CASE NO. 24-12513-AA

In The
Supreme Court of the United States

JULIA M. ROBINSON

PETITIONER,

V.

THE UNITED STATES OF AMERICA,

RESPONDENTS,

ON PETITION FOR A WRIT OF CERTIORARI TO THE UNITED
STATES COURT OF APPEALS FOR THE ELEVENTH CIRCUIT

PETITION FOR WRIT OF CERTIORARI

JULIA M ROBINSON (424)-313-4070
2800 SPRING DR. SE SMYRNA COBB GA, 30080

QUESTIONS PRESENTED

Petitioner Julia M. Robinson was unlawfully denied monetary relief in the amount of \$500,000,000.00. THE UNITED STATES COURT OF APPEALS FOR THE ELEVENTH CIRCUIT CASE NO. 24-12513-AA AND THE UNITED STATES DISTRICT COURT FOR THE NORTHERN DISTRICT OF GEORGIA CASE NO. 1::23-CV-05655 and is now seeking review IN THE SUPREME COURT OF THE UNITED STATES. The Petitioner Petition for Writ of Certiorari argues that both THE UNITED STATES COURT OF APPEALS FOR THE ELEVENTH CIRCUIT CASE NO. 24-12513-AA AND THE UNITED STATES DISTRICT COURT FOR THE NORTHERN DISTRICT OF GEORGIA CASE NO. 1:23-CV-05655 lower courts erred in its application of Federal Law, that both lower courts decisions conflicts with decisions by different Federal Circuit Courts, that the lower courts decisions are incorrect, and that The Plaintiff/Petitioner Case presents an important question of Federal Law that requires review in THE SUPREME COURT OF THE UNITED STATES. The Plaintiff/Petitioner both resides in The State of Georgia and she filed her appeal and served the Defendants/Respondents through The U.S. Court Of Appeals in Atlanta Ga and THE SUPREME COURT OF THE UNITED STATES has jurisdiction over this case. Therefore, The Questions presented are:

Why didn't The Northern District and The Appeals for The Eleventh Circuit court in Atlanta Georgia follow and properly apply The law, The Constitution, Federal Rules of Civil Procedure, Federal Rules of Appellate Procedure, and properly apply evidence turned into by The Plaintiff/Appellant to The Plaintiff/Appellant case in both courts listed above?

Caperton v. A. T. Massey Coal Co., 556 U. S. 868, 872.

A constitutionally intolerable probability of bias exists when the same person serves as both accuser and adjudicator in a case. See In re Murchison, 349. U.S. 133, 136-137.

Pucket v. United States, 56. U.S. 129, 141.

Juvey v. Ohio, 273. U.S. 510, 532. Pp. 12-14.

Due process guarantees "an absence of actual bias" on the part of a judge.
 In *er Murchison*, 349. U.S. 13, 136 (1955)

The Court asks not whether a judge harbors an actual, subjective bias, but instead whether, as an objective matter, "the average judge in his position is 'likely' to be neutral, or whether there is an unconstitutional 'potential for bias.'" *Capector*, 56. U.S., at 881.

Of particular relevance to the instant case, the Court has determined that an unconstitutional potential for bias exists when the same person serves as both accuser and adjudicator in a case. See *Murchison*, 349 U.S., at 136-137

There is, furthermore, a risk that the judge "would be so psychologically wedded" to his or her previous position as a prosecutor that the judge "would consciously or unconsciously avoid the appearance of having erred or changed position."

Witbrow 421 U.S., at 57.

In addition, the judge's "own personal knowledge and impression" of the case, acquired through his or her role in the prosecution, may carry far more weight with the judge than the parties' arguments to the court.

Murchison, *supra*, at 138; se also *Capertos*, *supra*, at 881

PETITION FOR CERTIORARI

Petitioner Julia M. Robinson respectfully petitions The U.S. Supreme Court for a Writ of Certiorari to review The Order of The United States Court of Appeals for The Eleventh Circuit.

STATEMENT OF THE BASIS FOR JURISDICTION

The Petitioner resides in The State of Georgia, and she filed her lawsuit and served the Defendants through The U.S. Federal District Court in Atlanta Ga and The Supreme Court of The United States has jurisdiction over this case. The Court has subject Matter jurisdiction over any civil action 'arising under the Constitution, laws, or treaties of the United States.' 11 Id. (quoting 28 U.S. C. § 1331).¹¹ A claim arises under federal law when the plaintiffs' statement of his own cause of action shows that it is based upon federal laws or the federal Constitution. 11 Id. (quoting *Cobb v. Contract Transp., Inc.*, 452 F.3d 543, 5 48 (6th Cir. 2006)). The Sixth Circuit has explained that a complaint arises under federal law in four circumstances: A complaint arises under federal law if it: (1) states a federal cause of action, (2) includes state-law claims that necessarily depend on a substantial and disputed federal issue; (3) raises state-law claims that are completely preempted by federal law, or (4) artfully pleads state-law claims that amount to federal-law claims in disguise. Rule 13. Review on Certiorari: Time for Petitioning 1. Unless otherwise provided by

law, a petition for a writ of certiorari to review a judgment in any case, civil or criminal, entered by a state court of last resort or a United States court of appeals (including the United States Court of Appeals for The Armed Forces) is timely when it is filed with the Clerk of this Court within 90 days after entry of the judgment. A petition for a writ of certiorari seeking review of a judgment of a lower state court that is subject to discretionary review by the state court of last resort is timely when it is filed with the Clerk within 90 days after entry of the order denying discretionary review. 2. The Clerk will not file any petition for a writ of certiorari that is jurisdictionally out of time. See, e. g., 28 U. S. C. § 2101(c). 3. The time to file a petition for a writ of certiorari runs from the date of entry of the judgment or order sought to be reviewed, and not from the issuance date of the mandate (or its equivalent under local practice). But if a petition for rehearing is timely filed in the lower court by any party, or if the lower court appropriately entertains an untimely petition for rehearing or sua sponte considers rehearing, the time to file the petition for a writ of certiorari for all parties (whether or not they requested rehearing or joined in the petition for rehearing) runs from the date of the denial of rehearing or, if rehearing is granted, the subsequent entry of judgment. The Plaintiff was unlawfully denied rehearing in The Atlanta Ga Federal Appeals Court on January 15, 2025. The motions For PETITION FOR WRIT OF CERTIORARI AND ALL OF THE PLAINTIFFS' OTHER MOTIONS IN THIS CASE should be granted because of extraordinary circumstances out of/beyond The Plaintiff/Petitioner

control that blatantly shows racial discrimination, graft, religious biases/religious discrimination, and corruption/obstruction/fraud on the courts. The Plaintiff/Petitioner also followed all laws, Federal/Appeal/Supreme Court of The United States rules, properly executed all task to properly state claims in which relief can be granted and properly file her lawsuit in this case. The Plaintiff/Petitioner are demanding money damages in the amount of \$500,000,000.00

STATEMENT OF CASE

The district court abused its discretion by overlooking the law, not applying the law, and not correcting errors that was pointed out in several pleadings with exhibits turned in and written by The Appellant. The district court erred in formulating or applying a rule of law. The Appellant's case was dismissed unlawfully without considering and properly applying The Federal Rules of Procedure, without considering and properly applying The Constitution of The United States of America, and without considering that The Appellant are both female Black African Americans born in this country. The Appellant did address all shortcomings in All of Judge Cohens Orders in The Appellant Amended Complaint. The Appellant did Comply with the pleading requirements of The Federal Rules of Civil Procedure in The Appellant Amended Complaint. The Appellant did include factual backgrounds sections setting forth in specific numbered paragraphs non-conclusory factual allegations which directly pertain to their cases, that weren't

legal conclusions, and that suggested support for the required elements of any claims asserted against the particular defendants in their case in The Appellant Amended Complaint. The Appellant did identify each of their legal causes of actions against each defendant based on separate occurrences in separate counts of the amended complaint each with its own heading identifying it as a count and including the specific legal authority under which they seek relief; and, in The Appellant Amended Complaint. The Petitioner did identify by reference which specific factual acts and allegations by the particular defendant that support each in The Appellant Amended Complaint. The District court dismissed all of the Appellant cases to further conceal evidence of crimes committed against Kristian J. Hall by The Sunny Isles Beach Police Department (Criminal U.S. Government Employees) and to conceal evidence of crimes committed against Julia M. Robinson by all of The Defendants/Appellees More of Criminal U.S. Government Employees) in her cases. The Appellant Julia M. Robinson was Kristian J. Halls witness in his fraudulent criminal cases in The State of Florida. The District Court attempted to use Julia M. Robinson as " The Fall Girl " to save criminal U.S. Government Employees jobs just as it was done to Kristian J. Hall in The State of Florida. Under Rule 8. General Rules of Pleadings (1) In General. Each allegation must be simple, concise, and direct. No technical form is required. (2) Alternative Statements of a Claim or Defense A party may set out two (2) or more statements of a claim or defense alternatively or hypothetically, either in a single count or defense or in separate ones. If a party makes alternative statements, the pleading is sufficient if any one of them is sufficient. (3) Inconsistent Claims or Defenses. A party may state

as many separate claims or defenses as it has, regardless of consistency. (e) Construing Pleadings. Pleadings must be construed so as to do justice. On the Pro Se' Legal Federal Civil Complaint Form There Is no question on there that ask about a count or listing counts. The Appellant filled out a Pro Se Litigant Federal Civil Complaint Form twice, The Appellant was asked to amend her complaint, and she did by using, following, and answering the questions on the Pro Se litigant Federal Civil Form again. The Appellant followed the Federal Civil Legal Format on The Pro Se Federal Civil Complaint form. Under Rule (4) Alternative Statements of a Claim or Defense. A-party may set out two (2) or more statements of a claim or defense alternatively or hypothetically, either in a single count or defense or in separate ones. If A party makes alternative statements, the pleading is sufficient if any one of them is sufficient. Under This rule it gives The Appellant an option by saying a party may set out two (2) or more statements of a claim or defense alternatively, or hypothetically, either in a single count or defense or in separate ones. If a party makes alternative statements; the pleading is sufficient if any one of them is sufficient. Again, there was no question listed on the Federal Civil Pro Se' Complaint form asking about counts. The District court was supposed to decipher what The Pro Se' Litigants counts were since there is no question asking about a count on the Federal Pro Se' Litigant Complaint Form District court had no legal reason to involuntarily dismiss The Appellant complaint, The Plaintiff/Appellant is/was a party in this case in The District court and all of her pleadings were sufficient. All of The Appellant cases shouldn't have been in the same Judges court room, this was the second case dismissed without any regard for

The Federal Civil Rules of Procedure and The Constitution. Since all of The Plaintiff/Appellant cases were in the same Judges court room it shows bias, racial discrimination, and prejudices toward The Plaintiff/Appellant. The Appellant cases should've been split up amongst other Judges to show The Plaintiff/Appellant and The American People/Public that our Judiciary System is just and fair like it so claims to be. Under Relief it said on the complaint state briefly and precisely what damages or other relief the plaintiff asks the court to order. Do not make Legal arguments. Include any basis for claiming that the wrongs alleged are continuing at the present time. Include the amounts of any actual damages claimed for the acts alleged and the basis for these amounts. Include in punitive or exemplary damages claimed, the amounts, and the reasons you claim you are entitled to actual or punitive money damages. The Appellant damages total 500,000,000.00 The Appellees did send a letter from the Department of Justice letting The Appellant know they received her claim.

REASONS FOR GRANTING THE WRIT

The District court dismissed all of the Appellants cases to further conceal evidence of crimes committed against Kristian J. Hall by The Sunny Isles Beach Police Department (Criminal U.S. Government Employees) and to conceal evidence of crimes committed against Julia M. Robinson by all of The Defendants/Appellees (More of Criminal U.S. Government Employees) in her cases. The Appellant Julia M. Robinson was Kristian J. Halls witness in his fraudulent criminal cases in The State of Florida. The District court took unconstitutional drastic measures by

strategically placing The Appellant cases in Judge Cohens court room to intentionally not grant TRO's/Preliminary Injunctions To cause further delays for The Appellant and her family to be attacked gauged under illegal, unconstitutional, torturous, deadly, war-crime, medical racism, and human trafficking research that The Appellant don't and never did qualify for to further conceal evidence of crimes committed against her by all of The Appellees to save jobs of Criminal U.S. Government Employees. The District Court attempted to use Julia M. Robinson as "The Fall Girl " to save criminal U.S. Government Employees jobs just as it was done to Kristian J. Hall in The State of Florida. Our DOJ was written about these crimes committed against The Appellant and family and no one was fired or arrested. The OCR DHHS complaints were done by The Appellant for Memorial Healthcare Systems Memorial Miramar Hospital in Florida, and no one was arrested, and no one was fired. The Appellant doesn't believe that their motions/pleadings for relief in this appeal case are making it to of the judges to read so that The Appellant can have a fair, per the constitution, non-bias, nondiscriminatory, legal outcome in the form of relief. The Appellees are still cheating by use of illegal uploads of malicious malware electronic computer programs and apps to attempt to stop this court from reading and seeing The Appellant motions/pleadings because The Appellant Julia M. Robinson is Black African American and Pro Se' that paid for all of her complaints and appeals to filed through our Federal Government. The Appellant filed motions/pleadings/hearings for Preliminary Injunctions and for TRO's and never granted any relief for those motions or never given court dates after The Appellant produced evidence/exhibits on why those particular motions/pleadings

needed to be granted as soon as possible. The Appellant is demanding that this Court of Appeals and our United States Government Supreme Court in D.C. and this Appeals Court to sanction all of the Attorneys for their part in committing obstruction, tampering with a witness, tampering with evidence, destroying evidence, and contributing to more corruption over all in this case which has further violated The Appellant Constitutional Rights and has continuously placed The Appellant and her family lives in danger all listed in their Complaint, Brief, and Appendix. On October 16, 2024 The Appellees filed a motion to strike The Appellant Motion for Sanctions for them. The Appellant literally just saw this email today. The Appellees have been reprogramming and redirecting The Appellant phone calls, emails, and other forms of communication in her device she uses for her cases that has clearly interfered with this case that's why she filed motions for sanctions. The Appellant clicked on the screen to view the motion to strike and was given an error message. The Appellant doesn't have a copy of this motion to strike because of The Appellees uploading malware to sabotage and interfere with her cases, The Appellant is now also objecting to this motion to strike. The Appellant paid all court fees for all cases and for some reason The Federal Appeals court system is giving pop ups to The Appellant for her to turn in only 4 copies of brief and appendix which is the same pop ups that was in the system for this case. The Appellant are unrepresented parties but not proceeding in forma pauperis, all of their case filing fees are/was paid. Are these pop ups of 4 copies coming up in the electronic filing system so that all of the Appeals Judges won't get hard copies and read The Appellant Brief and Appendix so that The

Appellant won't have a fair outcome? The Appellant demanded actual court dates in person to publicly argue their cases with a court reporter so that everything can remain Public. The Appellant found out about evidence not being scanned into the district court electronic system after she did her brief and while she was doing her appendix that's why the appellant did her leave of court to amend her brief and appendix to correct the record under FRAP rule 10. The Appeals Court illegally dismissed her Appeal on November 22, 2024 after the same evidence of Kristian J Halls Actual medical prescription and of The Sunny Isles Police officers that charged him with his own medication was re-turned in again by Julia M. Robinson to this Appeals Court on September 22, 2024. On October 10, 2024 The Appeals Courts sent this message to The Appellant regarding When the above matter(s) (Summary Affirmance) is resolved, the clerk will issue a notice advising counsel and the parties of the new schedule for filing briefs in this appeal. The Appellant was NEVER sent an email advising her of a new due date for a filing of her amended brief and appendix, no matters regarding The Appellant receiving any money from this lawsuit that she paid to file was ever resolved. The Appellees paid out money to have this Appeal illegally dismissed. According to the FRAP rule 10 that written on the appellant leave of court she was supposed to be able to amend her brief and appendix to correct the record and errors from the District Court. The Judiciary System is for all Americans, not just for attorneys, especially after no attorney that The Appellant reached out to didn't want to help her and her daughter. The Appellant was told by The District Court that she didn't list counts for her lawsuit and a cause of action against The Appellees in her 1983

Constitutional Violations Lawsuit when The District court was supposed to decipher The Pro Se Plaintiff's counts on their complaint. The Appellant/Plaintiff Julia M. Robinson claimed and proved that Appellees/Defendants assaulted them both at Memorial Hospital Miramar Fl. To establish this claim, The Appellant/Plaintiff proved the following: That The Appellees/Defendants acted, intending to cause harmful [or offensive] contact: That The Appellant/Plaintiff reasonably believed that she was about to be touched in a harmful for an offensive] manner;] OR That The Appellees/Defendants threatened to touch The Appellant/Plaintiff Julia M. Robinson in a harmful [or an offensive] manner: That It reasonably appeared to The Appellant/Plaintiff that the Appellees/Defendants was about to carry out the threat;] The Appellant/Plaintiff Julia M. Robinson name did not/didn't consent to The Appellees/Defendants conduct; The Appellant/Plaintiff Julia M. Robinson was harmed; and The Appellees/Defendants conduct was a Substantial factor in causing The Appellant/Plaintiff harm. The Appellant did state a-cause of action in their 1983 Constitutional Violations Lawsuit when she (Julia M. Robinson) said in her complaint " The Appellees/Defendants had a duty and owed service to The Appellant/Plaintiff/victim. The Appellees/Defendants failed that duty and violated a promise or obligation to The Appellant/Plaintiff. The Appellant/Plaintiff suffered actual losses, injuries, and damages that Directly caused by the Appellees/Defendants actions or failure to act. The district court abused its discretion by overlooking the law, not applying the law, and not correcting errors that was pointed out in several pleadings with exhibits turned in and written by The Appellant. The district court erred in formulating or applying a

rule of law. The Appellant cases were illegally dismissed for graft. Under Rule 8. General Rules of Pleadings (1) In General. Each allegation must be simple, concise, and direct. No technical form is required. (2) Alternative Statements of a Claim or Defense A party may set out two (2) or more statements of a claim or defense alternatively, or hypothetically, either in a single count or defense or in separate ones. A party may state as many separate claims or defenses as it has, regardless of consistency. (e) Construing Pleadings. Pleadings must be construed so as to do justice. The Appellant damages total 500,000,000.00 The Appellees did send a letter from the Department of Justice letting The Appellant know they received her claim. The Appellees still chose to participate until present day in on illegal, barbaric, and unconstitutional WAR CRIMES against The Appellant and her family. The Appellees had a duty and owed service to The Appellant/victim. The

Appellees failed that duty and violated a promise or obligation to The Appellant. The Appellant suffered actual losses, injuries, and damages that were directly caused by the Appellees actions or failure to act. The Appellant and her children are going to need hired security for the rest of their lives because of the amount of people, Companies, and U.S. Government Employee's involved in these WAR crimes against The Appellant. The facts above in The Appellant Appeal are showing that The Appellant is entitled to have this Appeal granted and other relief sought In this case through this court of Appeals. The Appellees all violated all laws and statutes listed in The Appellant Complaints and Appeal Brief. The Appellees knew way before The Appellant filed lawsuits and it's a huge possibility after much of The Appellant research/evidence/exhibits that was mysteriously destroyed in her iPhone that was connected to her emails, social media, and clerical work for her cases that ALL OF THE COMPANIES THE APPELLANT SUED AND THE U.S. GOVERNMENT HAS SOMETHING TO DO WITH WHAT HAPPENED TO HER AND HER DAUGHTER AT MEMORIAL HOSPITAL MIRAMAR IN FLORIDA. The Appellant can and will if this is possible have her emails and social media subpoenaed to introduce new evidence/exhibits that show The Appellees knew before she filed complaints and that's why obviously her and her family's devices has/have been compromised/hacked/destroyed for years. This isn't the only two (2) devices that The Appellant mentioned in her Appeals and complaints that were destroyed. The Appellees have been literally attempting to destroy and destroyed The Appellant's evidence for years that was in electronic devices. The Appellees have been paying and have paid a lot of money to sabotage The Appellant cases.

The Appellant Julia M. Robinson also told OBGYN/Dr. Brittney Mason Hirner her symptoms and where her symptoms stemmed from (the attack/assault in October 2019). The Defendants/ Appellees had a duty and owed service to The Appellant/plaintiff/victim. The Appellees/Defendants failed that duty, and violated promises, obligations, and contracts owed to The Appellant. The Appellant suffered actual losses, injuries, and damages that were directly caused by the Appellees/Defendants actions or failure to act. The Appellant and her children are going to need hired security for the rest of their lives because of the amount of people, Jane Doe's, John Doe's, Private Companies, and U.S. Government Employees involved in these War Crimes against The Appellant, Witnesses, and The Appellant family. The Appellees/Defendants Violated **CONSTITUTIONAL PROVISIONS, TREATIES, ECT and CONSTITUTIONAL AND STATUTORY PROVISIONS INVOLVED** listed under **CONSTITUTIONAL PROVISIONS, TREATIES, ECT and CONSTITUTIONAL AND STATUTORY PROVISIONS INVOLVED**. The facts in this entire complaint with evidence clearly show that The Appellant is entitled by law to have this injunction/complaint and other relief Sought in this complaint lawfully granted.
