Supplemental Brief For Petitioner

This Court has jurisdiction over this supplemental brief under Supreme Court Rule 15.8, 28 U.S. 2101(e), and 28 U.S. 1254(1). This brief will present newly intervening matters that were not available at the time of filing. I'm informing this Honorable Court about the recent status of the case before the Eleventh Circuit Court of Appeals 25-10214. The appeals court clerk sent notice of briefing on August 19th, 2026, after the notice of appeal fee was paid, letting the appellant know of the deadline to file on or before September 21st, 2026. The brief on the merits and both appendixes has been filed volumes 1 and 2, using the CM/ECF system. The date of filing the brief and appendixes was on August 29th, 2026, dockets number 32,33 and 34.

I also sent the Eleventh Circuit Court of Appeals my Constitutional Questions that have been submitted before this Supreme Court. Those questions were submitted to the Eleventh Circuit Court of Appeals on September 10th, 2026, docket number 38. The Constitutional Questions have also been certified by the Court of

Appeals and sent to the U.S. Attorney General September 10th, 2026 docket number 39, establishing Imperative Public Importance Supreme Court Rule 11. The lower court record is complete and if this Court decides to take up the case, it is ripe for **judicial review**. The opposing parties have all been served and at this moment have a countdown to file their response to the merits. I am prosecuting this case with consistency and integrity. Attached to this supplemental brief will be the certification of the Constitutional questions and the Appeals Court docket record, showing the brief on the merits being filed with both appendix's volumes 1 and 2.

Abbott Laboratories v. Gardner, 387 U.S. 136 (1967) "The courts should restrict access to **judicial review** only upon a showing of "clear and convincing evidence" of a contrary legislative intent. Pp. 387 U. S. 139-141. Opinion by Justice John Harlan II. With "clear and convincing evidence" it shows that Younger v. Harris, 401 U.S. 37 is contrary to legislative intent with Section 1871 being enforced by Section five of the Fourteenth Amendment, which was enacted by Reconstruction Congress after the Civil War with the intent to punish States governments, officials, officers, Ku Klux Klan members, confederates and the knights of the white camila who deprived citizens especially the new freed men of their Constitutional rights. The Younger Doctrine is the total opposite of the intent behind Reconstruction Congress. Reconstruction Congress mandated protection for Constitutional violations done by State actors, but the Younger Doctrine clears a path for those alleged violations to proceed and to be prosecuted.
