ELI ANGELINO — PETITIONER

VS.

THE CITY OF NEW YORK, ET AL. — RESPONDENT(S)

Notice of Authenticity & Retaliation: This document was served on the Petitioner at 10:03 PM on April 13, 2026, the same day Petitioner perfected his Rule 22 Emergency application. While the notice identifies the "EECM" facility and sets a final, non-extendable exit date of **May 25, 2026**, it notably lacks an authorizing signature.

Petitioner submits this as forensic evidence of **Administrative Abandonment**. The issuance of an unsigned discharge threat proves a coordinated attempt to displace the Petitioner while the Respondent remains in a \$100 Million default. This creates an immediate life-safety crisis that renders the current May 11 response deadline on the docket unauthorized.

I declare under penalty of perjury that the foregoing is true and correct.

Respectfully submitted,
