PETITIONERS' SUPPLEMENTAL BRIEF PURSUANT TO RULE 15.8

Pursuant to Rule 15.8 of the Rules of this Court, Petitioners Michael Washington and LaVonne Washington respectfully submit this Supplemental Brief to bring to the Court's immediate attention a controlling, intervening event that occurred after the distribution of the petition and heavily impacts the upcoming conference scheduled for September 28, 2026.

1. On August 28, 2026, the Clerk of Court for the United States Court of Appeals for the Eleventh Circuit officially issued the formal letter and judgment form as the Mandate of the Court in companion appeal track *LaVonne Washington, et al. v. USA, et al.*, No. 25-10872-HH (attached hereto as Appendix A).
2. The formal issuance of this Mandate permanently finalizes the Eleventh Circuit judicial panel's binding determination that individual filing injunctions do not apply to Petitioners Michael Washington or LaVonne Washington, and that Petitioners' collective right to independently administer the underlying family estates is completely unaffected.
3. This intervening milestone establishes the finalized law of the case at the circuit level. It strips the lower federal district court and corresponding state judicial officers of any purported ambiguity regarding the scope of the pre-existing restrictions.
4. Despite this definitive federal finality, the lower tribunal actors are actively using the pre-existing filing restrictions as a pretextual tool to maintain an unconstitutional regime of "administrative erasure," manually scrubbing Petitioners' live civil files and blocking estate records without a hearing.

5. The finalized Mandate represents the ultimate, intervening proof that the lower tribunals are operating in bad-faith defiance of binding appellate boundaries. This structural development confirms that immediate intervention by this Court is required to restore due process and prevent the total spoliation and day-to-day destruction of the underlying family estates.

CONCLUSION

For the foregoing reasons, and in light of the finalized federal Mandate issued on August 28, 2026, the Petition for a Writ of Certiorari should be granted.

Dated: August 30, 2026.

Respectfully submitted,

/s/ Michael Washington
