RE: Guadalupe Romero v. Arizona Department of Child Safety

AZCOA Div. 1 No. 1 CA-JV 23-0218

No: 25-5910

Superior Court OF Arizona Maricopa County JD509657

Petition for Rehearing

This is in good faith and not for delay or to not previously presented

Grounds that are limited to intervening. I throw myself at the mercy of the court and beg for help as I was put under anesthesia for the birth of my daughter and had a bad reaction I did not understand what was going on and even stated this during the time of trial how can they proceed with trial if someone doesn't comprehend at the time when I told my worker what was going on with me she moved for mediate

termination of my rights as she had people who wanted to adopt my children my judge even asked if mom could get better from this at the time of trial and my worker stated no but I have gotten better. My Lawyer also could have filed for a reconsideration in my case instead of me going straight for my appeal but failed to mention this to me please help me.

Sincerely,

Guadalupe Romero
