(petitioner)

v.

Pamela Bondi, U.S. Attorney General

(respondent)

ON PETITION FOR EXTRAORDINARY WRIT:

EMERGENT

PETITION FOR WRIT OF HABEAS CORPUS

(due to not possible to execute Habeas Corpus in any other institution)

PATRICK STARZENSKI

(alias: PATRICK JAWORSKI)

currently held by party in case

IN CORE-CIVIC 20 HOBO FORK, RD

NATCHEZ, MISSISSIPPI 39120 IN THE USA

OFFICE OF THE CLERK
SUPREME COURT, U.S.

Starzenski

QUESTIONS PRESENTED:

FIRST QUESTION ¹⁾:*(3 sentences - 201 words)*

U.S. District Court for the Southern District of Mississippi is proceeding Habeas Corpus near **300 days. This is 10 times longer than statutory provisions** for this kind of procedure (28 USCS 2241-2244), and what's more party in the case and authorities in the court are still detaining me in this detention completely without any reason, any violation of the law, without any reaction, and despite it everything is showed and proved in the court of the law. This question is risen because they should already order (and really also release me from detention), but authorities are not respecting and following these laws and provisions (**which is a fact** regarding this time frames), and they allow custodian to sharing lies, threatening, scaring, robbing, stressing, targeting, falsely charging and accusing for fictional violations which never happened (what is showed and proved in statement). And this question is for determination why and if they are above to the law and have permission to commit illegal or even criminal commitments in this jurisdiction from government of the United States of America, and if this permission is to treat people inhumanly and seizing them and their properties and keeping in custody without any reasons and indefinitely.

SECOND QUESTION ¹⁾:*(3 sentences - 202 words)*

Opposing party really long time lengthen detention without reason and even authority when conform with statute (habeas corpus) **court should act forthwith and order to show cause of detention within 3 days** (for good reason can extend this time to 20 days maximum) and after this step is supposed to set a hearing date **and order within next 5 days**. But U.S. District Court did give to the party in case 7 months to show cause of detention (firstly 5 months lengthening and later allowing offenders to respond in 60 days instead 3 and even instead maximum allowed 20 days), and this time opposing party used to conspire and to prepare fictional and false documentation and reason of detention and they did wrote lies, false statements, and did defame me in the court of the law in result of having this additional extra time. What's more, court of the law didn't set a hearing, didn't order in this Habeas Corpus procedure despite since November 29, 2025 (date: submitted response with cause of detention) have been gone already near 4 months. **This question is for determination how many time** really court may proceed Habeas Corpus regarding unreasonable and unlawful detention in these circumstances.

THIRD QUESTION ¹⁾:*(three sentences - 203 words)*

U.S. Court of Appeals for the 5th Circuit did refuse currently to react and did deny/dismiss "Petition for judicially review and for release" already 6 times basing its decision on arguments that petition was untimely filed in a result of a favor for a party who is acting illegally, and who did make false statement in the court in case 25-60295 even despite procedure governing unreasonable detention and release from unreasonable detention (it means procedure Habeas Corpus pursuant to 28 USCS 2241 which govern basic merit of the petition and motions in the case assigned 25-60295 in the U.S. Court of Appeals for the 5th Circuit) allows to submit this petition within **deadline one year. This period of time didn't pass even at the present time, what's more petition was **submitted conform with Fed. R. App. Proc. R. 4(c) within 29 days**, and arrived in the court in 35 days. **This question is risen for determination if**, handling great power over several states in behalf of United States of America, the U.S. Court of Appeals can just refuse to justice process and procedure Habeas Corpus in these circumstances, and in result of that, allow to indefinite, without limits, unreasonable, and even unauthorized detention.**

FOURTH QUESTION ¹⁾:*(3 sentences - 204 words)*

4th question issues compliance with statutes an acts in the USDC for the Southern District of Mississippi and is risen because USDC lengthens process and (still since May/June, 2025) is failing to meet statutes specified in 28 USCS 2241 through 2244, despite petition was filled conform with these statutes. It was filled in correct jurisdiction (28 USCS 2241), and it was indicating both person who has custody over the detainee (described even statutorily in this case, e.g. 8 USCS 1226(a) 1231(a)(2) which indicate U.S. Attorney General as a custodian who took me in custody) and information by virtue of what claim or authority (28 USCS 2242). But despite these facts, USDC did postpone all procedure and correspondence with order to indicate "immediate-custodian", despite statute neither demand indication of "immediate-custodian" nor even specify this definition, and even despite USDC for the District of Columbia did determine "immediate-custodian" before did transfer matter of unreasonable detention and release. U.S. Courts are using this definition when they're determining their jurisdictions but statute neither require to indicate "immediate-custodian" nor even define this term, and **this is what rises this very important question, because in result they're just detaining me indefinitely, unreasonable, and offending for no real and fictional reasons.**

¹⁾**ATTENTION:** *questions above are presented as it was required part of the petition, but these questions issue matters which affected submission of my petition for Writ of Habeas Corpus in the U.S. Supreme Court (which is extraordinary writ in this court if detainee cannot execute this right and law in any other institution). My petition in the U.S. Supreme Court isn't for determination of misimplementation, misinterpretation, or misapplication of existing law, or for determination what is good and legal and what is bad and crime, since this is defined by a law/statutes. My petition is for review and release from unreasonable detention in Habeas Courpus because of happenings which are described and because of U.S. Court of Appeals, and U.S. District Court in this jurisdiction aren't following the law, human rights, and Constitution of the United States of America, are discriminating, and are refusing to execute a law and even constitutional provisions.*

OPINIONS BELOW:

1. U.S. District Court of Columbia only did transfer proceedings. (Appendix 23)
2. The judgments/orders of the U.S. District Court for the South. Distr. of MS (Jackson) which appear in Appendixes 24, 27, 28 and are published (docketed in case **5-25-cv-00063-DCB-BRW**) respectively at Jun. 25, 2025 (24), at Sep. 15, 2025 (27), and Sep. 29, 2025 (28) were issued without opinions, as obligations. In orders judge did not make opinions, and is no opinions to these orders and in this case-proceeding. In order from June 25, 2025 judge only did cite authority in another court and case (which is listed in section “Authorities Cited” under pt. 1).
3. U.S. Court of Appeals for the 5th Circuit did refuse to react and did order and did dismiss/deny my petition without opinions or even without order. U.S. Court of Appeals for the 5th Circuit did not publish order. U.S. Court of Appeals for the 5th Circuit was also treating me without formal orders.

JURISDICTION

a) **deadline - time for filling:**

Opposing Party in the case (in behalf of respondent) is detaining me since April 24, 2025, conform with U.S. law and statutory provision procedure **Habeas Corpus** [28 USCS 2241] may be initiated **within 1 year**. Which in these circumstances is at April 2026. Conform with **Fed. R. Civ. Proc. R. 60** court may relief from wrong order/judgment/decision of the court or agency in circumstances described therein **within 1 year**. In addition my detention is lengthened and left without reaction currently already more than 300 days, despite petition Habeas Corpus for release me from completely unreasonable and unauthorized detention, and for reaction were prepared and submitted at May 2025. **But instead act conform with the time frames of the procedure Habeas Corpus itself (which require to act forthwith in this matter), opposing party in the case and U.S. Courts are** discriminating me, postponing process, lengthening intentionally this unreasonable and even unauthorized detention, and they're ignoring violations of the law and obstructing my petitions. **This mentioned situation affects that this time for filling petition within 1 year** deadline conform with a U.S. laws and Habeas Corpus procedure (including in the U.S. Supreme Court) **almost passed out**. And because both courts are affecting this state of situation and are currently also covering (or maybe even conducting) this unreasonable treatment and offenses against me and this unreasonable and even unauthorized and unlawful detention (it means U.S. District Court didn't react still despite has been gone more than 300 days and despite should react in 5 days and forthwith conform with mandatory statutory law, and U.S. Court of Appeals even did 6 times refuse to react after discriminate me and did 6 times refuse to execute my rights and to legal process at all despite its direct jurisdiction and I have right to seek this judicial review (see Appendix 33 and see Appendix

34 – copy of correspondence with U.S. Court of Appeals for the 5th Circuit). It affects situation that in these circumstances is no more time, no more institutions, and no more means to ask for reaction and for execution of this law and right, **only the U.S. Supreme Court is the last institution where may be filled petition** for writ of Habeas Corpus **within time limit 1 year** and only U.S. Supreme Court has jurisdiction over this matter except U.S. District Courts and U.S. Courts of Appeals, but despite holding great power (as U.S. Court of Appeals even over several states of the USA), these courts in this jurisdiction are not respecting these law, statutes, constitution, people affected, and that are acting even in behalf of these several states and as and in behalf of the United States of America.

b) Jurisdiction – Statutory provisions

Regarding jurisdiction of Habeas Corpus procedures, conform with **28 USCS 2241** The United States' Supreme Court has Jurisdiction over these matters, and conform with United States' Supreme Court's rules, this court has jurisdiction over these matters, and may grant writ of Habeas Corpus if petitioner cannot execute this procedure, law, and rights in any other institution. Conform with **USCS Fed. R. Civ. Proc. R. 60**, U.S. Courts (including and even primary U.S. Supreme Court) may relief from wrong order/decision/judgment of the courts or agencies in the circumstances described therein (in the Fed. R. Civ. Proc. R. 60).

This matter was considered in the U.S. Courts in this jurisdiction which are lengthening and allowing to unauthorized, unlawful, and unreasonable detention fully aware and fully intentionally. They are discriminating and refusing to execute law and to respect law, constitution, humans, and people affected, despite even its direct jurisdiction in significant matter (see e.g. **8 USCS 1252(a)(5)**)

475 deportable."

476 **5 USCS 705 titled Relief Pending Review** which sounds: "When an agency finds that justice so
477 requires, it may postpone the effective date of action taken by it, pending judicial review. On such
478 conditions as may be required and to the extent necessary to prevent irreparable injury, the reviewing
479 court, including the court to which a case may be taken on appeal from or on application for certiorari or
480 other writ to a reviewing court, may issue all necessary and appropriate process to postpone the effective
481 date of an agency action or to preserve status or rights pending conclusion of the review proceedings."

482 **8 USCS 1182 (a)(9)(B)(iii)(II)** which sounds: "Asylees. No period of time in which an alien has a bona
483 fide application for asylum pending under section 208 [8 USCS c. 1158] shall be taken into account in
484 determining the period of unlawful presence in the United States under clause (i) unless the alien during
485 such period was employed without authorization in the United States."

486 **8 USCS 1226(a) titled "Apprehension and detention of aliens" which sounds:**
487 "(a) Arrest, detention, and release. On a warrant issued by the Attorney General, an alien may be
488 arrested and detained pending a decision on whether the alien is to be removed from the United States.
489 Except as provided in subsection (c) (...)"

490 **8 USCS 1231(a)(2) titled: "Detention and removal of aliens ordered removed" which sounds:**
491 "Detention. During the removal period, the Attorney General shall detain the alien. Under no
492 circumstance during the removal period shall the Attorney General release an alien who has been found
493 inadmissible under section 212(a)(2) or 212(a)(3)(B) [8 USCS c. 1182(a)(2) or (a)(3)(B)] or deportable
494 under section 237(a)(2) or 237(a)(4)(B) [8 USCS c. 1227(a)(2) or (a)(4)(B)]."

495 **8 USCS 1252(a)(5) Exclusive means of review:** "Notwithstanding any other provision of law (statutory
496 or nonstatutory), including section 2241 of title 28, United States Code [28 USCS c. 2241], or any other

524 the validity and effect of which depend upon the law of nations; or (5) It is necessary to bring him into
525 court to testify or for trial. (d) Where an application for a writ of habeas corpus is made by a person in
526 custody under the judgment and sentence of a State court of a State which contains two or more Federal
527 judicial districts, the application may be filed in the district court for the district wherein such person is
528 in custody or in the district court for the district within which the State court was held which convicted
529 and sentenced him and each of such district courts shall have concurrent jurisdiction to entertain the
530 application. The district court for the district wherein such an application is filed in the exercise of its
531 discretion and in furtherance of justice may transfer the application to the other district court for hearing
532 and determination. (e) (1) No court, justice, or judge shall have jurisdiction to hear or consider an
533 application for a writ of habeas corpus filed by or on behalf of an alien detained by the United States who
534 has been determined by the United States to have been properly detained as an enemy combatant or is
535 awaiting such determination. (2) Except as provided in paragraphs (2) and (3) of section 1005(e) of the
536 Detainee Treatment Act of 2005 (10 U.S.C. 801 note), no court, justice, or judge shall have jurisdiction to
537 hear or consider any other action against the United States or its agents relating to any aspect of the
538 detention, transfer, treatment, trial, or conditions of confinement of an alien who is or was detained by the
539 United States and has been determined by the United States to have been properly detained as an enemy
540 combatant or is awaiting such determination.

541 **28 USCS 2242. titled "Application" which sounds:** "Application for a writ of habeas corpus shall be in
542 writing signed and verified by the person for whose relief it is intended or by someone acting in his
543 behalf. It shall allege the facts concerning the applicant's commitment or detention, the name of the
544 person who has custody over him and by virtue of what claim or authority, if known. It may be amended
545 or supplemented as provided in the rules of procedure applicable to civil actions. If addressed to the
546 Supreme Court, a justice thereof or a circuit judge it shall state the reasons for not making application to
547 the district court of the district in which the applicant is held."

548 **28 USCS 2243 which sounds:** "A court, justice or judge entertaining an application for a writ of habeas
549 corpus shall forthwith award the writ or issue an order directing the respondent to show cause why the
550 writ should not be granted, unless it appears from the application that the applicant or person detained is
551 not entitled thereto. The writ, or order to show cause shall be directed to the person having custody of the
552 person detained. It shall be returned within three days unless for good cause additional time, not
553 exceeding twenty days, is allowed. The person to whom the writ or order is directed shall make a return
554 certifying the true cause of the detention. When the writ or order is returned a day shall be set for

555 hearing, not more than five days after the return unless for good cause additional time is allowed. Unless
 556 the application for the writ and the return present only issues of law the person to whom the writ is
 557 directed shall be required to produce at the hearing the body of the person detained. The applicant or the
 558 person detained may, under oath, deny any of the facts set forth in the return or allege any other material
 559 facts. The return and all suggestions made against it may be amended, by leave of court, before or after
 560 being filed. The court shall summarily hear and determine the facts, and dispose of the matter as law and
 561 justice require."

STATEMENT OF THE WRIT – INTRODUCTION

Acts made by an opposing party, agency, and by involved judge's in U.S. Courts in this jurisdiction violate not only U.S. law, their own rules, procedures, and even their own earlier decisions, but also are violating a criminal law and constitutional provisions in the matters of the rights to justice process, to be protected among others before the unlawful and unreasonable seizures to the persons, property, and papers, or deprivation of property, liberty, or life (which I spent now in the detention completely without reason). These crimes are proved by issued fictional and false documentations and procedures and are defined by law (among other fraud, forgery, misconduct, and other), and these rules, rights, and constitutional provisions are described among others in the USCS or INA and even in the Constitution of the United States of America, and particularly 4th Amendment to the Constitution of the United States of America tells that people's rights to be secured in their person, houses, papers, and also effects, against unreasonable searches and seizures shall not be violated and no warrant shall issue but upon probable cause, in support of that is 5th Amendment which extend it and tells about right to secure people from deprivation of life, liberty, and property without due process of law, and also 6th Amendment which again extend that and tells that in all criminal prosecutions, the accused shall enjoy the right to a speedy and public trial, are described in the 28 USCS 2241-2244 which tell that U.S. Courts shall act forthwith in the case of procedure Habeas Corpus and unreasonable detention. This forthwith reaction is measured in days, it means forthwith award of writ/petition or 3 days for show cause of detention (maximum for good cause 20 days is allowed by a statute and is not allowed to exceed this limit 20 days), and later 5 days after that for hearing and/or order, and are described in 8 USCS and INA which tell and describe about me and me as about and as an alien legal, legally present, permitted, and authorized to remain and to be present legally and even to work in the USA and to care own needs and responsibilities during my presence, my case, and validity of my employment authorization document and work permission issued by government of the USA. But opposing party in the case and involved courts' authorities did not respect that, and instead, fully intentionally and knowingly, did abuse their discretion and conspire against to the U.S. laws, U.S. federal government, and U.S. Constitution. They are making fictional and false documentations and accusations, they are offending me and targeting, they are depriving me my belongings and property, they are not allowing me even to pay my bills, my financial obligations, my taxes (including in the USA), and cover and care my responsibilities and legal obligations. Instead address my petitions or allow me to leave United States of America if they don't want me and my case and if I am in wrong place with my case, they just took me in their custody, in detention and are threatening, forcing to statements, falsely accusing, charging, stressing, coercing, robbing from money, legal documents and legal court correspondence, they're depriving me my personal belongings, my property, and they're treating me informally and without formal form or are issuing completely fictional and false documents and documentations. They even said that they have now friendship and relations (international between governments) with government which was persecuting and even torturing me by years before I arrived in the USA so I belong to them (which was only because of my political opinion, because of my beliefs, because of what I did proof, what I was defending), they said that they don't need me and don't want me, and they said that they will deport me where I belong or they will hurt me or something bad will happen to me, but they said that they will not allow me to secure my belongings and property and to leave USA if I'm in wrong place with my case, even despite I didn't violate any law and I didn't commit any crime, despite I'm legal and legally present alien in the USA, and despite I'm a human and I have right, I can, I have right to, and I should be allowed to leave USA by myself in these circumstances. What's more even despite I did prove a crime (including against to the USA) and I'm a victim of a crime and in this situation, and despite I didn't nothing against to these people, against to the USA or its citizens, but instead resolution and reaction they're completely unreasonable detaining me, targeting me, and they're

offending me, because of this their commitment, because of my reports and complaints, because of their fictional costs, fictional documents, their relations, and because they don't want admit their wrongs and resolve these issues and wrongs in the scope of their own ability and authority. They are using even my physiological needs in this detention as food, sleep, my personal information, and my legal documents and correspondences to force me to statements, to coerce me, to convince me, to stress me, to ridicule and degrade. They are sharing also lies about me and my situation among the staff, detainees, in the documentation, legal institutions, and even in the courts of the law. But these are only mentioned instances of these "treatments" and "conditions" which I am experiencing in this my current situation as being a target in this completely unreasonable, unnecessary and even unlawful detention, confinement, and procedures initiated against me. Below and in next paragraphs their illegal commitments, violations, and even criminal activity (including misconduct, perjury, false imprisonment, or fraud and financial fraud against to the U.S. Government and Treasury), their motives, and how and why it relates to unreasonable detention and treatments and to the violations and crimes against to the U.S. laws, Constitution of the USA, and even against to the USA itself are described, explained, and proved.

STATEMENT OF THE WRIT – BACKROUNG AND MOTIVES

Opposing party in the case started their offenses against me by issuing their fictional "FARO" (see Appendix 1 – Copy of original and originally issued without later changes and alterations in response to my petitions a "Final Administrative Removal Order" (FARO) from April 24, 2025). It means the "FARO" which was issued as an implemented and initiated against me punishment based on the false claims that I did stay in the United States of America longer than I was permitted and that I did stay and remain in the United States of America without authorization from the Immigration and Naturalization Service or its successor DHS (Department of Homeland Security) and as a punishment pursuant to section 237(a)(1)(B) of the Act [8 USCS 1227(a)(1)(B)] (see Appendix 2 – copy of original and originally issued at the April 24, 2025 and without later changes and alterations a "Notice of Intent to issue "FARO"") which was based on the claims of the results of violations of criminal law which were used to start these immigration offenses against me. ("FARO", Detention, Confinement, or "Removal Procedure". See also Appendix 3 – copy of documentation of criminal violations from April 24, 2025 used to initiate against me immigration offenses). And for those reasons opposing party issued also Warrant of Arrest and did detain me for these unreal and fictional procedures and processes against me (see Appendix 4 – Copy of Warrant of Arrest for non-exisitng "immigration violations" with date of issuance April 24, 2025). What's more not only accusations, charges, documentations issued by the opposing party in this case against me on the immigration violation basis are fictional, false, and untrue, but also these claimed criminal violations stated by a party in the case to be a reason of their offenses against me (at the April 24, 2025, later shared lies about me among the staff and among the other detainees in the detention facility, and claimed also in the immigration court of law among others at the July 9, 2025, July 24, 2025, July 31, 2025, August 14, 2025 or August 29, 2025), were neither real only also fictional and false accusations in result of conspire and commitment against to the U.S. law, federal government, constitution, and USA itself, nor are related to the immigration law and my immigration case. **They don't want admit that.**

Regarding these criminal violations, as mentioned above, these are also fictional, untrue, false, completely unreasonable, and even without real authority and jurisdiction unlawful actions, offenses, aggression, and force against me in result of conspire. Party in the case (who is an U.S. Agency and what's more a DHS, which should protect its country before immigration invasion and against people who are overcoming and overpowering U.S. Governmental institutions instead offending me or praying people and commit fraud for financial benefits and generating fictional costs to the U.S. Government) is fully aware about those facts since April, 2025 (see Appendix 5 – copy of "Report of Crime - Perjury" from

696 April 24, 2025 to the FBI in New Orleans showed also to the party in the case, or Appendix 6 - copy of
697 form I-213 where is information about that I was taken by an ICE from the FBI office in the New Orleans
698 at the April 24, 2025 it means at the same day and at the same moment what my report). Before my
699 report, I was taken in the jail in effect of fraud, perjury, and conspire between state's authorities and
700 foreign corporation and I was accused then for violations which never happened (what's more I was
701 accused and taken into jail despite I did call twice at that time (April 16, 2025) for police's intervention
702 and patrol because I was unlawfully offended and targeted without even possibility to address this
703 situation, it means without any notice and previous information, despite pending procedures in this matter
704 in the courts of the law and despite even this unlawfully initiated offense and force should also be initiated
705 with notice 5 days in advance, and later I was calling for police's intervention because I was also
706 unlawfully left without even underwearings, wallet, and documents by these conspiring personalities who
707 had intention even to rob these my personal items and belongings and refused to give me even my wallet
708 and underwearings). State authorities did initiate then against me legal actions and offenses despite
709 knowledge and awareness about fraud, financial fraud, perjury, process in the superior court, and even
710 lack of jurisdiction (See case number 2024-09221 in the New Orleans' First City Court, where court's
711 authorities were conspiring together with foreign corporation against to the U.S. Federal Government and
712 U.S. Treasury department), and state level federal workers also did conspire with them against me and
713 against to the U.S. law, federal government, and even against to the Constitution of the United States of
714 America. New Orleans' First City Court did refuse to stay its procedures even despite knowledge about
715 all those facts, despite proofs of that, despite lack of jurisdiction, and despite case was removed from state
716 level to the U.S. Court conform with jurisdiction and conform with Article 3, Section 2, Clause 1 of the
717 Constitution of the United States of America. They did act against me without jurisdiction, they did allow
718 to unauthorized practice of the law in this process, they did allow to financial fraud against to U.S.
719 Treasury, they did commit perjury, they did commit violation of the law and Constitution, and they did not
720 comply with decision of superior court and institution (See case files 25-00113 in the United States
721 District Court for the Eastern District of Louisiana which did remove case 2024-09221 from New
722 Orleans' First City court to the USDC for the Eastern District of Louisiana). But New Orleans' First City
723 Court's authorities didn't care about laws, jurisdiction, constitution, and did use influences, force, and
724 aggression against me, did decide to conspire with foreign corporation, and did decide to commit
725 corruption, financial fraud, perjury, false documentation, and force against me.

726 Regarding that case I asked New Orleans' First City Court multiple times for stay until resolution
727 in superior institution, I did explain and prove false documentations, accusations, lies, unauthorized
728 practice of the law, perjury, financial fraud, and lack of jurisdiction. *Article 3 Section 2 clause 1 in the*
729 *Constitution of the United States of America says that United States Courts (U.S. Supreme Court and*
730 *inferior courts (U.S. Courts of Appeals and U.S. District Courts) shall extend their jurisdiction (among*
731 *other) to controversies between two or more states; between a state and citizen or subject of another*
732 *state; between citizens of different states; and between citizens or subjects of foreign states. And this is*
733 *what happened in that situation. But as is mentioned above state level authorities decided to conspire with*
734 *foreign corporation and influences and this is another example and proof of this unlawful and*
735 *unauthorized aggression and offenses against me (as they even said in the court, because they must pay*
736 *tax to the U.S. Treasury). Later (what is mentioned earlier) state level federal workers offended me*
737 *together with them in conspire and commitment and did initiate against me mentioned immigration*
738 *offenses, processes, punishments, and executions which are continuously described and explained below.*

739 As mentioned previously, opposing party in the case fully aware initiated and proceed their acts
740 and commitments against me basing their acts on the false claims, accusations, and allegations. Firstly
741 accusation of violation of immigration law because of violation of criminal law is completely false
742 accusation and only as a result of my report to the office FBI in New Orleans from April 24, 2025 issuing

743 financial fraud and conspire mentioned above, secondly completely fictional information in fictional
744 documentation falsified by a party in this case about conversation with me which never happened where
745 state level federal officers who took me in their custody without any reason and any violation of the law
746 did write that I did not express fear of returning to Poland and I was only misunderstood is also
747 completely lie and false, even despite I was explaining that at the same day I submitted motion in the
748 USCIS Asylum Sub-office in the New Orleans. And party in the case was sharing that I was persecuted
749 and even tortured mentally and even physically by a government in the Poland because I was only
750 misunderstood. This is really what they did say. (see Appendix 6 – copy of I-213 form page 3/4 with date
751 of issuance April 24, 2025, where officer did make false statement in my behalf, and see Appendix 7.2 –
752 copy of writing titled “Request for reaction and for stop obstructing my case and manipulating case files”
753 submitted in the New Orleans Asylum sub Office at the April 24, 2025, where I did explain and show
754 again that I was persecuted and even tortured mentally and physically by years before I arrived in the
755 USA). But they just took me in the chains, they tied my hands and legs, and then with weapons,
756 surrounding me who had tied hands and legs, they were signing their documents between themselves
757 excluding true, me, and my contests. Officers even then didn't issue me with my Warrant of Arrest, they
758 just took it, steal, or prepared after that situation, and didn't give me it.

759 After that situation, during confinement in this detention I am held in, after I did report to
760 immigration officers wrongs, lies, and unreasonable detention and treatment, and after I asked for
761 resolution, instead help me and resolve this issue, they were lying me on the tablet TALTON (request
762 number 559285381 from May 8-9 2025) that they revoked my visa and that they are detaining me because
763 I am a violator, criminal, because I did overstay without permission and authorization, and they were
764 sharing lies about me among the staff, detainees, and in institutions that I am a violator and criminal, they
765 were (and have been) forcing me to statements which are against to me and my safety, and they were (and
766 have been) repeating and yelling that they will deport me as a violator or even criminal, because of who I
767 am and where I come from (what is mentioned above because of current international relations and
768 agreements, and friendship between governments in both countries, it means between government of the
769 USA and government of PL which was persecuting and even torturing me mentally and physically only
770 because of my opinion, my beliefs, what I did prove, what I was defending, or among others situations
771 described in my immigration account and case). Instead support me or allow me to leave if they don't
772 want me and my case, and if I am in wrong place with my case, officers and authorities in the detention
773 facility were (and have been continuously) degrading me, yelling at me, lying me and about me,
774 threatening me, stressing, forcing to statements against to me and my safety, offending, they even several
775 times attacked me physically, or were pushing, scaring, pulling, attempting to hit me with their heads or
776 push me, they were telling to me directly that will beat me, punch, or hit if I will complaint, they were
777 bending and pulling my arms and shoulders with intention to seize my legal documents (they were
778 attacking me even together with some new detainees who were throwing things at me, stealing my legal
779 documents and giving to officers, kicking and pushing doors and me, and who wanted hit and beat me and
780 who were threatening me, what happened at the Feb. 16, 2026). Sometimes they are keeping me even
781 without meals and without sleep. Near 200 hundred days they were not allowing me to sleep more than 3
782 (max 4 hours) and in addition they are keeping me without own food and sometimes my meals they are
783 just taking away and throwing to the trash or eating from my trays despite portions are not even sufficient
784 and I was losing my weight despite I am not even overweight or tall person, what affected among other
785 pre-hepatic state and disease *Hyperbilirubinemia* and *dizziness* in my organism, but even after that, they
786 didn't stop targeting me and falsely accusing and charging and in addition they are keeping me currently
787 in unit with high custody level completely unreasonable, without any violation or crime, but they have
788 this their deal and commitment, they are just issuing fictional documentation, they are making fictional
789 movies, stories, and records, and they just did order that to me. And in this unit with high custody level,

790 they are isolating me, targeting, limiting my rights and legal services, and increasing offenses and lies
791 about me. They don't care that this is High Custody level, which is level for detainees with history of
792 violent, brutal, cruel, sever crimes, offenses, and even assaults. These detainees are throwing things,
793 fighting, attacking other even only because they are watching or looking, and these detainees are
794 dismantling things, destroying cells, flooding cells and units, damaging doors, windows, fixtures, making
795 some sharp objects, blades, or even weapons, fighting for food, access to recreation area, throwing the TV,
796 trays, food, chairs, and etc. Some persons are hospitalized, some has swollen faces, some has serious
797 injuries, burned bodies). And they did put me in this high custody level despite I didn't violate any law,
798 and I didn't commit any crime, where they were keeping me by months without access to TV, without
799 access to the news, without access to any information from the world, and without even access to
800 common library, to education, and to window. (See Appendix 8, copy of witness testimony affidavit of
801 detainees from March 15, 2026) They are refusing legal services and visits in law library without reason
802 or for fictional reason. (They were limiting or even refusing at all my visits in the law library since
803 December 2025 to March 2026, see Appendix 9 copy of grievance number 657615171, 663775201, and
804 664610551). In this high custody level they are more misinforming me, scaring, coercing, they're
805 repeatedly postponing, missing, or stealing my legal court documents, my legal court correspondence,
806 they are not allowing me even to use my phone, access my e-mail, my documents, court even case, court's
807 and alien's files, and they're making fictional, false and untrue records and accusations, they're opening
808 and changing dates of formal legal correspondence and other legal records, they are stealing my legal
809 documents. They are not allowing me to defense and are only sharing lies, issuing their own fictional
810 documentation (even fictional stories as in fictional books or movies), and they don't want admit their
811 wrongs, commitments, and their acts, and that they are keeping me completely unreasonable and treating
812 really badly, as dog, thing, and trash what is happening only because I did complaint, I did report what is
813 happening to me, what is happening in this detention, and I did refuse to sign false statement.

814 But as is mentioned above, before I did complaint and report what is happening to me, I did
815 contact opposing party in the case and officers directly, I did explain them their wrongs, I did explain and
816 prove false accusations and that I am not an immigration violator, only legal alien. I did explain them
817 everything, their wrongs, my real situation, damages they are affecting, impact of their false accusations,
818 unreasonable detention, and threats and dangers to me, my life, my safety, and my dependents which it
819 affects. But they didn't resolve and fix it in the scope of their own ability and authority, only continuously
820 they have been offending me and increasing offenses and lies about me because of their fictional
821 documents, fictional documentation, fictional costs to the U.S. government, and because of their
822 commitment. And that because they were not addressing my requests, contests, and complaints and even
823 excluding them, at the May 15, 2025, I did prepare my petitions for review "FARO" and for release me
824 from unreasonable detention (matters governed by USCS title 8 and 28) to the U.S. Court of Appeals in
825 this jurisdiction and for review and release (matter governed by USCS title 8 and 28) to the United States
826 District Court where I did prove unlawful treatment, wrongs, unreasonable and even unlawful and
827 unauthorized detention, illegal commitment and conspire between authorities in the facility and officers
828 for financial benefits. But opposing party in the case is invigilating me, they store my documents on the
829 flash drive in their desk, they monitor my activity, calls, legal mails, etc. (see Appendix 10 – Copy of
830 grievance number 620167431 from November 1-7, 2025), they postponed my petition since May 15 until
831 May 23, 2025 and in meantime at May 20, 2025 they were threatening me and coercing to statements
832 against me and my safety, they did steal copy of my document, and they did refuse again to my contests
833 and when I was begging them for stop damages. At the May 21, 2025 (before they mailed my petition to
834 the Court) they did serve me with false and fictional I-863 with another false, fictional accusation for non-
835 existing immigration violation pursuant to 208.2 as a VWP Violator, and they scheduled fictional court
836 process and fictional court hearing at June 5, 2025 which never occurred. It was also fictional and

837 unlawful document, used only to share lies about me among detainees and staff in the facility, or to
838 convincing me and other people. (see Appendix 11 – copy of false and fictional I-863 from May 20, 2025
839 with fictional court hearing at June 5, 2025). I did report that they did steal my copy of document, it
840 happened at May 20, 2025 before they issued me with that fictional I-863 at May 21, 2025 (date of
841 serving). But despite it was recorded with monitoring and even with witnesses, they did not react (they are
842 not reacting even until present time in this matter), and they did refuse to address my report and grievance
843 because they told that I am nothing, I have not family in the USA, I have not friends in the USA, I can do
844 nothing, and even in response to my grievance they told that they will not secure video from that situation
845 and will not react because I have not proves (this is really what they said to me, even despite having
846 proofs, despite this situation was recorded, and despite this facility is closed, secured, monitored by them,
847 and no one can enter or exit this facility without identification, and all workers, officers, staff, visitors,
848 and detainees are identified and verified and monitored) and they refused also because I have not an
849 attorney (see Appendix 12 – Copy of Grievance number 571389751 from June 13-20, 2025, see Appendix
850 13 - witnesses testimony affidavits of detainees from May 29, 2025). And again, instead react to reports
851 and asks and calls for reaction, at the May 30, 2025, authorities in the facility and officers did send to me
852 a Mental Health specialist who wanted talk with me and convince me, but even when I told to that person
853 that I don't want talk with Mental Health doctor because this is not a mental issue only legal matter and
854 unlawful and unreasonable treatment and detention which require judicial review and intervention, and
855 despite Mental Health doctor saw my legal documents and my petitions, they just wrote lies about me, my
856 situation, and they were writing in my medical documentation even about "developed suicide plan" which
857 doesn't exist because I don't have suicide plan and I didn't develop suicide plan, only I did contest, I did
858 complaint to this unreasonable treatment, I did prepare petition and report, and I was asking for submit
859 my petition to the courts and legal institutions, stop damages, stop unlawful and unreasonable detention,
860 treatment, and practices against me, and for reaction. But instead resolution, they started separating me
861 from persons who were helpful and friendly, who saw this treatments and situations, they started again
862 offending me, and they have been continuously sharing lies about me, even despite they saw my legal
863 documents and despite they know and are fully aware that this treatment and detention is unreasonable,
864 and even unauthorized and unlawful. (see Appendix 14 - copy of Mental Health Evaluation from May 30,
865 2025). They did steal my document, they were continuously detaining me for no reason, they were
866 sharing lies about me, they issued me with fictional I-863 and fictional court hearing at the June 5, 2025.
867 They even didn't register then that case, only were using this documents informally for purposes to
868 convincing me and other people, to lie about me among the staff in the facility and among other detainees,
869 and to generate fictional costs to the U.S. Government and U.S. Taxpayers, and they were refusing to any
870 contests and requests for reaction and resolution to this situation.

871 Because these listed happenings and new circumstances after and in a result of my petition(s) and
872 reports from May 15, 2025 – date of issuance – (and in response to my petition(s) and reports instead
873 resolution and reaction), I did fill additional reports and adds to previous. And when I did fill these
874 writings where I did inform courts (including immigration court) about that false form I-863 from May
875 20-21, 2025, about false court's date and court process at the June 5, 2025 in Immigration Court, about
876 stolen document and about these treatments, threats, false and fictional medical documentation and
877 records about non-existing suicide plan, where (in that second writing) I did explain this situation and my
878 situation, it means a writing in the case to the court which I did give to the party to submit it at the June
879 17, 2025, after that at the June 18, 2025 party in the case completely unreasonable did accuse me for that I
880 did make a grievance instead address my grievance and my complaint, and for that reason they deprived
881 me access to legal services, to law library, to tablet account, even to the phone, and they started isolating
882 me in the unit and bot with sanitation problems (not cleaned, with broken toilets, were detainees were
883 using legs to flush water or even were not flushing and were kicking this toilets and spitting on it, what

884 affected that detainees had itches) (see Appendix 15, copy of charging document from June 18, 2025).
885 They did it because as is mentioned above, at the June 17, 2025 I did contact among others Immigration
886 Court, and I did report then among others these fictional documentations, fictional charges, fictional and
887 false accusations, or fictional costs to the U.S. Government and U.S. Taxpayers. I submitted my
888 application among other to the New Orleans Immigration Court with jurisdiction over the residency
889 address, and happenings, and because of unlawful, unauthorized, and unreasonable detention, but then
890 instead reaction, at the June 23, 2025 they just did reject and return my writing from New Orleans'
891 Immigration Court (see Appendix 16, copy of notice of reject of filling from June 23, 2025). And one day
892 later, at the June 24, 2025, they did refuse my I-589 application for purpose to obtain real false I-863 and
893 to initiate against me fictional court proceeding in the IC for fictional accusations and non-existing
894 "immigration violations" before I could formally report their illegal commitment and unreasonable
895 detention. Asylum officer did call to me at the June 24, 2025 without any warning, without any notice, or
896 appointment and said to me that this is my affirmative interview. Opposing party in the case was not
897 allowing me to sleep before that day and also previous days. They called to detention and did misconduct,
898 did interrupt, did stop that interview when I was explaining my case and this situation, they did
899 manipulate my case files, and they did abuse authority and influences for purpose only to obtain false I-
900 863 (see Appendix 17 – False I-863 from June 27, 2025 with the same false and fictional accusations what
901 in the fictional and false I-863 from May 20, 2025, and see Appendix 18 – date of application by a party
902 to the immigration court). These documents were not given to me, it was stolen by a party in the case, and
903 in result of that I was forced to the court hearing at the July 9, 2025 in the LaSalle Immigration Court
904 without even information about what is charging document and why I am in the Immigration Court.
905 Copies of form I-863 from June 27, 2025 and "Referral Notice – Letter" from USCIS Asylum sub-office
906 in the New Orleans from June 27, 2025 were given to me respectively at the July 10, 2025 (I-863 from
907 June 27, 2025) and at the August 30, 2025, it means after court's hearing (copy of "Referral Notice Letter"
908 from June 27, 2025 with information that USCIS did not deny my application only did refer me to the
909 court so I could have my interview and I could present my case after my talk with officer at the June 24,
910 2025 was just interrupted, but they have been justifying by issuing false documentation, charges, and
911 accusations this unreasonable and unlawful detention and treatment). Later at the July 24, 2025, July 31,
912 2025, August 14, 2025, and August 29, 2025 opposing party in the case was defaming me and accusing
913 me in the court of law for that I did violate criminal law, that I am a criminal and violator, and that is a
914 reason of what they did to me. I did address those false accusations, charges, and allegations, and I did
915 prove that these accusations, charges, and documentations against me were false, fictional, and
916 unreasonable, but then at the August 14, 2025 opposing party in the case started excluding me also from
917 my case with an attorney who did contact me at the August 13, 2025, and who did appear in the
918 Immigration Court at the August 14, 2025, did mute me together with judge (who is involved in this
919 commitment for financial benefits), and they wanted intoxicate me, they were conspiring and acting in my
920 behalf and against me without any permission, authorization, and talk with me until August 31, 2025. I
921 did prove to them again false accusations, fictional charges, fictional notices, conspire over this activity,
922 fictional costs, fictional documentation, these their commitments, unreasonable detention, and unlawful
923 acts. But authorities in the Immigration Court were not interested over these matters, did not release me
924 from unauthorized and unreasonable detention, instead they were conspiring together with authorities in
925 the facility and with officers, and they did not issue an order over this real case's matters, it means over
926 fictional and false "FARO", I-863 form May 20, 2025, and I-863 from June 27, 2025, "Referral Notice
927 Letter", unreasonable and unauthorized detention, crimes, fraud, fictional costs, or determination of
928 violation of immigration laws which doesn't exist. They did exclude these matters, they were supporting
929 fictional and false documents and commitment against me, and they did apply by themselves some
930 unknown even until present day for me an application I-589 in my behalf to the IC and EOIR, they did

931 falsify records that it was my application despite I don't know what is that application, because I didn't
932 any application in the IC or EOIR, and at the October 17, 2025 they even didn't allow me to my own court
933 hearing (which they scheduled for me during this unreasonable detention I am all the time held in), and
934 they were lying me, about me, and even in my behalf, and after short time, they did deny that their own
935 application without addressing even my writings submitted conform with deadline set at the September
936 19, 2025 until October 7th, 2025 and without giving me even order, and during oral order, instead order,
937 they were disconnecting me and displaying women on the screen. After that they repeatedly were
938 repeating that they will deport me to the people who were persecuting me and even torturing mentally and
939 physically, or they said that they will hurt me and something bad will happen to me, but they said that
940 they will not allow me to secure my belongings and to leave USA if they don't want me and my case, and
941 if I am in wrong place with my case. My real applications to the courts were just discriminated and
942 obstructed by authorities, it means my reports and motions from June 17, 2025 to the New Orleans IC
943 were rejected unreasonable for lack of jurisdiction despite my case was proceeded in the New Orleans
944 (Oakdale), My application to the U.S. District Court is postponed since more than 300 days (despite it
945 should be resolved in few days) and my petitions to the U.S. Court of Appeals for the 5th Circuit were
946 denied/dismissed unreasonable and left without any reaction already **6 times (see Appendix 33 and see**
947 **Appendix 34 – copy of correspondences with U.S. Court of Appeals for the 5th Circuit)**. In the IC and
948 EOIR only what I did is that I did respond to false and fictional charges, accusations, and allegations, I
949 did respond to unreasonable detention, I did respond to "Referral Notice Letter", I did prove illegal
950 commitment and conspire, unreasonable treatment, fictional and false documentation, I did respond to I-
951 863 and "FARO", and I did redirect my writing (motions, and reports) from the New Orleans IC, (who
952 rejected my writing and report because of jurisdiction), to the LaSalle IC which redirect again my case to
953 the New Orleans (Oakdale), but it all was just obstructed and left without addressing. And what's more
954 they really didn't and don't care about jurisdiction and and is mentioned above, they were proceeding my
955 case in the New Orleans - Oakdale IC and even in Texas, despite previously my petition and reports were
956 rejected for lack of jurisdiction from New Orleans Immigration Court (were all happenings took a place
957 and were is residency address), but this is only another example of discrimination, lies, and untrue
958 information. As is mentioned above, real application to the LaSalle IC was made by opposing party in this
959 case at July 1, 2025 not at the August 8 or 9, 2025 or any other date than reports from June 17-23 by me
960 (see again Appendix 18, - copy of court's docket information), and it was application for determination of
961 immigration violations pursuant to INA 208.2, jurisdiction over my pending case with USCIS, and
962 previous (currently annulled) "FARO" and false accusations of violations of 8 USCS 1227(a)(1)(B),
963 because of criminal violations. But they did falsify files and are lying about original jurisdiction, and
964 instead react they want intoxicate me with judges who are involved in this their commitments and
965 conspire.

966 **That is why I am calling for your reaction.** They even didn't allow me to secure my belongings
967 and leave if they don't want me with my case and if I am in wrong place with my case only they want
968 send me as a violator or even criminal (using fictional and false accusations, documentation, an even
969 processes) to the people who were persecuting and even torturing me mentally and even physically by
970 years before I arrived in the USA, they share even that I was persecuted and even tortured mentally and
971 physically because I was only misunderstood, and they want hide their wrongs, lies, crimes, fraud, and
972 commitment. The IC judge even did not address on their order neither real matters of application by a
973 opposing party, nor my reports and applications, nor real reason of initiation of this court's process, and
974 nor even matter of unreasonable detention, instead, judge did decide to deny their own fictional and false
975 application made in my behalf and did commit these commitments and this mock and fictional procedure
976 against me with opposing party. **Below is specified why it matters in this writ and why it constitute**
977 **even to violations of Constitution of the United States of America.**

STATEMENT OF THE WRIT – LEGAL SITUATION AND MEMORANDUM OF LAW

Opposing party in the case is lying in both, U.S. Courts and in Immigration Courts. Opposing party in the case is an U.S. Agency and acts not only as a party in the case, but also as an U.S. Government and in behalf of United States of America. U.S. Courts are not an U.S. Agency, U.S. Courts are an essential, judicial branch of the government of the United States of America. Acts of both of them are an official acts of authorities or of or in behalf of government of the United States of America or United States of America. This is crucial because U.S. Courts in this jurisdiction are fully aware about that and about all described and listed below facts, but instead react are covering (or even committing and conducting) illegal commitment, unreasonable treatment, detention, and instead judging are also conspiring with party in the case who acts against to the U.S. Laws, U.S. Constitution, and USA itself. Both of them are acting despite they are fully aware that I am not immigration violator and I never was. Both of them are not allowing me to secure my belongings and to leave United States of America despite they said that they don't want me, despite I didn't violate any law, and despite I am completely legal alien, legally present, and permitted and authorized to be present and to remain in the USA, and they are depriving me my rights, my property, my belongings, my papers, they are detaining me completely unreasonable. As is earlier mentioned they are also degrading me, treating really badly, targeting in this detention, and they are informing and repeating to me all the time that they will deport me as a violator or even as a criminal to the people who were persecuting and even torturing me mentally and physically by years before I arrived in the USA despite it was politically based, by government, and government sponsored (because they don't want admit their wrongs, their commitments, fictional documents and costs, because of their international relations, because they have now friendship with these people which is relation between governments and because they said that I belong to them). They told me that I will sign statement they are forcing me to sign, they will deport me were I belong, or something bad will happen to me and they will hurt me, but they said that they will not allow me to secure my belongings and to leave USA if they don't want me and my case and if I am in wrong place with my case.

I am not a violator of the law, I did not violate a law, I did not commit any crime, I did not nothing against to them, against to the USA, and its citizens. I am legal alien and legally present alien in the USA, and in addition I did prove a crime, including against to the USA and I am a victim of a crime and in this situation, (what's more despite they said previously that they want and that I am in correct country). They are detaining and offending me since months completely without reason, and really even without authority, knowingly and intentionally. Below this is listed and showed from U.S. legislature and law point of view:

1. At the April 24, 2025 opposing party in the case falsely accused me for violation of immigration law as a result of violation of criminal law (see again Appendix 3 – documentation from April 24, 2025 in matter of fictional criminal violation)
2. for that reason opposing party in the case falsely accused me for being present in the USA in violation of immigration law or any other law of the USA [8 USCS 1227(a)(1)(B)] (see Appendix 2 - "Notice of Intent to issue "FARO" from April 24, 2025)
3. for those reasons opposing party falsely accused me for remained in the USA longer than October 1, 2025 without permission or authorization from Department of Homeland Security (see Appendix 2 - "Notice of Intent to issue "FARO" from April 24, 2025)
4. in result of above points 1-3 opposing party in the case issued their fictional, false, and non-existing and annulled currently even "FARO" against me according to INA 235(b)(1) – without hearing (see Appendix 1 - "FARO" from April 24, 2025) – the reason and base of detention since April 24, 2025.
5. after report, opposing party in the case did annul their false and fictional "FARO" and did issue fictional and false I-863 form for determination of jurisdiction over my pending asylum procedure

where opposing party began again falsely accusing me for another violations, it means violation of VWP pursuant to INA 208.2, specifically INA 208.2(c)(1)(iv). (see Appendix 11 – fictional and false form I-863 from May 20, 2025 with fictional court procedure in immigration court and fictional court date, form used only to share lies about reason of my detention and confinement)

6. in result of my report to the Immigration Court (because of fictional and false orders and documentation issued against me and completely unreasonable treatment and detention) after IC did reject my application at June 23, 2025, opposing party (who is acting in behalf of respondent) in the case did abuse authority and influences at June 24, 2025 in USCIS Sub-asylum office in New Orleans, and obtained there second time false form I-863 issued at June 27, 2025 used to initiate real court procedure against me and to falsifying accusations and documentations against me also in the immigration court where judges are involved in this commitment against me and my rights (see Appendix 15 – false form I-863 from June 27, 2025)
7. In result of those situations, opposing party in the case, in conspire with involved judges, at the October 17, 2025 did deny in the Immigration Court an application over form I-589 which they did apply in this immigration court by themselves after initiating false court procedure against to me with intention to false accuse and deport me. Even despite these offenses, commitment against me, and this false procedures in the courts, they didn't allow me to depart United States if I am in wrong place with my case and if they don't want me and my case, only they were accusing me continuously and increasingly for non-existing violations and even crimes.
8. for these all false and fictional reasons opposing party in the case is continuously and aware detaining me pursuant to 8 USCS 1226, 1227, 1231 since April 24, 2025 and for purpose to execute non-existing conform with U.S. Law removal order, to determine non-existing violations of the law, to target me, threat, coerce, force to statements, rob, misinform and etc., what is happening despite opposing party in the case and involved judges and judicial authorities are fully knowingly and intentionally detaining me without any immigration violation, and even without authority, and completely unreasonable and unnecessarily (see again Appendix 4 - "Warrant of Arrest" with date of issuance April 24, 2025, and Appendix 1 - "FARO" from April 24, 2025, **or case files A 234676011**)

And what is worsen in this situation, opposing party in the case (and also U.S. Courts) are all the time acting fully aware about wrongs, which were number of times explained and proved since April 24, 2025 but also an opposing party in the case is trained and has access to all these administrative records and statutory provisions which constitute facts that:

9. I am not an alien described in the 8 USCS 1225, which apply to aliens not admitted or paroled in the USA (see Appendix 19 – copy of admission stamp)
10. I did not overstay my visa. I entered USA at the July 5, 2024 and I did submit my application I-589 at the July 16, 2024 with the USCIS and conform with law. My application was accepted 11 days after admission and 79 days before expiration of my VWP. (see Appendix 20 - "Acknowledgment of Receipt" from USCIS from July 16, 2024). Conform with and according to U.S. Law, status of my legal presence in the USA could be and was changed at the time of my application when my case was approved and accepted, and when DHS authorized me to remain and be present in the USA legally, not in violations of the law.
11. I am not an alien who is violator of VWP pursuant to 208.2. 208.2(c)(I)(iv) which describes this situation (VWP Violation) apply to applicants who **had been remained longer than authorized or otherwise had violated immigration status** when were applying their I-589. I did not apply as an alien who has remained longer than permitted or who had violated status,
12. Since July 16, 2025, VWP was not anymore a document authorizing me to remain in the USA. At the July 16, 2024 USCS/DHS authorized me to remain and be present legally in the USA based it on

my application. (see again Appendix 20 – “Acknowledgment of Receipt” from USCIS from July 16, 2024)

13. I am not an alien listed in 8 USCS 1227 which describes deportable aliens as opposing party falsely accuse me. I am not a violator of the law and I am legally present in the USA.
14. I am not alien described or listed in 8 USCS 1226 which apply to “immigration violations”. I did not violate immigration law, I did not violate my VWP, I did not violate status of my presence in the USA.
15. I am not an alien described or listed in 8 USCS 1231, Conform with U.S. Laws and statutes, I am not ordered removed, Orders of removal issued, conform with U.S. Law, don't really exist. In addition opposing party in the case annulled their fictional and false “FARO” from Apr. 24, 2025 when they initiated their fictional court proceeding in immigration court EOIR against me, it means proceeding which also is mock, false, and fictional, with fictional application in my behalf and order.
16. At the October 17, 2025 in the immigration court, both, opposing party in the case and judge, did determine even that I did not violate a law (opposing party in the case and involved judges, still are not providing me with order, memorandum of law, requested transcripts, despite my requests and petitions to them both in this matter and despite have been gone more than 5 months. Instead they're misinforming me, robbing from legal documents, and are targeting me)
17. Because opposing party lengthened my application despite my requests for expedite procedure (see Appendix 21 – Copy of Interview Scheduling Request from July 25, 2024 and see Appendix 22, Copy of “Short Notice Wait-List Request” from August 8, 2024 in the USCIS office), since and at January 16, 2025 I was authorized to work, and later issued with EAD, SSN, and SS-Card (in the case described by an opposing party in the case I would not have issued these documents). Judge was informed and aware, also I-213 indicates that fact. My EAD is issued also as an EAD for an alien previously admitted into USA and alien legal and legally present. Conform with U.S. Law and my asylum procedure, my EAD gives me also permission and authorization to be legally present and to work in the USA until its expiration in these circumstances (which is issued for period 5 years until 2030), what also prove that I am alien legal, legally present, and authorized and permitted to remain and to be legally present in the USA. See INA 208.7, especially:

208.7(b)(1) which tells that: “If the asylum application is denied by the asylum officer, the **employment authorization shall terminate at the expiration of the employment authorization document** or 60 days after the denial of asylum, whichever is longer.”

208.7(b)(2) which tells that” “If the application is denied by the immigration judge, the Board of Immigration Appeals, or a Federal court, the **employment authorization terminates upon the expiration of the employment authorization document**, unless the applicant has filed an appropriate request for administrative or judicial review.”

As mentioned above, my EAD was issued at the January 16, 2025 for period 5 years and is valid until 2030. and as mentioned above, in addition, my EAD was issued for an alien who was previously admitted and for a legal alien.

18. I am not also a violator or alien listed in the 8 USCS 1182, what's more according to 8 USCS 1182 I am also legally present in the USA, especially 8 USCS 1182(a)(9)(B)(iii)(II) tells that alien with pending asylum application is legally present in the USA, not in violation of law (even my application is still pending)
19. At April 24, 2025 my application had been also pending with USCIS, (see Appendix 7.1 – copy of “Walk in Inquiry Form” from April 24, 2025 in the USCIS with confirmation that my application is pending, that the next step is affirmative interview, and that I must still wait). And in addition to that:
20. INA 208.14 tells directly that I could not even maintain any other immigrant, non-immigrant, or even temporary protecting status at the time of pending I-589, otherwise application would be denied

for that reason, and

21. INA 208.23 also tells that visa is not anymore document authorizing to remain legally in the USA since I-589 application, and even tells about possibility to continue or restore previous status if it has not expired, which paragraph has even title "restoration of status"
22. what's more conform with and according to existing U.S. Law, my case shall be still pending with USCIS which *shall* have initial jurisdiction in my situation. IJ should return my case to the USCIS and I should be allowed to my interview pursuant to INA 208.2(a)(1)(i) which was misconducted, disturbed, and issued without any notice and appointment only for purpose to obtain false I-863 form and justify illegal treatment and commitment against me, but they didn't even allow me to appeal that decision or to depart USA if I am in wrong place with my case, and instead opposing party in the case (**acting as an USA**) with involved judges did accuse me for fictional and non-existing violations of the law, and in the EOIR, IJ **and** this opposing party in the case, did make fictional proceeding and **also** fictional application **in my behalf** in the IC and EOIR despite I did not apply any application in the EOIR. In the IC I did prove only and I did report, unreasonable treatment, unreasonable detention, that I am an alien legal and legally present in the USA, and that I did not violate any law neither immigration nor criminal. EOIR has jurisdiction in the case of immigration violations and removal procedures against to removable aliens. (See name of this Institution EOIR – "Executive Office of Immigration Review", which means that they should review and determine that I am not an immigration violator but instead they did make fictional court application and procedure against me and even in my behalf in the Immigration Court because of above)

This all above listed statutory provisions and facts are proving that I am not a violator of the law (neither immigration nor criminal), and that this detention is completely unreasonable. Opposing party in the case is trained and familiarized with this laws and is acting and is falsifying accusations, files, and charges fully aware, knowingly, and intentionally. **But except that, opposing party in the case failed,** were unable, or were unwilling also **to comply with time frames listed in the 8 USCS 1158(d)(5)(A) [INA 208(d)(5)(A)] which tells that in absence of exceptional circumstances the interview should be scheduled in 45 days, and the application should be adjudicated in 180 days.** My situation was not exceptional, what's more I was requesting for expedite my application (see again Appendix 21 – Copy of Interview Scheduling Request from July 25, 2024, and Appendix 22 – copy of "Short-notice wait-list request" from August 8, 2024), and I was authorized to remain and even to work legally in the USA for those reasons. Opposing party in the case is fully responsible for this situation which took a place.

Summarizing, at and since the April 24, 2025 opposing party in the case not only committed illegal acts (falsification, lies, aggression, frauds, exceed of force, or abuse of power and authority), violated own laws, misconducted procedures and cases but also together with authorities in the courts are violating 4th, 5th, and 6th Amendments to the Constitution of the United States of America, particularly:

23. They have been holding me in custody since April 24, 2025 as a result of lies about criminal violation and immigration violation without even process of law, and for that reason they did deprive me liberty and property (they just left everything in the hotel room in USA, and started deporting me in the T-shirt, shorts, and home slippers only to the people who were persecuting and even torturing me mentally and physically by years before my arrive in the USA) and they force me to spend my life in the custody and confinement without any process, any crime, any violation of the law, what violates 5th Amendment to the Constitution of the United States of America which tells that no person shall be deprived life, liberty, or property without due process of law.
24. They violated the right to be secured in persons, papers, and effects against the unreasonable searches and seizures, they issued Warrant without probable cause, they did seize my person, searched me, and deprived me my property, papers and legal documents, even basing their acts fully aware

about their unreasonable and unauthorized nature, what does violate 4th Amendment to the Constitution of the United States of America.

25. And they did not secure right described in the 6th Amendment to the Constitution of the United States of America and they did put me in the custody, punish, and falsely accuse for criminal and because of that also an immigration violations without public and even any trial. They even didn't allow me to free call and mail or e-mail to legal representative in matters (including legal procedures) left without carrying them.

Except this violated statutory and constitutional laws, opposing party in the case did fail even to the procedures which also they should resolve in the scope of their own ability and authority, it means at the April 24, 2025 ICE failed to properly perform its duties and failed to properly and correctly legitimate me, despite ICE did base issued "Warrant of Arrest" and "FARO" on the documents and administrative records as:

- My Passport ID
- My A-number, My Registered Alien Account
- My bio-metric data (which includes fingerprints, photos, etc)
- My A-files which include:
 - my permissions since June 16, 2024 to be legally present in the USA (which is based on my affirmative I-589),
 - my authorization since January 16, 2025 to work in the USA (which is based on the Authorization and permission from USCIS/DHS and issued EAD, SSN, and SSN card for me by these institutions – it means documents which could not be issued for me in the circumstances described by ICE in their fictional accusations),
 - My receipts, notices, and status of my proceedings in the USCIS due to my affirmative I-589
 - My receipts notices and decisions due to my I-765 in the USCIS

Due to above, conform with U.S. Law and Statutes, I am not really in removal process (despite they did initiate or falsify court files), I am not ordered removed (despite they share lies that I am), and I am not a VWP violator or immigration violator and what's more in my case apply INA 208.2(a)(1)(i) which tells, what is mentioned above, that over my application initial jurisdiction **shall** have USCIS. EOIR has jurisdiction in the case of immigration violation and removal procedures which really doesn't exist in my case and all accusations and documentation issued against me are completely false and fictional. They should release me from detention, but instead they are continuously lying about me more and more and they are targeting me (including unreasonable force and physical attacks in this detention), falsely accusing me, and issuing false and fictional documentations against me more and more.

Party in the case who acts in behave of the U.S. Government and USA, and courts of the law (both U.S. District Court and U.S. Court of Appeals) **are postponing my** petition for Habeas Corpus and my requests for release me from unreasonable detention **since May 2025. Already have been gone more than 300 days**, which is despite they should react and act forthwith, and they should order to release me or to show cause in 3 or max not exceeding 20 days for good reason. After that Court should schedule hearing or order to release me in maximum 5 days. What gives (including extension of time to maximum 20 days allowed by a law for address order of the court for show real cause of detention) total time not exceeding one month for procedure "Habeas Corpus".

This is described in the statutory provision 28 USCS 2242 which tells: "*Application for a writ of habeas corpus shall be in writing signed and verified by the person for whose relief it is intended or by someone acting in his behalf. It shall allege the facts concerning the applicant's*

1212 *commitment or detention, the name of the person who has custody over him and by virtue of*
1213 *what claim or authority, if known. It may be amended or supplemented as provided in the rules of*
1214 *procedure applicable to civil actions. (...)"*

1215 And 28 USCS 2243 Tells: "A court, justice or judge entertaining an application for a writ
1216 of habeas corpus shall forthwith award the writ or issue an order directing the respondent to
1217 show cause why the writ should not be granted, unless it appears from the application that the
1218 applicant or person detained is not entitled thereto. The writ, or order to show cause shall be
1219 directed to the person having custody of the person detained. It shall be returned within three
1220 days unless for good cause additional time, not exceeding twenty days, is allowed. The person to
1221 whom the writ or order is directed shall make a return certifying the true cause of the detention.
1222 When the writ or order is returned a day shall be set for hearing, not more than five days after the
1223 return unless for good cause additional time is allowed. (...)"

1225 But they are intentionally and knowingly lengthening my detention more than 300 days (**which is**
1226 **10 times longer that allowed by a law for good reason**) despite my petition was submitted conform
1227 with law and was sufficient according to the law [28 USCS 2242], all information required therein were
1228 included, including person having custody over the person which is required in that provision and despite
1229 I did address all correspondence. What's more, some of this information are statutorily provided in my
1230 case (e.g. person having custody over the person detained), it means described in statutes of the U.S. e.g. 8
1231 USCS 1226 or 1231(a)(1) (mentioned in false and fictional documentation) which tells that this person is
1232 an U.S. Attorney General, and despite U.S. District Court for the District of Columbia did also indicate an
1233 "immediate-custodian" in its order before transferring these matters the U.S. District Court for the
1234 Southern District of Mississippi (See Appendix 23, Copy of Order from June 18, 2025 in the U.S. District
1235 Court for the District of Columbia). What's more statutory provisions do not require in petition to provide
1236 name of the immediate-custodian and even don't use this term despite courts are using this term, only
1237 requires to submit petition in correct jurisdiction, and my petition was submitted in correct jurisdiction.
1238 And after postponed correspondence to me (correspondence with order from June 24, 2025 in the U.S.
1239 District Court for the Southern District of Mississippi, it means correspondence with orders to meet
1240 obligations until July 24, 2025 which was mailed to me at the August 5, 2025 (12 days after deadline),
1241 (see Appendix 24.1, copy of that envelope with date of mailing August 5, 2025), even when I addressed
1242 that correspondence, they have been continuously lengthening and postponing and they are using this time
1243 to fabricate files against me, to cooperate with ICE, to degrading me publicly, to robbing me, to sharing
1244 lies about me, to threatening me, to forcing me to statements which are against to me and against to my
1245 safety, and even defaming me publicly in the court of the law in the U.S. District Court for the Southern
1246 District of Mississippi, and are not allowing me even to leave this country if I am in wrong place with my
1247 case because people who were persecuting and even torturing me by years before I arrived in the USA
1248 (which was by a government and government sponsored) are now their friends, they have friendship and
1249 international relations, and I belong to them for that reason. What they are doing being fully aware that
1250 this detention is completely unreasonable, unlawful, and even without authority. Instead release me, they
1251 are increasing only gradually costs, damages, loses, injuries, fictional costs to the U.S. Government and
1252 U.S. Taxpayers, and false and fictional documents and documentation against me.

1253 **In addition to that, since October 30, 2025, they (Courts, and opposing party in the case) in**
1254 **behalf of the United States of America, they became detaining me in custody without even order,**
1255 **unlawfully, and informally,** when they should react conform with U.S. Law and release me or set a
1256 hearing date in 5 days according to USCS 28 2243. (See Appendix 25 - "Copy of Motion from Attorney
1257 General from October 29, 2025", and Appendix 26 - "Copy of informal decision granting unlawfully that
1258 motion" which extends unreasonable detention over 200 days). And again, as is mentioned earlier, they

are not allowing me to secure my belongings (my pictures, my family pictures, my papers, my documents, my child documents, my devices, (laptops, were are years of my work and data, native phones with data and pictures, data storage, and many other), my IDs, and even my clothes, my winter clothes, my normal clothes, my shoes (even underwearings), and my luggage) and they are not allowing me even to leave USA if they don't want me and my case and if I am in wrong place with my case, instead, at the October 30, 2025, judge did accept motion submitted by opposing party (an U.S. Attorney in the state of Mississippi acting in behalf of USA and U.S. Attorney General) which was by a court previously rejected as a respondent among others at the June 25, 2025, at the September 15, 2025, and at the September 29, 2025 when Court did determine that respondent in the process is the immediate -custodian, it means Warden of the Facility, who was served with order to show cause of detention in 20 days (which was time extended by court in advance without even any motions) at the October 10, 2025 (See Appendix 24.2 – Order from June 25, 2025 in the USDC for the Southern District of Mississippi, See Appendix 27 – Order from September 15, 2025 in the USDC for the Southern District of Mississippi, See Appendix 28 – Order from September 29, 2025 in the USDC for the Southern District of Mississippi, and See Appendix 29 – copy of tracking information to certified mail 70192280000082752915 to Warden of the Facility from USDC for the Southern District of Mississippi in the case 5-25-cv-00063). Instead release me at the October 30 2025, USDC for the Southern District of Mississippi did lengthen this unreasonable detention and confinement another (4th) time, for another 30 days without any authority and completely unlawfully, and as is mentioned above without even formal order. At the same time U.S. Court of Appeals in this jurisdiction refuse and reject to my rights, including right to legal process, and to reaction in these matters (see again Appendix 33 and see Appendix 34 – copy of correspondence with U.S. Court of Appeals for the 5th Circuit). This is why is no other means to execute this law in any other institution in my current situation which is emergent because of threats of expansion of damages, loses, and threats to me and to my dependents. They want send me as a violator and even criminal (without any violation and without any crime) to the people who were persecuting and even torturing me mentally and even physically, and even despite it was government and even despite it was politically based (because of my political opinion, my beliefs, what I did prove, what I defend, who I am, and what is my origin).

Only United States Supreme Court is a superior institution to the U.S. Court of Appeals which holds really great power and over the several states in this jurisdiction which reject and refuse to react to this unlawful treatment and practices and to my right to seek this judicial review in my situation already 6 times (and again Appendix 33 and see Appendix 34 – I was asking them for reaction multiple times). and only U.S. Supreme Court can react if U.S. Courts violate statutory law, Constitution of the United States of America, commit and allow to mock trials and false and fictional court records, act against to the public interest of the USA and USA itself, and act unjustly. That is why this matter calls for reaction of the United States Supreme Court. And that is why I am asking and requesting for order to release me from this unreasonable detention according to United States Supreme Court's authority and power, and according to the U.S. Laws, statutes, and Constitution of the United States of America.

STATEMENT OF THE WRIT – STAY OF FICTIONAL AND FASLE REMOVAL PROCEDURES AND STAY OF EXECUTION OF NON-EXISTING AND UNLAWFUL REMOVAL ORDER(s)

U.S. Courts in this jurisdiction even refused to stay these fictional and false initiated removal procedures, and executions of these fictional and non-existing removal orders it means procedures and orders which are fictionally proceeded for purpose to detain me unreasonable, despite they are aware that they are false and fictional, despite these removal orders and removal procedures don't really and conform with U.S. Law even exist, despite I never violated the immigration and any other law, despite I was never hiding or supposed to appear, despite I was never supposed to depart and I didn't never refuse to depart

1306 USA if I am in wrong place with my case and if you don't want me and my case, (what's more I did tell to
1307 opposing party and in the court of the law, that if they don't want me and my case and if I am in wrong
1308 place with my case, I will secure my belongings and leave USA, but they are not stopping lying me and
1309 sharing lies about me and they are not allowing me). They refuse to stay these false and fictional
1310 procedures and executions of this fictional and non-existing orders also despite effects, injuries, and
1311 implementations of these fictional and non-existing orders are prohibited as a matter of the law, and
1312 despite an appeal from these non-existing final administrative removal orders (my petitions) doesn't stay
1313 automatically its execution and execution of these fictional procedures (what is as an effect of fictional
1314 and false "FARO from April 24, 2025, fictional court process and application in my behalf in the
1315 immigration court and EOIR which I don't know still what is that application until present day, this
1316 unreasonable detention for execution of non-existing removal order, these procedures over non-existing
1317 conform with U.S. law "removal procedure", and these offenses and aggression against me instead allow
1318 me to leave USA if I am in wrong place with my case and if they don't want me and my case). It means
1319 even despite fact which is mentioned in the 8 USCS 1252(b)(3)(B) which tells "*Service of the petition on
1320 the officer or employee does not stay the removal of an alien pending the court's decision on the petition,
1321 unless the court orders otherwise*". Appeal or petition to the court doesn't stay these procedures and
1322 executions unless judge orders otherwise. This is how law is constructed. And this is crucial, because
1323 judge is just discriminating and abusing its discretion in this matter, because this decision is to decide in
1324 the discretion of the court, but is not left also completely and entirely only to the discretion of the judge.
1325 This is still legal matter, legal issue, and legal measure. If you consider a law as a legislature, or rule of
1326 the law in the USA and role of the courts in the USA. You will find that courts and judicial authority are
1327 and should implementing existing laws, rules, and protecting Constitution of the United States of
1328 America. It means courts cannot act unjustly, they cannot reject implementation of existing law. If it can
1329 be implemented, it should be implemented. Courts cannot reject to that and to execute what is a right and
1330 what is justice by the means of the will or unwilling of one person even if this matter can be decided in
1331 the discretion of this person. This is not how the law and government function (at least not in the United
1332 States of America which have their constitution, democracy, system of government based on that and on
1333 division of power to its three branches). And this is not what is in the scope of given authority and duties
1334 to perform in behalf of and as a essential part and segment of the U.S. Government and USA itself. What's
1335 more by institution which holds really great power handled in behalf and as a government of the USA
1336 (United States Court of Appeals holds authority over several states of the United States of America).
1337 Appeal from final administrative order pursuant to 8 USCS 1252(b)(3)(B) doesn't stay executions of this
1338 order or procedures but courts may, can, and should stay this order if this is necessary to avoid
1339 implementation of an order prohibited by a law, or to avoid irreparable injuries. 8 USCS 1252(f)(2) tells
1340 "*Particular cases. Notwithstanding any other provision of law, no court shall enjoin the removal of any
1341 alien pursuant to a final order under this section unless the alien shows by clear and convincing evidence
1342 that the entry or execution of such order is prohibited as a matter of law.*", and 5 USCS 705 specifically
1343 tells also "(...) *On such conditions as may be required and to the extent necessary to prevent irreparable
1344 injury, the reviewing court, including the court to which a case may be taken on appeal from or on
1345 application for certiorari or other writ to a reviewing court, may issue all necessary and appropriate
1346 process to postpone the effective date of an agency action or to preserve status or rights pending
1347 conclusion of the review proceedings*". And this is why courts in addition have also these four factors to
1348 consider when they should stay order or when they should grant injunctive relief. In this case court at least
1349 has 4 reasons to stay pending review and also to grant injunctive relief. These four reasons are:

- 1350 • orders are prohibited as a matter of a law or even don't really exist, (orders are fictional, false, as a
1351 result of a fraud, conspire, and commitment for financial benefits or even non-exist according with
1352 U.S. Law and this is a fact).

- 1353 • implementation of an order which is prohibited as a matter of the law is against to the public
- 1354 interest of the USA
- 1355 • this is necessary to avoid irreparable injuries
- 1356 • all four factors considered by a courts are meet and showed.

1357 Or court and authorities have personal motive to reject motion and to support, commit, and even conduct
 1358 this conspire against to the U.S. laws and government and for financial benefits and money, regardless
 1359 situation they affect, and this is another reason of urgent nature of my petition.

1360
 1361 As is described earlier, court not only may, can, and should stay implementation of order in this
 1362 case, release me, allow me to secure my belongings and property and, if I am in the wrong place with my
 1363 case and if they don't want me and my case, allow me to leave USA, but also court may, can, and should
 1364 grant injunctive relief pursuant to 8 USCS 1252(f)(2) because implementation of those false orders is
 1365 prohibited as a matter of a law, and in addition **it suffices** not only to grant injunctive relief, but also
 1366 suffices **3rd and 4th factors considered by a courts**, when courts decide to grant motion for stay pending
 1367 judicial review pursuant to 8 USCS 1252(b)(3)(B). (3) factor: "*whether issuance of the stay will*
 1368 *substantially injure the other parties interested in the proceeding;*" and (4) factor: "*where the public*
 1369 *interest lies*". In this case factors 3 and 4 merge since opposing party in the case is an U.S. Agency and
 1370 acts as and in behalf of the U.S. Government, and implementation of an order which is prohibited as a
 1371 matter of a law and even constitution is always against to the public interest of the USA, and this is not a
 1372 question in this writ. (see e.g. *Nken v. Holder* U.S. 418 (2009)). This is always in public interest to
 1373 prevent from execution of an orders which are prohibited as a matter of a law. Fact that orders and
 1374 procedures in this situation are prohibited as a matter of a law and that are just false, fictional, unjust, and
 1375 issued in result of fraud, commitment, and conspire are described, explained, and proven already to the
 1376 knowledge of the court.

1377 **Regarding factor number 1** considered by a courts. Factor number 1 is to verify "*whether the*
 1378 *stay applicant has made strong showing that he is likely to succeed on the merits;*". And repeatedly and
 1379 again, merit of the case is over the false and fictional "Final Administrative Removal Order" (FARO),
 1380 and later over the false and fictional forms I-863 and over the unreasonable and unlawful fictional and
 1381 really not existing even conform with U.S. Laws and these "removal procedures" and court procedure in
 1382 the IC, which conform with U.S. law should not be initiated and which don't exist in this case, and over
 1383 the unreasonable and false imprisonment. This is a fact that these order and removal procedures are false,
 1384 fictional, and are prohibited as a matter of a law, this is also fact that I did make strong showing that I am
 1385 likely to succeed on this merit (This is just defined by U.S. law, legislature, and constitution). But
 1386 opposing party in the case lies despite they know what is a merit in that case (it means a petition for
 1387 review these false and fictional orders and procedures and release from unreasonable detention). What's
 1388 more they know, understand and are aware that these orders and procedures are fictional and even non-
 1389 existing according to the U.S. Law and they are acting intentionally. They just wrote in their writing to the
 1390 Court titled "Respondent's Motions for Summarily Disposition and Motions for deny petitioner's second
 1391 motion for stay removal process" form August 7, 2025 in case 25-60295 in the U.S. Court of Appeals for
 1392 the 5th Circuit that: "*petition did not meet his burden to demonstrate that he merits a stay of removal*
 1393 *where he failed to demonstrate a likelihood of success on the merits of his case*", despite petition in the
 1394 U.S. Court of Appeals for the 5th Circuit was initially for review of false and fictional order "FARO" used
 1395 to initiate deportation processes and detention and despite according to and conform with the U.S. Law I
 1396 am not a deportable alien and in deportable process even. What's more opposing party in the case keeps
 1397 me in detention since months for that reason and is offending me, treating as trash, stressing, degrading,
 1398 and targeting completely for no reason. This factor is also proven and described already to the knowledge
 1399 of the court, therefore I will describe below second factor.

1400 **Second factor** consider "*whether the applicant will be irreparable injured absent a stay*".

1401 Opposing party in this case who is an U.S. Agency and U.S. Government, (specifically acting as
1402 its executive branch of power), together with court's authorities are initiating and implementing against
1403 me punishments, are detaining me, and want deport me completely unreasonable and without even any
1404 violation of the law (neither immigration nor any other). They are keeping me in their custody since
1405 months (since April 24, 2025), they are robbing me from money, from my legal documents, from my legal
1406 correspondence, they are depriving me my property and access to my property and my belongings, they
1407 are not allowing me to pay my bills, my financial obligations and to care and cover my legal obligations
1408 and responsibilities, they are convincing me and forcing me to statements which are against to me and my
1409 safety, they are falsely accusing me and falsifying against me even fictional and completely unreasonable
1410 procedures (even in courts of law fictional and false procedures), they are lying and convincing me, they
1411 are lying about me and even in my behalf, and they are affecting and gradually increasing damages, loses,
1412 injuries, and costs, but also dangers and threats to me, my safety, and may dependents. And everything is
1413 happening instead fix their own wrongs and mistakes, and instead react to this commitment and conspire
1414 for financial benefits and for money and against to the U.S. law and federal government which have a
1415 place in this jurisdiction, even despite they have reported and proved these facts.

1416 In result of that they are not allowing me even to leave USA if they don't want me and my case
1417 and if I am in wrong place with my case, when I should be allowed to do that, and they don't want stop
1418 lying and convincing me, and lying about me and about my situation, and instead, they are issuing only
1419 more false documents and accusations, even fictional or mock courts trials and processes and they want
1420 deport me as a violator or even criminal to those people who were persecuting and even torturing me
1421 mentally and physically be years before I arrived in the USA, what is also explained earlier.

1422 This situation seriously threatens and dangers to me even extremely hardship and injuries which
1423 cannot be repaired if they will not stop and if they will deport me unlawfully instead fix damages and
1424 wrongs and allow me to leave USA if I am in wrong place with my case. Below some of these irreparable
1425 injuries are listed and described:

1426 I. I arrived in the USA seek asylum and support in my situation after I was persecuted and even tortured
1427 mentally and physically by years before I arrived in the USA because of my political opinion, because
1428 of my beliefs, because of what I was protecting and defending, because of what I did prove and report,
1429 and because of who I am and what is my origin. **And I arrived in the USA because of who you are,**
1430 **because of all these norms, values, examples, and rights which USA represents, shares, stand for,**
1431 **and which did establish your country, because of these democratic values, because of liberty and**
1432 **right to choice, or because of equality.** These values are similar with those which I was defending
1433 and which founded my opinion, worldviews, and beliefs. But instead help or support to me, your
1434 government did deprive me completely unreasonable freedom, property, papers, legal documents, my
1435 belongings, and is falsely accusing me and detaining me since April 24, 2025 completely
1436 unreasonable and without any violation of the law (only for fictional reasons and fully knowingly and
1437 intentionally). And instead tell me true if I am in wrong place with my case and instead tell me true if
1438 these are all lies only to attract people with money or to labor work in the USA, and instead allow me
1439 to leave USA, they want deport me as a violator or even criminal. I didn't violate a law. I don't want be
1440 deported, you cannot deport legally person who didn't violate a law, what's more to the persons who
1441 were persecuting and even torturing me by years before my arrive only because of my political
1442 opinion, my beliefs, my worldviews, or because what I did prove and report. I can leave your country
1443 if I am in wrong place with my case or if you don't want me and my case. I am not a violator of the
1444 law, I am not an immigration violator, and conform with U.S. Law I am legal alien and legally present
1445 alien in the USA. This is what I can do and what I should be allowed to do conform with U.S. law,
1446 your own law, law in the country with the rule of the law. If you will deport me to those people and if

1447 your government will rob me and deprive me my property, belongings, documents, papers, and years
1448 of my data and work, I will not be able to safe my life, my rights, my safety, and my case. This is
1449 basically and essentially irreparable injury and situation. You know and understand that. And because
1450 these false accusations, false documentations, false and fictional procedures, processes, orders, and
1451 illegal, unreasonable and even criminal offenses and commitments against me in the space of your
1452 government, I am not allowed and what's more I am convinced and forced to statements which are
1453 against to me and my safety and they are fabricating even fictional court procedures in this detention
1454 against me. I don't want that. I did not violate a law, And what's more (what is mentioned earlier and
1455 above) I did prove a crime (including against to the USA) and I am a victim of a crime and in this
1456 situation. If you will not fix that and these damages, if you will not allow me to leave if I am in wrong
1457 place with my case and in my situation, if you will not stop accusing me for violations which doesn't
1458 exist, and if you will not stop this unreasonable procedures and offenses against me and deporting me,
1459 you will not be able to repair that, what shows and proves for example case with a person who was
1460 wrongly deported to the Salvador and closed in prison in the Salvador.

1461 II. Offender in the case who is an U.S. Agency and government is not allowing me to secure and care my
1462 property and my belongings. They even did wrote to the court that "*Release me from unreasonable*
1463 *and unauthorized detention for purpose to access my own belongings and property is "contrary to the*
1464 *public interest"*" in submitted at the August 7, 2025 "Respondent's Motions for Summarily
1465 Disposition and Motions for deny petitioner's second motion for stay removal process". (see Appendix
1466 31 - Copy of "Respondent's Motions for Summarily Disposition and Motions for deny petitioner's
1467 second motion for stay removal process" from August 7, 2025 in the case 25-60295 in the U.S. Court
1468 of Appeals for the 5th Circuit on its page 7). For them these are only my belongings, only my property,
1469 only my work, only my papers, only my family pictures, only years of my work, only my legal
1470 documents, my child's legal documents, my IDs, my devices, data and documentation collected and
1471 issued by years. But they don't want give me my property and belongings. U.S. Court of Appeals did
1472 even favor opposing party in the case despite opposing party in the case is acting illegally and is
1473 supporting those motions even despite Constitution of the United States of America protects people,
1474 their papers, and their property before unreasonable searches and seizures and before effects of
1475 unreasonable searches and seizures. But for them both (opposing party in the case and courts in this
1476 jurisdiction) this is only unreasonable detention, only my life, only my property, only my rights, only
1477 law, and this is only human, and only Constitution of the United States of America, and they don't care
1478 about that, about law, and about what they are doing as and in behalf of the USA. I need my property.
1479 These are my very important belongings. These are my pictures, my family pictures, my child
1480 pictures, my ancestors pictures. These are my papers, my documents, my legal documents, my child's
1481 legal documents, these are my devices (my desktops, were are years of my work, my documents, my
1482 works, my data, data storages with data collected by a years, with pictures, with works and legal
1483 documents, my phones from my native country with data, documents, pictures, legal documents, and
1484 other data storages, very important and sensitive documents, data, and information), my IDs, my legal
1485 paperworks, my personal data and information, but even my clothes, my winter clothes, and normal
1486 clothes (including shoes or underwirings) and my luggage which I took to be safe. They took me in
1487 this detention completely unreasonable without any violation of the law, and they are deporting me
1488 without any immigration violation or violation of any other law and even despite I am not a deportable
1489 alien conform with law in the USA. I will not be able to restore and recover this work, these
1490 documents, these pictures, these data if they will not allow me to secure my property and my
1491 belongings, or if they will steal or leave for other to steal or threw in garbage. These are very
1492 important belongings, work, my and my child legal documents, my papers, paperworks, and many
1493 other sensitive data and documents including IDs, international documents, and family pictures. You,

as an authority in this country, know and understand how important are similar data, information, and records of that, you have even designated facilities and servers which are designated and developed to store and protect similar information and data and you know that if someone will steal, utilize, or damage and destroy it, you will not be able to restore and recover it. You will not be able to repair that if you will not stop this completely unreasonable offenses against me. I want my property and I want my belongings.

III. This unreasonable detention affects loses and damages which gradually increase in each next day. Since I am in this detention they are not allowing me even to pay my bills, my financial obligations, and they are not allowing me to care and cover my responsibilities and legal obligations. They even didn't allow me to pay my tax in the USA what increases damages. In effect of that against me are initiated financial executions and punishments which include seizures to my property and also to property of my family, my all year house with garden in my native country the last address of my residence in the country I come from. And this is because I did not pay my bills because I am in this detention without reason and they didn't allow me, because they are generating fictional costs to the U.S. Government and to the U.S. Taxpayers. Except that, also are initiated against me legal implications and consequences and I have unpaid debts and financial punishments, because of this situation and result of this situation. These listed examples of circumstances and this situation affects very serious danger and threatens to me and my safety extremely hardship, even homelessness, lost of personality, hunger, being imprisoned by people who were persecuting me and even torturing for my political opinion, for my beliefs, and for my reports and proofs. What's more in effect of this situation I can lose also my child and my family, and even right to have family and to my child, or right to have own opinion, own beliefs, and my human rights. You will not be able to repair that if you will not react, if you will not stop these acts against me, and if you will not fix it or order to fix it. I am not responsible for this situation and happenings which took a place. These people want deport me to these persons and in these circumstances with these fictional charges and accusations as a violator and even criminal despite I am not a violator and I am not criminal only I did prove a crime and I am a victim of a crime and in this situation. In addition, they want deport me in the t-shirt, shorts, and home slippers only, even without underwearing, shoes, and just throw me out as a trash without my belongings, property, and documents. This situation must be resolved. Opposing party in the case cannot lie about me and blame me for that what happened. I don't want that, I don't want be in this situation and I should not be in this situation. I am a victim in this situation. They are offending me and acting against me completely without reason and completely without any violation.

IV. Above listed are only some of examples of effects of this unreasonable detention and offenses against me. I have also dependents, child, and this situation threatens not only to me but also to my child who need me and I am responsible for as a parent. This is my child and my family, my child need me and need family. and I need my child and I need my family.

V. I must also pay and regulate tax in the USA. At the March 2025 before detention I was working and delivering for UBER/DOORDASH and I must regulate taxes in the USA from that work. This is not only public interest but also another humanitarian reason. I don't have anyone in the USA who can do it in my behalf. I arrived in the USA alone, I arrived to the U.S. Government, and I have not friends or family in the USA. I must do it by myself. If I will not do it, legal complications, implications, responsibilities, consequences, or financial punishments and executions against me will expand. Opposing party in the case until present day didn't allow me to do that. What's more completely unreasonable. I don't want that. I don't want be in this detention and in this situation and I should not be.

U.S. Courts in this jurisdiction are aware about all these facts and circumstances. I did

1541 explain and prove that in my petitions, writings, and in response to the courts' correspondences and also in
1542 all cases' files, but instead react, U.S. Courts in this jurisdiction favors party in the case who is acting
1543 illegally, manipulates court files and records, instead review these matters and release me and allow me
1544 secure my belongings and to leave USA if they don't want me and my case and if I am in wrong place
1545 with my case when I was asking, requesting, and even begging for that and for avoid damages.

1546 **For those reasons. I am asking you repeatedly,** release me from this unreasonable detention, as
1547 mentioned above, I have only loses, damages, dangers, and threats in result. It threatens to me extreme
1548 hardship, even homelessness, hunger, lost of personality, being in physical control and confinement of
1549 people who were persecuting and torturing me by years, lost of family and child, and even lose of right to
1550 have family and to my child, or rights to have own opinion and own beliefs, but also it threatens to my
1551 dependents and child, and these damages, loses, and threats only increase in each next day. I don't want
1552 that. These people have completely no reason to detain me and offend other that conspire and generating
1553 fictional costs to the U.S. Government and U.S. Taxpayers and their illegal and unlawful commitment and
1554 relations. They are acting against me and detaining me completely unreasonable, unlawfully, and even
1555 without authority. I don't want that.

1556
1557 **STATEMENT OF THE WRIT – MY CURRENT SITUATION IN DETENTION**
1558

1559 **As you can calculate, they are detaining me currently more that 11 months** instead release me
1560 **(which is much longer than 90 days and than 6 months).** At the November 2, 2025 they closed me in
1561 the Unit Zulu in the detention completely unreasonable only in retaliation for my grievances and reports
1562 to the court (Zulu is where they are segregating detainees, and keeping detainees with high custody level,
1563 danger, with history of violent, brutal, serious and sever crimes), they did give to detainees in that Unit
1564 (ZULU) and bot a glass and they were keeping them hungry despite they were calling for food and they
1565 were informing that they are hungry. It affected that detainees in this unit were fighting between
1566 themselves and were confronting also in group staff and guards in the facility. In result of that armed
1567 forces SORT arrived in the Unit with meals for them, and they did lock down all bot in Unit ZULU. And
1568 also me with them. At the November 25, 2025 detainees damaged glass door in unit ZULU, at November
1569 27, 2025 Detainees were fighting with officers and armed forces SORT arrived and used gas. At the
1570 November 29, 2025 Detainees in ZULU and guardians wanted fight for meals of detainees. Guardians
1571 didn't want give to detainees their portions and their apples (they are stealing food from detainees portions
1572 or supplies). It affected almost confrontation between detainees and staff in the facility again. And they
1573 used this situation to lock me down completely without reason instead resolve situation, address
1574 correspondence, and release me from this unreasonable detention. Instead resolution they were something
1575 even not giving me food despite I was loosing my weight constantly since I am in this detention, and
1576 despite I fell on the ground without control even. And they are detaining me without reason, without own
1577 food, without money which they did steal even from my property, and they are detaining me indefinitely
1578 without any violation of the law and without any crime, only for reason to generate fictional costs.

1579
1580 **At the November 12, 2025** opposing party in the case injured me in my arm in the facility in the
1581 Law Library when I wanted complete and print my document to the Court of the United States, that is
1582 because they are invigilating, they are ordering me to give them my legal documents, they are reading
1583 them despite they should not, and they are targeting me instead resolution, and I wanted report and ask for
1584 reaction in the U.S. Courts to this what is happening to me and these illegal and unlawful practices against
1585 me and to lack of reaction by authorities and officers in this facility and jurisdiction, despite knowledge
1586 and despite awareness of that, and even despite I have right to reaction and to legal resolution in this
1587 situation and law should be implemented if law can be implemented. But they did seize then my legal

1588 documents, my papers, they injured me in arm, they wanted beat me (not first time), they wanted hit me
1589 with their heads, they were pushing me, pulling, and they expelled me without my documents (which is
1590 happening also repeatedly). They also refused to my visits in the law library because they have too many
1591 detainees, and they seized even blank papers and refused to give me blank paper so I could prepare some
1592 documents in hand written form, because they noticed that I am preparing some documents in handwritten
1593 form when they are not allowing me to prepare in the law library on computer and they said that I will not
1594 prepare my legal documents neither in law library nor by hand written and they were postponing me.
1595 They also did lock and restrict my TALTON account, tablet, and my phone for completely no reason
1596 several times (the reason is that I was in the law library preparing my legal documents, or because I did
1597 make a grievance and I did complaint). At the Dec. 16-17, 2025 they again harmed me and they broke
1598 something in my joint in my left shoulder (I feel pain and discomfort when I am lifting or rotating my left
1599 arm). It happened when officers and authorities in the facility were forcing me to conformation with
1600 detainees in unit "E". They were forcing me to that confrontation because they had not a reason to lock
1601 me in "ZULU" and because they had not a reason to limit my legal services and my rights and they were
1602 doing that without any reason. For that purpose they wanted close me with detainees who were
1603 threatening to me that will hurt me and rape me and my family members in retaliation for my grievance
1604 and report that they were fighting, throwing tablets, and using tablets to fights. (Authorities and officers in
1605 the facility intentionally were sharing among the detainees that they were punishing them because I did
1606 make a grievance, and were setting those detainees against to me, because of my grievances and court
1607 processes). I did refuse to confrontation with those detainees, but they despite I didn't nothing against to
1608 them or to the rules (what's more despite I did refuse to confrontation they were forcing me to), at the
1609 December 17, 2025 they did inform me that they did change my custody level from low to medium
1610 without any crime, any violation of the law, any charge, any notice, any charging document, any process,
1611 and they locked me in segregation and isolation in the cell for 24h/day for purpose to investigate why
1612 detainees were crowding me and why authorities in the facility did put me in the high bunk despite I fell
1613 on the ground and despite even medical department did not recommend that after that what happen to me
1614 and after I fell because officers were not giving me meals sometimes and were not allowing me to rest and
1615 sleep. In this segregation, instead investigate, they were refusing visits in law library, legal services, even
1616 basic hygiene, shower, shave, clean, wash, legal calls, access to legal mails, access to requests,
1617 grievances, and several times even they were missing food from my meals and trays despite they know
1618 that I don't have own food, and they were waking at nights. They were stressing me, waking, threatening,
1619 and forcing to statements every day. At the December 22, 2025 someone (detainees or staff in the facility
1620 or together, I don't have access to these videos and DNA results to determine that, I was closed and locked
1621 all the time) did flow or piss urine into my cell from outside and even despite I did report that, they just
1622 locked me with this urine in the Christmas in the cell without any reaction and they refused to react to that
1623 situation despite multiple reports, despite records video, despite proofs DNA until January 31, 2026. only
1624 they were joking and ridiculing me (together officers and detainees). What's more at the January 27, 2026,
1625 after my report, they did flood my cell and they were removing proofs and DNA without reaction, And
1626 after that they allowed detainees to enter this cell and they removed all proofs, evidences, and DNA from
1627 floor and from that situation. Instead record that, react, and stop offending me. During this segregation, all
1628 the time since December 17, 2025 they were continuously targeting me and charging even despite I was
1629 locked in this cell 24h/day. And instead allow me to my visits in the law library. They were giving cold
1630 shower at nights or no shower, they were threatening me, stressing, and forcing to statements, and despite
1631 I didn't completely nothing. I didn't violate any law, any rule, I didn't commit any crime, they did inform
1632 me at the January 7, 2025 that they did change my custody level from medium to high and they started
1633 ordering to me to be housed with High custody level detainees. (as mentioned earlier, high custody level,
1634 these are detainees with history of severe, violent, brutal, crimes, offenses, assaults, even rapes with

1635 battery on minors. The highest level and severity of criminal acts and commitments). And they were
1636 ordering it to me despite I didn't violate any law, I didn't commit any crime, I didn't completely nothing,
1637 and even despite I was all the time locked 24h/day in the cell. They did it because in this ZULU unit they
1638 can isolate me and limit my rights and legal services. They did it without any notice, any charge, any
1639 process. Just by order, in the same manner as previously when they did inform and order me to change my
1640 custody level from low to medium. They were keeping me 42 days in these segregation until January 27,
1641 2026 when they did inform me that they are ending these segregation and I am now High Custody level
1642 despite I am not really, and despite I should even not be in this detention and in this situation. But instead
1643 release me or support me, they are locking and restricting me more and deeper in this facility and
1644 confinement in commitment and conspire. They just ordered me to change my custody level from low to
1645 medium and from medium to high in 20 days, without any violation. Anything. Any violation, any crime,
1646 anything. Instead react to my grievances and resolve this situation they are sharing lies about me among
1647 the staff and among the detainees, and also in the courts of the law where they are making fictional
1648 applications, fictional records, where they wanted intoxicate me with involved judges, and they said that
1649 no one will believe me because I am nothing and nobody and no one will help me, because I am prisoner
1650 and in Zulu, despite they should help me and they are supposed to resolve and react in this situation. But
1651 instead support and help me in my situation or allow me to secure my belongings and property and to
1652 leave USA if they don't want me and my case or if I am in wrong place with my case (e.g. because their
1653 commitment for financial benefits and they don't want admit that, or because they state that they have
1654 relations with government which was persecuting me and even torturing mentally and physically), they
1655 are repeating that they "got me", they "have me" that they must "figure out me", and "I must go back
1656 were I belong" and that is a reason why they are targeting me, threatening, stressing, coercing, robbing
1657 me, depriving me my papers and property, and detaining for completely no reason. Despite they should
1658 release me from this detention they are targeting me and sharing lies about me. But they have not even
1659 reason to do that, as mentioned above, I didn't nothing against to these people, against to USA, or its
1660 citizens. I was only asking for stop damages, stop sharing lies, stop unreasonable treatments, force, and
1661 aggression against me, and for allow me to secure my belongings and property and leave USA if they
1662 don't want me and my case and if I am in wrong place with my case, what they should allow me to do.
1663 And as is mentioned also earlier, before I did contact legal institution and courts, I did contact also
1664 directly party in the case, I did contact officers and authorities in the facility, but they refused to react and
1665 fix they wrongs, they refused to admit mistake and unreasonable detention, instead they are generating
1666 fictional costs, they are treating people as a street meat and pray, and are targeting me for my grievances
1667 and for my court procedures, despite this is what I was supposed to do in my situation, it means I was
1668 supposed contact formally court and officials when they refused to my contests, complaints, to release me
1669 from unreasonable and unlawful detention, and even to rights. What is conform with procedures. But even
1670 courts in this jurisdiction also are not reacting, only are lengthening, postponing, generating time used by
1671 opposing party in the case to offend and target me, or even committing, conducting these commitments,
1672 or are at all refusing even right to justice and to judicial review and to legal process.

1673 **Please do really react, because they are limiting human rights, and legal services ad are**
1674 **keeping completely unreasonable and without any violations in the detention and are targeting.**
1675 Authorities in the facility and officers are also threatening me and repeating repeatedly that no one will
1676 believe me or help. As is mentioned above, sometimes they are putting my food to the trash when I am
1677 watching. They are degrading me publicly, harassing and humiliating together with detainees, and there
1678 are using even my needs (including physiological food, sleep and etc or facts that I must send or address
1679 legal correspondence). They are bothering me and ridiculing me or sharing lies about me, they are
1680 postponing me with my legal correspondences, they are making fictional records and false records, or are
1681 not allowing me at all to defense or my rights. They are also sharing untrue information about me and my

1682 situation among the staff and among the other detainees. What is mentioned above, they said that I am
1683 lost, that I am nobody, that I am nothing, that no one will believe me and no one will help me in my
1684 situation and in this ZULU, and they are repeating this repeatedly. In this high custody level and
1685 segregation they did paint graffiti "Jesus" and some gang symbols in my cell, and as is mentioned earlier,
1686 they did piss/flow urine into my cell, they locked me with this in the Christmas and they were joking
1687 together (officers and detainees). At the February 16, 2026, detainees and officers (together) did steal my
1688 documents after they were pushing me, scaring, yelling and hitting the chairs and devices in the law
1689 library room which was broken (they invited me to broken room for false record and for purpose to steal
1690 my legal documents and my paperworks). At the February 17, 2026 some completely new detainee
1691 arrived in this facility and did attack me together with officers who were yelling at me and joking instead
1692 react. (He threw curt at me, trays, he jumped at me and wanted hit and beat, it was when I was
1693 complaining about situation with stolen documents and problem with broken devices in law library room,
1694 but they are repeating to me that I must be a man and I must fight because this is a prison). Instead
1695 resolution and reaction. LT in this unit came to me next day (Feb. 18, 2026) and said that if I will
1696 complaint or make grievance, they will punch me and beat me, and that they want hurt me. And detainee
1697 what favor from authorities in the facility and are helping to them, another time, detainee called "Shelly",
1698 who is friend with officers in facility, was walking behind me and scarring me and threatening that I will
1699 "s*ck d*cks", that will "f*ck me", that will "slap me", that will come at night to me, and even did hit me
1700 and push. And officers were just joking with this detainee instead react until I did call and report that what
1701 happened. (see Appendix 32, grievances 665443861 and 665502571) I don't want be in this situation and
1702 I don't want be treated as that. They are just keeping me completely unreasonable by force and are
1703 attacking me and targeting instead allow me to defense and to leave if they don't want me and my case.
1704

1705 They put me in the high custody level because I did report at the November that they are not
1706 segregating detainees and that they are keeping detainees with Low custody Level with detainees with
1707 High Custody Level (which are orange or red uniforms) what is in violations of these rules (they were
1708 keeping me in ZULU with high custody level despite I was detained in detention as low custody level).
1709 And that is why in result of that they did order me to change my custody level from Low to Medium and
1710 from Medium to High without any reason, any crime, any violation of the law. Just by order, or by
1711 completely fictional or non-existing and unreasonable reasons. As mentioned earlier these detainees are
1712 kicking the doors and fixtures, throwing the things, flooding, throwing the trays, throwing TV, fighting,
1713 damaging doors, hitting, attacking, kicking, spitting, damaging windows, are aggressive, and are
1714 classified as a danger. And here again, this high custody level is for detainees with history of serious,
1715 violent, brutal, aggravated, crimes, offenses, even explosives and assaults, but they don't care that and
1716 they are mixing these people because they are limiting my human rights, and my legal services, and
1717 because I did complaint fraud, misconduct, aggression, abuse, fictional costs, and unreasonable and false
1718 imprisonment. Authorities in the facility and officers are repeating repeatedly that no one will believe me
1719 or help. LT in ZULU also commit that. As mentioned above. they are keeping me also without food even
1720 and sleep sometimes (as mentioned earlier, they were allowing me to sleep max 3, 4 hours and keeping
1721 without food sometimes what affected after 200 days that I fell on the ground without control even), they
1722 are degrading me publicly, harassing and humiliating, and they are using even my needs (including
1723 physiological food, sleep and etc or facts that I must send or address legal correspondence). Instead
1724 support or resolution, they are falsely accusing me, degrading, stressing, they are bothering me and
1725 ridiculing me or sharing lies about me, they are postponing me with my legal correspondences, they are
1726 making fictional records and false records, or are not allowing me at all to defense or my rights. They are
1727 also sharing untrue information about me among the staff and among the other detainees.

1728 Currently except injured left arm and left shoulder, in result of these treatments and conditions in

1729 this detention and confinement (lack of food, lack of sleep, stress, threats, dangers, constant offenses
1730 against me, exhausting treatment, unreasonable force, and verbal and physical attacks,) I lost weight after
1731 200 days of detention and I fell on the ground at the Sep 30, 2025 without control. They diagnosed in my
1732 organism *Hyperbilirubinemia* and *dizziness* at December 8, 2025 which is danger and serious pre-hepatic
1733 state and disease in the organism in effect of those "treatments", and they're not stopping targeting and
1734 offending and they're not treating even this (see Appendix 32, copy of "Quest Lab" from Dec. 8, 2025). I
1735 don't want be in this situation and I don't want be in this detention. I should not be in this detention and in
1736 this situation even. Opposing party in the case is fully aware about that, but they are offending me all the
1737 time and they are acting fully knowingly and intentionally. I don't want be in this situation.

REASONS TO GRANT WRIT

1741 **In this case not only these situations** which have been occurring and which are not accidental
1742 (what shows what are a real intentions in the U.S. Courts in this jurisdiction) or these particular reasons
1743 particularly **call for grant and for reaction** of the United States Supreme Court, **but also** a number and
1744 scale of these reasons, wrongs, their importance and even fundamental and basic nature, or discrimination
1745 and disrespect to the U.S. Law and U.S. Fed. Government and U.S. Constitution (or even to the human)
1746 call for that. These institutions are acting in behalf of the United States of the America and as a United
1747 States of America, these people did swear, and they did make an oaths, to protect United States of
1748 America and Constitution of the United States of America. But as is proved, they are not reacting, they are
1749 refusing to react, and they are ignoring reports and proofs and a law. What's more U.S. Court of Appeals
1750 for the 5th Circuit is an institution which hold great power, over several states, and they are not
1751 implementing existing U.S. Law, legislature, and U.S. Constitutional provisions.

1752 In addition in this case also occurs a conspire and commitment for financial benefits, which is
1753 prohibited by a law, and in what process are involved at least two branches of power, one acting in behalf
1754 or as an executive branch of power, and one is a judicial (which are generating fictional costs and losses
1755 to the U.S. government). This is very danger situation which is base for the corruption and corruption
1756 based influences in the government which threatens to the Constitution of the United States of America
1757 which basically does separate three branches of power which should act in their discretion. Because this is
1758 how USA protects its country, government, and nation before the authoritarianism and dictatorships. It
1759 danger also to the Democratic values and system of power in the USA, and only United States Supreme
1760 Court is above to the the Court of Appeals which holds great power in behalf of USA over the several
1761 states in the USA and in the U.S. Judicial System, and only U.S. Supreme Court can react if U.S. Court of
1762 Appeals does deprive a law, legislature, and even constitution, from its value and power. Opposing party
1763 in the case should know that this commitment is prohibited and not acceptable.

1764 Another reason is fact that before I did contact the court with my situation, I did contact a party in
1765 this case directly. This is mentioned earlier, but this is important, and significant, because they are
1766 offending me in the courts of the law with completely fictional and false accusations, documentations, and
1767 procedures, instead resolution, and is no other means than judicial review in the U.S. Supreme Court, if
1768 they are refusing, or offending me in the courts of the law instead react. I did explain and prove to the
1769 opposing party and in the courts everything what is described and proved in my writing and documents
1770 submitted in this writ and to the courts. But opposing party didn't react and didn't resolve own wrongs and
1771 mistakes in the scope of their own ability and authority, instead, as is mentioned above, opposing party in
1772 the case increases false accusations, fictional documentations, costs, damages, and is blaming me for that
1773 what happened despite I am not responsible for that and for this situation which took a place. I am a
1774 victim in this situation and I, and my life are affected by this situation. U.S. Courts didn't react, despite
1775 proofs, despite violations of law, constitution, human rights, and also even despite acts against to the

Constitution of the United States of America and against U.S. Federal Government, and USA itself, instead are favoring opposing party who is acting illegally or are even committing and conducting.

For those reasons please again, do release me from this unreasonable detention. I need secure my belongings, my property, my papers, my and my child documents, my safety, and I need also pay my taxes, financial responsibilities, legal financial obligations, (including regulate taxes in the USA). As I described to you, I don't have any one in the USA who can do it in my behalf. I arrived in the USA alone and I have not friends and family in the USA. I must do it by myself. If I will not do it, I will have another legal complications, implications, legal financial punishments and executions against me completely unreasonable. I don't want that. I don't want be in this detention. They are keeping me in this detention without any violation of the law, without any reason. and opposing party in the case and courts of the law are not reacting still, only are lengthening and issuing fictional documentation, when they were supposed to show cause of detention and react forthwith a while ago. They were not supposed to "cooperate with an ICE" against me, fabricate documents, target me, and lengthening completely without reason detention what they did.

And please be aware also that in current situation opposing party in the case has motive to lie and to offend me before the courts (what is happening all the time). Opposing party in the case want hide their own wrongs and illegally commitment, and instead fix and resolution, increases offenses, costs, and damages, and involves more institutions to acts against me without reason completely, despite opposing party in the case could resolve all those wrongs and own mistakes in the scope of its own ability, power, and authority.

CONCLUSION AND WHAT I AM ASKING FOR

As is showed and proved, opposing party and courts involved are discriminating me, treating unfairly, unjustly and unlawfully. I am asking to the justices and to the Supreme Court of the United States for grant my writ, for review these issues, I am asking for reaction to my writ, for fix this what happened, for stay this injustice treatment and procedures, and for release me from this detention. I am asking also for stay this unreasonable and fictional procedures against me, fix damages and this situation, and if i am in wrong place with my case and your government don't want me and my case, for allow me to leave United States of America. I am asking in this writ because is no other means, because of number and scale of unlawful and injustice practices, behaviors, acts, and because of danger to me and to my safety. I need this release urgently and I should not be in this detention and in this situation.

**) I swear under penalty of perjury, under the state and U.S. Law, that all stated and described in present writ and foregoing are true and correct.*

and simultaneously, if justice/court determine jurisdiction in U.S. Court of Appeals for the 5th Circuit, please do not dismiss, only because of described and proved circumstances, and pursuant to B USCS 1252, 28 USCS 2241, and 28 USCS 1631 (with date and circumstances previously submitted in your court), please transfer my petition and order to proceed formally. As I did show you I did not and petition already 6 times, and despite having jurisdiction, the U.S. Court of Appeals for the Fifth Circuit discriminates and refuses despite I have right to seek this judicial review also.
