CONSTITUTIONAL AND STATUTORY PROVISIONS INVOLVED

I believe in One God (E pluribus unum). I believe that God wants to end racism in America by distributing reparations to Black America thru me!

I will build the first Islamic School in America in Chicago, IL (60624). I will teach the truth as I know it that there is One God! Period!

This is my First Amendment Right!

"The ink of a scholar is holier than the blood of a martyr." Amen!

STATEMENT OF THE CASE

I was unconstitutionally convicted of a Robbery in the 2nd degree (see, Taylor vs. Pedro, 24CV32657) cuz the car salesman believed I sold drugs, not books (see, Brainwork by Jernel Taylor on Google.com). America has a stigma that all young Black Males sell drugs. I believe that if reparations was given for slavery, and the civil Rights movement, America wouldn't think of us like that. Since 2018, I travelled America selling books for reparations, but it wasn't until I took my Oath or Shahadah that things became clear. Education is the key to true Freedom.

Islam's emphasis on education galvanized learning and science in the Muslim world known as the Islamic Golden Age. For centuries, Muslims pioneered medicine, anatomy, math, geography, astronomy, architecture, and many other sciences. Algebra, alchemy (chemistry), and alcohol as well as cotton are all Arabic words. Arabic numerals (0, 1, 2, 3, 4, 5, 6, 7, etc.) are used worldwide.

Reparations are due! Jihād means to strive for a better life, more righteous life. Prophet Muhammad ^(P.B.U.H.) says, "The highest form of Jihād is to speak a word of truth in the presence of a tyrant." Amen!

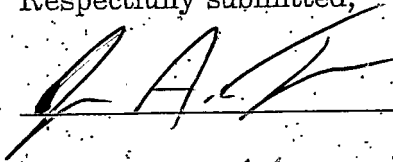

REASONS FOR GRANTING THE PETITION

If I was granted a trillion dollars in reparation money for Black America to build a Islamic University, rebuild my elementary school that Mayor Ron Emanuel closed, it would set precedence! It would only be the American way. I would also be able to dish out small checks to the Black community to create/build ~~businesses~~ businesses around America. Abe Lincoln set the slaves free without a pot to piss in. Granted, we came a long way, but something is missing. The something is a Islamic University in the biggest city that the slaves migrated too! Also, other Muslim countries would respect America even more! An Islamic University is the key to ending racism. Give me a chance to speak to America about this. Tanaka's court couldn't do it! I know the truth. Muslims invented numerous sciences and developed many others and laid the foundations to the European industrial revolution. The invention of cameras, computers, and navigation systems could not have been possible without the contributions of Muslims. Imagine what we could do now! Insha-Allah!

CONCLUSION

The petition for a writ of certiorari should be granted.

Respectfully submitted,
