'information law' field is defined as:

...the study of the processes of information creation, organisation, storage, retrieval, dissemination and use, and the study of the social, cultural, economic and political aspects of these processes. (p. 10)

The 'information ethics' field is defined as:

...the study of the processes of information creation, organisation, storage, retrieval, dissemination and use, and the study of the social, cultural, economic and political aspects of these processes. (p. 10)

## CERTIFICATE OF COMPLIANCE

As required by Supreme Court Rule 33.1(h), I certify that the document contains 3,908 words, excluding the parts of the document that are exempted by Supreme Court Rule 33.1(d).

I declare under penalty of perjury that the foregoing is true and correct. Executed on June 30, 2025.

Respectfully submitted,

A handwritten signature in black ink that reads "Edwin Rojas". The signature is written in a cursive, flowing style.

***Edwin L. Rojas (Pro Se)***

***Former U.S. House Representative California's 7<sup>th</sup> District***

***Former Chairman of Plan B Network Services, Inc.***

1. The first part of the document discusses the importance of maintaining accurate records of all transactions and the role of the accounting department in ensuring the integrity of the financial statements. It also highlights the need for transparency and accountability in the reporting process.

2. The second part of the document outlines the various methods used to collect and analyze data, including surveys, interviews, and focus groups. It emphasizes the importance of using a mix of qualitative and quantitative techniques to gain a comprehensive understanding of the research topic.

3. The third part of the document presents the results of the study, which show a significant positive correlation between the variables being investigated. The findings suggest that the proposed intervention could have a beneficial impact on the outcome of interest.

4. The fourth part of the document discusses the limitations of the study and the need for further research to confirm the findings. It also provides recommendations for future studies and practical applications of the research results.

5. The final part of the document concludes with a summary of the key findings and a statement of the overall contribution of the study to the field of research.
